(the "**Company**" or "**Draganfly**") from time to time, during the 25-month period that this Prospectus, including any amendments hereto, remains valid, of up to \$200,000,000 (or the equivalent in other currencies based on the applicable exchange rate at the time of the offering) in the aggregate of: (i) common shares ("**Common Shares**") in the capital of the Company; (ii) preferred shares of the Company of any series ("**Preferred Shares**"); (iii) warrants ("**Warrants**") to purchase other Securities (as defined below); (iv) subscription receipts ("**Subscription Receipts**") convertible into other Securities; and (v) units ("**Units**") comprised of one or more of any of the other Securities, or any combination of such Securities (the Common Shares, Warrants, Subscription Receipts and Units are collectively referred to herein as the "**Securities**"). The Securities may be offered in amounts, at prices and on terms to be determined based on market conditions at the time of sale and set forth in an accompanying prospectus supplement (each, a "**Prospectus Supplement**"). In addition, the Securities may be offered and issued in consideration for the acquisition of other businesses, assets or securities by the Company or one of its subsidiaries. The consideration for any such acquisition may consist of the Securities separately, a combination of Securities or any combination of, among other things, Securities, cash and assumption of liabilities.

All shelf information permitted under applicable laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus except in cases where an exemption from such delivery has been obtained. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the

Prospectus Supplement and only for the purposes of the distribution of the Securities to which the Prospectus Supplement pertains.

The specific terms of any Securities offered will be described in the applicable Prospectus Supplement including, where applicable: (i) in the case of Common Shares, the number of Common Shares offered, the offering price, whether the Common Shares are being offered for cash, and any other terms specific to the Common Shares offered; (ii) in the case of Preferred Shares, the designation of the particular class and, if applicable, series, the number of shares offered, the offering price, the currency, dividend rate, if any, and any other terms specific to the Preferred Shares being offered; (iii) in the case of Warrants, the number of Warrants being offered, the offering price, the designation, number and terms of the other Securities purchasable upon exercise of the Warrants, and any procedures that will result in the adjustment of those numbers, the exercise price, the dates and periods of exercise, whether the Warrants are being offered for cash, and any other terms specific to the Warrants offered; (iv) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the terms, conditions and procedures for the conversion of the Subscription Receipts into other Securities, the designation, number and terms of such other Securities, whether the Subscription Receipts are being offered for cash, and any other terms specific to the Subscription Receipts offered; and (v) in the case of Units, the number of Units being offered, the offering price, the number and terms of the Securities comprising the Units, whether the Units are being offered for cash, and any other terms specific to the Units offered. A Prospectus Supplement relating to a particular offering of Securities may include terms pertaining to the Securities being offered thereunder that are not within the terms and parameters described in this Prospectus. Where required by statute, regulation or policy, and where the Securities are offered in currencies other than Canadian dollars, appropriate disclosure of foreign exchange rates applicable to the Securities will be included in the Prospectus Supplement describing the Securities.

Prospective investors should be aware that the purchase of any Securities may have tax consequences that may not be fully described in this Prospectus or in any Prospectus Supplement, and should carefully review the tax discussion, if any, in the applicable Prospectus Supplement and in any event consult with their own tax advisers before purchasing any of the Securities.

No underwriter or agent has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

The Company may offer and sell the Securities to or through underwriters or dealers purchasing as principals, and may also sell directly to one or more purchasers or through agents or pursuant to applicable statutory exemptions. See "*Plan of Distribution*". The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent, as the case may be, engaged by the Company in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents in connection with the offering, the method of distribution of the Securities, the initial issue price (in the event that the offering is a fixed price distribution), the proceeds that the Company will, or expects to receive and any other material terms of the plan of distribution.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at non-fixed prices. If offered on a non-fixed price basis, the Securities may be offered at market prices prevailing at the time of sale, at prices determined by reference to the prevailing price of a specified security in a specified market or at prices to be negotiated with purchasers, in which case the compensation payable to an underwriter, dealer or agent in connection with any such sale will be decreased by the amount, if any, by which the aggregate price paid for Securities by the purchasers is less than the gross proceeds paid by the underwriter, dealer or agent to the Company. The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution.

