# SPEY RESOURCES CORP.

Amended and Restated Management Discussion and Analysis For the three months ended May 31, 2021

The Management Discussion and Analysis ("MD&A"), prepared July 25, 2022 should be read in conjunction with the condensed consolidated interim financial statements and notes thereto for the period from incorporation on March 11, 2021 to May 31, 2021 of Spey Resources Corp. ("Spey Resources" or the "Company") which were prepared in accordance with International Financial Reporting Standards.

This management discussion and analysis may contain forward-looking statements in respect of various matters including upcoming events. The results or events predicted in these forward-looking statements may differ materially from the actual results or events. The Company disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

#### **DESCRIPTION OF BUSINESS**

Spey Resources Corp. was incorporated on July 31, 2017 under the laws of British Columbia. The address of the Company's corporate office and its principal place of business is Suite 3500-1055 Dunsmuir Street Vancouver, BC V7X 1L2 Canada.

The Company is listed for trading on the Canadian Securities Exchange under the symbol "SPEY". The Company is currently halted from trading pursuant to a cease trade order issued by the British Columbia Securities Commission ("BCSC"), pending the completion of the BCSC's continuous disclosure review, as previously announced in news releases dated August 31, 2021 and October 22, 2021.

On April 23, 2021, the Company entered into a share purchase agreement with the shareholders of Tech One Lithium Resources Corp. ("Tech One"). The transaction completed on April 26, 2021, pursuant to which the Company purchased all of Tech One's issued and outstanding common shares by issuing 23,500,000 common shares (the "Transaction"). Subsequent to the Transaction, the original shareholders of Tech One obtained control of the Company, which resulted in a reverse acquisition. As a result, Tech One is deemed to be the continuing entity for accounting purposes. The historical operations, assets and liabilities of Tech One are included in the May 31, 2021 condensed consolidated interim financial statements, as well as the net assets and operations of Spey from the date of the Transaction.

Tech One was incorporated under the Business Corporations Act of British Columbia on March 11, 2021 and changed its name to Tech One Lithium Resources Corp. on March 15, 2021. The address of the Tech One's head office and registered office is 106-461 16<sup>th</sup> Street, North Vancouver, BC V7M 1V1, Canada.

Concurrent with the Transaction, the Company completed a private placement of 10,447,000 units at \$0.25 per unit for gross proceeds of \$2,611,750. Each unit consisted of one common share and one non-transferable share purchase warrant, exercisable for one common share at a price of \$0.40 for a period of 24 months, subject to acceleration.

The Company's principal business activities include the acquisition and exploration of mineral property assets. As at May 31, 2021, the Company had not yet determined whether the Company's mineral property assets contain ore reserves that are economically recoverable. The recoverability of amount shown for exploration and evaluation asset is dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and the future profitable production from the property or realizing proceeds from its disposition.

In March 2020, the World Health Organization declared coronavirus COVID-19 ("COVID-19") a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies and financial markets globally, leading to an economic downturn. The extent and duration of the COVID-19 pandemic, the reactions of governments, private sector participants and the public to the pandemic and the associated disruption to business and commerce generally, and the extent to which these will continue to affect the Company's business, financial condition and results of operation in particular will all depend on future developments which are highly uncertain and many of which are outside the control of the Company and cannot be predicted with confidence. Such developments include the ultimate geographic spread, intensity and duration of the pandemic (including the possibility of additional waves), potential mutations of the COVID-19 virus, the ability of governments to administer COVID-19 vaccines to the public in a timely manner, new information which may emerge concerning the severity of COVID-19, the effectiveness and intensity of measures to contain COVID-19 or address its impact (including any potential increase in the duration or intensity of restrictions on public gatherings, restrictions on the operation of non-essential businesses), short and longer term changes to travel patterns or travel restrictions imposed by governments and the other economic impacts of the pandemic and the reactions to it. Given the uncertainties, we cannot predict the extent or duration of the COVID-19 pandemic and the reactions to it, including the possibility that it may result in a prolonged global recession. The Company cautions that current global uncertainty with respect to the spread of COVID-19 and its effect on the broader global economy may have a significant negative effect on the Company. While the precise impact of COVID-19 on the Company's business and operations remain unknown, the continued spread of COVID-19 could have a material adverse effect on global economic activity, and can result in volatility and disruption to global supply chains, operations, mobility of people and the financial markets, all of which may have a material adverse impact on the Company's business, financial condition, operations and exploration activities.

