

WEST MINING TO ATTEND MINERALS SOUTH CONFERENCE AND TRADE SHOW, NELSON, BC

Vancouver, BC – October 19, 2022 – West Mining Corp. (“West” or the “Company”) (CSE: **WEST**) (OTC: **WESMF**) is pleased to announce it will be attending the Minerals South Conference and Trade show in Nelson, BC on November 2-4, 2022. The company will be in the Trade Show Hall and will also be providing a technical presentation. Investors and shareholders are welcome to come by the booth and meet with Nicholas Houghton, President and CEO of West Mining Corp.

“West has completed two significant work programs in 2021 and 2022 on our flagship Kena Property, located near Nelson, BC. The endeavours of our crew and contractors have paid tremendous dividends by bringing great value to the project which can only be beneficial to our shareholders.” states Nicholas Houghton. “We look forward to presenting on our progress expanding the current NI 43-101 gold resource at Kena.”

For information about the resource, see Sedar: NI 43-101 Technical Report on the Kena and Daylight Properties (Bird, 2021).

West will also introduce its promising new Blue Cove copper project located at the head of Fortune Bay in Newfoundland. Initial sampling at Blue Cove has identified several areas returning high grade copper mineralization, coincident with large surface zones of exhibiting malachite and azurite staining (see News Release dated August 2, 2022).

For additional information, please refer to the Company’s public disclosure record which is available on SEDAR at www.sedar.com.

About West Mining Corp.

West Mining Corp. is a mineral exploration company acquiring and developing advanced and prospective early-stage exploration projects. It is fully focused on its 100% owned, 9000 hectare Kena Project located near Nelson, British Columbia. The Kena Project comprises three adjoining Properties: Kena, Daylight and Athabasca. A recent NI43-101 resource estimate for Kena gave 561,900 oz Au indicated and 2,773,100 oz Au inferred in the Gold Mountain, Kena Gold and Daylight Zones. The Kena Property also hosts the large Kena Copper Zone, along with the historic Euphrates and Gold Cup gold-silver mines. The Daylight property contains the historic past

producing Daylight, Starlight, Victoria, Irene and Great Eastern gold mines. Along trend to the north is the Athabasca Property, with the historic Athabasca Gold Mine. The historic mines and known mineralized zones on these three properties are structurally controlled along a 20 kilometre strike as identified by strong geophysical signatures.