In connection with any offering of Securities, other than an "at-the-market distribution" (as defined under applicable Canadian securities legislation), unless otherwise specified in a Prospectus Supplement, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any

time. A purchaser who acquires Securities forming part of the underwriters', dealers' or agents' over-allocation position acquires those Securities under this Prospectus and the Prospectus Supplement relating to the particular offering of Securities, regardless of whether the over-allocation position is ultimately filled through the exercise of the over-allotment option or secondary market purchases. See "*Plan of Distribution*". No underwriter or dealer involved in an "at-the-market distribution" under this Prospectus, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

The issued and outstanding Common Shares are listed and posted for trading on the Canadian Securities Exchange (the "**CSE**") under the symbol "DFLY", on the Frankfurt Stock Exchange (the "**FSE**") under the trading Symbol "3UB" and on the OTCQB Venture Market of the OTC Markets (the "**OTCQB**") under the symbol "DFLYF".

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will not be listed on any securities exchange. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See "*Risk Factors*".

An investment in the Securities of the Company is highly speculative and involves a high degree of risk. Readers should carefully review and evaluate the risk factors contained in this Prospectus, the applicable Prospectus Supplement and in the documents incorporated by reference herein before purchasing any Securities. See "*Forward-Looking Information*" and "*Risk Factors*".

The Company is not making an offer of the Securities in any jurisdiction where such offer is not permitted.

Andrew Hill Card Jr., John M. Mitnick and John Bagocius, each a director or officer of the Company, reside outside of Canada and have appointed DLA Piper (Canada) LLP, 2800 Park Place, 666 Burrard St, Vancouver, British Columbia, V6C 2Z7, Canada for service of process in Canada. See "*Agent for Service of Process*".

We have not authorized anyone to provide you with different or additional information. If anyone provides you with different or additional information, you should not rely on it. You should assume that the information contained in this Prospectus and any applicable Prospectus Supplement is accurate only as of the date on the front of such document and that information contained in any document incorporated by reference is accurate only as of the date of that document, regardless of the time of delivery of this Prospectus or any applicable Prospectus Supplement or of any sale of our Securities pursuant thereto. Our business, financial condition, results of operations and prospects may have changed since those dates.

Market data and certain industry forecasts used in this Prospectus and any applicable Prospectus Supplement, and the documents incorporated by reference in this Prospectus and any applicable Prospectus Supplement, were obtained from market research, publicly available information and industry publications. We believe that these sources are generally reliable, but the accuracy and completeness of this information is not guaranteed. We have not independently verified such information, and we do not make any representation as to the accuracy of such information.

The Company prepares and reports its consolidated financial statements in accordance with International Financial Reporting Standards ("**IFRS**"). However, this Prospectus and the documents incorporated by reference herein may make reference to certain non-IFRS measures including key performance indicators used by management. These measures are not recognized measures under IFRS and do not have a standardized meaning prescribed by IFRS and are therefore unlikely to be comparable to similar measures presented by other companies. Rather, these measures are provided as additional information to complement those IFRS measures by providing further understanding of the Company's results of operations from management's perspective. Accordingly, these measures should not be considered in isolation nor as a substitute for analysis of the Company's financial information reported under IFRS. The Company uses non-IFRS measures including "gross margins" and "working capital" which may be calculated differently by other companies. These non-IFRS measures and metrics are used to provide investors with supplemental measures of the Company's operating performance and liquidity and thus highlight trends in the Company's business that may not otherwise be apparent when relying solely on IFRS measures. For definitions and reconciliations of these non-IFRS measures to the relevant reported measures, please see the "Non-GAAP Measures and Additional GAAP Measures" section of the Company's latest management's discussion and analysis incorporated by reference herein.

In this prospectus and in any prospectus supplement, unless the context otherwise requires, references to "we", "us", "our" or similar terms, as well as references to the "Company" or "Draganfly", refer to Draganfly Inc. together, where context requires, with our subsidiaries.

CURRENCY PRESENTATION AND EXCHANGE RATE INFORMATION

Unless otherwise noted herein and in the documents incorporated by reference, all dollar amounts refer to lawful currency of Canada. All references to "US\$" or "U.S. dollars" are to the currency of the United States. CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Prospectus and the documents incorporated by reference herein contain certain "forward-looking statements" and "forward-looking information" within the meaning of applicable Canadian securities legislation (collectively, "**forward-looking statements**"). Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based on our current beliefs, expectations and

assumptions regarding the future of our business, future plans and strategies, and other future conditions. Forward-looking statements can be identified by words such as “anticipate,” “believe,” “envision,” “estimate,” “expect,” “intend,” “may,” “plan,” “predict,” “project,” “target,” “potential,” “will,” “would,” “could,” “should,” “continue,” “contemplate” and other similar expressions, although not all forward-looking statements contain these identifying words. These forward-looking statements include all matters that are not historical facts. Forward-looking statements in this Prospectus, any Prospectus Supplement or the documents incorporated by reference herein and therein include, but are not limited to, statements with respect to:

- the adequacy of financial resources;
- expectations regarding revenues, expenses and anticipated cash needs; and
- the impact of the COVID-19 pandemic on the business and operations of the Company.