### REVERSE ACQUISITION TRANSACTION

On April 26, 2021, the Company acquired 100% ownership of Tech One by issuing 28,984,500 common shares, 2,214,000 stock options and 9,994,500 warrants to the shareholders of Spey. Subsequent to the Transaction, the original shareholders of Tech One obtained control of the Company. For accounting purposes, the acquisition is considered to be outside the scope of IFRS 3 *Business Combinations* ("IFRS 3") since Spey was relatively inactive prior to the Transaction and did not constitute a business. As a result, the Transaction is accounted for in accordance with IFRS 2 *Share-based Payment* whereby Tech One is deemed to have issued shares, options and warrants in exchange for the net assets of Spey, together with its listing status at the fair value of the consideration deemed received by Tech One. The accounting for this transaction resulted in the following:

- (i) The condensed consolidated interim financial statements of the combined entities are issued under the legal parent, Spey, but are considered a continuation of the financial statements, assets and operations of the legal subsidiary, Tech One.
- (ii) Since Tech One is deemed to be the continuing entity for accounting purposes, its assets and liabilities are included in the condensed consolidated interim financial statements at their historical carrying values.
- (iii) As part of the completion of the Transaction, the original shareholders of the Company retained 28,984,500 common shares of the Company, 2,214,000 stock options and 9.994.500 warrants.
- (iv) Concurring with the Transaction, the Company completed a non-brokered private placement of 10,447,000 units at \$0.25 per unit for gross proceeds of \$2,611,750. Each unit consisting of one common share and one non-transferable share purchase warrant, each warrant exercisable for the purchase one common share at \$0.40 for a period of 24 months, subject to acceleration. In connection to this private placement, the Company incurred share issue costs of \$107,063 in cash and issued 618,250 finders' warrants which are exercisable at prices ranging from \$0.25 to \$0.40 per share for a period of two years. The fair value of the share purchase warrants was determined to be \$105,193, calculated using the Black-Scholes option pricing model under the following assumptions: weighted average exercise price \$0.32; price on grant date \$0.25; risk-free interest rate 0.32%; dividend yield 0%; expected volatility 150%; and expected life two years.

Since the share and share-based consideration allocated to the former shareholders of the Company on closing of the Transaction is considered within the scope of IFRS 2, and Tech One identified the net assets received and the CSE listing as the goods received in return for the allocation of the common shares, stock options and warrants, the value in excess of the net identifiable assets or obligations of Spey acquired on closing was expensed in the condensed consolidated interim statement of comprehensive loss as listing expense.

The total share-based compensation for the 28,984,500 common shares, 2,214,000 stock options and 9,994,500 warrants was \$9,062,988, representing the fair value of the common shares, stock options and warrants retained by the former shareholders of the Company. The weighted average fair value of the options and warrants was based on the followings:

	Common shares	Stock options	Warrants
Number	28,984,500	2,214,000	9,994,500
Fair value	\$7,246,125	\$482,034	\$1,534,829
Fair value per unit	\$0.25	\$0.22	\$0.15
Share price	\$0.25	\$0.25	\$0.25
Exercise price	N/A	\$0.10	\$0.21
Volatility	N/A	150%	150%
Risk-free interest rate	N/A	0.09%	0.09%
Dividends	N/A	Nil	Nil
Expected remaining lives	N/A	2.98 years	1.09 years

The total listing expense of \$8,092,187 was determined as follows:

	\$
Fair value of share-based compensation	
Deemed share issuance	7,246,125
Options deemed granted	482,034
Warrants deemed granted	1,534,829
Total consideration	9,062,988
Identifiable net assets obtained:	
Cash	835,483
Amounts receivable	14,826
Exploration and evaluation assets	343,711
Liabilities assumed	(23,219)
	1,170,801
Listing expense	8,092,187

#### Silver Basin Property

Pursuant to an option agreement (the "SB Agreement") dated July 30, 2020, the Company has an option to acquire a 100% interest from in the Silver Basin Property (the "SB Property") located in the Revelstoke Mining Division, of southern British Columbia, free and clear of all liens, charges, encumbrances, claims, rights or interest of any person, with the exception of a 2.0% Net Smelter Return ("NSR").

