Condensed Consolidated Interim Financial Statements

For the period ended May 31, 2020

(Expressed in Canadian dollars)

NOTICE OF NO AUDITOR REVIEW OF INTERIM FINANCIAL STATEMENTS

Under National Instrument 51-102, Part 4, subsection 4.3(3) (a), if an auditor has not performed a review of the condensed consolidated interim financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed consolidated interim financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these financial statements in accordance with standards established by the Chartered Professional Accountants of Canada for a review of interim financial statements by an entity's auditor.

The accompanying notes are an integral part of the condensed consolidated interim financial statements

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements
For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

1. OPERATIONS OF THE COMPANY AND GOING CONCERN

TransCanna Holdings Inc. (the “Company” or “TransCanna”) was incorporated on October 26, 2017, under the Business Corporations Act (British Columbia). The Company’s principal business activity is the creation of consumer brands, from inception to sales, which includes, but is not limited, to the manufacturing transportation and distribution services in the state of California including cannabis related products.

On January 9, 2019, the Company completed an initial public offering (“IPO”) transaction and private placement. Following the transaction, the Company’s shares were traded on the Canadian Securities Exchange (the “CSE”) under the symbol “TCAN”. The Company’s head office and registered office is located at Suite 928-1030 West Georgia Street, Vancouver, BC V6E 2Y3.

The Company, via its wholly owned subsidiary Lyfted Farms Inc., is licensed to cultivate, distribute, and sell wholesale cannabis products in the state of California. The Company operates in California pursuant to the California Medicinal and Adult-Use Cannabis Regulation and Safety Act. The Company is subject to risks common in the life sciences and consumer products industries including, but not limited to, compliance with government regulations, regulatory approvals, competitive markets, new technological innovations, protection of proprietary technology, dependence on key personnel, uncertainty of market acceptance and the need to obtain additional financing.

The Company’s business activities, and the business activities of its subsidiaries, which operate in jurisdictions where the use of marijuana has been legalized under state and local laws, currently are illegal under U.S. federal law. The U.S. Controlled Substances Act classifies marijuana as a Schedule I controlled substance. Any proceeding that may be brought against the Company could have a material adverse effect on the Company’s business plans, financial condition and results of operations.

These condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) with the going concern assumption, which assumes that the Company will continue in operation for the foreseeable future and, accordingly, will be able to realize its assets and discharge its liabilities in the normal course of operations. The Company’s ability to realize its assets and discharge its liabilities is dependent upon the Company obtaining the necessary financing and ultimately upon its ability to achieve profitable operations. The Company’s ability to continue as a going concern is dependent upon its ability in the future to achieve profitable operations and, obtain the necessary financing to meet its near-term obligations such that it can repay its liabilities when they become due. The inability to achieve these objectives indicate the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. The Company has incurred losses since its inception and has an accumulated deficit of \$32,274,613 with a working capital deficiency of \$1,985,976 as at May 31, 2020.

Failure to arrange adequate financing on acceptable terms and/or achieve profitability may have an adverse effect on the financial position, results of operations, cash flows and prospects of the Company. These condensed consolidated interim financial statements do not give effect to adjustments to assets or liabilities that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2. BASIS OF PREPARATION

Statement of compliance

These condensed consolidated interim financial statements are prepared in accordance with IFRS as issued by the International Accounting Standards Board (“IASB”), in particular IAS 34, Interim Reporting, and interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”) as of December 30, 2019, the date the Company's Board of Directors approved these financial statements.

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements
For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

The accompanying condensed consolidated interim financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") in particular IAS 34, Interim Reporting, and interpretations issued by the International Accounting Standards Board ("IASB") and interpretations of the IFRS Interpretations Committee ("IFRIC") in effect for the three months ended May 31, 2020 and May 31, 2019.

The condensed consolidated interim financial statements were approved and authorized for issue by the Board of Directors of the Company on June 30, 2020.

