

# Myriad to Present at Emerging Growth Conference on February 7th, 2024

Vancouver, British Columbia--(Newsfile Corp. - February 5, 2024) - **Myriad Uranium Corp.** (CSE: M) (OTCQB: MYRUF) (FSE: C3Q) ("**Myriad**" or the "**Company**") is pleased to announce that it has been invited to present at the Emerging Growth Conference on February 7<sup>th</sup>, 2024.

Myriad invites individual and institutional investors as well as advisors and analysts, to attend its real-time, interactive presentation. Myriad will be presenting at 12:00 PM Eastern time (9 AM Pacific time) for 30 minutes. Please [register here](#) to ensure you are able to attend the conference and receive any updates that are released.

The presentation will focus on the Company's Copper Mountain Uranium Project, in Wyoming. Union Pacific spent US\$74 million (2023\$) advancing the project during the 1970s and Copper Mountain was on the cusp of being a uranium mine when Three Mile Island occurred. Myriad is working to bring its large historical resource estimates current and also find additional large deposits in the area. This is in the context of fast-rising uranium prices and the re-emergence of Wyoming as the world's most important uranium jurisdiction. For more information, including the Company's investor presentation, please visit [myriaduranium.com](http://myriaduranium.com).

This live, interactive online event will give existing shareholders and the investment community the opportunity to interact with the Company's CEO, Thomas Lamb, in real time. Mr. Lamb will give a presentation and then will subsequently open the floor for questions. Please submit your questions in advance to [Questions@EmergingGrowth.com](mailto:Questions@EmergingGrowth.com) or ask your questions during the event and Mr. Lamb will do his best to get through as many of them as possible.

If attendees are not able to join the event live on the day of the conference, an archived webcast will also be made available on [EmergingGrowth.com](http://EmergingGrowth.com) and on the Emerging Growth YouTube Channel, <http://www.YouTube.com/EmergingGrowthConference>. We will release a link to that after the event.

## About the Emerging Growth Conference

The Emerging Growth conference is an effective way for public companies to present and communicate their new products, services and other major announcements to the investment community from the convenience of their office, in a time efficient manner.

The Conference focus and coverage includes companies in a wide range of growth sectors, with strong management teams, innovative products & services, focused strategy, execution, and the overall potential for long term growth. Its audience includes potentially tens of thousands of Individual and Institutional investors, as well as Investment advisors and analysts.

All sessions will be conducted through video webcasts and will take place in the Eastern time zone.

## About Myriad Uranium Corp.

Myriad Uranium Corp. is a uranium exploration company with an earnable 75% interest in the Copper Mountain Uranium Project in Wyoming, USA. Copper Mountain hosts several known uranium deposits and historic uranium mines, including the Arrowhead Mine which produced 500,000 lbs of eU<sub>3</sub>O<sub>8</sub>. Copper Mountain saw extensive drilling and development by Union Pacific, which developed a mine plan and built a leach pad for one of the deposits at Copper Mountain. Operations ceased in 1980 before mining could commence due to falling uranium prices. Approximately 2,000 boreholes have been drilled at Copper Mountain and the project area has significant exploration upside. Union Pacific is estimated to have spent C\$117 million (2023 dollars) exploring and developing Copper Mountain, generating significant historical resource estimates which are detailed [here](#).

Myriad also holds 80% ownership of over 1,800 km<sup>2</sup> of uranium exploration licenses in the Tim Mersoï Basin, Niger, with the option to earn up to 100%. These licenses are surrounded by many of the most significant uranium deposits in Africa, including Orano's 384 Mlbs eU<sub>3</sub>O<sub>8</sub> Imouraren, Global Atomic's 236 Mlbs Dasa, and Goviex's 100 Mlbs Madaouela, and on the same fault structures. Myriad also has a 50% interest in the Millen Mountain Property in Nova Scotia, Canada, with the other 50% held by Probe Metals Inc. For further information, please refer to Myriad's disclosure record on SEDAR+ ([www.sedarplus.ca](http://www.sedarplus.ca)), contact Myriad by telephone at +1.604.418.2877, or refer to Myriad's website at [www.myriaduranium.com](http://www.myriaduranium.com).

### **Forward-Looking Statements**

*Mineralization hosted on adjacent or nearby properties is not necessarily indicative of mineralization hosted on the Company's properties. This news release contains "forward-looking information" that is based on the Company's current expectations, estimates, forecasts and projections. This forward-looking information includes, among other things, the Company's business, plans, outlook and business strategy. The words "may", "would", "could", "should", "will", "likely", "expect," "anticipate," "intend", "estimate", "plan", "forecast", "project" and "believe" or other similar words and phrases are intended to identify forward-looking information. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect, including with respect to the Company's business plans respecting the exploration and development of the Company's mineral properties, the proposed work program on the Company's mineral properties and the potential and economic viability of the Company's mineral properties. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information. Such factors include, but are not limited to: changes in economic conditions or financial markets; increases in costs; litigation; legislative, environmental and other judicial, regulatory, political and competitive developments; and technological or operational difficulties. This list is not exhaustive of the factors that may affect our forward-looking information. These and other factors should be considered carefully, and readers should not place undue reliance on such forward-looking information. The Company does not intend, and expressly disclaims any intention or obligation to, update or revise any forward-looking information whether as a result of new information, future events or otherwise, except as required by applicable law.*