The Option is exercisable by the Company pursuant to the following:

- a) Paying an aggregate \$386,000 as follows:
- i) \$6,000 upon signing (paid);
- ii) an additional \$20,000 on or before July 1, 2021 (paid);
- iii) an additional \$80,000 on or before July 1, 2022;
- iv) an additional \$80,000 on or before July 1, 2023; and
- v) an additional \$200,000 on or before July 1, 2024; and
- b) Incurring \$10,000 work expenditure on the Property before October 30, 2020 (completed).
- c) Issuing an aggregate 2,000,000 common shares as follows:
- i) 100,000 common shares on approval of the Option by the CSE (issued);
- ii) an additional 200,000 common shares on or before July 1, 2021 (issued subsequently);
- iii) an additional 200,000 common shares on or before July 1, 2022 (issued subsequently);
- iv) an additional 500,000 common shares on or before July 1, 2023; and
- v) an additional 1,000,000 common shares on or before July 1, 2024.

Upon commencement of commercial production, and subject to Exchange policies in effect at the time, the Company shall issue an additional 1,000,000 common shares. At such time, the SB Property will also be subject to the underlying NSR. The Company is entitled, at any time, to purchase 80% of the NSR by making a single payment of \$2,000,000 to the Property Vendor.

# **Kaslo Silver Property**

The Company has an option to acquire an undivided 100% interest in and to the Kaslo Silver Property (the "Kaslo Silver Property"), located 12 kilometres west of Kaslo in southern British Columbia. silver and base metal property.

The option is exercisable by the Company pursuant to the following:

- a) Paying an aggregate of \$310,000 as follows:
  - i) \$30,000 on or before August 31, 2021;
  - ii) an additional \$70,000 on or before August 31, 2022;
  - iii) an additional \$100,000 on or before August 31, 2023; and
  - iv) an additional \$110,000 on or before August 31, 2024.
- b) Issuing an aggregate of 236,547 common shares as follows:
  - i) 78,849 common shares on or before August 31, 2021;

- ii) an additional 78,849 common shares on or before August 31, 2022; and
- iii) an additional 78,849 common shares on or before August 31, 2023.

The Company is also required to Issue an additional 131,415 common shares upon the commencement of commercial production at the Kaslo Silver Property.

Upon commencement of commercial production at the Kaslo Silver Property, the Kaslo Silver Property will be subject to 2.5% net smelter return royalty. All securities issuable in connection with the Option are subject to a statutory hold period expiring four months and a day from the date of issue.

# Candella II Project

On March 18, 2021, the Company entered into a mineral property option agreement (the "Candela II Agreement") with A.I.S Resources Ltd. (the "Optionor"). The Company has an option to acquire up to a 100% interest in the mining tenement known as Candella II located in Salar de Incahuasi, Province of Salta, Argentina (the "Concession").

On April 28, 2021, the Company entered into an amended and restated exploration and mineral property purchase agreement (the "Amended Agreement") with the Optionor, which supersedes the Candela II Agreement, to include a clause to appoint the Optionor as the exclusive project manager for any exploration conducted on the Concession.

Pursuant to the terms of the Agreement and the Amended Agreement, the Company can acquire an 80% interest in the Concession as follows:

- Making a cash payment of US\$100,000 upon signing of the Agreement (paid);
- Making a cash payment of US\$100,000 on or before September 18, 2021;
- Making a cash payment of US\$1,000,000 on or before March 17, 2022; and
- Incurring minimum exploration expenditures totaling US\$500,000 on or before March 17, 2022 (US\$100,000 incurred as of May 31, 2021).

Upon completion of the above and acquiring its 80% interest in the Concession, the Company can obtain an additional 20% interest, thereby bringing its ownership to 100%, in the concession by making a cash payment of US\$6,000,000 on or before March 17, 2023, which may be increased subject to confirmation of indicated and inferred resource estimates on the Concession at the time of payment.

