Notes to the Condensed Consolidated Interim Financial Statements

For the three and nine months ended July 31, 2021 and 2020

(Unaudited – Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

West Mining Corp. (formerly Ironwood Capital Corp.) (the “Company” or “West”) was incorporated under the Company Act of British Columbia on August 28, 2017. On November 4, 2020, the Company changed its name to West Mining Corp. The Company’s registered and records office is located at 3500-1055 Dunsmuir Street PO Box 49114, Vancouver, British Columbia V7X 1H7.

On November 4, 2020, the Company completed its Qualifying Transaction, under which West has acquired all right, title and interest in, to and under an option and joint venture agreement respecting the Kagoot Brook Property (the “Transaction”). See Note 3. On December 7, 2020 the Company’s common shares began trading on the Canadian Securities Exchange under the trading symbol “WEST”.

These condensed consolidated interim financial statements have been prepared on the basis that the Company will continue as a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for the next twelve months. The Company expects to incur further losses in the development of its business. The Company’s ability to continue as a going concern is dependent upon its ability to raise adequate funding through equity or debt financings to discharge its liabilities as they come due. Although the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company.

In March 2020, there was a global pandemic outbreak of COVID-19. The actual and threatened spread of the virus globally has had a material adverse effect on the global economy and specifically, the regional economies in which the Company operates. The pandemic could result in delays in the course of business and could have a negative impact on the stock market, including trading prices of the Company’s shares and its ability to raise new capital.

These factors indicate the existence of a material uncertainty that may cast doubt about the Company’s ability to continue as a going concern. As a result, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. Should the Company be unable to continue as a going concern, asset realization values may be substantially different from their carrying values. Carrying values as shown in these condensed consolidated interim financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. Such adjustments could be material.

3. EXPLORATION AND EVALUATION ASSETS

a) Qualifying Transaction respecting the Kagoot Brook Property

On November 4, 2020, the Company completed the Transaction, under which the Company has acquired all right, title and interest in, to and under an option and joint venture agreement with respect to the Kagoot Brook Property (the "Kagoot Brook Property") located near Bathurst, New Brunswick, comprised of one mineral tenure covering 4,233 hectares.

On May 11, 2020, the Company entered into a sale, assignment and assumption agreement (the "Assumption Agreement") with Origen Resources Inc. ("Origen") in connection with the purchase and assumption by the Company of all of Origen's right and interest under an option and joint venture agreement (the "Underlying Agreement") dated May 10, 2018, as amended January 7, 2020, with Great Atlantic Resources Corp. ("Great Atlantic").

As consideration for the Assumption Agreement, the Company has issued an aggregate of 500,000 common shares to Origen on November 4, 2020, valued at \$90,000. Pursuant to the Underlying Agreement, the Company has the right to earn (the "Option") a 75% interest in the Kagoot Brook Property. To successfully exercise the Option, the optionee is required to: (a) incur a total of \$650,000 in exploration expenditures on or before May 10, 2022; and (b) make aggregate cash payments of \$110,000 to Great Atlantic, as follows: \$30,000 by May 23, 2020 (paid by Origen); \$30,000 by January 23, 2021 (paid); and \$50,000 (\$28,500 paid) by January 23, 2022.

Once the Option has been exercised, the Kagoot Brook Property will be subject to a 2% NSR royalty in favor of the prospectors, with 1% of such NSR royalty being subject to a repurchase right for \$500,000. Upon successful exercise of the Option, the optionee shall have acquired an undivided 75% interest in the Kagoot Brook Property, which interest will be subject to the 75%/25% joint venture formed between the optionee and Great Atlantic. If a joint venture party does not contribute its proportionate share of expenditures on the Kagoot Brook Property, the non-contributing party's joint venture interest will be reduced proportionately. If Great Atlantic's joint venture interest is reduced to 5% or less, Great Atlantic will be deemed to have withdrawn from the joint venture and its remaining interest will convert into a 3% NSR royalty, with the optionee having the right to repurchase up to 2% of such royalty for \$1,000,000 per each 1%.
