

# ACME Lithium Receives DTC Eligibility

Carson City, Nevada--(Newsfile Corp. - October 20, 2021) - **ACME Lithium Inc. (CSE: ACME) (OTCQB: ACLHF) (the "Company", or "ACME")** is pleased to announce that it has received approval from The Depository Trust Company ("**DTC**") to make the Company's common shares (the "**Shares**") eligible to be electronically cleared and settled through DTC ("**DTC Eligibility**"). DTC Eligibility makes ACME's Shares more accessible to investors in the United States. The Company completed the onboarding of its Shares onto the OTCQB Venture Market in the United States, in addition to the Shares being listed on the CSE in Canada.

DTC is a subsidiary of the Depository Trust and Clearing Corporation, a U.S. company that manages the electronic clearing and settlement of publicly traded companies. DTC Eligibility incorporates an electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for certain investors. DTC is a member of the U.S. Federal Reserve System, a limited-purpose trust company under New York State banking law and a registered clearing agency with the U.S. Securities and Exchange Commission.

Neither the CSE nor its regulations service providers accept responsibility for the adequacy or accuracy of this news release. This news release may contain forward-looking information within the meaning of applicable securities laws ("forward-looking statements"). Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "potential" and similar expressions, or that events or conditions "will," "would," "may," "could" or "should" occur and in this news release include but are not limited to the attributes of, timing for and expected benefits to be derived from the drilling program to be carried out on the FLV property. Information inferred from the interpretation of drilling and other sampling results may also be deemed to be forward-looking statements, as it constitutes a prediction of what might be found to be present when and if a project is actually developed. These forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation: risks related to fluctuations in metal prices; uncertainties related to raising sufficient financing to fund the planned work in a timely manner and on acceptable terms; changes in planned work resulting from weather, logistical, technical or other factors; the possibility that results of work will not fulfill expectations and realize the perceived potential of the Company's properties; risk of accidents, equipment breakdowns and labour disputes or other unanticipated difficulties or interruptions; the possibility of cost overruns or unanticipated expenses in the work program; the risk of environmental contamination or damage resulting from the Company's operations and other risks and uncertainties.

Any forward-looking statement speaks only as of the date it is made and, except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise.
