GENERAL PROXY MATERIALS

FOR THE ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS OF THE CORPORATION FOR THE FINANCIAL YEARS ENDING APRIL 30, 2020 AND 2019 TO BE HELD ON OCTOBER 16, 2020.

Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the Board for use at the Meeting and at any adjournment(s) thereof, for the purposes set forth in the accompanying Notice of Meeting.

Appointment and Revocation of Proxies

Instruments of proxy must be addressed to the Secretary of the Corporation and reach TSX Trust Company not later than 48 hours before the time for the holding of the Meeting or any adjournment(s) thereof. Only Shareholders of the Corporation at the close of business on the Record Date are entitled to receive notice of and to vote at the Meeting unless after that date a Shareholder of record transfers its Shares and the transferee, upon producing properly endorsed certificates evidencing such Shares or otherwise establishing that he owns such Shares, requests at least 10 days prior to the Meeting that the transferee's name be included in the list of Shareholders entitled to vote, in which case, such transferee is entitled to vote such Shares at the Meeting.

An instrument of proxy shall be in writing and shall be executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a Corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. A Shareholder is entitled to appoint a person to attend the Meeting as the Shareholder's representative (who need not be a Shareholder of the Corporation) other than the persons designated in the form of proxy furnished by the Corporation. To exercise such right, the names of the persons designated by management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space required.

A proxy is revocable. The giving of a proxy will not affect a Shareholder's right to attend and vote in person at the Meeting. In addition to revocation in any other manner permitted by law, a Shareholder may revoke a proxy by instrument in writing executed by the Shareholder or such Shareholder's attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof, duly authorized, and deposited at the registered office of the Corporation, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment(s) thereof at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment(s) thereof.

Persons Making the Solicitation

The solicitation is made on behalf of management of the Corporation. The costs incurred in the preparation and mailing of the form of proxy, the Notice of Meeting and this Information Circular will be paid by the Corporation. In addition to the mailing of these materials, proxies may be solicited by personal interviews or telephone by Directors and officers of the Corporation, who will not be remunerated therefor.

Exercise of Discretion by Proxy

The Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and where the Shareholder specifies the choice with respect to any matter to be acted upon, the Shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, Shares will be voted in favour of the proposed resolution. The person appointed under the form of proxy furnished by the Corporation is conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and Notice of Meeting. At the time of mailing of this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

Voting of Shares – Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many Shareholders as a substantial number of the Shareholders hold their Shares through intermediaries such as brokers and their agents or nominees and not in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of the Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Shares will not be registered under the name of the Shareholder on the records of the Corporation. Such Shares will more likely be registered under the name of the Shareholder's broker or an agent or nominee of that broker. Shares held by brokers or their agents or nominees can only be voted for, or withheld from voting, or voted against any resolution upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers their agents or nominees are prohibited from voting Shares for their clients.

Applicable regulatory policy requires intermediaries and brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or agent or nominee thereof) is identical to the form of the proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. **A Beneficial Shareholder receiving a proxy from an intermediary cannot use that proxy to vote Shares directly at the Meeting, rather the proxy must be returned to the intermediary well in advance of the Meeting in order to have the Shares voted. A Beneficial Shareholder may however request the intermediary to appoint the Beneficial Shareholder as a nominee of it as a proxy holder. A Beneficial Shareholder should contact the intermediary, broker or agents and nominees thereof, should it have any questions respecting the voting of the Shares.**

EXECUTIVE COMPENSATION AND REMUNERATION OF DIRECTORS

Compensation Discussion and Analysis

The following compensation discussion and analysis ("CD&A") describes the significant elements of the Corporation's proposed executive compensation program, with particular emphasis on the process for determining compensation payable to the President and Chief Executive Officer, the Chief Financial Officer, and each of the two most highly compensated executive officers other than the President and Chief Executive Officer, and the Chief Financial Officer (collectively, the "Named Executive Officers" or "NEOs").

