Enttheon Biomedical Announces Private Placement Financing upside to \$500,000

VANCOUVER, BC, December 24, 2024 – Enttheon Biomedical Corp. (CSE: ENBI) (OTC: ENTBF) (FSE: 1XU1) (“**Enttheon**” or the “**Company**”) announces an increase on a private placement financing of up to 5,000,000 Units (the “Units”) at a price of CDN\$0.10 per Unit for gross proceeds of up to CDN\$500,000 (the “Placement”) referenced to the news release date December 2, 2024.

Each Unit will consist of one common share in the capital of the Company (a “Share”) and one transferable share purchase warrant (a “Warrant”). Each Warrant will be exercisable to acquire one additional Share at an exercise price of CDN\$0.15 per Share for a period of 24 months from the date of issuance.

The sale of the Shares and warrant shares will result in the issuance of more than 100% of the number of issued and outstanding Shares of the Company immediately prior to the closing of the Offering. The Canadian Securities Exchange (the “CSE”) approved the Company’s reliance on an exemption from the shareholder approval requirements in Section 4.6(2)(b) of CSE Policy 4 – Corporate Governance, Security Holder Approvals and Miscellaneous Provisions on the basis that the Company was in serious financial difficulty and that the Company’s independent directors determined that the Offering was in the best interests of the Company and that it was not feasible to obtain securityholder approval in a timely manner. No Related Persons (as that term is defined in the policies of the CSE) participated in the Offering. Accordingly, the Company did not hold a vote of its shareholders to approve the sale of the Units under the Offering.

The Company intends to use the proceeds from the Placement towards general working capital purposes. All securities issued under the Placement will be subject to a four-month and one-day hold period and the Company may pay finder’s fees in accordance with the policies of the Canadian Securities Exchange.