# **RESULTS OF OPERATIONS**

### Period from incorporation on March 11, 2021 to May 31, 2021

The Company recorded a loss of \$8,751,206 for the period from incorporation on March 11, 2021 to May 31, 2021. The Company had no revenue, paid no dividends and had no long-term liabilities during the period ended May 31, 2021. The loss includes the listing expense of \$8,092,187. Items of note in the operational expenses are:

Management and consulting fees of \$320,175 consist mainly of due diligence work performed by consultants with respect to the mineral properties acquired during the period ended May 31, 2021. The Company incurred significant expenses in the period due to increased activity, including general administrative, financing and entering into the exploration and evaluation

asset agreements.

Advertising and promotion fees of \$305,611 consist of marketing expenses incurred to find new investors. Marketing costs was high because the Company had to rebrand after the reverse acquisition transaction and acquiring additional projects. This included a brand new website, corporate presentation, corporate materials and more marketing and promotional efforts and actively promoting its business and market awareness during the period.

Transfer agent and filing fees of \$9,575 includes stock transfer and regulatory fees.

Professional fees of \$16,737 consist mainly of accounting and legal fees.

Office expenses of \$6,921 consist mainly of administrative expenses.

#### **SUMMARY OF QUARTERLY RESULTS**

Selected information derived from the Company's condensed consolidated interim financial statements for the period ended May 31, 2021 is as follows:

Quarter ended	Period from incorporation on March 11, 2021 to May 31, 2021 \$
Revenue	Nil
Expenses	(659,019)
Net and comprehensive loss	(8,751,206)
Loss per share – Basic and diluted	(0.18)

As the Company was incorporated on March 11, 2021 there is only one quarter to present. During the period ended May 31, 2021, the Company incurred costs comprised mainly of listing expense, advertising and marketing, management and consulting fee, which related to the completing the reverse acquisition transaction.

#### LIQUIDITY

The Company has total assets of \$3,086,652 as at May 31, 2021 consisting of cash, amounts receivable, prepaid expenses and exploration and evaluation assets. The Company has positive working capital of \$2,005,950. At May 31, 2021, the Company had cash of \$2,446,793. The amounts receivable in the amount of \$17,949 from GST and \$12,797 from prepaid expenses.

During the period ended May 31, 2021, the Company used \$256,315 in operating activities.

During the period ended May 31, 2021, the Company raised a total of \$3,494,390 by several private placements. The Company intends to raise additional funds in the near future by way of private placement. The funds from the previous and anticipated future private placements will be spent on exploration and evaluation expenditures on the Company's mineral properties once results from preliminary exploration activities are received. As at May 31, 2021, there was

subscription receivable in the amount of \$1,254,300, which was all received in June 2021.

The Company's current assets are not sufficient to support the Company's general administrative and corporate operating requirements on an ongoing basis for the foreseeable future. Accordingly, further financing will be required and the Company will have to raise additional funds to continue its operations. Please see Overall Performance section with respect to the Company's financing plans.

### **Liquidity Outlook**

The Company's cash position is highly dependent on its ability to raise cash through financings. Based on the Company's financial position as at May 31, 2021, the Company will need to complete additional external financing either through equity, debt or other forms of financing. As other opportunities become available to the Company and subject to exploration work on the Company's project and results from such exploration program is determined, management may be required to complete additional financing.

This outlook is based on the Company's current financial position and is subject to change if opportunities become available based on exploration program results and/or external opportunities. At present, the Company's operations do not generate cash inflows and its financial success is dependent on management's ability to discover economically viable mineral deposits. The mineral exploration process can take many years and is subject to factors that are beyond the Company's control.

In order to finance the Company's future exploration programs and to cover administrative and overhead expenses, the Company will need to raise funds through equity sales, from the exercise of convertible securities, debt, deferral of payments to related parties, or other forms of raising capital. Many factors influence the Company's ability to raise funds, including the health of the resource market, the climate for mineral exploration investment, the Company's track record, and the experience and calibre of its management. Actual funding requirements may vary from those planned due to a number of factors, including the progress of exploration activities. Management believes it will be able to raise equity capital as required in the short and long term, but recognizes that there will be risks involved which may be beyond its control.