Based on compensation levels paid or issued, as the case may be, during 2020, the NEOs for the purposes of this CD&A for the year ended **April 30, 2020**, including as at the date of this Information Circular, were as follows:

- Brian P. Fowler: Chief Executive Officer
- George W. Pollock: Vice President, Exploration and Corporate Secretary
- Robert D.B. Suttie: Chief Financial Officer

This CD&A reflects the current expectations of Management with respect to the Corporation's executive compensation program following the completion of the Offering. While there is no present intention to make any material changes to the Corporation's current executive compensation program, the Corporate Governance and Compensation Committee of the Board may review the Corporation's executive compensation program and, if determined appropriate, may make recommendations to the Board regarding changes to the program in light of relevant factors including the Corporation's status as a public company.

Overview

The Corporation's executive compensation program is administered by the Corporate Governance and Compensation Committee. As part of its mandate, the Corporate Governance and Compensation Committee reviews and recommends to the Board the remuneration of the NEOs. The Corporate Governance and Compensation Committee is also responsible for reviewing the Corporation's compensation policies, compensation matrix and guidelines generally. For a description of the Corporate Governance and Compensation Committee and its current members, see the Corporation's Statement of Corporate Governance Practices in "*Corporate Governance*".

Compensation Philosophy and Objectives of the Compensation Program

The Corporation's compensation program intends in the short term, to encourage the establishing of resources and the ultimate growth in resources and reserves, and will in the medium to longer term, encourage growth in production, cash flow and earnings while focusing on achieving attractive returns on capital in order to enhance shareholder value. To achieve these objectives, the Corporation believes it is critical to create and maintain a compensation program that will attract and retain committed, highly qualified personnel by providing appropriate rewards and incentives, motivate their performance in order to achieve the Corporation's strategic objectives and align the interests of executive officers with the long-term interests of the Corporation's shareholders and enhancement in share value.

Components of Compensation

The Corporation compensates its NEOs through the following: (i) base salary; (ii) discretionary cash bonuses paid from time to time based on performance; and (iii) long-term incentive compensation comprised of grants of Options at levels which the Corporate Governance and Compensation Committee believes are reasonable in light of the performance of the Corporation.

Base Salary

Base salaries are intended to compensate each NEO's core competencies, skills, experience and contribution to the Corporation. The Corporate Governance and Compensation Committee believes that base salaries should be competitive but total compensation should be weighted toward variable, long term performance-based components.

Cash Bonus

Discretionary cash bonuses are intended to motivate and reward the accomplishment of specific business and operating objectives within a defined period. Cash bonuses are paid at the discretion of the Board on the recommendation of the Corporate Governance and Compensation Committee, based upon the achievement of certain corporate objectives and on the availability of cash. Cash bonuses awarded by the Corporate Governance and Compensation Committee are intended to be generally competitive with the market. The Corporate Governance and Compensation Committee considers the Corporation's performance during the year with respect to the qualitative goals in the context of market and economic trends and forces, extraordinary internal and market-driven events, unanticipated developments and other extenuating circumstance in making bonus determinations.

No cash bonus payments were made to the NEOs during the financial years ended April 30, 2020 and 2019. The Corporate Governance and Compensation Committee meets with management of the Corporation yearly to review results for the year and to propose and discuss a cash bonus award target (anticipated to be determined by reference to a target percentage of base salary) and will make recommendations to the Board regarding the approval of same. Similar to the determination of base salaries, consideration will be given to the Corporation's compensation peer group when determining the final amount of any cash bonuses to be paid.

Proposed cash bonuses for NEOs, excluding the President and Chief Executive Officer, will be recommended by the President and Chief Executive Officer, reviewed by the Corporate Governance and Compensation Committee, and, if deemed appropriate, recommended to the Board for approval. Any cash bonus to be paid to the Chief Executive Officer will be determined by the Board based on recommendations received from the Corporate Governance and Compensation Committee.