Basis of Consolidation

The condensed consolidated interim financial statements include the accounts of the Company and its subsidiaries with intercompany balances and transactions eliminated on consolidation. Subsidiaries are those entities over which the Company has the power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee, and has the ability to use its power to affect its returns. The following are TransCanna's wholly-owned subsidiaries and entities over which the Company has control as of May 31, 2020:

Entity	Location	Purpose	Percentage Held
TransCanna Management Inc. ("TCMI")	California	Management Company	100%
GF Group Inc., ("GFG")	California	Brand Management Company	100%
TCM Distribution Inc. ("TCDM")	California	Distribution Company	100%
Dalvi, LLC ("Dalvi")	California	Holding Company	100%
Tres Ojos Naturals, LLC ("SolDaze")	California	Branding Company	100%
Lyfted Farms Inc. ("Lyfted")	California	Cultivation, Production, and Distribution Facility	100%

Functional and presentation currency

The functional currency of the Company, as determined by management, is the Canadian ("CDN") dollar. The Company's subsidiaries all have the U.S. dollar as their functional currency.

Basis of measurement

These condensed consolidated interim financial statements were prepared on a going concern basis, at historical cost basis except for biological assets and certain financial instruments, which are measured at fair value as explained in the accounting principles below. Other measurement bases are described in the applicable notes. In addition, these condensed consolidated interim financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

Foreign currency translation*Transactions and balances:*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the period-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items or on settlement of monetary items are recognized in the statement of comprehensive loss in the period in which they arise, except where deferred in equity as a qualifying cash flow or net investment hedge.

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements
For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

Currency translations

Exchange differences arising on the translation of non-monetary items are recognized in other comprehensive income or loss to the extent that gains and losses arising on those non-monetary items are also recognized in other comprehensive income or loss. Where the non-monetary gain or loss is recognized in profit or loss, the exchange component is also recognized in profit or loss.

Foreign operations

The financial results and position of all of the Company's subsidiaries namely TCMI ,GFG, TCDI, Dalvi, SolDaze, and Lyfted, each having the United States dollar as their functional currency, are translated as follows:

- Assets and liabilities are translated at period-end exchange rates prevailing at that reporting date; and
- Income and expenses are translated at average exchange rates for the period.

Exchange differences arising on translation of these amounts are recognized in other comprehensive income or loss and recorded in the Company's foreign currency translation reserve in equity.

Critical accounting estimates, judgments and assumptions

The preparation of the Company's condensed consolidated interim financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, and revenue and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Significant judgments, estimates and assumptions that have the most significant effect on the amounts recognized in the condensed consolidated interim financial statements are described below:

Estimated useful lives and depreciation of property and equipment

Depreciation of property and equipment is dependent upon estimates of useful lives which are determined through the exercise of judgment. The assessment of any impairment of these assets is dependent upon estimates of recoverable amounts, considering factors such as economic and market conditions and the useful lives of assets.

Estimated useful lives and amortization of intangible assets

Amortization of intangible assets is recorded on a straight-line basis over their estimated useful lives, which do not exceed the contractual period, if any.

Biological assets

Biological assets, consisting of unharvested cannabis plants, are dependent upon estimates of future economic benefits resulting from past events to determine the fair value through an exercise of significant judgment by the Company. In estimating the fair value of its biological assets, the Company uses market observable data to the extent it is available. Biological assets are measured at fair value less costs to sell up to the point of harvest.

With respect to biological assets, where there is no active market for the unharvested produce, determination of the fair values of the biological assets requires the Company to make assumptions about how market participants assign fair values to these assets. These assumptions primarily relate to estimating the stage of growth of the cannabis plant, selling and other fulfillment costs, average selling prices and expected yields for the plants.

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements
For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

Valuation of inventory

Inventory is measured at the lower of cost or net realizable value, which includes the deemed costs arising from the fair value measurement gains on the transformation of biological assets. These deemed costs are estimated using assumptions that include, but are not limited to, selling and other fulfillment costs, and average selling prices. Any change in these assumptions could negatively impact operational results, the actual realizable value of inventory and future expected gains.