### **Share Capital**

The Company had 62,931,500 common shares issued and outstanding on May 31, 2021 and 69,631,500 as of the date of this report.

- i) On March 20, 2021, the Company completed a private placement of 15,640,000 common shares at a price of \$0.001 per share for gross proceeds of \$15,640.
- ii) On March 27, 2021, the Company completed a private placement of 1,000,000 common shares at a price of \$0.01 per share for gross proceeds of \$10,000.
- iii) On April 16, 2021, the Company completed a private placement of 5,720,000 common shares at a price of \$0.10 per share for gross proceeds of \$572,000.
- iv) On April 23, 2021, the Company completed a private placement of 1,140,000 common shares at a price of \$0.25 per share for gross proceeds of \$285,000.

- v) On April 26, 2021, concurrent to the Transaction, the Company closed a brokered private placement of 10,447,000 units at \$0.25 per unit for gross proceeds of \$2,611,750. Each unit consisted of one common share and one non-transferable share purchase warrant, each warrant exercisable for the purchase one common share at price of \$0.40 for a period of 24 months, subject to certain acceleration provisions. In connection with this private placement, the Company incurred share issue costs of \$107,063 in cash and issued 618,250 finders' warrants which are exercisable at prices ranging from \$0.25 to \$0.40 per share for a period of two years. The fair value of the share purchase warrants was determined to be \$105,193.
- As at May 31, 2021, \$1,254,000 in proceeds remain receivable from this private placement, which was received subsequently.
- vi) During the period ended August 31, 2021, the Company issued a total of 400,000 common shares with a fair value of \$166,000 for the SB Property.
- vii) On August 23, 2021, the Company issued 2,500,000 common shares with a fair value of \$1,000,000 for the acquisition of the Pocitos I & II Properties.
- viii) The Company issued 3,025,000 common shares pursuant to the exercise of share purchase warrants for total proceeds of \$632,500.
- ix) The Company issued 775,000 common shares pursuant to the exercise of options for total proceeds of \$79,500.

## **Stock Options**

As of May 31, 2021 and the date of this report, the Company has 2,214,000 and 1,439,000 stock options outstanding, respectively.

#### **Share Warrants**

As of May 31, 2021 and as of the date of this report, the Company has 21,059,750 and 18,034,750 warrants outstanding, respectively.

### **Capital Resources**

The Company is not a party to any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future material effect on the Company's financial condition, changes in financial condition, revenues, expenses, results of operations, liquidity, capital expenditures or capital resources.

### **Going Concern**

The Company's condensed consolidated interim financial statements have been prepared on the basis that the Company will continue as a going concern, which assumes that the Company will be able to meet its commitments, continue operations, and realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception, has no recurring source of revenue and, as at May 31, 2021, had an accumulated deficit of \$8,751,206. These material uncertainties cast significant doubt upon the Company's ability to continue as a going concern.

The Company will need to raise sufficient funds as the Company's current assets are not sufficient to finance its operations and administrative expenses. The Company is evaluating financing options including, but not limited to, the issuance of additional equity and debt. The Company has no assurance that such financing will be available or be available on favourable terms. Factors that could affect the availability of financing include the Company's performance (as measured by numerous factors including the progress and results of its projects), the state of international debt and equity markets, investor perceptions and expectations and the global financial and metals markets.

The Company is required to make the scheduled payments of cash and shares detailed under the Exploration and Evaluation Asset in order to keep the property option in good standing.

# **Contractual Obligations**

The Company is subject to certain contractual obligations associated with the exploration and evaluation assets as discussed above. The Company has no other material and long-term contractual obligations.

# **Significant Accounting Policies and Estimates**

The preparation of financial statements requires management to establish accounting policies, estimates and assumptions that affect the timing and reported amounts of assets, liabilities, revenues and expenses. These estimates are based on historical experience and on various other assumptions that management believes to be reasonable under the circumstances and require judgment on matters which are inherently uncertain. Details of the Company's significant accounting policies can be found in Note 3 of the condensed consolidated interim financial statements for the period ended May 31, 2021.