Option Awards

The Corporation has adopted an incentive stock option plan which is administered by the Board. The Option Plan provides that the Board may from time to time, in its discretion, and in accordance with the CSE requirements, grant to directors, officers and technical consultants to the Corporation, non-transferable, non-assignable Options, provided that the number of Common Shares reserved for issuance will not exceed 10% of the issued and outstanding Common Shares. In connection with the foregoing, the number of Common Shares reserved for issuance to any one person in any twelve month period will not exceed 5% of the issued and outstanding Common Shares unless the Corporation has obtained disinterested shareholder approval in respect of such grant and meets applicable CSE requirements. In addition: (i) the number of Common Shares reserved for issuance to any one technical consultant will not exceed 2% of the issued and outstanding Common Shares; and (ii) the number of Common Shares reserved for issuance to persons providing investor relations activities will not exceed 2% of the issued and outstanding Common Shares. Subject to the following, Options must be exercised within a 90 days following cessation of the optionee's position with the Corporation, provided that if the cessation was by reason of death or disability, the Option may be exercised within a maximum period of one year after such death or disability, subject to the expiry date of such Option. The Option Plan is being replaced with a new plan that is similar to the old plan, but which replaces references only to the Capital Pool Company program.

The exercise price of the Options shall be determined by the Board at the time any Option is granted. In no event shall such exercise price be lower than the exercise price permitted by the CSE. Subject to any vesting restrictions imposed by the CSE, the Board may, in its sole discretion, determine the time during which Options shall vest and the method of vesting, or that no vesting restriction shall exist. As of the year ended April 30, 2020 and as of the date of this Information Circular, **3,360,000** Options were outstanding.

Hedging Activities

Although the Corporation has no formal hedging policy in place with respect to purchases of securities by NEOs or directors designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such individuals, to the Corporation's knowledge, no NEO or director has hedged the economic value of his direct or indirect interests in the market value of the Corporation's Common Shares so held or granted as compensation.

Risk Assessment and Oversight

The Board and Corporate Governance and Compensation Committee are keenly aware of the fact that compensation practices can have unintended risk consequences. The Corporate Governance and Compensation Committee will continually review the Corporation's compensation policies to identify any practice that might encourage an employee to expose the Corporation to unacceptable risks. At the present time, the Corporate Governance and Compensation Committee is satisfied that the current executive compensation program does not encourage the Corporation's executives to expose the business to inappropriate risk. The Corporate Governance and Compensation Committee takes a conservative approach to executive compensation rewarding individuals for the success of the Corporation once that success has been demonstrated and incenting them to continue that success through the grant of long-term incentive awards. In addition, the number of options a particular NEO is entitled to receive is limited by the Option Plan.

No director of the Corporation has, within the ten years prior to the date of this Information Circular, been a director or executive officer of any company that, while such person was acting in that capacity (or after such person ceased to act in that capacity but resulting from an event that occurred while that person was acting in such capacity) was the subject of a cease trade order, an order similar to a cease trade order, or an order that denied the company access to any exemption under securities legislation for a period of more than 30 consecutive days.

Bankruptcies

No director of the Corporation has, within the ten years preceding the date of this Information Circular, become bankrupt, been a director or executive officer of any company that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Penalties or Sanctions

No proposed director of the Corporation has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

Appointment of Auditor

The Shareholders will be asked at the Meeting to vote for the appointment of Grant Thornton LLP, Chartered accountants as the auditors of the Corporation, for the ensuing year and to authorize the Directors to fix their remuneration.

Unless otherwise directed, Shares representing proxies in favour of management nominees will be voted in favour of the appointment of Grant Thornton LLP as auditors of the Corporation, to hold office until the next annual general meeting of the Shareholders, or until their successors are duly elected or appointed, and to authorize the Board to fix their remuneration.

