

GlobeX Data To Sign Partnership With S&P Company Offering All Its Cloud Security, Data Management and Secure Communications Business Cloud Solutions

April 07 2020 – Toronto, Ontario, GlobeX Data Ltd. (OTCQB:SWISF) (CSE:SWIS) (“GlobeX” or the “Company”), the leader in Swiss hosted cyber security and Internet privacy solutions for secure data management and secure communications, is pleased to announce that it is in the final stages of implementation and discussions with a S&P Company for the offering of all its secure business cloud solutions to that company’s 100,000+ associates.

The secure business cloud solutions package will include DigitalSafe, the Company’s Swiss hosted secure document management and collaboration cloud tool, which comes with a data backup, secure file share, collaboration tool, a password manager and a secure email all in one; and PrivaTalk, the Company’s Swiss hosted secure communications suite, which includes encrypted messaging, secure email and encrypted voice and video communications.

Both services include Custodia, the Company’s end-to-end encrypted email service with its proprietary SecureSend technology.

Alain Ghiai, CEO of GlobeX Data said: “We are very excited to have been selected such a globally renowned company. There is a sharp increase in demand for secure business solutions for work from home “WFH” workforces. The unprecedented situation COVID-19 has put global businesses under pressure to provide secure remote business management tools for their employees, and has created an increased awareness for secure cloud business services such as DigitalSafe, PrivaTalk and our encrypted email service Custodia. We look forward to deploy our solutions as soon as we can in order to benefit our partners and their associates in the US and Canada.”

The Company will issue a press release revealing the partner once everything once a launch date for the business solutions has been selected by the partner.