Deferred tax assets

Deferred tax assets, including those arising from tax loss carry-forwards, requires the Company to assess the likelihood that the Company will generate sufficient taxable earnings in future periods in order to utilize recognized deferred tax assets. Assumptions about the generation of future taxable profits rely on estimates of the Company's future cash flows. In addition, future changes in tax laws could limit the ability of the Company to obtain tax deductions in future periods. To the extent that future cash flows and taxable income differ significantly from estimates, the ability of the Company to realize the net deferred tax assets recorded could be impacted.

Equity-based payment arrangements

The Company uses the Black-Scholes valuation model to determine the fair value of options and warrants granted to employees and non-employees under share-based payment arrangements, where appropriate. In instances where equity awards have performance or market conditions, the Company utilized the Monte Carlo valuation model to simulate the various outcomes that affect the value of the award. In estimating fair value, management is required to make certain assumptions and estimates such as the expected term of the instrument, volatility of the Company's future share price, risk free rates, future dividend yields and estimated forfeitures at the initial grant date. Changes in assumptions used to estimate fair value could result in materially different results.

3. SIGNIFICANT ACCOUNTING POLICIES

Newly adopted accounting policies

Effective December 1, 2019, the Company adopted IFRS 16 using the modified retrospective approach, and therefore, the comparative information has not been restated and continues to be reported under IAS 17, *Leases* and IFRIC 4, *Determining whether an arrangement contains a lease*. IFRS 16 provides a single lessee accounting model, requiring lessees to recognize a right-of-use ("ROU") asset and a lease obligation at the lease commencement date.

Accounting policy applicable from December 1, 2019

At the inception of a contract, the Company assess whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- The contract involves the use of an identified asset, either explicitly or implicitly, including consideration of supplier substitution rights;
- The Company has the right to obtain substantially all the economic benefits from the use of the asset throughout the period of use; and
- The Company has the right to direct the use of the asset.

For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

The ROU asset is initially measured based on the initial amount of the lease liability plus any initial direct costs incurred less any lease incentives received. The ROU asset is depreciated to the earlier of the end of the useful life or the lease term using either the straight-line or units-of-production method, depending on which method more accurately reflects the expected pattern of consumption of the future economic benefits. The lease term includes periods covered by an option to extend if the Company is reasonably certain to exercise the option. The ROU asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, in the case that rate cannot be readily determined, the Company's incremental borrowing rate. The lease liability is measured at amortized cost using the effective interest method and remeasured when there is a change in future lease payments. Future lease payments can arise from a change in an index or rate, if there is a change in the Company's estimate of the expected payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the ROU asset, or is recorded to the statement of loss if the carrying amount of the ROU asset has been reduced to zero.

Transition to IFRS 16

The Company previously classified leases as operating, or finance leases based on the Company's assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset. The Company did not have any finance leases in the comparative periods.

At transition, lease liabilities were measured at the present value of the remaining lease payments, discounted at the Company's incremental borrowing rate as at December 1, 2019. ROU assets were measured at an amount equal to the lease liabilities, adjusted by the amount of any prepaid or accrued lease payments.

The Company has elected to apply the practical expedient to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of twelve months or less and leases of low-value assets. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

An incremental ROU asset and lease liability of \$ 699,871 was recorded as of December 1, 2019, with no net impact on deficit. When measuring the lease liability, the Company discounted lease payments using the incremental borrowing rate of 11.31 % at December 1, 2019.

The following table reconciles the Company's operating lease commitments at May 31, 2020, as previously disclosed in the Company's annual audited consolidated financial statements, to the lease liability recognized on initial application of IFRS 16 on December 1, 2019:

Operating lease commitments, November 30, 2019	\$	1,005,354
IFRS 16 recognition exemption - Short-term leases		(22,500)
Effect of discounting using the incremental borrowing rate - December 1, 2019		(87,906)
Lease liability recognized on adoption of IFRS 16 - December 1, 2019	\$	894,948
Additions		110,311
Balance, May 31, 2020	\$	1,005,259

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements
For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

Other significant accounting policies

We applied the same accounting policies in these condensed consolidated interim financial statements as those applied in the Company's annual audited consolidated financial statements as at and for the year ended November 30, 2019.