Annual Approval of Stock Option Plan

The Corporation has in place a rolling stock option plan whereby the Directors of the Corporation may allocate a maximum of 10% of the issued and outstanding Shares from time to time for issuance under the Option Plan. The Option Plan was last approved by the Shareholders on **November 22, 2018**. There have not been any amendments made to the Option Plan since that time, other than administrative amendments that do not affect the rights conveyed under the Option Plan.

The following summary is a brief description of the Stock Option Plan:

1. The maximum number of Common Shares that may be issued upon the exercise of the Corporation's stock options previously granted and those granted under the Stock Option Plan will be a maximum of 10% of the issued and outstanding Common Shares at the time of the grant.
2. Stock options can be issued to persons who are directors, senior officers, employees, advisory board members and consultants of, or employees of management companies providing services to, the Corporation or its subsidiaries, if any.
3. The option price of any Common Share in respect of which an option may be granted under the Stock Option Plan shall be fixed by the board of directors but shall be not less than the minimum price permitted by the CSE.
4. The number of options granted to any one individual may not exceed 5% of the outstanding listed Common Shares in any 12 month period unless the Corporation has obtained disinterested shareholder approval to exceed such limit.
5. The number of options granted to any one consultant may not exceed 2% of the Corporation's outstanding listed Common Shares in any 12 month period.
6. All options granted under the Stock Option Plan may be exercisable for a maximum of ten years from the date they are granted.

7. If the optionee ceases to be (other than by reason of death) an eligible recipient of stock options, then the stock options granted shall expire on the 90th day following the date that the option holder ceases to be eligible, subject to the terms and conditions set out in the Stock Option Plan.
8. If an optionee ceases to be an eligible recipient of stock options by reason of death, an optionee's heirs or administrators shall have until the earlier of: (a) one year from the death of the option holder; and (b) the expiry date of the stock options in which to exercise any portion of stock options outstanding at the time of death of the optionee.
9. The stock options shall expire on the 30th day after the optionee who is engaged in Investor Relations Activities for the Corporation ceases to be employed to provide Investor Relations Activities.
10. The stock options shall expire on the date on which the optionee ceases to be an eligible person by reason or termination of the optionee as an employee or consultant of the Corporation for cause (which, in the case of a consultant, includes any breach of an agreement between the Corporation and the consultant).
11. The Stock Option Plan will be administered by the Board who will have the full authority and sole discretion to grant options under the Stock Option Plan to any eligible recipient, including themselves.
12. The stock options are not assignable or transferable by an optionee.
13. The Board may, from time to time, subject to regulatory approval, amend or revise the terms of the Stock Option Plan.

Since the Option Plan is a "rolling plan", annual shareholder approval of the Option Plan is required by the CSE. In accordance with the policies of the CSE, the Corporation requests Shareholders to consider, and if thought fit, approve an ordinary resolution substantially in the form set forth below:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION OF THE SHAREHOLDERS THAT:

1. as an ordinary resolution, pursuant to and in compliance with the policies of the CSE and subject to regulatory approval, the Corporation's stock option plan is hereby approved, whereby a maximum of 10% of the Shares of the Corporation will be reserved for issuance under the stock option plan, provided that the number of listed securities that may be reserved for issuance under stock options granted to any one individual or insiders of the Corporation shall not exceed five (5%) percent of the Corporation's issued and outstanding listed securities, and the same is hereby approved;
2. the form of the stock option plan may be amended in order to satisfy the requirements or requests of any regulatory authorities, or at the discretion of the Board acting in the best interests of the Corporation without requiring further approval of the shareholders of the Corporation; and
3. any one director or officer of the Corporation be and is hereby authorized and directed, upon the Board resolving to give effect to this resolution, to take all necessary steps and proceedings, and to execute, deliver and file any and all applications, declarations, documents and other instruments and do all such other acts or things (whether under corporate seal of the Corporation or otherwise) that may be necessary or desirable to give effect to the provisions of this resolution.”

