About LaFleur Minerals Inc.

LaFleur Minerals Inc. ([CSE: LFLR](#) | [OTCQB: WPNNF](#)) is focused on the acquisition and development of district-scale gold projects in the Abitibi Gold Belt near Val-d'Or, Québec. Our mission is to advance mining projects with a laser focus on our resource-stage Swanson Gold Project, which has significant potential to deliver long-term value. The Swanson Gold Project is over 15,000 hectares (150 km²) in size and includes several prospects rich in gold and critical metals previously held by Monarch Mining, Abcourt Mines, and Globex Mining. LaFleur has recently consolidated a large land package along a major structural break that hosts the Swanson, Bartec, and Jolin gold deposits and several others. The Swanson Gold Project is easily accessible by road with a rail line running through the property allowing direct access to several nearby gold mills, further enhancing its development potential.

LaFleur is currently acquiring high-resolution airborne geophysics (mag VLF-EM) to help identify mineralized structures at Swanson and completing detailed soil surveys and prospecting/geological mapping for the purpose of drill hole targeting with the goal to commence diamond drilling on several targets within the next several months. LaFleur Minerals is also actively exploring its Mazerac Lithium Property adjacent to [Power Metals' Mazerac Lithium Property](#).