In preparing these condensed consolidated interim financial statements, the significant judgements we made in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements as at and for the year ended November 30, 2019.

You should read these condensed consolidated interim financial statements in conjunction with the Company's annual audited consolidated financial statements as at and for the years ended November 30, 2019 and 2018.

4. INVENTORY

Details of the Company's inventory are shown in the table below:

Raw materials	\$	40,722
Finished goods		89,971
Carrying amount, November 30, 2019	\$	130,693
Raw materials		256,079
Finished goods		253,479
Carrying amount, May 31, 2020	\$	509,558

During the period ended May 31, 2020, inventory expensed to cost of goods sold was \$404,601 (2019 - \$nil).

5. BIOLOGICAL ASSETS

Biological assets consist of actively growing cannabis plants expected to be harvested as agricultural produce. The changes in the carrying amount of the biological assets are shown in the table below:

Carrying amount, November 30, 2018 and 2017	\$	-
Biological assets acquired		74,383
Changes in fair value less costs to sell due to biological transformation		70,096
Carrying amount, November 30, 2019	\$	144,479
Changes in fair value less costs to sell due to biological transformation		367,740
Carrying amount, May 31, 2020	\$	512,219

The Company's biological assets consist of unharvested cannabis plants and are presented at their fair values less costs to sell up to the point of harvest. The valuation of these biological assets is obtained using a specific valuation technique where the inputs are based upon unobservable market data (Level 3 in the fair value hierarchy).

The valuation of biological assets is based on a market approach where fair value at the point of harvest is estimated based on future selling prices less the costs to sell at harvest. For in-process biological assets, the estimated fair value at the point of harvest is adjusted based on the plants' stage of growth, which is determined by reference to days remaining to harvest over the average growth cycle. The number of weeks in a production cycle is approximately 16 weeks from propagation to harvest.

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements
 For the three months ended May 31, 2020 and May 31, 2019
 (Amounts expressed in Canadian dollars, unless otherwise indicated)

The Company's estimates are subject to changes that could result from volatility of market prices, unanticipated regulatory changes, harvest yields, loss of crops, changes in estimates and other uncontrollable factors that could significantly affect the future fair value of biological assets. These estimates include the following assumptions:

- a. Selling prices per gram were determined by estimating the Company's average selling price for each respective period. The Company's average selling price for the years ended May 31, 2020 was USD \$5.70 per gram;
- b. The stage of plant growth at which point of harvest is determined. As of May 31, 2020, the biological assets were on average 68% completed;
- c. Expected costs to grow were determined by estimating the Company's average cost per gram, which was \$3.60 per gram and equivalent gram of cannabis sold as of May 31, 2020; and
- d. Expected yield per plant varies by strain and is estimated through historical growing. The Company's average dry yield per plant as of May 31, 2020 was 74 grams per cannabis plant.

Significant unobservable assumptions used in the valuation of biological assets, including the sensitivities on changes in these assumptions and their effect on the fair value of biological assets, are shown in the table below:

Significant assumptions	Inputs	Impact of 20% change		
Estimated selling price per gram	USD	\$5.70	\$	188,452
Stage of growth		68%	\$	146,598
Expected yield per plant in grams		74	\$	68,956

The Company's estimates are subject to change and differences from the anticipated yield will be reflected in the gain or loss on biological assets in future periods.

6. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

	May 31, 2020	May 31, 2019

9. SHARE CAPITAL

Authorized: unlimited number of common voting shares without nominal or par value.