To be effective, the resolution must be passed by at least a majority of the votes cast at the Meeting. **Unless otherwise directed, it is intended that the Shares represented by the proxies hereby solicited will be voted in favour of the approval of the Option Plan.**

Policy on the Scope of Services of the Auditor and Hiring Practices for Auditor Engagement Team

Northstar Gold Corporation (the “Company”) has established parameters for the engagement of the Auditor consistent with the Company’s corporate governance expectations and applicable law. These parameters cover all work that might be performed by the Auditor through engagements with the Company.

Definition of Auditor

The term Auditor refers to the firm of accountants that is appointed to perform the audit of the consolidated financial statements of the Company.

Part One - Scope of Work and Authorization Standards

All work performed by the Auditor for the Company will be pre-approved by the Audit Committee. The Audit Committee may delegate authority to pre-approve such work to any one member of the Audit Committee, provided that any work so pre-approved must be ratified by the full Audit Committee at the next meeting of the Audit Committee.

The Audit Committee will update the list of “pre-approved services” in respect of the Auditor and add any services that are recurring or otherwise reasonably expected to be provided. In addition, any specific services from this list for which the Auditor is engaged, where the aggregate fees are estimated to be less than or equal to \$10,000, will be submitted to the Chief Financial Officer for approval. The Chief Financial Officer will notify the Chief Executive Officer and Chair of the Audit Committee of the service being engaged immediately. The Audit Committee will be subsequently informed at each regular meeting of the services on the “pre-approved services” list for which the Auditor has been actually engaged since the previous meeting. Any additional requests for pre-approval for services not on the “pre-approved services” list or where the aggregate fees are in excess of \$10,000, will be addressed on a case-by case specific engagement basis.

In the event that a non-audit service is provided by the Auditor that was not recognized at the time of the engagement to be a non-audit service, such service must be brought to the attention of the Audit Committee or its delegate for approval.

The Auditor will only perform audit, audit-related and tax work. Definitions of “audit”, “audit-related” and “tax work” are included below.

Categories of Work**Examples of Services**

Audit

All services performed to comply with Generally Accepted Auditing Standards or International Financial Reporting Standards, as applicable.

Audit-related Services

- attest services not required by statute or regulation; and
- consultation regarding financial accounting and reporting standards.

Tax Work

All services performed by professional staff in the Auditor's tax division, except for those services related to the audit. Tax fees typically include:

- tax compliance;
- tax planning; and
- tax advice.

Annually when the Auditor presents its audit plan for the year, the Audit Committee will pre-approve the proposed services the Auditor has been asked to provide in relation to the current fiscal year. Services outside of these annual activities will be brought to the Audit Committee for approval.

The Audit Committee may approve exceptions to paragraph (3) above when it determines that such an exception is in the overriding best interests of the Company and it is determined that such an exception does not impair the independence of the Auditor. However, certain non-audit activities are generally prohibited and generally will not be considered for exception from this policy. These non-audit activities include:

- bookkeeping or other services related to the accounting records or financial statements of the Company;
- financial information systems design and implementation;

- (b) If the Common Shares, as presently constituted, are changed into or exchanged for a different number or kind of shares or other securities of the Company or of another Company (whether by reason of merger, consolidation, amalgamation, recapitalization, reclassification, split, reverse split, combination of shares, or otherwise) or if the number of such Common Shares are increased through the payment of a stock dividend, then there shall be substituted for or added to each Option Share subject to or which may become subject to an Option under this Plan, the number and kind of shares or other securities into which each outstanding Option Share is so changed, or for which each such Option Share is exchanged, or to which each such Option Share is entitled, as the case may be. Outstanding Options under the Option Agreements shall also be appropriately amended as to price and other terms as may be necessary to reflect the foregoing events. In the event that there is any other change in the number or kind of the outstanding Common Shares or of any shares or other securities into which such Option Shares are changed, or for which they have been exchanged, then, if the Board shall, in its sole discretion, determine that such change equitably requires an adjustment in any Option theretofore granted or which may be granted under the Plan, such adjustment shall be made in accordance with such determination.
- (c) Fractional shares resulting from any adjustment in Options pursuant to this Section 8 will be cancelled. Notice of any adjustment shall be given by the Company to each holder of an Option which has been so adjusted and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes of the Plan.

