Orion Nutraceuticals, a Cannabis Life Sciences Company, Announces Listing on CSE

Vancouver, BC, October 18, 2018 – **Orion Nutraceuticals Inc.**, (CSE: **ORI**) (the “**Company**” or “**Orion**”) a cannabis life science company, is pleased to announce its listing on the CSE.

Orion Nutraceuticals, in conjunction with its network of sports medicine experts, is creating a line of sports medicine, CBD based, products. Our target market is athletes, athletic therapists, sports medicine retailers, homeopathic and pharmaceutical companies, manufacturers, distributors, wholesalers, consumers and retailers.

In conjunction with its professional sports strategic alliances, the Company is poised to advance research and development in the plant science sector, deliver science-based products and services to the mainstream, with proprietary brands and products.

“We are extremely excited to launch Orion Nutraceuticals as Canada celebrates the legalization of recreational cannabis,” said Jonathan Fiteni, CEO of Orion Nutraceuticals. “We aim to set a new standard in cannabis life science by producing and developing innovative sports medicine products with key, strategic partners in the industry. Through our partners in Colombia, FCM Global, and our domestic cannabis production facility, we intend to become the leaders in cannabis derived CBD therapies.”

Orion is a Vancouver, British Columbia based company that aims to become an ACMPR Licensed Producer through its subsidiary Medic Oasis. Medic Oasis currently has a license under review with Health Canada to become a licensed producer in Quebec. The project expects to receive a Cultivation License from Health Canada in early 2019.

Orion Nutraceuticals is focused on global expansion, beginning with its stake in FCM Global. FCM Global S.A.S. is a fully licensed Colombian medical cannabis company producing a range of extracts, isolates, oils, and micro-emulsions in support of finished goods for manufacturers in legal markets worldwide. Headquartered in Medellin, with a 235,800 sq. ft production facility in La Ceja, the FCM Global platform encompasses genetics, cultivation, extraction, quality testing, formulation, and distribution. FCM Global's "Co-Sourced Colombia" model reliably delivers lower production costs and high-quality inputs at scale to its clients in the nutritional, wellness, pharmaceutical, and research sectors. FCM Global will soon break ground on FCM Tolima, a planned 450-hectare cultivation and production site which will have production capabilities of over 1,000 tons of cannabis oil at full capacity.
