VANCOUVER, May 7, 2019 /CNW/ - CannaOne Technologies (CNNA: CSE/FSE: 3CT) ("CannaOne" or the "Company") is pleased to give a brief update on the soon-to-launch online CBD marketplace for Mexico in partnership with Manna Health Services SA de CV ("Manna"). It is predicted that this online Mexican marketplace will begin operations sometime in the Fall of 2019 with such actual launch date dependent on when, and if, the Mexican authorities ultimately permit the import and sale of CBD products within Mexico.

CannaOne CEO Solomon Riby-Williams stated, "The Mexico CBD marketplace branded 'Casa CBD', will be the home of premium CBD products to service the massive Mexican market. BloomKit, our proprietary software, will provide the technology foundation for this online buying platform and it is with extreme confidence that we look ahead to acting in our role as a critical service provider in the future of Casa CBD."

Pertaining to the Mexico, according to [Marijuana Moment](#), lawmakers plan to use the summer recess, which begins May 1 and runs through August 31, to rework legislation to legalize recreational marijuana throughout Mexico.
