

# TransCanna via Lyfted Farms Wins Unanimous Recommendation for County Approval of Daly Facility Use Permit

Vancouver, British Columbia--(Newsfile Corp. - December 20, 2019) - **TransCanna Holdings Inc.** (CSE: TCAN) (FSE: TH8) ("TransCanna" or the "Company") is pleased to announce last evening (December 19, 2019) that Lyfted Farms, Inc. ("Lyfted or Lyfted Farms") a wholly owned subsidiary of TransCanna received unanimous recommendation from the Stanislaus County Planning Commission to recommend to the Board of Supervisors the approval of the Daly Project. The Daly project is a 196,000 square foot cannabis cultivation, manufacturing and distribution facility in Modesto, California. The Planning Commission is appointed by the Board of Supervisors of the county to assess projects for potential negative impacts and the relative benefits projects may carry into the community at large. The items of consideration before the commission in last night's hearing included both a Conditional Use Permit Application for the commercial cannabis uses proposed at the facility, as well as a Development Agreement negotiated between Lyfted and the county which establishes the relative rights and obligations of the parties.

*"This recommendation of approval is a significant milestone for the project as the County Commission has previously voted down several large-scale cannabis projects. We are extremely pleased with the unanimous decision and believe it speaks volumes as to the viability of the Project and validates the diligent efforts of our Modesto team over the last six months. We're excited to proceed with our next steps, a public hearing before the County Board of Supervisors, and subsequently, anticipating their approval, moving into the State licensing process. Following full local approval by the Board, the State licensing process is very often seamless."* Commented Zach Drivon Company Council in California

*"We are very pleased with the unanimous vote of approval by the County Planning Commission" said Steve Giblin President and CEO of TransCanna "Our team in Modesto has worked diligently to meet all the criteria required by the county. Our goal is to operate a successful business that will add jobs and contribute to the local community".*