# **New Accounting Standards**

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective. The Company has not early adopted any of these standards and is currently evaluating the impact, if any, that these standards might have on its condensed consolidated interim financial statements. Other accounting standards or amendments to existing accounting standards that have been issued but have future effective dates are either not applicable or are not expected to have a significant impact on the Company's condensed consolidated interim financial statements.

# TRANSACTIONS WITH RELATED PARTIES

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties may be individuals or corporate entities. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties. The following summarizes related party transactions for the period ended May 31, 2021:

	May 31, 2021
CEO	\$10,000
CFO	\$16,250

President	\$22,000

As at May 31, 2021, included in accounts payable and accrued liabilities was \$3,000 due to management of the Company. The management includes the CEO, CFO and President. The amount is unsecured, non-interest bearing and due on demand.

## **Off Balance Sheet Arrangements**

The Company has no off-balance sheet arrangements.

#### Financial Instruments

The Company's financial instruments consist of cash and accounts payable. Financial instruments are classified into one of the following categories: FVTPL, FVTOCI, or amortized cost. The carrying values of the Company's financial instruments are classified into the following categories:

Financial Instrument	Category	May 31, 2021
Cash	FVTPL	\$ 2,446,793
Accounts payable and accrued liabilities	Amortized cost	441,843

The Company measures certain financial instruments and other items at fair value. To determine the fair value, the Company uses the fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs market participants would use to value an asset or liability and are developed based on market data obtained from independent sources. Unobservable inputs are inputs based on assumptions about the factors market participants would use to value an asset or liability. The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurements. Changes in the observability of valuation inputs may result in a reclassification of levels for certain securities within the fair value hierarchy.

The fair value of cash is measured on the statement of financial position using level 1 of the fair value hierarchy. The fair values of accounts payable approximate their respective carrying values because of their immediate or short-term nature.

#### Fair value

The fair value of the Company's financial instruments approximates their carrying value as at May 31, 2021 because of the demand nature or short-term maturity of these instruments.

Financial risk management objectives and policies

The Company's financial instruments include cash and accounts payable. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

# Currency Risk

The Company's expenses are denominated in Canadian dollars. The Company's corporate office is based in Canada and current exposure to exchange rate fluctuations is minimal.

The Company does not have any significant foreign currency denominated monetary liabilities. The principal business of the Company is the identification and evaluation of assets or a business and once identified or evaluated, to negotiate an acquisition or participation in a business subject to receipt of shareholder approval and acceptance by regulatory authorities.

### Interest Rate Risk

The Company is exposed to interest rate risk on the variable rate of interest earned on bank deposits. The fair value interest rate risk on bank deposits is insignificant as the deposits are short term.

The Company has not entered into any derivative instruments to manage interest rate fluctuations.

#### Credit Risk

Credit risk is the risk of loss associated with the counterparty's inability to fulfill its payment obligations. Financial instruments that potentially subject the Company to concentrations of credit risks consist principally of cash. To minimize the risk, the Company places these instruments with a high-quality financial institution.

#### Liquidity Risk

In the management of liquidity risk of the Company, the Company maintains a balance between continuity of funding and the flexibility through the use of borrowings. Management closely monitors the liquidity position and expects to have adequate sources of funding to finance the Company's projects and operations.

#### Summary of Outstanding Share Data as of date of this MD&A

Authorized: Unlimited number of common shares without par value.

Issued and outstanding: 69,631,500 common shares

Warrants:, 18,034,750

Stock options: 1,439,000

#### **Subsequent Events**

On Oct 22, 2021, the Company continues to work with the British Columbia Securities Commission (the "BCSC") to complete its continuous disclosure review, as previously announced on August 31, 2021. The Company continues to cooperate with the BCSC to assist in the completion of the review and revocation of the cease trade order in a timely fashion.

On June 24, 2021, the Company announced that it has entered into an option agreement (the "Agreement") dated June 23, 2021 with A.I.S. Resources Ltd. ("AIS") for an Option (the "Option") to acquire a 100% interest in the Pocitos I and Pocitos II claims (the Property") located in Salta, Argentina.
