CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS

The following discussion and analysis may contain forward-looking statements which are subject to known and unknown risks, uncertainties and other factors that may cause actual results to differ materially from those implied by the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statements were made, and readers are advised to consider such forward-looking statements in light of the risks as set forth in the following discussion.

COMPANY OVERVIEW

The Company was incorporated under the Company Act of British Columbia on August 28, 2017. On November 4, 2020, the Company changed its name to West Mining Corp. The Company's registered and records office is located at Suite 3500 - 1055 Dunsmuir Street Vancouver, British Columbia, Canada V7X 1L3.

On November 4, 2020, the Company completed its Qualifying Transaction, under which West has acquired all right, title and interest in, to and under an option and joint venture agreement (the "Transaction") respecting the Kagoot Brook Property (the "Kagoot Brook Property"). On December 7, 2020 the Company's common shares began trading on the Canadian Securities Exchange under the trading symbol "WEST".

EXPLORATION AND EVALUATION ASSETS

Qualifying Transaction

On May 11, 2020, the Company entered into a sale, assignment and assumption agreement (the "Assumption Agreement") with Origen Resources Inc. ("Origen") in connection with the purchase and assumption by the Company of all of Origen's right and interest under an option and joint venture agreement (the "Underlying Agreement") dated May 10, 2018, as amended January 7, 2020, with Great Atlantic Resources Corp. ("Great Atlantic").

As consideration for the Assumption Agreement, the Company has issued an aggregate of 500,000 common shares to Origen on November 4, 2020, valued at \$90,000. Pursuant to the Underlying Agreement, the Company has the right to earn (the "Option") a 75% interest in the Kagoot Brook Property located near Bathurst, New Brunswick, comprised of one mineral tenure covering 4,233 hectares. To successfully exercise the Option, the optionee is required to: (a) incur a total of \$650,000 in exploration expenditures on the Property on or before May 10, 2022; and (b) make aggregate cash payments of \$110,000 to Great Atlantic, as follows: \$30,000 by May 23, 2020 (paid by Origen); \$30,000 by January 23, 2021 (paid); and \$50,000 (\$28,500 paid) by January 23, 2022.

Management's Discussion and Analysis
For the nine months ended July 31, 2021

Once the Option has been exercised, the Kagoot Brook Property will be subject to a 2% NSR royalty in favor of the prospectors, with 1% of such NSR royalty being subject to a repurchase right for \$500,000. Upon successful exercise of the Option, the optionee shall have acquired an undivided 75% interest in the Kagoot Brook Property, which interest will be subject to the 75%/25% joint venture formed between the optionee and Great Atlantic. If a joint venture party does not contribute its proportionate share of expenditures on the Property, the non-contributing party's joint venture interest will be reduced proportionately. If Great Atlantic's joint venture interest is reduced to 5% or less, Great Atlantic will be deemed to have withdrawn from the joint venture and its remaining interest will convert into a 3% NSR royalty, with the optionee having the right to repurchase up to 2% of such royalty for \$1,000,000 per each 1%.

On November 4, 2020, the Company completed the Transaction, under which the Company has acquired all right, title and interest in, to and under an option and joint venture agreement with respect to the Kagoot Brook Property.

Share Purchase Agreement respecting Nelson Mining District Mineral Exploration Claims

On December 23, 2020, the Company entered into a share purchase agreement (the "Share Purchase Agreement") with shareholders of Pilgrim Exploration Corp. ("Pilgrim"), under which the Company acquired all of Pilgrim's issued and outstanding common shares. Pilgrim is the registered holder of 10 mineral exploration claims located in the Nelson Mining District in British Columbia. In exchange for the purchase of Pilgrim's shares, the Company issued 3,000,000 units of the Company, valued at \$930,000. Each unit is comprised of one common share and one-half of one share purchase warrant. Each whole warrant is exercisable into one common share at an exercise price of \$0.35 for a period of two years from the date of issuance.

In connection with the transaction, the Company also issued 300,000 units for finders' fees, valued at \$346,244. Each unit is comprised of one finders' share and one finders' warrant. Each finders' warrant is exercisable into one common share at an exercise price of \$0.63 for a period of two years from the date of issuance.

The transaction did not meet the definition of a business combination and therefore, has been accounted for as an asset purchase of mineral property interests with the Company acquiring the outstanding shares of Pilgrim on December 23, 2020. The consideration for the acquisition of Pilgrim has been allocated at fair value of the assets acquired and liabilities assumed, based on management's best estimate and taking into account all available information at the time of acquisition.

The following table summarizes the fair value of the total consideration paid and the aggregate fair value of identified assets acquired and liabilities assumed:

Purchase price	\$

Kena Project

On January 25, 2021, the Company entered into a property option agreement (the "Option Agreement") with Boundary Gold and Copper Mining Ltd. ("Boundary"), and Boundary's wholly-owned subsidiary, 1994854 Alberta Ltd. ("1994854"), to acquire the Kena and Daylight gold-copper properties (the "Kena Project"). Under the Option Agreement, the Company has the option to earn a 100% undivided right, title and interest in and to the properties by completing the following:

**West Mining Corp.
(Formerly Ironwood Capital Corp.)
Management's Discussion and Analysis
For the nine months ended July 31, 2021**

- i. Make aggregate cash payments of \$1,325,000 (\$325,000 paid);
- ii. Issue an aggregate of 7,361,112 common shares (1,805,556 common shares issued with a total value of \$325,000); and
- iii. Incur an aggregate of \$2,211,000 in exploration expenditures (\$816,158 incurred).