Although we base the forward-looking statements contained in this Prospectus on assumptions that we believe are reasonable, we caution you that actual results and developments (including our results of operations, financial condition and liquidity, and the development of the industry in which we operate) may differ materially from those made in or suggested by the forward-looking statements contained in this Prospectus. In addition, even if results and developments are consistent with the forward-looking statements contained in this Prospectus, those results and developments may not be indicative of results or developments in subsequent periods. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We believe that these risks and uncertainties include, but are not limited to, those described or referenced in the “*Risk Factors*” section and elsewhere in this Prospectus and the documents incorporated by reference herein. These factors should not be construed as exhaustive and should be read with the other cautionary statements in this Prospectus. Although we have attempted to identify important risk factors, there may be other risk factors not presently known to us or that we presently believe are not material that could also cause actual results and

developments to differ materially from those made in or suggested by the forward-looking statements contained in this Prospectus. If any of these risks materialize, or if any of the above assumptions underlying forward-looking statements prove incorrect, actual results and developments may differ materially from those made in or suggested by the forward-looking statements contained in this Prospectus.

Given these risks and uncertainties, you are cautioned not to place substantial weight or undue reliance on these forward-looking statements when making an investment decision. Any forward-looking statement that we make in this Prospectus speaks only as of the date of this Prospectus, and, except as required by law, we undertake no obligation to update any forward-looking statements or to publicly announce the results of any revisions to any of those statements to reflect future events or developments. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless specifically expressed as such, and should only be viewed as historical data.

DESCRIPTION OF THE SHARE CAPITAL OF THE COMPANY

The following describes the material terms of the Company's share capital. The following description may not be complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of our notice of articles and articles, as amended.

- whether the Subscription Receipts will be listed on any securities exchange;
- certain material United States and Canadian federal income tax consequences of owning the Subscription Receipts;
- whether the Subscription Receipts will be issued with any other Securities and, if so, the amount and terms of these Securities;
- any minimum or maximum subscription amount;
- whether the Subscription Receipts are to be issued in registered form, “book-entry only” form, noncertificated inventory system form, bearer form or in the form of temporary or permanent global securities and the basis of exchange, transfer and ownership thereof;

- any other rights, privileges, restrictions and conditions attaching to the Subscription Receipts and the Securities to be issued upon exchange of the Subscription Receipts; and

The terms and provisions of any Subscription Receipts offered under a Prospectus Supplement may differ from the terms described above, and may not be subject to or contain any or all of the terms described above.

Prior to the exchange of any Subscription Receipts, holders of such Subscription Receipts will not have any of the rights of holders of the Securities for which the Subscription Receipts may be exchanged, including the right to receive payments of dividends or the right to vote such underlying securities.

DESCRIPTION OF UNITS

As of the date of this Prospectus, the Company has no Units outstanding. The Company may issue Units, separately or together, with Common Shares, Preferred Shares, Warrants or Subscription Receipts or any combination thereof, as the case may be. Each Unit would be issued so that the holder of the Unit is also the holder of each Security comprising the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each applicable Security. The specific terms and provisions that will apply to any Units that may be offered by us pursuant to this Prospectus will be set forth in the applicable Prospectus Supplement. This description will include, where applicable:

- the aggregate number of Units offered;
- the price or prices, if any, at which the Units will be issued;
- the manner of determining the offering price(s);
- the currency at which the Units will be offered;
- the Securities comprising the Units;

- whether the Units will be issued with any other Securities and, if so, the amount and terms of these Securities;
- any minimum or maximum subscription amount;
- whether the Units and the Securities comprising the Units are to be issued in registered form, “book-entry only” form, non-certificated inventory system form, bearer form or in the form of temporary or permanent global securities and the basis of exchange, transfer and ownership thereof;
- any material risk factors relating to such Units or the Securities comprising the Units;
- certain material United States and Canadian federal income tax consequences of owning the Units;
- any other rights, privileges, restrictions and conditions attaching to the Units or the Securities comprising the Units; and
- any other material terms or conditions of the Units or the Securities comprising the Units, including whether and under what circumstances the Securities comprising the Units may be held or transferred separately.

