## **AMERICAN AIRES RECEIVES DTC ELIGIBILITY**

**January 7, 2020 – Toronto, Ontario** – American Aires Inc. (CSE: WIFI) (the "**Company**" or "**Aires**") has received approval from the Depository Trust Company to make its common shares, traded on the OTCQB under the symbol AAIRF, now eligible for electronic clearing and settlement through DTC's automated processes.

This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and brokers while cutting costs and providing access to a wider network of brokerage firms, enabling the stock to be traded over a wider selection of firms by coming into compliance with their requirements.

"Obtaining DTC eligibility demonstrates Aires' commitment to increasing visibility and accessibility for our shareholders," stated Dimitry Serov, President and CEO. "We expect that access to DTC's platform will enhance liquidity and increase trading volume, presenting American Aires to an even broader range of investors in the United States."

DTC is a stock depository that facilitates and simplifies electronic trading of securities in the U.S. DTC, a subsidiary of the Depository Trust & Clearing Corp., is a member of the U.S. Federal Reserve System and a registered clearing agency within the Securities and Exchange Commission.

**About American Aires Inc.** American Aires Inc. is a nanotechnology company which has developed proprietary silicon-based microprocessors that reduce the harmful effects of electromagnetic radiation (EMR). The technology was developed by a team of highly credited scientists and confirmed by independent third-party validation including peer reviewed studies and publications in scientific journals. The technology specifically targets cellphones, computers, baby monitors, Wi-Fi radiation and general EMR emitted by consumer electronic devices. Aires has launched a full suite of consumer products under the brand name "Airestech" for use on almost all consumer electronic devices. The Company has adopted a global ecommerce and distribution platform that scales easily as sales grow. Since launching in 2019, Aires has enjoyed exuberant growth. The company has been aggressively building out their ecommerce platform which is now capable of delivering up to 10,000 shipments a day along with recent customer service center agreements. Strategically placed fulfillment centers have been secured to ensure prompt delivery around the globe (see PR Jan. 31, 2020). With the launch of 5G networks around the world, this year, we are seeing an increase of news, reports and leading health organizations discussing the potential harm of EMR and the importance of identifying solutions to reduce these harmful rays. Aires products are the solution. [www.airestech.com](http://www.airestech.com)
