KINGSVILLE, ON, May 11, 2022 /CNW/ - Greenway Greenhouse Cannabis Corporation (CSE: GWAY) ("Greenway Greenhouse" or the "Company") is pleased to announce the availability of Greenway Greenhouse cultivars, as Captain Kush and Blackberry Gelato, on the North 40 medical cannabis platform, under the Red Barn brand.

North 40 is a cultivator of premium cannabis, and processor of industry-leading cannabis products, based in Nipawin, Saskatchewan. Since August of 2021, they have been providing medical access to their products through a self-managed platform, serving hundreds of patients. North 40 offers on-demand packaging for freshness, and same-day processing, along with a diverse product offering that includes pre rolls, concentrates, vape cartridges and edibles.

"Through personal relationships with the patients I supply, the cannabis I grow will not always be the product that they want and need from North 40," said Gord Nichol, Founder, and Master Grower of North40 Cannabis. "Greenway Greenhouse provides a high-quality product that has impressed me in many aspects. As we bring on more patients, I am confident we can meet their needs in quality, quantity and value."

"We're honoured to be welcomed onto the North 40 medical platform, and to be the first cultivator to provide dried cannabis other than Gord himself," said Carl Mastronardi, President of Greenway Greenhouse. "His vote of confidence in our product tells us we are hitting the quality milestones we expected, and had planned for, heading into the expansion of our cultivation facilities."

"We want to ensure that every Canadian can access Greenway Greenhouse cannabis through their channel of choice," said Jamie D'Alimonte, CEO of Greenway Greenhouse. "More than any other group, medical cannabis patients require selection and high-quality, curated genetics, both of which Greenway Greenhouse is happy to facilitate through our Nursery program and dialed-in greenhouses."
