Dear Sirs/Madams:

We have received an annual financial statements filing from your company accompanied with a Form 13-501F1 *Class 1 Reporting Issuers and Class 3B Reporting Issuers – Participation Fee* (**Form 13-501F1**) under the above mentioned SEDAR project. The Form 13-501F1 is used to support the calculation of reporting issuer's capitalization. During our review, we noted that the form was not accurately and completely filled out for the following reason:

The issuer did not have securities listed or quoted on a marketplace at the end of its financial year, while Form 13-501F1 is used for reporting issuers who have securities listed or quoted on a marketplace. The issuer selected the wrong class and should file AB Form 13-501F2 instead.

Please refer to Part 5 of ASC Rule 13-501 *Fees* (**Fee Rule**) for further instructions.

Please re-file Form 13-501F1 and submit corresponding participation fee, if not paid earlier, using the same SEDAR project number as noted above within 10 business days from the date of this letter.

If you have any questions, please email us at accounts.receivable@asc.ca.

Yours truly,

Anna Karas
Revenue Accountant
