

Limitless Integrations to Utilize Draganfly Drones and AI Technology to Integrate Into its Mobile Onsite Detection Platform

Los Angeles, CA. February 17, 2021 -- Draganfly Inc. (OTCQB: DFLYF) (CSE: DFLY) (FSE: 3U8) ("Draganfly" or the "Company"), award-winning, industry-leading drone solutions, and systems developer, today announced that it will provide drones and the Vital Intelligence detection AI technology for integration with the patent pending iDENT Mobile Onsite Detection Systems ("MODS") offered by Limitless Integrations LLC ("Limitless Integrations").

The iDENT MODS platform is a self-contained turn-key entrance gateway designed to be rapidly deployed to locations requiring secure high throughput flow with instant secure access into any venue. The iDENT MODS can be utilized at festivals, worksites, military security perimeters, emergency response locations, and any scenario with high traffic volumes that require instant security.

With over 25 years of experience, Limitless Integrations offers its clients high-quality, reliable commercial and industrial physical security and health safety solutions. These solutions are specifically designed to meet the unique demands of venues and facilities of any size.

Draganfly will provide drones, tethered or otherwise for observation and threat detection for the perimeters where the Limitless iDENT MODS platforms are being utilized. The software on the drones can be used for general observation and security including possible weapons detection.

"Draganfly will provide the perfect partnership in enabling our MODS units to have a thorough screening process by way of their Vita Intelligence Technology delivered by drones," said TJ Dooley CEO and co-founder of Limitless Integrations. "The technology solution that Draganfly offers will enhance the ability for our clients across a multitude of industries to provide a safe experience."

"Draganfly is honored to have its technology and drones integrated into the incredible Limitless iDENT MODS platform. Helping provide the ability to securely and safely open venues or critical locations such as emergency response scenarios."

About Limitless Integrations LLC

Headquartered near Cincinnati, Ohio with operations on the East Coast, Midwest and West Coast of US and Canada, Limitless Integrations is an integrated physical security and health safety provider that specializes in new, innovative threat detection solutions for facilities in key vertical markets nationwide. Forward-Looking Statements

This release contains certain “forward looking statements” and certain “forward-looking information” as defined under applicable Canadian securities laws. Forward-looking statements and information can generally be identified by the use of forward-looking terminology such as “may”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “continue”, “plans” or similar terminology. Forward-looking statements and information are based on forecasts of future results, estimates of amounts not yet determinable and assumptions that, while believed by management to be reasonable, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Forward-looking statements include, but are not limited to, statements with respect to the successful intergration and utilization of the Company’s drones and the Vital Intelligence technology. Forward-looking statements and information are subject to various known and unknown risks and uncertainties, many of which are beyond the ability of the Company to control or predict, that may cause the Company’s actual results, performance or achievements to be materially different from those expressed or implied thereby, and are developed based on assumptions about such risks, uncertainties and other factors set out here in, including but not limited to: the potential impact of epidemics, pandemics or other public health crises, including the current outbreak of the novel coronavirus known as COVID-19 on the Company’s business, operations and financial condition, the successful integration of technology, the inherent risks involved in the general securities markets; uncertainties relating to the availability and costs of financing needed in the future; the inherent uncertainty of cost estimates and the potential for unexpected costs and expenses, currency fluctuations; regulatory restrictions, liability, competition, loss of key employees and other related risks and uncertainties disclosed under the heading “Risk Factors” in the Company’s most recent filings filed with securities regulators in Canada on the SEDAR website at www.sedar.com. The Company undertakes no obligation to update forward-looking information except as required by applicable law. Such forward-looking information represents managements’ best judgment based on information currently available. No forward-looking statement can be guaranteed and actual future results may vary materially. Accordingly, readers are advised not to place undue reliance on forward-looking statements or information.
