EXPLORATION AND EVALUATION ASSETS

Kena Project

During the year ended October 31, 2021, the Company acquired a 100% interest in the Kena Project upon execution of the Option Agreement, the Amended Agreement and the Apex Agreement (as defined below). The Company also purchased additional claims to complement the Kena Project on March 22, 2021, as described below. The Kena Project consists of mineral claims and crown grants located in the Nelson Mining District in British Columbia, and is subject to various NSRs ranging from 1% to 3% which may be purchased for cash consideration.

West Mining Corp.
Management's Discussion and Analysis
For the six months ended April 30, 2024

Option Agreement

On December 24, 2020, the Company entered into an option agreement (the "Option Agreement") with Boundary Gold and Copper Mining Ltd. ("Boundary"), and Boundary's wholly-owned subsidiary, 1994854 Alberta Ltd. ("1994854"), to acquire 174 mineral claims and 11 crown grants comprising the Kena and Daylight gold-copper properties (the "Kena Project"). Under the Option Agreement, the Company earned an 80% interest in and to the properties by making aggregate cash payments of \$325,000, issuing an aggregate of 1,805,556 common shares with a fair value of \$325,000, and incurring an aggregate of \$1,735,925 in exploration expenditures.

Amended Agreement to purchase 1994854

Pursuant to an amending agreement dated April 7, 2021 with Boundary ("Amended Agreement"), the Company acquired all of the issued and outstanding shares of 1994854 from Boundary, by making a cash payment of \$800,000 and issuing 555,555 common shares to Boundary with a fair value of \$1,888,889. 1994854 holds the underlying 80% interest in the Kena Project.

Apex Agreement to purchase remaining 20% interest

Pursuant to an asset purchase agreement dated April 7, 2021 with Apex Resources Inc. ("Apex") ("Apex Agreement"), the Company acquired Apex's interest in the Kena Project from Apex in exchange for cash payments totaling \$300,000 and issuance of 150,000 common shares of the Company valued at \$480,000.

Apex retained a 1% NSR royalty on the Kena Project, which the Company has a right to purchase for a cash payment of \$500,000 at any time prior to the commencement of commercial production on the Kena Project.

Athabasca Mine

On March 22, 2021, the Company entered into a claims purchase agreement with 802213 Alberta Ltd., under which the Company acquired 17 mineral claims, contiguous to the Kena Project. In exchange for the claims, the Company paid \$27,087 and issued 8,500 common shares of the Company.

On August 4, 2021, the Company entered into a claims purchase agreement with 802213 Alberta Ltd., under which the Company acquired 5 additional mineral claims, contiguous to the Kena Project. In exchange for the claims, the Company paid \$25,210.

Folkestone Property

On January 25, 2021, the Company entered into a share purchase agreement with shareholders of Folkestone Mining Corp. ("Folkestone"), under which the Company acquired all of Folkestone's issued and outstanding shares. Folkestone is the registered holder of 4 mineral exploration claims located in the Spanish Mountain District in British Columbia and 3 claims in the Junkers District in British Columbia. In exchange for the purchase of Folkestone's shares, the Company issued 310,000 units of the Company, valued at \$1,240,000. Each unit is comprised of one common share and one share purchase warrant. Each warrant was exercisable into one common share at an exercise price of \$4.20 for a period of two years from the date of issuance.

Blue Cove Copper Property

On February 4, 2022, the Company entered into an option agreement to acquire a 100% undivided right, title and interest in and to the Blue Cove Copper Property covering 232 mineral claims (5,800 hectares) located near Terrenceville, Newfoundland. Under the terms of the option agreement, the Company could earn its 100% interest by issuing 170,000 common shares, making cash payments of \$160,000 and incurring \$750,000 in exploration expenditures in aggregate. The investment in the Blue Cove Copper Property was subject to a 3% NSR. The Company could purchase one-third (1%) of the NSR for \$1,000,000 at any time.

During the year ended October 31, 2022, the Company paid \$10,000 and issued 25,000 common shares, valued at \$27,500. During the year ended October 31, 2023, the Company determined it would not pursue further exploration of the Blue Cove Copper Property and on February 15, 2023, the Company entered into

RESULTS OF OPERATIONS

Six months ended April 30, 2024

The Company recorded a loss of \$412,733 (\$0.05 per share) for the six months ended April 30, 2024 (2023 – \$1,022,699 and \$0.17 per share). The Company had no revenue, paid no dividends and had no long-term liabilities during the six months ended April 30, 2024. Variances of note in the operational expenses are:

Advertising and promotion fees of \$33,474 (2023 - \$251,610) consists of marketing expenses incurred to inform investors with marketing efforts. This included corporate presentations, corporate materials, concerted marketing and promotional efforts, actively promoting the entity and market awareness during the period. Fees decreased during the 2024 fiscal period compared with 2023 as the Company decreased its promotional activities.

