

ACME Lithium Commences Field Work at Fish Lake Valley Nevada

Vancouver, British Columbia--(Newsfile Corp. - August 26, 2021) - **ACME Lithium Inc. (CSE: ACME) (OTCQB: ACLHF)** (the "Company", or "ACME") announced today that it has commenced geological field work to further develop knowledge of lithium occurrences at ACME Lithium's FLV claim group in Fish Lake Valley, Nevada west of Clayton Valley, the epicenter of lithium development and production in the United States.

The FLV claim group encompass 81 lode mining claims totalling approximately 1,620 acres, in Esmeralda County, Nevada. The property was last mapped and sampled in early 2018. Samples taken during this period had occurrences of up to 370 ppm lithium. Fine sediments the same age as Clayton Valley occur on the property with some beds enriched in lithium.

Follow up sub sampling as well as mapping is intended to better understand the geological model and focuses on traverses along a major drainage area where higher lithium values occurred. Further analysis will assist with drill hole targeting and access routes for potential drill sites.

About ACME Lithium Inc.

Backed by a successful track record on finding and developing global resources, ACME Lithium has two projects located in a highly prospective region for lithium development and production in the Clayton Valley region of Esmeralda County, Nevada. The Company has acquired, or under option to acquire, a 100-per-cent interest in 122 claims encompassing approximately 2,440 acres, comprising the CC, CCP, JR and SX placer lithium claims, located in Clayton Valley, Esmeralda county, Nevada. ACME also holds a 100-per-cent interest in the FLV claims, being 81 lode mining claims totaling approximately 1,620 acres, in Esmeralda county, Nevada, which are prospective for lithium contained in tertiary claystones.

Neither the CSE nor its regulations service providers accept responsibility for the adequacy or accuracy of this news release. This news release may contain forward-looking information within the meaning of applicable securities laws ("forward-looking statements"). Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "potential" and similar expressions, or that events or conditions "will," "would," "may," "could" or "should" occur and in this news release include but are not limited to the attributes of, timing for and expected benefits to be derived from the drilling program to be carried out on the FLV property. Information inferred from the interpretation of drilling and other sampling results may also be deemed to be forward-looking statements, as it constitutes a prediction of what might be found to be present when and if a project is actually developed. These forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation: risks related to fluctuations in metal prices; uncertainties related to raising sufficient financing to fund the planned work in a timely manner and on acceptable terms; changes in planned work resulting from weather, logistical, technical or other factors; the possibility that results of work will not fulfill expectations and realize the perceived potential of the Company's properties; risk of accidents, equipment breakdowns and labour disputes or other unanticipated difficulties or interruptions; the

possibility of cost overruns or unanticipated expenses in the work program; the risk of environmental contamination or damage resulting from the Company's operations and other risks and uncertainties. Any forward-looking statement speaks only as of the date it is made and, except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise.
