## News Release

### Hemp for Health files Listing Statement

**Vancouver, British Columbia** – Hemp for Health Inc. (CSE: HFH) (“HFH” or the “Company”) has filed its draft Listing Statement with the Canadian Securities Exchange (“CSE”) pertaining to its proposed change of business (“COB”) as announced in its press release of February 25, 2022.

As earlier disclosed, the Company’s COB involves mining for cryptocurrency, and specifically:

- (i) the acquisition of 150 Siacoin mining rigs (“Rigs”);
- (ii) the engagement of Enigma Data Technologies LLC to host and operate the Rigs for and on behalf of the Company in consideration of 2,668,000 common shares, and all-in costs fixed at US\$0.055 per kilowatt hour per mining rig; and
- (iii) the change of the Company’s name to “*Yellow Stem Tech Inc.*”

The above transactions will constitute a change of business for HFH as such term is defined in CSE policies, in that HFH will be changing its business from growing and processing hemp to mining for cryptocurrencies. The change of business is subject to CSE approval and the approval of the Company’s shareholders, which the Company expects to obtain by way of a consent resolution.

The Company also announces the appointment of Tanya Lutzke as an additional director, filling the vacancy created by the recent resignation of Emiliano Vanni. “With her background in banking, finance, law enforcement, and most recently, her having served as a board member of a listed company engaged in the crypto mining industry, she will be a valuable addition to the Company’s board,” commented Robert Eadie, President & CEO of HFH.