Consulting fees of \$106,840 (2023 - \$359,030) consist of fees charged by management of the Company for managing the business. Fees decreased during the period ended April 30, 2024 due to a change in management, and lower consulting fees charged by new management.

Rent of \$Nil (2023 - \$12,500) consisted of office rent which was paid for the annual tenancy and storage rent. During the six months ended April 30, 2024, rent expense is \$Nil due to end of lease of office building in the last fiscal year.

Share-based compensation of \$134,299 (2023 - \$Nil) increased during the six months ended April 30, 2024, as the Company granted 550,000 stock options and 100,000 restricted share units to certain directors, officers and consultants of the Company.

Unrealized loss on sale of marketable securities of \$12,000 (2023 – \$10,000) During the six months ended April 30, 2024, the share price of Recharge Resources had decreased to \$0.12 per share (2023 - \$0.22 per share).

Impairment of mineral properties of \$Nil (2023 - \$140,549) The 2023 expense resulted from the impairment of the Blue Cove property.

Three months ended April 30, 2024

The Company recorded a loss of \$127,643 (\$0.01 per share) for the three months ended April 30, 2024 (2023 – \$502,036 and \$0.08 per share). The Company had no revenue, paid no dividends and had no long-term liabilities during the three months ended April 30, 2024. Variances of note in the operational expenses are:

Consulting fees of \$39,041 (2023 - \$262,623) consists of due diligence work performed by consultants with respect to the mineral properties, and consulting fees charged by management of the Company for managing the business. It significantly decreased as there is a decline in engagements with consultants.

LIQUIDITY AND CAPITAL RESOURCES

As at April 30, 2024 the Company had cash of \$15,520 and a working capital deficiency of \$265,997. During the six months ended April 30, 2024, net cash used in operating activities was \$220,095, net cash used in investing activity was \$3,000 incurred for exploration and evaluation assets and net cash received from financing activities was \$235,458, consisting of net proceeds of \$153,189 received from private placement, loan proceeds received of \$24,856, offset by loan repayment of \$14,087 and \$71,500 from subscriptions received for exercise of warrants subsequent to April 30, 2024.

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern in order to provide returns for shareholders and to maintain a flexible capital structure that optimizes the costs of capital within a framework of acceptable risk. In the management of capital, the Company includes the components of shareholders' equity as well as cash. The Company manages the capital structure and make adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital structure, the Company may issue new shares, issue debt, acquire or dispose of assets or adjust the amount of cash. The Company is dependent on the capital markets as its primary source of operating working capital and the Company's capital resources are largely determined by its ability to compete for investor support of its projects.

As of April 30, 2024, the Company has an accumulated deficit of \$11,527,282. The Company expects to incur further losses in the development of its business. The Company's ability to continue as a going concern is dependent upon its ability to raise adequate funding through equity or debt financings to discharge its liabilities as they come due. Although the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company. These factors indicate the existence of a material uncertainty that may cast doubt about the Company's ability to continue as a going concern.

DISCLOSURE CONTROLS AND PROCEDURES

In connection with National Instrument 52-109 (Certificate of Disclosure in Issuer's Annual and Interim Filings) ("NI 52-109"), the Chief Executive Officer and Chief Financial Officer of the Company have filed a Venture Issuer Basic Certificate with respect to the financial information contained in the unaudited condensed consolidated interim financial statements for the six months ended April 30, 2024 and this accompanying MD&A.

In contrast to the full certificate under NI 52-109, the Venture Issuer Basic Certificate does not include representations relating to the establishment and maintenance of disclosure controls and procedures and internal control over financial reporting, as defined in NI 52-109. For further information the reader should refer to the Venture Issuer Basic Certificates filed by the Company with the Annual Filings on SEDAR+ at www.sedarplus.ca.

RISKS AND UNCERTAINTIES

The Company is currently subject to financial and regulatory risks. The financial risk is derived from the uncertainty pertaining to the Company's ability to raise capital to continue operations. Regulatory risks include the possible delays in getting regulatory approval for the transactions that the Board of Directors believe to be in the best interest of the Company, and include increased fees for filings and the introduction of ever more complex reporting requirements, the cost of which the Company must meet in order to maintain its exchange listing.

There is no assurance that the exploration of the Company's properties will be successful in its quest to find a commercially viable quantity of mineral resources. The Company's exploration and development activities may be affected by changes in government and the nature of various government regulations relating to the mining industry. The Company cannot predict the government's positions on mining concessions, land tenure, environmental regulation or taxation. A change in government positions on these issues could adversely affect the Company's business and/or its holdings, assets and operations. Any changes in regulations are beyond the control of the Company.
