

NEWS RELEASE

Alpha Cognition to Participate at the H.C. Wainwright 23rd Annual Global Investment Conference September 13-15, 2021

VANCOUVER, B.C., September 1, 2021. **Alpha Cognition Inc. (TSX-V: ACOG)(OTCQB: ACOGF)** (“Alpha Cognition”, or the “Company”), a biopharmaceutical company committed to developing novel therapies with the potential to transform the lives of people with debilitating neurodegenerative disorders, today announced that the Company will participate in H.C. Wainwright 23rd Annual Global Investment Conference taking place virtually from September 13-15, 2021.

Michael McFadden, CEO of Alpha Cognition, will provide an overview of the Company's business, highlighting the Company's lead asset, ALPHA-1062, as well as its early-stage asset, ALPHA-0602, during the presentation.

ALPHA-1062, is a patented new chemical entity that has demonstrated safety and improved tolerability in human clinical trials. It is being developed as a new generation acetylcholinesterase inhibitor for the treatment of Alzheimer's disease, with minimal gastrointestinal side effects and novel routes of administration. ALPHA-1062's active metabolites are differentiated from donepezil and rivastigmine in that they may sensitize neuronal nicotinic receptors, most notably the alpha-7 subtype, which is known to have a positive effect on cognition. The Company expects to be able to submit a 505(b)(2) New Drug Application (NDA) for ALPHA-1062 as early as Q3 2022.

ALPHA-0602 (Progranulin) is expressed in several cell types in the central nervous system and in peripheral tissues, regulates cell survival and certain inflammatory processes, and plays a major role in regulating lysosomal function and microglial responses to disease. Its use for the treatment of neurodegenerative diseases has been patented by the Company and granted an Orphan Drug Designation.

The Company will also join one-on-one meetings with institutional investors and private equity firms to seek investment opportunities.

The presentation video can be accessed at 7:00 AM EST on Monday, September 13, 2021. To register for the conference and view the presentation, or schedule a one-on-one meeting, please visit [HCW Events](#).

About H.C. Wainwright & Co.

Forward-looking Statements

This news release is not, and under no circumstances is to be construed as, an advertisement or a public offering of securities. No securities commission or similar authority in Canada or in any other jurisdiction has reviewed or in any way passed upon this news release or the merits of the securities described herein and any representation to the contrary is an offence.

This news release includes forward-looking statements within the meaning of applicable securities laws. Except for statements of historical fact, any information contained in this news release may be a forward-looking statement that reflects the Company's current views about future events and are subject to known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, levels of activity, performance or achievements to be materially different from the information expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the words "may," "might," "will," "could," "would," "should," "expect," "intend," "plan," "objective," "anticipate," "believe," "estimate," "predict," "project," "potential," "target," "seek," "contemplate," "continue" and "ongoing," or the negative of these terms, or other comparable terminology intended to identify statements about the future. Forward-looking statements may include statements regarding the Company's business strategy, market size, potential growth opportunities, capital requirements, clinical development activities, the timing and results of clinical trials, regulatory submissions, potential regulatory approval and commercialization of the technology. Although the Company believes that we have a reasonable basis for each forward-looking statement, we caution you that these statements are based on a combination of facts and factors currently known by us and our expectations of the future, about which we cannot be certain. The Company cannot assure that the actual results will be consistent with these forward-looking statements. These forward-looking statements speak only as of the date of this news release and the Company undertakes no obligation to revise or update any forward-looking statements for any reason, even if new information becomes available in the future.

This news release may also contain estimates and other statistical data made by independent parties and by the Company relating to share value and other data about our industry. This data involves a