During the period ended May 31, 2020, the Company:

- Issued 3,600,000 units as part of a brokered private placement at \$0.50 for gross proceeds of \$1,800,000. Each unit is comprised of one common share and one common share purchase warrant entitling the holder to purchase one additional share at an exercise price of \$0.75 per share until May 8, 2022.
- Issued 1,908,750 shares upon the exercise of warrants for proceeds of \$1,908,750.
- Issued 625,000 shares upon the exercise of options for proceeds of \$488,500.
- Issued 1,500,504 shares with a fair value of \$1,424,595 for the extinguishment of \$1,424,595 in outstanding debt.
- Cancelled 750,000 shares with a fair value of \$727,500 pursuant to a settlement agreement with certain contractors and related parties.

During the year ended November 30, 2019, the Company:

- Issued 4,400,000 units as part of an initial public offering at \$0.50 for gross proceeds of \$2,200,000. Each unit is comprised of one common share and one common share purchase warrant entitling the holder to purchase one additional share at an exercise price of \$1.00 per share until January 8, 2020. As part of the offering, the Company paid finder's fees as follows:
 - \$95,107 in cash;
 - 352,000 broker warrants with a fair value of \$51,829 entitling the holder to purchase one additional share for \$0.50 until January 8, 2020; and
 - 308,400 broker units valued at \$132,852 comprised of one common share and one common share purchase warrant entitling the holder to purchase one additional share at an exercise price of \$1.00 per share until January 8, 2020.
 - 308,400 agent warrants valued at \$21,348 entitling the holder to purchase one additional share at an exercise price of \$1.00 per share until January 8, 2020
- Issued 8,000,000 units as part of a brokered private placement at \$2.00 for gross proceeds of \$16,000,000. Each unit is comprised of one common share and one common share purchase warrant entitling the holder to purchase one additional share at an exercise price of \$3.00 per share until April 4, 2020. As part of the financing, the Company paid finder's fees as follows:
 - \$744,657 in cash;
 - 351,666 broker units valued at \$703,332;
 - 62,500 broker units valued at \$125,000;
 - 207,083 broker warrants valued at \$224,733 entitling the holder to purchase one additional share at an exercise price of \$3.00 per share until April 4, 2020; and
 - 640,000 broker warrants valued at \$2,548,233 entitling the holder to purchase one additional share at an exercise price of \$2.00 per share until April 4, 2020.
- Issued 2,000,350 units as part of a brokered private placement at \$5.00 for gross proceeds of \$10,001,750. Each unit is comprised of one common share and one half common share purchase warrant entitling the holder to

(Amounts expressed in Canadian dollars, unless otherwise indicated)

purchase one additional share at an exercise price of \$6.00 per share until June 7, 2022. As part of the financing, the Company paid finder's fees as follows:

- \$874,123 in cash.
- 140,024 agent warrants valued at \$401,589 entitling the holder to purchase one additional share at an exercise price of \$6.00 per share until June 7, 2022
- Issued 810,000 shares to acquire a 100% interest in Tres Ojos Naturals, LLC with a fair value of \$617,867.
- Issued 2,660,750 shares to acquire a 100% interest in Lyfted Farms, Inc. with a fair value of \$1,607,039.
- Issued 2,907,281 shares for services with a fair value of \$6,795,141.
- Issued 56,266 shares with a fair value of \$110,000 for the extinguishment of \$110,000 in outstanding debt.
- Issued 500,000 shares for a loan extension with a fair value of \$305,000.
- Issued 3,834,600 shares upon the exercise of warrants for proceeds of \$3,658,600.
- Issued 325,000 shares upon the exercise of options for proceeds of \$162,500.