The Company also issued 285,395 common shares valued at \$53,512 for finders' fees.

Pursuant to an amending agreement dated April 7, 2021 with Boundary and 1994854, which amended the Option Agreement, the Company acquired all of the issued and outstanding shares of 1994854 from Boundary, by making a cash payment of \$800,000 (paid) and issuing an aggregate of 5,555,556 shares (issued) to Boundary. The Company also was required to pay a finder's fee of \$80,000 (paid) and issue 555,556 shares (issued) as finder's shares. The shares issued were valued at \$2,047,223.

Pursuant to an asset purchase agreement dated April 7, 2021 with Apex Resources Inc. ("Apex"), the Company acquired Apex's interest in the Kena Project from Apex in exchange for consideration of: aggregate cash payments of \$300,000 (paid); an aggregate of 1,500,000 common shares of the Company with a fair value of \$472,500 (issued); and granting Apex a 1% NSR royalty on the Kena Project, with the Company having the right to repurchase the NSR for \$500,000 at any time prior to the commencement of commercial production on the Kena Project. The transaction was closed on May 5, 2021.

Following the conclusion of both transactions, the Company own the Kena and Daylight projects 100% outright.

Athabasca Mine

On March 22, 2021, the Company entered into a claims purchase agreement with 802213 Alberta Ltd., under which the Company acquired 17 mineral claims, contiguous to the Kena and Daylight gold-copper property. In exchange for the claims, the Company paid \$52,297 and issued 85,000 common shares of the Company, valued at \$85,000.

On May 19, 2021, the Company announced that the 2021 exploration program is now underway on its 100% owned Kena gold and copper project in south eastern British Columbia. The over 8000 hectare Kena Project consists of the Kena, Daylight and Athabasca Properties, which trend along a 20 kilometre long favourable mineralized belt.

On August 4, 2021, the Company completed the 5th and 6th diamond drill holes (holes DL21-13 and 14) of the initial drilling campaign on the Starlight Trend of their 100% owned Daylight Property. This program is designed to trace the high-grade gold-silver zone exposed at surface and in historic small-scale underground workings over a strike length of >1000 metres. Currently the Starlight veining and sulphide zone averages 25 metres true width with large discrete outlier quartz veins also exhibiting strong mineralization.

On September 9, 2021, the Company announced initial sampling results from the Princess showing on its 100% owned Athabasca Property, part of West's larger Kena Project. The over 8500 hectare Kena Project, consists of the Kena, Daylight and Athabasca Properties in southeastern British Columbia, which trend along a 20 kilometre long favourable mineralized belt.

Share Purchase Agreement respecting Spanish Mountain Mineral Exploration Claims

On January 25, 2021, the Company entered into a share purchase with shareholders of Folkestone Mining Corp. ("Folkestone"), under which the Company acquired all of Folkestone's issued and outstanding shares. Folkestone is the registered holder of 4 mineral exploration claims located in the Spanish Mountain District in British Columbia. In exchange for the purchase of Folkestone's shares, the Company issued 3,100,000 units of the Company, valued at \$1,302,000. Each unit is comprised of one

common share and one share purchase warrant. Each whole warrant is exercisable into one common share at an exercise price of \$0.42 for a period of two years from the date of issuance.

In connection with the transaction, the Company issued 310,000 units for finders' fees, valued at \$357,785. Each unit is comprised of one finders' share and one finders' warrant. Each finders' warrant is exercisable into one common share at an exercise price of \$0.63 for a period of two years from the date of issuance.

The transaction did not meet the definition of a business combination and therefore, has been accounted for as an asset purchase of mineral property interests with the Company acquiring the outstanding shares of Folkestone on January 25, 2021. The consideration for the acquisition of Folkestone has been allocated at fair value of the assets acquired and liabilities assumed, based on management's best estimate and taking into account all available information at the time of acquisition.

The following table summarizes the fair value of the total consideration paid and the aggregate fair value of identified assets acquired and liabilities assumed:

the private placements, subscriptions received of \$18,331, proceeds of \$493,000 from options exercised and proceeds of \$471,800 from warrants exercised.

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns for shareholders and to maintain a flexible capital structure that optimizes the costs of capital within a framework of acceptable risk. In the management of capital, the Company includes the components of shareholders' equity as well as cash. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may issue new shares, issue debt, acquire or dispose of assets or adjust the amount of cash. The Company is dependent on the capital markets as its primary source of operating working capital and the Company's capital resources are largely determined by its ability to compete for investor support of its projects.