The terms and provisions of any Units offered under a Prospectus Supplement may differ from the terms described above, and may not be subject to or contain any or all of the terms described above.

PLAN OF DISTRIBUTION

The Company may from time to time during the 25-month period that this Prospectus, including any amendments hereto, remains valid, offer for sale and issue up to an aggregate of \$200,000,000 in Securities hereunder.

The Company may offer and sell the Securities to or through underwriters or dealers purchasing as principals, and may also sell directly to one or more purchasers or through agents or pursuant to applicable statutory exemptions. The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent, as the case may be, engaged by the Company in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents in connection with the offering, the method of distribution of the Securities, the initial issue price, the proceeds that the Company will receive and any other material terms of the plan of distribution. Any initial offering price and discounts, concessions or commissions allowed or re-allowed or paid to dealers may be changed from time to time.

In addition, the Securities may be offered and issued in consideration for the acquisition of other businesses, assets or securities by the Company or one of its subsidiaries. The consideration for any such acquisition may consist of the Securities separately, a combination of Securities or any combination of, among other things, Securities, cash and assumption of liabilities.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing prices or at negotiated prices, including sales in transactions that are deemed to be “at-the-market distributions” as defined in National Instrument 44-102 - Shelf Distributions of the Canadian Securities Administrators, including sales made directly on the CSE or other existing trading markets for the Common Shares. The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution.

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation from the Company or from other parties, including in the form of underwriters’, dealers’ or agents’ fees, commissions or concessions. Underwriters, dealers and agents that participate in the distribution of the

Securities may be deemed to be underwriters for the purposes of applicable Canadian securities legislation and any such compensation received by them from the Company and any profit on the resale of the Securities by them may be deemed to be underwriting commissions.

In connection with any offering of Securities, except as otherwise set out in a Prospectus Supplement relating to a particular offering of Securities and other than in relation to an “at-the-market” distribution, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions intended to fix, stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time.

Underwriters, dealers or agents who participate in the distribution of the Securities may be entitled, under agreements to be entered into with the Company, to indemnification by the Company against certain liabilities, including liabilities under Canadian securities legislation and the United States Securities Act of 1933, as amended, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will be a new issue of Securities with no established trading market. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See “*Risk Factors*”.

CERTAIN CANADIAN AND UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

Owning any of the Securities may subject holders to tax consequences. The applicable Prospectus Supplement may describe certain Canadian federal income tax consequences to an initial investor who is a resident of Canada or a non-resident of Canada of acquiring, owning and disposing of any of the Securities offered thereunder. The applicable Prospectus Supplement may also describe certain United States federal income tax consequences of the acquisition, ownership and disposition of any of the Securities offered thereunder by an initial investor who is a U.S. Person (within the meaning of the U.S. Internal Revenue Code of 1986, as amended). Prospective investors should consult their own tax advisers prior to deciding to purchase any of the Securities.

RISK FACTORS

Before deciding to invest in any Securities, prospective investors of the Securities should consider carefully the risk factors and the other information contained and incorporated by reference in this Prospectus and the applicable Prospectus Supplement relating to a specific offering of Securities before purchasing the Securities, including those risks identified and discussed under the heading “*Risk Factors*” in the AIF, which is incorporated by reference herein. See “*Documents Incorporated by Reference*”.

An investment in the Securities offered hereunder is highly speculative and involves a high degree of risk. The risks and uncertainties described or incorporated by reference herein are not the only ones the Company may face. Additional risks and uncertainties, including those that the Company is unaware of or that are currently deemed immaterial, may also become important factors that affect the Company and its business. If any such risks actually occur, the Company’s business, financial condition and results of operations could be materially adversely affected.

Prospective investors should carefully consider the risks below and in the AIF and the other information elsewhere in this Prospectus and the applicable Prospectus Supplement and consult with their professional advisers to assess any investment in the Company.

The Company has a history of losses.

The Company's business has incurred losses since its inception. Although the Company expects to become profitable, there is no guarantee that will happen, and the Company may never become profitable. The Company currently has a negative operating cash flow and may continue to have a negative operating cash flow for the foreseeable future. To date, the Company has not generated any revenues and a large portion of the Company's expenses are fixed, including expenses related to facilities, equipment, contractual commitments and personnel. As a result, the Company expects for its net losses from operations to improve. The Company's ability to generate additional revenues and potential to become profitable will depend largely on its ability to manufacture and market its products and services. There can be no assurance that any such events will occur or that the Company will ever become profitable. Even if the Company does achieve profitability, the Company cannot predict the level of such profitability. If the Company sustains losses over an extended period of time, the Company may be unable to continue its business.

