

# LUXXFOLIO Finalizes Order for 500 New Generation Miners

## Anticipated Increase in Hash Rate of 20% on Delivery

VANCOUVER, BC, Dec. 16, 2021 /CNW/ - LUXXFOLIO Holdings Inc. (the "Company" or "LUXXFOLIO") (CSE: LUXX) (OTCQB: LUXFF) (Frankfurt/Berlin: LUH) a vertically-integrated digital asset company, has finalized an order for 500 Bitmain S19j Pro (100 TH/s) Bitcoin miners ("New Miners") for USD\$3.02 Million (\$60/TH) as originally announced on [October 21st](#). The order will be financed through a combination of balance sheet working capital and an asset backed lending structure with NYDIG, our finance partner. [NYDIG](#) is a leading bitcoin company, which provides a comprehensive suite of services for institutional bitcoin miners.

The delivery is scheduled for May 2022, which is anticipated to increase our mining rate by approximately 20% at that date. This will bring the total projected hash rate to 360 PH/s by calendar Q3 of 2022, excluding any impact of the immersion cooling system to be installed in calendar Q1 of 2022.

Ken MacLean, President of LUXX Mining Division commented, "We will have the option to install these 500 miners into our immersion cooling system on arrival. Based on the specs of the immersion, the projected hash rate on this order could increase from 50 PH/s to a range of 62 to 75 PH/s."
