## **DOMINO'S PIZZA CHOOSES XTM's TODAY™ MOBILE APP AND CARD TO PAY WORKERS**

### **For Immediate Release**

**TORONTO, April 22, 2020 – XTM, Inc.** (“XTM” or the “Company”) (CSE:PAID), a global fintech company providing mobile banking and payment card solutions is pleased to announce that its Today Mobile App and Card instant payout solution is being rolled out across Domino's Pizza (NYSE:DPZ) stores in Canada.

With cash declining at a record pace in food delivery and quick serve restaurant (QSR) environments, now more than ever, workers need instant access to their pay. XTM's Today Card and mobile wallet is a perfect solution for Domino's delivery and in-store workers to get access to their hard-earned wages and gratuities at the end of each shift. Employees can use their Today Card in-store or online and also withdrawal cash at ATMs, pay bills, send Interac eTransfers and more.

Each Domino's franchise owner is provided with access to a dedicated administration portal with complete control and automation of the entire process from card assignment to daily disbursement of funds.

"The Today Solution effectively eliminates cash from every restaurant's payout process," said Marilyn Schaffer, CEO. "Like video conferencing is to social distancing, our solution is to a cashless society. We are seeing a rapid paradigm shift and are in a unique position to quickly deploy our solution to onboard new and valued clients such as Domino's Pizza."

"This will eliminate many man hours dedicated to reconciling and dispersing tips and wages," said Andy McMillin Vice President of Development and Store Performance of Domino's Pizza Canada. "Our stores needed a quick and easy solution and the Today team was able to deliver!"
