

IMC International Mining Corp. To Release Results From Thane Property Work Program and Provides Corporate Update

November 9, 2020

Vancouver, BC – IMC International Mining Corp. ([CSE:IMCX](#)) ([OTC:IMIMF](#)) ([FRA:3MX](#)) (the “Company” or “IMC”), is pleased to advise that the results of the Thane Property summer work program are currently being received and analyzed by the IMC’s exploration consultants and we expect to report their conclusions in the very near future. Presently, the Company is in a good cash position with no debt and still has access up to \$8,000,000 in an equity draw down with [Alumina Partners Inc.](#) IMC has targeted additional exploration opportunities in Canada with particular emphasis on B.C and will immediately report any acquisitions as they arise.

The Company also announces the appointment of Dave McMillan as Interim Chief Executive Officer in addition to his current role as Interim President and as a director of the Company. This appointment is a result of the resignation of Brian Thurston as Chief Executive Officer and as a Director in order to pursue his other business opportunities. The company thanks Mr. Brian Thurston for his time and effort he put into the company.

Mr. McMillan has been involved in the mining and financial markets for over 40 years and has, since his retirement from the securities industry in 2000, held numerous director and executive roles in public and private companies. During his 17 years in the securities industry, Mr. McMillan was an investment adviser, vice-president, director and senior partner at one of the top private brokerage firms in Canada. During this time, Mr. McMillan was instrumental in the financing of many junior exploration companies in North America and South America, including the junior exploration companies that originally discovered the mineral resources that led to the development of the Kemess and Mount Milligan mines, both of which are located in the same geological trend as the company's Thane project in British Columbia.

The Company also advises that granting of 1,000,000 options exercisable at \$0.19 for 5 years to certain Directors subject to vesting restrictions as defined in the Company’s stock option plan.

ABOUT IMC INTERNATIONAL MINING CORP.

IMC is a junior exploration and development company focused on creating shareholder value through the advancements of its current assets that include the Thane Property in north-central British Columbia, and the Bullard Pass Property in Arizona. Utilizing its heavily experienced management team, IMC continues to source and evaluate assets to further generate shareholder value.

The Thane property covers approximately 206 km² (50,904 acres) and is located in the Quesnel Terrane of north-central British Columbia. The northern part of the Quesnel Terrane extends from south of the Mt. Milligan Mine northward to the Kemess Mine, with the Thane property located midway between these two copper-gold porphyry deposits. The Thane property includes several highly prospective mineralized areas identified to date, including the 'Cathedral Area' on which the Company's exploration is currently focused.

The Bullard Pass Property is comprised of 171 unpatented federal lode claims totaling 3,420 acres and is located in west-central Arizona, northwest of Phoenix, within the Pierce Mining District of Yavapai County. The property has a regional setting typical of detachment fault gold deposits and has geological, mining and metallurgical similarities to the Mesquite Mine in California. The claims are 100% owned by IMC International Mining Corp.