10. WARRANTS

A summary of the Company's warrant activity is as follows:

	Number of warrants	Weighted average exercise price	Weighted average remaining life (in years)
Balance, November 30, 2018	2,275,000	\$ 0.84	1.98
Granted	12,247,682	2.35	0.97
Exercised	(3,999,600)	0.96	-
Expired/forfeited	(750,000)	0.50	-
Balance, November 30, 2019	9,773,082	\$ 2.72	1.23
Exercised	(1,908,750)	1.00	-
Expired/forfeited	(4,669,550)	2.71	-
Balance, May 31, 2020	3,194,782	\$ 3.72	2.61

As of May 31, 2020, outstanding equity-classified warrants to purchase common shares consisted of the following:

Expiry date	Number of warrants	Exercise price	Weighted average remaining life (in years)
June 4, 2020	7,500	\$ 1.00	0.01
April 4, 2022	207,083	\$ 3.00	1.84
April 4, 2022	640,000	\$ 2.00	1.84
February 21, 2024	1,200,000	\$ 2.60	3.73

	3,194,782	\$ 3.05	1.19

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements

For the three months ended May 31, 2020 and May 31, 2019

(Amounts expressed in Canadian dollars, unless otherwise indicated)

11. STOCK OPTIONS

The Company has adopted a stock option plan (the "Plan") for its directors, officers, employees and consultants to acquire common shares of the Company at a price determined by the fair market value of the shares at the date immediately preceding the date on which the option is granted. The aggregate number of stock options granted shall not exceed 10% of the issued and outstanding common shares of the Company at the time of shareholder approval of the plan, with no one individual being granted more than 5% of the issued and outstanding common shares.

A summary of the Company's options activity is as follows:

	Number of options	Weighted average exercise price	Weighted average remaining life (in years)
Balance, November 30, 2018 and 2017	-	\$ -	-
Granted	2,729,000	0.82	3.52
Exercised	(325,000)	0.50	-
Expired/forfeited	(800,000)	0.50	-
Balance, November 30, 2019	1,604,000	\$ 0.50	4.51
Granted	1,378,000	0.91	4.90
Exercised	(625,000)	0.78	-
Balance, May 31, 2020	2,357,000	\$ 1.03	4.27

As of May 31, 2020, outstanding and exercisable options to purchase common shares consisted of the following:

Expiry date	Number of options outstanding	Number of options exercisable	Exercise price	Weighted average remaining life (in years)
January 20, 2022	50,000	50,000	\$ 1.37	1.89
January 20, 2022	169,000	169,000	1.37	1.89
November 6, 2024	1,160,000	349,800	1.00	4.69
November 6, 2024	200,000	66,000	1.00	4.69
February 18, 2025	778,000	778,000	1.00	4.98
	2,357,000	1,412,800	\$ 1.03	4.52

During the period ended May 31, 2020, the Company recorded share-based compensation of 972,187 with respect to 1,378,000 stock options granted. The weighted average fair value of these options was \$0.78 per option and was estimated using the Black-Scholes option pricing model. The weighted average assumptions used in calculating the fair value are as follows:

Risk-free interest rate	1.33% - 1.62%
Expected life	5 years
Annualized volatility	100.00%
Dividend rate	0%
Weighted average fair value per option	\$ 0.78

(Amounts expressed in Canadian dollars, unless otherwise indicated)

13. LOANS PAYABLE

During the year ended November 30, 2019, the Company, through its wholly owned subsidiary, Dalvi, LLC entered into an agreement to purchase a 196,000 square foot facility in Modesto California for USD \$15,000,000 (CAD \$20,100,000). The Company paid a USD \$250,000 deposit followed by a cash payment of USD \$8,000,000 (CAD \$10,700,000). The balance of USD \$6,750,000 (CAD \$8,970,075) was financed by a promissory note with an interest rate of 7% per annum and an original maturity date of October 15, 2019 secured against the facility. On October 10, 2019, the Company exercised an option to extend the maturity date of the loan to April 15, 2020 by issuing 500,000 shares valued at \$305,000.

