

Alpha Cognition Receives Notice of Allowance for U.S. Patent Application covering use of ALPHA-1062 for Mild to Moderate Alzheimer’s Disease

VANCOUVER, B.C., August 10, 2023. **Alpha Cognition Inc. (CSE: ACOG) (OTCQB: ACOGF)** (“Alpha Cognition” (ACI), or the “Company”), a biopharmaceutical company developing novel therapeutics for debilitating neurodegenerative disorders, is pleased to announced the United States Patent and Trademark Office (USPTO) has issued a Notice of Allowance for patent application No. 17/575,025, titled “Solid Forms of ALPHA-1062 Gluconate,” which includes claims covering protection for crystalline solid forms of ALPHA-1062 and will bolster existing patents that the company holds. A Notice of Allowance is issued after the USPTO makes the determination that a patent should be granted from an application.

This Notice of Allowance signifies a pivotal step forward in the company’s journey and is the result of years of relentless research and development, conducted by Alpha Cognition's team of esteemed scientists, researchers, and medical experts. ALPHA-1062 represents a breakthrough in the neurology market, offering a novel approach to addressing the symptomatic treatment of Alzheimer’s Disease.

"We are pleased by the progress we have made in the United States Patent and Trademark Office which underscores the innovative nature of ALPHA-1062 for the symptomatic treatment of mild-to-moderate Alzheimer’s Disease. This patent will provide protection through 2042 in the United States and will allow our team to continue to build on the immense potential that ALPHA-1062 holds for patients and healthcare providers," stated Alpha Cognition’s CEO, Michael McFadden.

About Alpha Cognition Inc.

Alpha Cognition Inc. is a clinical stage, biopharmaceutical company dedicated to developing treatments for patients suffering from neurodegenerative diseases, such as Alzheimer’s disease and Cognitive Impairment with mild Traumatic Brain Injury (“mTBI”), for which there are currently no approved treatment options.

ALPHA-1062, is a patented new chemical entity being developed as a new generation acetylcholinesterase inhibitor for the treatment of Alzheimer’s disease, with expected minimal gastrointestinal side effects. ALPHA-1062’s active metabolite is differentiated from donepezil and rivastigmine in that it binds neuronal nicotinic receptors, most notably the alpha-7 subtype, which is known to have a positive effect on cognition. ALPHA-1062 is also being developed in combination with memantine to treat moderate to severe Alzheimer’s dementia, and as an intranasal formulation for Cognitive Impairment with mTBI.

Forward-looking Statements

This news release includes forward-looking statements within the meaning of applicable securities laws. Except for statements of historical fact, any information contained in this news release may be a forward-looking statement that reflects the Company's current views about future events and are subject to known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, levels of activity, performance or achievements to be materially different from the information expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the words "may," "might," "will," "could," "would," "should," "expect," "intend," "plan," "objective," "anticipate," "believe," "estimate," "predict," "project," "potential," "target," "seek," "contemplate," "continue" and "ongoing," or the negative of these terms, or other comparable terminology intended to identify statements about the future. Forward-looking statements may include statements regarding the TBI out-licensing plan and associated financing, the availability of funding pursuant to financings, the Company's business strategy, market size, potential growth opportunities, capital requirements, clinical development activities, the timing and results of clinical trials, regulatory submissions, potential regulatory approval and commercialization of the Company's products. Although the Company believes to have a reasonable basis for each forward-looking statement, we caution you that these statements are based on a combination of facts and factors currently known by us and our expectations of the future, about which we cannot be certain. The Company cannot assure that the actual results will be consistent with these forward-looking statements. These forward-looking statements speak only as of the date of this news release and the Company undertakes no obligation to revise or update any forward-looking statements for any reason, even if new information becomes available in the future.
