Notes to the Condensed Consolidated Interim Financial Statements

1. NATURE OF BUSINESS AND GOING CONCERN

Ovation Science Inc. (the “Company”) was incorporated in the Province of British Columbia on July 18, 2017, under the Business Corporations Act of British Columbia. The Company is in the business of providing topical and transdermal cannabis products under the “Ovation” brand label utilizing patented “Invisicare” delivery technology which it acquired for exclusive use for cannabis formulated products from Skininvisible Pharmaceuticals, Inc. (“Skininvisible”). On February 3, 2020, the Company acquired the exclusive world-wide rights to a DermSafe® Hand Sanitizer, the Company’s first non-cannabis product. The Company’s shares are traded on the Canadian Securities Exchange under the symbol “OVAT” and the US exchange OTCQB under the symbol “OVATF”.

The Company’s head office is located at Suite 1140 – 625 Howe Street, Vancouver, B.C. V6C 2T6, and its registered office is Suite 704, 595 Howe Street, Vancouver, B.C. V6C 2T5.

The Company’s wholly owned subsidiary, Ovation Science USA Inc.’s operations are located in Las Vegas, Nevada. All Research and Development is conducted in the Company’s own laboratory headed by our PhD. Chemist. Additionally, global sales and marketing are located in the US office.

These condensed consolidated interim financial statements have been prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. As at June 30, 2022 the Company is not able to finance day to day activities through operations and has incurred losses since inception. The continuing operations of the Company are dependent upon its ability to develop a viable business and to attain profitable operations and generate funds there from. This indicates the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. Management intends to finance operating costs with loans from directors and companies controlled by directors and/or issuance of common shares. If the Company is unable to continue as a going concern, the net realizable value of its assets may be materially less than the amounts on its consolidated statements of financial position.

COVID-19

The recent outbreak of the coronavirus, also known as "COVID-19", has spread across the globe and is impacting worldwide economic activity. Conditions surrounding the coronavirus continue to rapidly evolve and government authorities have implemented emergency measures to mitigate the spread of the virus. The outbreak and the related mitigation measures may have an adverse impact on global economic conditions as well as on the Company’s business activities. The extent to which the coronavirus may impact the Company’s business activities will depend on future developments, such as the ultimate geographic spread of the disease, the duration of the outbreak, travel restrictions, business disruptions, and the effectiveness of actions taken in Canada, the United States, and other countries to contain and treat the disease. These events are highly uncertain and as such, the Company cannot determine their financial impact at this time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies followed by the Company are set out in Note 2 to the audited annual consolidated financial statements for the year ended December 31, 2021 and have been consistently followed in the preparation of these condensed consolidated interim financial statements. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The condensed consolidated interim financial statements were authorized for issue by the Board of Directors on August 26, 2022.

Basis of measurement

These condensed consolidated interim financial statements have been prepared on a historical cost basis, modified where applicable. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information. The condensed consolidated interim financial statements are presented in Canadian dollars, unless otherwise noted.

Basis of consolidation

These consolidated financial statements include the amounts of the Company and its wholly-owned subsidiary, Ovation Science USA Inc. All inter-company balances, transactions, income and expenses have been eliminated upon consolidation.

Subsidiaries are entities controlled by the Company. Control exists when the Company has power over an entity, when the Company is exposed, or has rights, to variable returns from the entity and when the Company has the ability to affect those returns through its power over the entity. Subsidiaries are included in the consolidated financial results of the Company from the effective date of acquisition up to the effective date of disposition or loss of control. Where necessary, adjustments are made to the consolidated financial statements of subsidiaries to bring their accounting policies in line with those used by the Company.

Significant estimates and judgments

The Company makes estimates and assumptions about the future that affect the reported amounts of assets and liabilities. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions.

In preparing these condensed consolidated interim financial statements, management has made judgments, estimates and assumptions that affect the applicable of the Company's accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Management reviews these estimates and underlying assumptions on an ongoing basis, based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to estimates are adjusted for prospectively in the period in which the estimates are revised.

In preparing these condensed consolidated interim financial statements, the significant estimates and critical judgments were the same as those applied to the financial statements as at and for the year ended December 31, 2021.

Accounting standards issued but not yet effective

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective. The Company has not early adopted any new standards and determined that there are no standards that are relevant to the Company.
