Item 5: Full Description of Material Change

The Company announced that it has executed an agreement with MOOD™, a premium-focused cannabis storage brand, to join the recently announced Cannvas Marché, a network of high-tech learning and fulfillment centres across Canada. The revenue sharing agreement calls for the MOOD™ product line to be integrated into the Cannvas Kiosk platform and featured in Cannvas Marché locations on digital marketing screens with fulfillment opportunities.

MOOD™ is an online boutique offering both functional and well-designed storage products to ensure cannabis stays fresh and stale-free longer. It is focused on elevating the overall experience and enjoyment for cannabis consumers all across Canada and is expanding its product line to include accessories related to cannabis.

Cannvas Kiosk is a network of kiosks powered by the Cannvas.Me platform. Cannvas learning kiosks will be integrated with select health clinics and platforms from coast to coast whereby users engaging with the kiosk have an opportunity to follow up with a licensed medical practitioner, should they so choose, and these clinics or platforms will be among their options.

Cannvas Marché locations will feature digital learning resources, on-site medical and educational staff and a fulfillment program. Hands-on education sessions on a variety of cannabis-related topics will also be featured, but without the usual pressure to purchase or consume. The sessions will be led by a registered health practitioner or certified educator and showcase original physician-backed content created for the Cannvas.Me platform. Visitors can register for free seminars each week or drop in anytime. The first location is expected to open in Toronto in 2019.

Cannvas is working with top regulators and compliance bodies to begin the first phase of creating a network of this first-of-its-kind public cannabis education and fulfillment centres.

The Company intends to expand the reach of its Cannvas Marché centres to communities across Canada through a licensing model and leverage its strategic partnerships to further integrate the Cannvas.Me platform into existing retail experiences.