Subsequent offerings will result in dilution to our shareholders.

The Company may sell additional Common Shares or other securities that are convertible or exchangeable into Common Shares in subsequent offerings or may issue additional Common Shares or other securities to finance future acquisitions. The Company cannot predict the size or nature of future sales or issuances of securities or the effect, if any, that such future sales and issuances will have on the market price of the Common Shares. Sales or issuances of substantial numbers of Common Shares or other securities that are convertible or exchangeable into Common Shares, or the perception that such sales or issuances could occur, may adversely affect prevailing market prices of the Common Shares. With any additional sale or issuance of Common Shares or other securities that are convertible or exchangeable into Common Shares, investors will suffer dilution to their voting power and economic interest in the Company. Furthermore, to the extent that holders of the Company's stock options or other convertible securities convert or exercise their securities and sell the Common Shares they receive, the trading price of the Common Shares may decrease due to the additional amount of Common Shares available in the market.

An investment in the Securities is not guaranteed and may result in the loss of an investor's entire investment.

There is no guarantee that any investment in the Securities will earn any positive return in the short term or long term. Any investment in the Securities is highly speculative and involves a high degree of risk and should be undertaken only by investors whose financial resources are sufficient to enable them to assume such risks and who have no need for immediate liquidity in their investment. An investment in the Securities is appropriate only for investors who have the capacity to absorb a loss of some or all of their investment.

We will have broad discretion in the use of the net proceeds from the sale of Securities and may not use them to effectively manage our business.

Management of the Company will have broad discretion with respect to the application of net proceeds received by the Company from the sale of Securities under this Prospectus or a future Prospectus Supplement and may spend such proceeds in ways that do not improve the Company's results of operations or enhance the value of the Common Shares or its other securities issued and outstanding from time to time. Any failure by management to apply these funds effectively could result in financial losses that could have a material adverse effect on the Company's business or cause the price of the issued and outstanding securities of the Company to decline.

The market price of our Common Shares may be volatile, and you could lose all or part of your investment.

The market price of the Common Shares may be volatile and subject to wide fluctuations in response to numerous factors, many of which are beyond the Company's control. This volatility may affect the ability of holders of Common Shares to sell their securities at an advantageous price. Market price fluctuations in

the Common Shares may be due to the Company's operating results failing to meet expectations of securities analysts or investors in any period, downward revision in securities analysts' estimates, adverse changes in general market conditions or economic trends, acquisitions, dispositions or other material public announcements by the Company or its competitors, along with a variety of additional factors. These broad market fluctuations may adversely affect the market price of the Common Shares.

Financial markets have historically at times experienced significant price and volume fluctuations that have particularly affected the market prices of equity securities of companies and have often been unrelated to the operating performance, underlying asset values or prospects of such companies. Accordingly, the market price of the Common Shares may decline even if the Company's operating results, underlying asset values or prospects have not changed. Additionally, these factors, as well as other related factors, may cause decreases in asset values that are deemed to be other than temporary, which may result in impairment losses. There can be no assurance that continuing fluctuations in price and volume will not occur. If such increased levels of volatility and market turmoil continue, the Company's operations could be adversely impacted and the trading price of the Common Shares may be materially adversely affected.

There is no guarantee that an active trading market for our Common Shares will be maintained on the CSE, OTCQB and/or the NASDAQ. Investors may not be able to sell their Common Shares quickly or at the latest market price if the trading in our Common Shares is not active.

There is currently no market through which the Securities, other than the Common Shares, may be sold and, unless otherwise specified in the applicable Prospectus Supplement, none of the Warrants, Subscription Receipts or Units will be listed on any securities or stock exchange or any automated dealer quotation system. As a consequence, purchasers may not be able to resell Warrants, Subscription Receipts or Units purchased under this Prospectus or any Prospectus Supplement. This may affect the pricing of the Securities, other than the Common Shares, in the secondary market, the transparency and availability of trading prices, the liquidity of these securities and the extent of issuer regulation. There can be no assurance that an active trading market for the Securities, other than the Common Shares, will ever develop or, if developed, that any such market, including for the Common Shares, will be sustained.