As consideration for the seller's agreement to accept the promissory note, and to provide an additional month extension for closing, the Company agreed to pay the seller USD \$200,000 (CAD \$305,000) immediately and issue to the seller an aggregate of 500,000 common shares valued at \$ 1,695,000 and 1.2 million share purchase warrants valued at \$ 2,201,215 upon closing of the acquisition. Each warrant will be exercisable to acquire one common share of the Company at an exercise price of \$2.60 per share for a five-year period from the date of issuance, vesting quarterly in equal portions over the initial 12 months of the five-year term commencing on the date of the original extension, being February 21, 2019, notwithstanding the warrants were issued upon closing of the acquisition of the Property. Additionally, the company issued 2,000,000 shares (valued at \$ 4,740,000) for consulting services related to due diligence on the purchase of the property. (Note 9)

On January 9, 2019, the Company amended the original loan agreement to extend the maturity date of the loan to April 15, 2022 by paying an extension fee of USD \$135,000 (CAD \$179,928).

During the period ended May 31, 2020, the Company recorded accrued interest expense for \$124,998 and accretion expense of \$148,817 which was capitalized to the carrying cost of the building. (Note 8)

Balance, November 30, 2018	\$	388,521

Balance, May 31, 2020		8,647,567

TRANSCANNA HOLDINGS INC.

Notes to the Condensed Consolidated Interim Financial Statements

For the three months ended May 31, 2020 and May 31, 2019

(Amounts expressed in Canadian dollars, unless otherwise indicated)

On November 12, 2019, the Company acquired a 100% interest in Lyfted. Pursuant to the terms of the purchase, the Company provided a non-interest bearing note payable for the amount with a face value \$5,316,000 due June 30, 2020. This was present valued using the discount rate method for a fair value of \$4,804,027 due to being a below market rate debt instrument.

During the period ended May 31, 2020, the Company recognized accretion expense for the amount of \$378,056.

Balance, November 30, 2018	\$	-
Loans received		4,804,027

14. RELATED PARTY TRANSACTIONS*Key management personnel*

Key management personnel include those persons having authority and responsibility for planning, directing and controlling the activities of the Company as a whole. The Company has determined that key management personnel consist of executive and non-executive members of the Company's board of directors and corporate officers and/or companies controlled by those individuals. Remuneration attributed to key management personnel during the three months ended May 31, 2020 and May 31, 2019, are summarized in the table below:

	May 31, 2020		May 31, 2019	
Salaries and benefits	\$	82,765	\$	306,252
Consulting and accounting		142,500		69,000
Share-based compensation		-		-
	\$	225,265	\$	375,252

As at May 31, 2020, included in accounts payable and accrued liabilities is \$11,421 owed to related parties for salaries and benefits with \$275,957 (2019 - \$275,747) receivable for advances for expenses.

During the year ended November 30, 2019, the Company's former CEO resigned. Pursuant to the termination of his employment with the Company, he forfeited 750,000 share purchase warrants issued during the year ended November 30, 2018 originally valued at \$123,205.

For the three months ended May 31, 2020 and May 31, 2019
(Amounts expressed in Canadian dollars, unless otherwise indicated)

15. COMMITMENTS AND CONTINGENCIES*Leases*

During the year ended November 30, 2019, the Company entered into a 10 month lease agreement terminating on August 30, 2020 for their office space. The total lease commitments are as follows:

2020	\$	7,500
------	----	-------

Contingencies

The Company is involved in litigation and disputes arising in the normal course of operations. Management is of the opinion that any potential litigation will not have a material adverse impact on the Company's financial position or results of operations and, therefore, the commitment table does not include any provisions for outstanding litigation and potential claims.

On October 1st, 2019 the Company received a notice that a lawsuit was filed with the court of Federal District Court for the Southern District of Florida by ROK Consulting ("ROK"). The plaintiffs are seeking damages of USD \$300,000 and 180,000 shares for the termination of a consulting agreement entered into with the Company. The Company is of the view that the allegations contained in the claim are without merit and intends to vigorously defend its position.

On December 9th, 2019 the Company received a notice that a lawsuit was filed with the court of Nassau County, New York by Pacific Agriculture ("PacAg"). The plaintiffs are seeking damages for the termination of the signed Letter of Intent to acquire PacAg by the Company. See subsequent events note for further discussion. (Note 19)

16. FINANCIAL INSTRUMENTS

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values.

