4.4   Public Record. As of their respective dates, the Public Record complied in all material respects with the requirements of Applicable Securities Laws. The Public Record constitutes all of the documents and reports that Purchaser was required to file under Applicable Securities Laws. As of the time filed on SEDAR (or, if amended or suspended by a filing prior to the date of this Agreement, then on the date of such filing), none of the Public Record contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

4.5   Brokers. Purchaser has not become obligated to pay, and has not taken any action that might result in any person claiming to be entitled to receive, any brokerage commission, finder's fee or similar commission or fee in connection with the Transaction.

5.   CONDITIONS PRECEDENT TO PURCHASER'S OBLIGATION TO CLOSE.

Purchaser's obligation to purchase the Assets and to take the other actions required to be taken by Purchaser at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Purchaser, in whole or in part, in writing):

5.1   Accuracy of Representations. All of the representations and warranties made by Vendor in this Agreement will be accurate in all material respects.

5.2   Performance of Obligations.

(a)   Each of the documents referred to in Section 2.7 to be delivered to Purchaser will have been delivered to Purchaser.

(b)   All of the covenants and obligations that the Vendors are required to comply with or to perform pursuant to this Agreement at or prior to the Closing will have been complied with and performed in all material respects.

5.3   Additional Documents. Purchaser will have received the following documents:

(a)   Evidence that the Vendors have received any necessary approvals required to consummate the Transaction; and

(b)   Such documents as Purchaser may request in good faith for the purpose of (i) evidencing the accuracy of any representation or warranty made by each Vendor, (ii) evidencing the compliance by each Vendor with, or the performance by each Vendor of, any covenant or obligation set forth in this Agreement, and (iii) evidencing the satisfaction of any condition set forth in this Section 5 or (iv) otherwise required for the consummation or performance of the Transaction.

5.4   No Proceedings. There will not have been commenced or threatened against Purchaser or Vendor, or against any person affiliated with either of them, any proceeding (a) involving any challenge to, or seeking damages losses or other relief in connection with, the Transaction, or (b) that may have the effect of preventing, delaying, making illegal or otherwise interfering with the Transaction.

5.5   No Prohibition. Neither the consummation nor the performance of the Transaction will, directly or indirectly (with or without notice or lapse of time), contravene or conflict with or result in a violation of, or cause Purchaser or any person affiliated with Purchaser to suffer any adverse consequence under, any applicable legal requirement or order.

6.   CONDITIONS PRECEDENT TO VENDOR'S OBLIGATION TO CLOSE.

The Vendors' obligation to sell the Assets and to take the other actions required to be taken by Vendor at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions:

6.1   Accuracy of Representations. All of the representations and warranties made by Purchaser in this Agreement will be accurate in all material respects.

6.2   No Proceedings. There will not have been commenced or threatened against Purchaser or any Vendor, or against any person affiliated with either of them, any proceeding (a) involving any challenge to, or seeking damages or other relief in connection with, the Transaction, or (b) that may have the effect of preventing, delaying, making illegal or otherwise interfering with the Transaction.

6.3 Purchaser's Performance.

(a) Each of the documents referred to in Section 2.7 to be delivered by Purchaser will have been delivered to the Vendors, as applicable.

(b) All of the covenants and obligations that Purchaser is required to comply with or to perform pursuant to this Agreement at or prior to the Closing will have been complied with and performed in all material respects.

6.4 Additional Documents. The Vendors will have received the following documents:

(a) Evidence that Purchaser has received all necessary board approvals required to consummate the Transaction; and

(b) Such other documents as the Vendors may request in good faith for the purpose of (i) evidencing the accuracy of any representation or warranty made by Purchaser, (ii) evidencing the compliance by Purchaser with, or the performance by Purchaser of, any covenant or obligation set forth in this Agreement, and (iii) evidencing the satisfaction of any condition set forth in this Section 6 otherwise required for the consummation or performance of the Transaction.

6.5 No Prohibition. Neither the consummation nor the performance of the Transaction will, directly or indirectly (with or without notice or lapse of time), contravene or conflict with or result in a violation of, or cause the Vendors to suffer any adverse consequence under, any applicable legal requirement or order.

