

## Kraken Energy to Present at the 2024 Kinvestor Critical Minerals & Mining Virtual Conference

Vancouver, British Columbia - March 19<sup>th</sup>, 2024 - Kraken Energy Corp. (CSE: UUSA; OTCQB: UUSAF; FSE: F2C) (the “Company” or “Kraken”) is pleased to announce that Kraken Energy President & CEO Matthew Schwab is scheduled to present at the 2024 Kinvestor Critical Minerals & Mining Virtual Conference on Tuesday, March 26<sup>th</sup> at 10:45 am PT (1:45 pm ET). More details below.

Kinvestor Critical Minerals & Mining 2024 (KCMM24) is a virtual conference featuring a stellar lineup of presenting companies in the critical minerals and mining industries. This event will showcase several junior mining companies exploring for minerals that are critical to the global energy transition including copper, graphite, titanium, and uranium, as well as the precious metals gold and silver. Hosted by Kin Communications president and host of The Kinvestor Report Arlen Hansen, KCMM24 will also feature a roundtable discussion with industry experts on one of the hottest topics of 2024: Uranium. Presenting companies and industry experts will have the opportunity to share about latest developments and answer thoughtful questions from attendees.

Register for free today and reserve your spot to hear from Matthew Schwab and other key executives as they discuss the latest in critical minerals and mining!

### About Kraken Energy Corp.:

Kraken Energy Corp. is a new energy company advancing its portfolio of high-grade uranium properties in the United States. The Company is advancing its 100%-owned Apex Uranium Property, located 280 km (174 miles) east from Reno, Nevada which is recognized as Nevada's largest past-producing uranium mine. The Company has additionally entered into an option agreement to earn 100% of the Garfield Hills Uranium Property. The past-producing Garfield Hills Uranium Property covers 1,238 ha (3,060 acres) and is located 19 km (12 miles) east of Hawthorne in Mineral County, Nevada. Kraken Energy has also recently staked the Huber Hills Uranium Property, located 136 km (85 miles) north of Elko, Nevada which covers 1,044 ha (2,580 acres) and encompasses the historic Race Track open pit mine. The Company has recently entered into an option

agreement to earn 75% of the Harts Point Uranium Property. The Harts Point Uranium Property covers 2,622 ha (6,480 acres) and is located 49 km (30 miles) northwest of Monticello in San Juan County, Utah.

*This news release contains forward-looking information which is subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ from those projected in the forward-looking statements. Forward-looking statements in this press release include our plans for exploration at the properties. These forward-looking statements are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking information. Risks that could change or prevent these statements from coming to fruition include changing costs for mining and processing; increased capital costs; the timing and content of upcoming work programs; geological interpretations based on drilling that may change with more detailed information; potential process methods and mineral recoveries assumption based on limited test work and by comparison to what are considered analogous deposits that with further test work may not be comparable; the availability of labour, equipment and markets for the products produced; and despite the current expected viability of the project, conditions changing such that the minerals on our property cannot be economically mined, or that the required permits to build and operate the envisaged mine can be obtained. The forward-looking information contained herein is given as of the date hereof and the Company assumes no responsibility to update or revise such information to reflect new events or circumstances, except as required by law.*
