# Forward Information and Risk Acknowledgement

This document contains certain "forward-looking information" within the meaning of applicable Canadian securities legislation and "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995 (collectively, the "forward-looking statements"). These statements relate to, among other things, the impact of the COVID-19 virus on our business, the results of our initiatives to retain our employees and strengthen our relationships with our customers and community during the pandemic, the effect of our initiatives to expand market share and achieve growth during and following the pandemic, results of operations and financial performance, anticipated future events, and the effectiveness of our business practices during the pandemic. The continued spread of COVID-19 could have, and in some cases already has had, an adverse impact on our business, operations and financial results, including through disruptions in our cultivation and processing activities, supply chains and sales channels, and retail dispensary operations as well as a deterioration of general economic conditions including a possible national or global recession. Due to the uncertainties associated with the continued spread of COVID-19 and the timing of vaccinations, it is not possible to estimate its impact on our business, operations or financial results; however, the impact could be material. These forward-looking statements also relate to anticipated future events, future results of operations, and our future financial performance, and include without limitation statements relating to our ability to finance our operations, identify, finance and close potential acquisitions, market acceptance of our services and product offerings, our ability to protect and commercialize our intellectual property and our ability to grow our wholesale and processing businesses. In some cases, you can identify forward looking statements by terminology such as "may," "might," "will," "should," "intends," "expects," "plans," "goals," "projects," "anticipates," "believes," "estimates," "predicts," "potential," or "continue" or the negative of these terms or other comparable terminology.

These forward-looking statements are only predictions, are uncertain and involve substantial known and unknown risks, uncertainties and other factors which may cause our (or our industry's) actual results, levels of activity or performance to be materially different from any expected future results, levels of activity or performance expressed or implied by these forward-looking statements.

We cannot guarantee future results, levels of activity or performance. You should not place undue reliance on these forward-looking statements, which speak only as of the date that they were made. These cautionary statements should be considered together with any written or oral forward-looking statements that we may issue in the future. Except as required by applicable law, we do not intend to update any of the forward-looking statements to conform these statements to reflect actual results, later events or circumstances or to reflect the occurrence of unanticipated events.

## “PEOPLE POWER PROFITS”

-Andrew Glashow, President/COO

Our motto, People Power Profits, applies to all aspects of our business. Our dedicated teams, our incredibly loyal customer base, and the communities they belong to are prioritized in all decision making.

We aim to provide the cleanest, safest cannabis products and environments in the market to give customers confidence in their purchases.

We've committed substantial resources to community improvement and engagement opportunities through corporate giving at both of our Nevada subsidiaries, including a sizable donation to a local organization providing aid to those most affected by the War on Drugs, and an ongoing supportive partnership with the Arbor Day Foundation.

This people-first approach is rapidly driving our majority-local consumer base to our brands in Nevada, and is allowing us to explore synergistic growth opportunities in new markets.

# Giving Back

## Oasis Spirit of Giving

From June 19, 2020 to September 20, 2020, we set aside 1% of all net sales at Oasis to donate to organizations that benefit people most affected by the War on Drugs.

These funds will go toward providing legal, medical, and additional community resources to members of our community most directly impacted by cannabis prohibition laws.

This +\$30,000 donation represents the largest non-profit contribution made by CLS Holdings to date, and we are honored to have contributed to this vital cause.

10,000 sq ft production and manufacturing facility based out of North Las Vegas, Nevada, capable of producing approximately \$1.7M each month in revenue.

We provide Nevada with high quality THC distillate products infused with terpenes in either effect-based or strain-specific flavors.

We use ethanol-distilled pure THC distillate and botanically derived terpenes to create our vape products. We never use Vitamin E Acetate, Propylene Glycol, Vegetable Glycerin, Polyethylene Glycol, Medium Chain Triglyceride oil, or any other additives in our vape products.

In addition to vape products, we also have a separate line of ingestible tinctures.

Recently introduced our Live and Cured concentrate lines providing a full-spectrum product produced with our closed-loop hydrocarbon extraction system that retains the full flavor and cannabinoid profile of the flower that is extracted.

We use USP Grade 200 Proof Ethanol to extract pure THC distillate and formulate that oil with botanically derived terpenes to create our signature vape products.

# ALLÁ VAMOS

In May 2021, CLS Holdings finalized a licensing agreement with New Mexico-based edible brand, Herbal Edibles Inc. to bring its award-winning, #1 selling City Trees tinctures to New Mexico, shortly after adult-use legalization was enacted in the state. City Trees also plans to bring Herbal Edibles' gourmet, non-GMO, all organic edible products to Nevada in July 2021. This collaborative venture marks the Company's first introduction of its products outside of Nevada.
