About American Aires Inc. *American Aires Inc. is a public nanotechnology company which has developed proprietary [EMF Modulation Technology](#) that reduces the harmful effects of electromagnetic radiation (EMR). The company is listed on the Canadian Securities Exchange under a symbol of WIFI. The technology was developed by a team of accredited scientists and confirmed by independent third-party validation including peer reviewed studies and publications in scientific journals. The technology specifically targets cellphones, computers, baby monitors, Wi-Fi routers and general EMR emitted by telecommunication devices. Aires has launched a full suite of consumer products under the brand name "[LIFETUNE](#)" TM. for use on almost all consumer electronic devices. The Company has adopted a global ecommerce and distribution platform that scales easily as sales grow.*

Since launching in 2019 the Company has been building out their ecommerce platform which is now capable of delivering up to 1,000 orders a day along with recent customer service center agreements. Strategically placed fulfillment centers have been secured to ensure prompt delivery around the globe. With the launch of 5G networks around the world, this year, we are seeing an increase of news, reports and leading health organizations discussing the potential harm of EMR and the importance of identifying solutions to reduce these harmful rays.