9. **PAYMENT**

Subject as hereinafter provided, the full purchase price for each of the Option Shares shall be paid by certified cheque in favour of the Company upon exercise thereof. An Optionee shall have none of the rights of a shareholder in respect of the Option Shares until the shares are issued to such Optionee.

10. **SECURITIES LAW REQUIREMENTS**

No Option shall be exercisable in whole or in part, nor shall the Company be obligated to issue any Option Shares pursuant to the exercise of any such Option, if such exercise and issuance would, in the opinion of counsel for the Company, constitute a breach of any applicable laws from time to time, or the rules from time to time of the Exchange. Each Option shall be subject to the further requirement that if at any time the Board determines that the listing or qualification of the Option Shares under any securities legislation or other applicable law, or the consent or approval of any governmental or other regulatory body (including the Exchange), is necessary as a condition of, or in connection with, the issue of the Option Shares hereunder, such Option may not be exercised in whole or in part unless such listing, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board.

11. **AMENDMENT OF THE PLAN**

- (a) The Board may amend, suspend or terminate the Plan or any portion thereof at any time, but an amendment may not be made without shareholder approval if such approval is necessary to comply with any applicable regulatory requirement.
- (b) The Board shall have the power, in the event of:
- (i) any disposition of substantially all of the assets of the Company, dissolution or any merger, amalgamation or consolidation of the Company, with or into any other Company, or the merger, amalgamation or consolidation of any other Company with or into the Company; or
 - (ii) any acquisition pursuant to a public tender offer of a majority of the then issued and outstanding Common Shares;

but subject to compliance with the rules of the Exchange, to amend any outstanding Options to permit the exercise of all such Options prior to the effectiveness of any such transaction, and to terminate such Options as of such effectiveness in the case of transactions referred to in subsection (i) above, and as of the effectiveness of such tender offer or such later date as the Board may determine in the case of any transaction described in subsection (ii) above. If the Board exercises such power, all Options then outstanding and subject to such requirements shall be deemed to have been amended to permit the exercise thereof in whole or in part by the Optionee at any time or from time to time as determined by the Board prior to the effectiveness of such transaction, and such Options shall also be deemed to have terminated as provided above.

12. **Power to Terminate or Amend Plan**

Subject to the approval of any stock exchange on which the Company's securities are listed, the Board may terminate, suspend or amend the terms of the Plan; provided, that the Board may not do any of the following without obtaining, within 12 months either before or after the Board's adoption of a resolution authorizing such action, shareholder approval, and, where required, disinterested shareholder approval, or by the written consent of the holders of a majority of the securities of the Company entitled to vote:

- (a) increase the aggregate number of Common Shares which may be issued under the Plan;
- (b) materially modify the requirements as to the eligibility for participation in the Plan which would have the potential of broadening or increasing Insider participation;
- (c) add any form of financial assistance or any amendment to a financial assistance provision which is more favourable to participants under the Plan;
- (d) add a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Plan reserve; and
- (e) materially increase the benefits accruing to participants under the Plan.

However, the Board may amend the terms of the Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including:

- (a) amendments of a housekeeping nature to the Plan;
- (b) a change to the vesting provisions of a security or the Plan; and
- (c) a change to the termination provisions of a security or the Plan which does not entail an extension beyond the original expiry date.

13. **SHAREHOLDER APPROVAL**

This Plan is subject to the approval of the shareholders of the Company if required pursuant to the policies of the Exchange. Any Options granted prior to such approval, if required, are conditional upon such approval being given, and no such Options may be exercised unless and until such approval, as required, is given.