The fair value of the Company's receivables, accounts payable and accrued liabilities, loans payable, and amounts due to related parties approximate carrying value, which is the amount recorded on the statements of financial position. The fair value of the Company's cash under the fair value hierarchy are based on level 1 quoted prices in active markets for identical assets and liabilities.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. The Company's cash and cash equivalents are held with major financial institutions in Canada and USA which management believes the risk of loss to be remote. Receivables consist of tax refunds from the Federal Government of Canada and, in which regular collection occurs. The Company believes its credit risk is equal to the carrying value of this balance.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its obligations associated with financial liabilities. The Company has a planning and budgeting process in place by which it anticipates and determines the funds required to support normal operation requirements. The Company coordinates this planning and budgeting process with its financing activities through the capital management process described in Note 23, in normal circumstances.

Notes to the Condensed Consolidated Interim Financial Statements
 For the three months ended May 31, 2020 and May 31, 2019
 (Amounts expressed in Canadian dollars, unless otherwise indicated)

Historically, the Company's sole source of funding has been the issuance of equity securities for cash, primarily through private placements. The Company's access to financing is always uncertain. There can be no assurance of continued access to significant equity funding.

The Company's financial liabilities are comprised of its accounts payable and accrued liabilities and advances payable.

Interest rate risk

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's is held mainly in chequing accounts and therefore are exposed to minimal interest rate risk. Because of the short-term nature of these financial instruments, fluctuations in market rates do not have a significant impact on estimated fair values compared to carrying value.

The Company's interest rate risk arises principally from the changes in interest rates related to the loan used to finance the purchase of their facility in Modesto, California at 7%. A one percent increase in interest rates would result in an increase of approximately \$17,900 to the Company's loss for the period ended May 31, 2020.

Foreign currency risk

The Company is exposed to foreign currency risk on fluctuations related to cash and cash equivalents, receivables, and accounts payable and accrued liabilities that are denominated in US dollars.

	May 31, 2020	May 31, 2019
Cash denominated in USD	\$ 538,447	\$ -
Accounts receivable denominated in USD	75,591	1,330
Accounts payable and accrued liabilities denominated in USD	(760,001)	-
Loans denominated in USD	(4,756,823)	-
Total	\$ (4,902,786)	\$ 1,330
Effect of a 10% change in exchange rates	\$ (490,279)	\$ 133

17. CAPITAL MANAGEMENT

The Company defines its capital as shareholders' equity. The Company manages its capital structure and makes adjustments to it, based on the funds available to the Company, in order to support the growth of the business and finance future expansion while maintaining strong creditor relationships and shareholder return. The Board of Directors do not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business. Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. The Company is not subject to externally imposed capital requirements and there has been no change with respect to the capital management strategy during the period ended May 31, 2020.

18. SUPPLEMENTAL CASH FLOW INFORMATION

	February 29, 2020	February 28, 2019
Impact of initial adoption of IFRS 16, Leases	\$ 940,833	\$ -

19. SUBSEQUENT EVENTS

On June 29, 2020, the Company executed a general release and settlement agreement with Pacific Agriculture LLC. With no admission of liability the Company agreed to pay consideration to Pacific Agriculture in the amount of \$67,535 (US\$50,000) which was accrued in legal provisions, with the lawsuit filed on November 25, 2019 in the New York State Supreme Court, Nassau County, to be dismissed with prejudice.

The recent outbreak of the coronavirus, also known as "COVID-19", has spread across the globe and is impacting worldwide economic activity. Conditions surrounding the coronavirus continue to rapidly evolve and government authorities have implemented emergency measures to mitigate the spread of the virus. The outbreak and the related mitigation measures may have an adverse impact on global economic conditions as well as on the Company's business activities. The extent to which the coronavirus may impact the Company's business activities will depend on future developments, such as the ultimate geographic spread of the disease, the duration of the outbreak, travel restrictions, business disruptions, and the effectiveness of actions taken in Canada and other countries to contain and treat the disease. These events are highly uncertain and as such, the Company cannot determine their financial impact at this time.
