

Telecure Technologies Inc. Announces Marketing & Public Relations Partnership with Real Chemistry

November 29, 2021

Vancouver, BC – Telecure Technologies Inc. (CSE: TELE) (FSE: 6MZ) (the “**Company**” or “Telecure”) a U.S. focused health IT company which develops technology to make healthcare more accessible and efficient, is pleased to announce it has signed a marketing & public relations partnership with the Real Chemistry, a global health innovation company.

Real Chemistry is a global health innovation company making the world a healthier place by empowering patients to equitably and cost-effectively access the right treatment at the right time. The team leverages the best data-driven, tech-enabled and digital solutions to deliver clear, concise communications, engagement, activation and value across a full range of healthcare stakeholders—patients, payors, providers, caretakers and regulators.

Chairman of the Board, Josh Rosenberg remarked, “The team at Real Chemistry brings a wealth of experience from decades in the U.S. healthcare space by utilizing both traditional and innovative digital methods to engage with consumers, patients and other healthcare professionals. We are thrilled to have a strong team behind Telecure to provide guidance and key insights in the marketplace to ensure our team is able to commercialize and scale efficiently and effectively.”

“We are proud to partner with Telecure as the company embarks on its next phase of growth and further establishes itself as a leader in health IT and telemedicine that advocates for better access to healthcare,” said Daniel Carter, Real Chemistry Digital Health Practice Lead.