7. INDEMNIFICATION.

7.1 Survival of Representations and Covenants.

(a) The representations and warranties contained in this Agreement will survive the Closing for a period of twenty-four (24) months (the "**Warranty Period**"); provided, however, that if a Claim Notice relating to any representation or warranty set forth in this Agreement is delivered by one party to this Agreement (the "**Indemnified Party**") to the other party to this Agreement (the "**Indemnifying Party**") on or prior to the end of such period, then, notwithstanding anything to the contrary contained in this Section 7.1(a), such representation or warranty will not so expire, but rather will remain in full force and effect until such time as each and every claim that is based directly or indirectly upon, or that relates directly or indirectly to, any breach or alleged breach of such representation or warranty, has been fully and finally resolved, either by means of a written settlement agreement executed on behalf of the Indemnifying Party and the Indemnified Party or by means of a final, non-appealable judgment issued by a court of competent jurisdiction, and provided further that, notwithstanding the foregoing, the parties hereto shall be entitled to seek recovery for fraud, willful breach and/or intentional misrepresentation until the expiration of the applicable statute of limitations period for any claim alleging fraud, willful breach or intentional misrepresentation.

(b) The covenants and agreement of the parties will survive in accordance with their respective terms.

(c) The representations, warranties, covenants and obligations of each Vendor or Purchaser, as applicable, and the rights and remedies that may be exercised by the Indemnitees, will not be limited or otherwise affected by or as a result of any information furnished to, or any investigation made by or any knowledge of, any of the Indemnitees or any of their representatives.

(d) For purposes of this Agreement, a "**Claim Notice**" relating to a particular representation, warranty, covenant or agreement will be deemed to have been given if any Indemnitee delivers to an Indemnifying Party a written notice stating that such Indemnitee believes that there is or has been a possible breach of such representation, warranty, covenant or agreement and containing (i) a brief description of the circumstances supporting such Indemnitee's belief that there is or has been such a

possible breach, and (ii) a non-binding, preliminary estimate of the aggregate dollar amount of the actual and potential damages that have arisen and may arise as a direct or indirect result of such possible breach.

7.2   **Indemnification by Vendors**. The Vendors shall jointly and severally indemnify, defend and hold harmless Purchaser and other Indemnitees when Purchaser is an Indemnified Party (together, **"Purchaser Indemnitees"**) from and against any and all any and all claims, demands, actions, causes of actions, losses, costs, damages, liabilities and expenses including, without limitation, reasonable legal and expert fees (**"Purchaser Damages"**), asserted against, imposed on or suffered or anticipated by any of the Purchaser Indemnitees, directly or indirectly, by reason of, resulting from, arising out of, or incurred with respect to, or (in the case of claims asserted against any of the Purchaser Indemnitees by a third party) alleged to result from, arise out of or have been incurred with respect to, (a) any breach of any representation or warranty of any Vendor contained in this Agreement or the Disclosure Schedule, (b) any breach of any covenant or agreement made by any Vendor in this Agreement or the Disclosure Schedule, (c) any claim brought against Purchaser that the IP Assets infringe the Intellectual Property Rights of any third party (with the exception of the Licenses), and (d) any liability to which the Purchaser Indemnitees may become subject and that arises directly or indirectly from or relates directly or indirectly to: (x) the IP Assets prior to the Closing or that otherwise arises prior to the Closing with respect or relating to the Assets, or (y) any federal, provincial and local Tax withholding obligations (including any penalties that may be assessed in connection therewith) of Purchaser due to the payment of any portion of the Purchase Price (including without limitation the issuance of any of the Consideration Shares).

7.3   **Indemnification by Purchaser**. Purchaser shall indemnify, defend and hold harmless any Vendor and other Indemnitees when the applicable Vendor is an Indemnified Party (together, **"Vendor Indemnitees"**) from and against any and all any and all claims, demands, actions, causes of actions, losses, costs, damages, liabilities and expenses including, without limitation, reasonable legal and expert fees (**"Vendor Damages"** and together with Purchaser Damages, the "**Damages**"), asserted against, imposed on or suffered or anticipated by any of the Vendor Indemnitees, directly or indirectly, by reason of, resulting from, arising out of, or incurred with respect to, or (in the case of claims asserted against any of the Vendor Indemnitees by a third party) alleged to result from, arise out of or have been incurred with respect to, (a) any breach of any representation or warranty of the Purchaser contained in this Agreement or the Disclosure Schedule, and (b) any breach of any covenant or agreement made by the Purchaser in this Agreement or the Disclosure Schedule.

7.4   **Non-Exclusivity of Indemnification Remedies.** The indemnification remedies and other remedies provided in this Section 7 are not exclusive, and, accordingly, the exercise by any Indemnitee of any of its rights under this Section 7 will not be deemed to be an election of remedies and will not be deemed to prejudice, or to constitute or operate as a waiver of, any other right or remedy that such Indemnitee may be entitled to exercise (whether under this Agreement, under any other contract, under any statute, rule or other legal requirement, at common law, in equity or otherwise).

