Aether Catalyst Engages Hybrid Financial Ltd. and IR Pro Communications Inc.

Vancouver, British Columbia – May 8, 2020 – Aether Catalyst Solutions, Inc. (CSE: ATHR) (FRA: 2QZ) (Aether or the “Company”) is pleased to announce it has retained Hybrid Financial Ltd. (“Hybrid”) to provide Marketing Services to the Company. Hybrid has been engaged to heighten market and brand awareness for Aether Catalyst Solutions, Inc. and to broaden the Company’s reach within the investment community. Hybrid has been engaged by Aether for a period of one year commencing May 8th, 2020.

Aether is also pleased to announce that it has entered into an agreement with IR Pro Communications Inc. (“IR Pro”) to provide Corporate Communications Services. IR Pro will be responsible for communicating with the investment community, including liaising with the Company’s shareholders, managing social media and marketing outreach to create a unified voice for the company. IR Pro has been engaged by Aether for a period of one year commencing April 15th, 2020.

About Hybrid Financial Ltd.

Hybrid is a sales and distribution company that actively connects issuers to the investment community across North America. Using a data driven approach, Hybrid provides its clients with comprehensive coverage of both American and Canadian markets. Hybrid Financial has offices in Toronto and Montreal.

About IR Pro Communications Inc.

IR Pro is a well-established public relations firm based in Vancouver whose knowledge and experience enables successful communication to the investment community creating and expanding awareness for its clients. IR Pro’s focus is on emerging small and micro-cap companies providing targeted strategies for increasing their profiles in financial markets.

About Aether Catalyst Solutions, Inc.

Aether Catalyst Solutions, Inc. is focused on providing an order of magnitude cost reduction in automotive catalytic converter catalyst, while meeting, or exceeding government emission standards. Aether is working to quickly advance its technology through rapid screening of new materials directed at enhancing end of life conversion levels after accelerated aging. While Aether's primary focus is automotive, other potential applications for this low-cost technology are also being explored. Aether is looking to supplant precious metals in automotive catalysts for gasoline powered engines, a greater than \$20 billion cost annually at today’s prices.
