

## Press Release

# BevCanna Announces Postponement of Annual General Meeting Material and Executive Compensation Disclosure

VANCOUVER, BC, June 29, 2020. Emerging leader in infused cannabis beverages, [BevCanna Enterprises Inc.](#) (CSE:BEV, Q:BVNNF, FSE:7BC) ("BevCanna" or the "Company") announces that in light of the COVID-19 public health emergency and related restrictions on gatherings, the Company intends to delay holding its annual general meeting of shareholders to a later date, but prior to December 31, 2020. The Company is relying on the temporary blanket relief provided by the Canadian Securities Administrators (including the exemptive relief contained in BC Instrument 51-516 and Ontario Instrument 51-50) to postpone the filing of its executive compensation disclosure required under applicable securities laws until such time as it is filed and delivered to shareholders as part of the Company's information circular relating to its 2020 annual general meeting of shareholders. With this conditional temporary relief, the British Columbia Securities Commission and the other Canadian Securities Administrators regulators are giving public companies until December 31, 2020 to send to its securityholders, and file, its next annual general meeting information circular containing the executive compensation disclosure.

### **About BevCanna Enterprises Inc.**

[BevCanna Enterprises Inc.](#) (CSE:BEV, Q:BVNNF, FSE:7BC) develops and manufactures cannabinoid-infused beverages and consumer products for in-house brands and white label clients. With decades of experience creating, branding and distributing iconic brands that have resonated with consumers on a global scale, the team demonstrates an expertise unmatched in the emerging cannabis beverage category. Based in British Columbia, Canada, BevCanna has a 292-acre outdoor cultivation site in the fertile Okanagan Valley and the exclusive rights to a pristine spring water aquifer, as well as a world-class 40,000-square-foot, HACCP certified manufacturing facility, with a current bottling capacity of up to 210M bottles per annum.