7.5   **Defense of Third Party Claims.** In the event of the assertion or commencement by any person of any claim or proceeding against any Indemnitee with respect to which an Indemnifying Party is or may become obligated to indemnify, hold harmless, compensate or reimburse such Indemnitee pursuant to this Section 7, upon receipt of written notice of such claim or proceeding, the Indemnifying Party will have the right, at its election, to assume the defense of such claim or proceeding at the sole expense of the Indemnifying Party, provided, however, that the Indemnifying Party shall be entitled to assume the defense of such action only to the extent the Indemnifying Party acknowledges its indemnity obligation hereunder and indemnify and holds the applicable Indemnitee harmless from, against and in respect of, and pays to such Indemnitee, the full amount of any Damages arising out of, relating to or resulting therefrom in accordance with and subject to the terms of this Agreement. The Indemnifying Party may not settle or consent to entry of a judgment of any action for which indemnification may be payable hereunder without the prior written consent of Indemnitee. If the Indemnifying Party does not notify the applicable Indemnitee of its intention to assume the defense of such claim or proceeding and its acknowledgement of its indemnity obligations in writing within 10 days of being notified of such a claim

or proceeding, Indemnitee may proceed with the defense of such claim or proceeding at the Indemnifying Party's expense.

8. **CERTAIN POST-CLOSING COVENANTS.**

8.1 **Further Actions.** From and after the Closing Date, the Vendors will cooperate with Purchaser and Purchaser's representatives, and will execute and deliver such documents and take such other actions as Purchaser may reasonably request, for the purpose of evidencing the Transaction and putting Purchaser in possession and control of all of the Assets. From and after the Closing Date, Purchaser will cooperate with the Vendors and the Vendors' representatives, and will execute and deliver such documents and take such other actions as the Vendors may reasonably request, for the purpose of evidencing the Transaction.

8.2 **Publicity.** The Vendors will ensure that, on and at all times after the Closing Date, no press release or other publicity concerning the Transaction is issued or otherwise disseminated without Purchaser's prior consent and the Vendors will keep the terms of this Agreement strictly confidential.

8.3 **Confidentiality.** Purchaser and the Vendors recognize that the parties to this Agreement have received and will receive Confidential Information concerning the other during the course of the Transaction negotiations and preparations. Accordingly, the parties hereby agree: (i) to maintain the other party's Confidential Information in strict confidence; (ii) not to disclose such Confidential Information to any third parties; and (iii) not to use any such Confidential Information for any purpose except to consummate the Transaction. Each party may disclose the Confidential Information of the other party to its employees and consultants who have a bona fide need to know such Confidential Information for the purpose of consummating the Transaction and related transactions, but solely to the extent necessary to consummate the Transaction and related transactions and for no other purpose; provided that each such employee and consultant first executes a written agreement (or is otherwise already bound by a written agreement) that contains use and nondisclosure restrictions at least as protective of the other party's Confidential Information as those set forth in this Section 8.3. The provisions of this Section 8.3 will not restrict a party from disclosing the other party's Confidential Information to the extent required by any Law or regulation; provided that the party required to make such a disclosure uses reasonable efforts to give the other party reasonable advance notice of such required disclosure in order to enable the other party to prevent or limit such disclosure.

9. **MISCELLANEOUS PROVISIONS**.

9.1 **Further Assurances.** Each party to this Agreement will execute and/or cause to be delivered to each other party to this Agreement such instruments and other documents, and will take such other actions, as such other party may reasonably request (prior to, at or after the Closing) for the purpose of carrying out or evidencing the Transaction.

9.2 **Fees and Expenses**. Each party will bear and pay all fees, costs and expenses (including all legal fees and expenses) that have been incurred or that are in the future incurred by, on behalf of or for the benefit of such party in connection with the negotiation and execution of this Agreement and the consummation and performance of the Transaction.

9.3 **Currency.** All monetary references in this Agreement refer to the currency of Canada.

9.4 **Legal Fees.** If any legal action or other legal proceeding relating to this Agreement or the enforcement of any provision of this Agreement is brought against any party to this Agreement, the prevailing party will be entitled to recover reasonable legal fees, costs and disbursements (in addition to any other relief to which the prevailing party may be entitled).

9.5 **Notices.** Any notice or other communication required or permitted to be delivered to any party under this Agreement will be in writing and will be deemed properly delivered, given and received when delivered (by hand, by registered mail, by courier or express delivery service or by facsimile) to the email, address or facsimile number set forth beneath the name of such party on the signature page below

(or to such other e-mail, address or facsimile number as such party will have specified in a written notice given to the other parties to this Agreement).

9.6   **Time of the Essence.** Time is of the essence of this Agreement.

