

American Battery Metals Announces Listing on the OTC-Markets

Vancouver, British Columbia--(Newsfile Corp. - April 25, 2019) - American Battery Metals Corp. (CSE: ABC) (the "**Company**" of "**American Battery Metals**") is pleased to announce that its common shares now trade on the OTCQB, a U.S. interdealer quotation system, under the symbol "FDVXF". The Company's common shares will also continue to trade on the Canadian Securities Exchange ("CSE") under its trading symbol "ABC".

Michael Mulberry, President & CEO of American Battery Metals, commented "Trading of the Company's common shares on the OTCQB market makes it accessible to an even broader range of investors, aligning with the Company's goal of increasing the liquidity and convenience of trading its common shares within the U.S."

About the Company

American Battery Metals Corp. is a junior mineral exploration company engaged in the business of acquiring, exploring and evaluating natural resource properties. The Company has an option to acquire a 50% interest in the Fish Lake property located in Esmeralda County in the state of Nevada, USA and an option to acquire a 100% interest in the Temple Mountain Vanadium Property located in Emery County, Utah, USA.

This news release may contain forward-looking information within the meaning of applicable securities laws ("forward-looking statements"). Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "potential" and similar expressions, or that events or conditions "will," "would," "may," "could" or "should" occur and in this news release include but are not limited to the expected timing for the Name Change completion. Information inferred from the interpretation of drilling and other sampling results may also be deemed to be forward-looking statements, as it constitutes a prediction of what might be found to be present when and if a project is actually developed. These forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation: risks related to fluctuations in metal prices; uncertainties related to raising sufficient financing to fund the planned work in a timely manner and on acceptable terms; changes in planned work resulting from weather, logistical, technical or other factors; the possibility that results of work will not fulfill expectations and realize the perceived potential of the Company's properties; risk of accidents, equipment breakdowns and labour disputes or other unanticipated difficulties or interruptions; the possibility of cost overruns or unanticipated expenses in the work program; the risk of environmental contamination or damage resulting from the Company's operations and other risks and uncertainties. Any forward-looking statement speaks only as of the date it is made and, except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise.
