

Cannvas Sponsors Business of Cannabis' Green + Silver Symposium - Working to Create a Deeper Understanding About Cannabis for Seniors and Caregivers

TORONTO, Oct. 11, 2018 /CNW/ - **Cannvas MedTech Inc. ("Cannvas" or the "Company") (CSE: MTEC) (Frankfurt: 3CM)**, a leading business technology company in the cannabis space, is pleased to announce its sponsorship role at the upcoming Green + Silver Symposium. Hosted by the Business of Cannabis, the multi-day symposium in downtown Toronto takes place October 11-12 and brings together industry experts, medical practitioners and educators, as well as consumers, patients, families and health support workers, to discuss the health and wellness benefits of cannabis and help create a deeper understanding of its potential relationship with aging Canadians.

"Having just launched our free online cannabis-centric education platform Cannvas.Me, we're excited to bring further awareness about its potential medical and therapeutic benefits to the audience at the Green + Silver Symposium," said Shawn Moniz, Chief Executive Officer of Cannvas MedTech. "Cannabis in its many forms can complement healthy lifestyles for young and old alike. As Canadians grow older, increasingly they are searching for healthy alternatives to pharmaceutical treatments for managing pain and other ailments and its crucial they and their caregivers understand how cannabis can help in everyday health and wellness."

This year's Green + Silver Symposium will be held on October 11-12, 2018, and includes three events covering education and discussions around cannabis for seniors and caregivers, as well as industry-focused conversations on the importance of this demographic to the cannabis sector. The themes of the discussions are:

1. Cannabis 101 for Seniors: Education for Consumers on Medical, Recreational and Everything In Between;
2. Caring for Seniors through Cannabis: Programming for care professionals and family members interested in learning more about how to incorporate cannabis into care regimes;
3. The Senior/Boomer Market - A Research-Based Look at the Market and Marketing.

The Green + Silver Symposium is dedicated to unpack the confluence of cannabis legalization and growing seniors population. The three part event will engage an audience of over 1,000 seniors, caregivers and industry representatives in the days leading up to adult-use recreational cannabis in Canada.