9.7   **Headings; Construction.** The underlined headings contained in this Agreement are for convenience of reference only, will not be deemed to be a part of this Agreement and will not be referred to in connection with the construction or interpretation of this Agreement. For purposes of this Agreement, whenever the context requires: the singular number shall include the plural, and vice versa; the masculine gender shall include the feminine and neuter genders; the feminine gender shall include the masculine and neuter genders; and the neuter gender shall include the masculine and feminine genders. The parties hereto agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in the construction or interpretation of this Agreement. As used in this Agreement, the words "include" and "including," and variations thereof, are not and will not be deemed to be terms of limitation, but rather will be deemed to be followed by the words "without limitation." Except as otherwise indicated, all references in this Agreement to "Sections", "Appendices" and "Schedules" are intended to refer to Sections, Appendices, and Schedules of and to this Agreement.

9.8   **Independent Legal Advice.** Each of the parties acknowledges that Clark Wilson LLP has acted as counsel only to Purchaser. Each Vendor acknowledges and confirms that it has been advised to seek, and have sought or have otherwise waived, independent tax and legal advice with respect to this Agreement and other agreements and documents contemplated under this Agreement and that Clark Wilson LLP is not protecting the rights and interests of any Vendor.

9.9   **Counterparts.** This Agreement may be executed and delivered in several counterparts, including PDF, facsimile and other electronic counterparts, each of which will constitute an original and all of which, when taken together, will constitute one agreement.

9.10   **Assignment.** Neither party to this Agreement may assign this Agreement without the prior written consent of the other party, provided that such consent shall not be unreasonably withheld.

9.11   **Governing Law; Venue**. This Agreement, the legal relations between the parties and the adjudication and the enforcement thereof, will be governed by and interpreted and construed in accordance with the substantive laws of the Province of British Columbia, Canada and the federal laws of Canada applicable therein without regard to applicable choice of law provisions thereof. The parties agree that any action, suit or proceeding arising out of or relating to this Agreement or the transactions contemplated hereby will be brought in a suitable court located in the Province of British Columbia, Canada and each party irrevocably submits to the exclusive jurisdiction of such court.

9.12   **Successors and Assigns; Parties in Interest**. This Agreement will be binding upon Vendor, its successors and permitted assigns (if any), and Purchaser and its successors and permitted assigns (if any). This Agreement will inure to the benefit of Vendor, Purchaser, the other Indemnitees and the respective successors and permitted assigns (if any) of the foregoing. Except for the provisions of Section 7 of this Agreement, none of the provisions of this Agreement is intended to provide any rights or remedies to any person other than the parties to this Agreement and their respective successors and assigns (if any). Without limiting the generality of the foregoing, no creditors of Vendor will have any rights under this Agreement.

9.13   **Remedies Cumulative; Specific Performance.** The rights and remedies of the parties to this Agreement will be cumulative (and not alternative). The parties agree that: (a) in the event of any breach or threatened breach by the other party of any covenant, obligation or other provision set forth in this Agreement, the non-breaching party will be entitled (in addition to any other remedy that may be available to it) to (i) a decree or order of specific performance to enforce the observance and performance of such covenant, obligation or other provision, and (ii) an injunction restraining such breach or threatened breach; and (b) the non-breaching party will not be required to provide any bond or other

security in connection with any such decree, order or injunction or in connection with any related action or proceeding.

9.14 **Waiver**. No failure on the part of any person to exercise any power, right, privilege or remedy under this Agreement, and no delay on the part of any person in exercising any power, right, privilege or remedy under this Agreement, will operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise of any such power, right, privilege or remedy will preclude any other or further exercise thereof or of any other power, right, privilege or remedy. No person will be deemed to have waived any claim arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such person; and any such waiver will not be applicable or have any effect except in the specific instance in which it is given.

9.15 **Amendments.** This Agreement may not be amended, modified, altered or supplemented other than by means of a written instrument duly executed and delivered Purchaser and the Vendors.

9.16 **Severability.** In the event that any provision of this Agreement, or the application of any such provision to any person or set of circumstances, will be determined to be invalid, unlawful, void or unenforceable to any extent, the remainder of this Agreement, and the application of such provision to persons or circumstances other than those as to which it is determined to be invalid, unlawful, void or unenforceable, will not be impaired or otherwise affected and will continue to be valid and enforceable to the fullest extent permitted by Law.

9.17 **Entire Agreement.** This Agreement and other agreements or documents contemplated under this Agreement set forth the entire understanding of the parties relating to the subject matter hereof and thereof and supersede all prior agreements and understandings between any of the parties relating to the subject matter of this Agreement or other agreements or documents contemplated under this Agreement.