In March 2020, there was a global pandemic outbreak of COVID-19. The actual and threatened spread of the virus globally has had a material adverse effect on the global economy and specifically, the regional economies in which the Company operates. The pandemic could result in delays in the course of business and could have a negative impact on the stock market, including trading prices of the Company's shares and its ability to raise new capital. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company's business or results of operations at this time. These factors indicate the existence of a material uncertainty that may cast doubt about the Company's ability to continue as a going concern.

TERMINATED QUALIFYING TRANSACTION

The Company entered into a non-binding letter of intent ("LOI") on December 6, 2019 respecting the proposed acquisition by the company of 1Five2 Tech Solutions Ltd ("152 Tech"). The proposed acquisition was intended to qualify as the Company's Qualifying Transaction and was expected to proceed by way of a "three-cornered amalgamation" under which a wholly-owned subsidiary of the Company would amalgamate with 152 Tech.

In conjunction with the execution of the LOI, the Company has provided 152 Tech with a loan in the amount of \$25,000 and was required to ensure preservation of 152 Tech's assets. The loan is unsecured, bears interest at 6% per year, compounded monthly, and was to be repayable on the earlier of: (a) December 4, 2020; and (b) the date which is 90 days after the date on which the LOI is terminated for any reason other than the execution of the definitive agreement.

The Company also provided a line of credit loan (the "Secured Loan") of up to \$225,000 to 152 Tech. The Secured Loan is secured against all of the assets of 152 Tech. The Secured Loan bears interest at 6% per year, compounded monthly; and was to be repayable on the earlier of: (a) December 4, 2020; and (b) the date which is 90 days after the date on which the LOI is terminated for any reason other than the execution of the definitive agreement.

During the nine months ended July 31, 2021, the Company recorded interest revenue of \$12,118 (2020 - \$10,031) on the loans advanced to 152 Tech. As at July 31, 2021, the total loan receivable balance is \$276,069 (October 31, 2020 - \$263,951).

During the year ended October 31, 2020, the LOI expired and the proposed acquisition was terminated. The loan remains unpaid past its due date.

FINANCIAL INSTRUMENTS AND RISK

The Company's financial instruments consist of cash, loan receivable, and accounts payable and accrued liabilities. The Company designated its cash, loan receivable, and accounts payable and accrued liabilities as amortized cost.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy establishes three levels to classify the inputs to valuation techniques used to measure fair value, by reference to the reliability of the inputs used to estimate the fair values.

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – techniques (other than quoted prices included in level 1) that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 – techniques which use inputs which have a significant effect on recorded fair values for the asset or liability that are not based on observable market data (unobservable inputs).

As at July 31, 2021, the Company believes that the carrying values of cash, loan receivable, and accounts payable and accrued liabilities approximate their fair values because of their nature and relatively short maturity dates or durations.

Credit risk

Credit risk arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The Company's cash is held with a reputable Canadian bank. The credit risk related to cash is considered minimal.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The risk that the Company will realize such a loss is limited because the Company's loan receivable has a fixed interest rate.

Liquidity risk

The Company manages liquidity risk by maintaining sufficient cash to enable settlement of transactions as they come due. Management monitors the Company's contractual obligations and other expenses to ensure adequate liquidity is maintained.

OFF-BALANCE SHEET ARRANGEMENTS

The Company does not have any off-balance sheet arrangements.

DISCLOSURE CONTROLS AND PROCEDURES

In connection with National Instrument 52-109 (Certificate of Disclosure in Issuer's Annual and Interim Filings) ("NI 52-109"), the Chief Executive Officer and Chief Financial Officer of the Company have filed a Venture Issuer Basic Certificate with respect to the financial information contained in the unaudited condensed consolidated interim financial statements for the nine months ended July 31, 2021 and this accompanying MD&A.

In contrast to the full certificate under NI 52-109, the Venture Issuer Basic Certificate does not include representations relating to the establishment and maintenance of disclosure controls and procedures and internal control over financial reporting, as defined in NI 52-109. For further information the reader should refer to the Venture Issuer Basic Certificates filed by the Company with the Annual Filings on SEDAR at www.sedar.com.

RISKS AND UNCERTAINTIES

**West Mining Corp.
(Formerly Ironwood Capital Corp.)
Management's Discussion and Analysis
For the nine months ended July 31, 2021**

The Company is currently subject to financial and regulatory risks. The financial risk is derived from the uncertainty pertaining to the Company's ability to raise capital to continue operations. Regulatory risks include the possible delays in getting regulatory approval for the transactions that the Board of Directors believe to be in the best interest of the Company, and include increased fees for filings and the introduction of ever more complex reporting requirements, the cost of which the Company must meet in order to maintain its exchange listing.

There is no assurance that the exploration of the Company's properties will be successful in its quest to find a commercially viable quantity of mineral resources. The Company's exploration and development activities may be affected by changes in government and the nature of various government regulations relating to the mining industry. The Company cannot predict the government's positions on mining concessions, land tenure, environmental regulation or taxation. A change in government positions on these issues could adversely affect the Company's business and/or its holdings, assets and operations. Any changes in regulations are beyond the control of the Company.