The Common Shares are currently listed in Canada on the CSE, but are not currently listed on any United States securities exchange other than the OTCQB, so there has been a limited public market in the United States for the Common Shares. While Draganfly has applied to list the Common Shares on the Nasdaq, listing will be subject to Draganfly fulfilling all the listing requirements of the Nasdaq. Moreover, as liquidity and trading patterns of securities listed on the CSE may be substantially different from those of securities listed on a securities exchange in the United States, historical trading prices may not be indicative of the prices at which the Common Shares may trade in the future if and when they are listed on the Nasdaq. There is no assurance that the Common Shares will be listed on the Nasdaq or, if such a listing is obtained, that an active trading market for the Common Shares will develop or be sustained in the United States following the listing. If an active market for the Common Shares does not develop, it may be difficult for United States shareholders to sell their Common Shares without depressing the market price for such shares, or at all.

Shareholders of the Company may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all. There can be no assurance that there will be sufficient liquidity of the Common Shares on the trading market, or that the Company will continue to meet the listing requirements of the CSE or achieve or maintain listing on the Nasdaq or any other public listing exchange.

United States investors may not be able to obtain enforcement of civil liabilities against us.

The Company is incorporated under the laws of British Columbia, Canada, and its principal executive offices are located in Canada. Most of the Company's directors and officers and most of the experts named in this prospectus reside outside of the United States and all or a substantial portion of the Company's assets and the assets of these persons are located outside the United States. Consequently, it may not be possible for an investor to effect service of process within the United States on the Company or those persons.

Furthermore, it may not be possible for an investor to enforce judgments obtained in United States courts based upon the civil liability provisions of United States federal securities laws or other laws of the United States against those persons or the Company. There is doubt as to the enforceability, in original actions in Canadian courts, of liabilities based upon United States federal securities laws and as to the enforceability in Canadian courts of judgments of United States courts obtained in actions based upon the civil liability provisions of the United States federal securities laws. Therefore, it may not be possible to enforce those actions against the Company, certain of the Company's directors and officers or the experts named in this prospectus.

The Company may be classified as a “passive foreign investment company” for U.S. federal income tax purposes, which would subject U.S. investors that hold the Company’s Common Shares to potentially significant adverse U.S. federal income tax consequences.

If the Company is classified as a passive foreign investment company (“PFIC”) for U.S. federal income tax purposes in any taxable year, U.S. investors holding the Company's Common Shares generally will be subject, in that taxable year and all subsequent taxable years (whether or not the Company continued to be a PFIC), to certain adverse US federal income tax consequences. The Company will be classified as a PFIC in respect of any taxable year in which, after taking into account its income and gross assets (including the income and assets of 25% or more owned subsidiaries), either (i) 75% or more of its gross income consists of certain types of “passive income” or (ii) 50% or more of the average quarterly value of its assets is attributable to “passive assets” (assets that produce or are held for the production of passive income). Based upon the current and expected composition of the Company's income and assets, the Company believes that it was not a PFIC for the taxable year ended December 31, 2020 and expects that it will not be a PFIC for the current taxable year. Nevertheless, because the Company's PFIC status must be determined annually with respect to each taxable year and will depend on the composition and character of the Company's assets and income, including the Company's use of proceeds from offerings pursuant to this Prospectus, and the value of the Company's assets (which may be determined, in part, by reference to the market value of Common Shares, which may be volatile) over the course of such taxable year, the Company may be a PFIC in any taxable year. The determination of whether the Company will be or become a PFIC may also depend, in part, on how, and how quickly, the Company uses its liquid assets and the cash raised in an offering. If the Company determines not to deploy significant amounts of cash for active purposes, the Company's risk of being a PFIC may substantially increase. Because there are uncertainties in the application of the relevant rules and PFIC status is a factual determination made annually after the close of each taxable year, there can be no assurance that the Company will not be a PFIC for any future taxable year. In addition, it is possible that the U.S. Internal Revenue Service may challenge the Company's classification of certain income and assets as non-passive, which may result in the Company being or becoming a PFIC in the current or subsequent years.

If the Company is a PFIC for any year during a U.S. holder's holding period, then such U.S. holder generally will be required to treat any gain realized upon a disposition of Common Shares, or any “excess distribution” received on its Common Shares, as ordinary income, and to pay an interest charge on a portion of such gain or distribution, unless the U.S. holder makes a timely and effective “qualified electing fund” election (“**QEF Election**”) or a “mark-to-market” election with respect to its Common Shares. A U.S. holder who makes a QEF Election generally must report on a current basis its share of the Company's net capital gain and ordinary earnings for any year in which the Company is a PFIC, whether or not the Company distributes any amounts to its shareholders. However, U.S. holders should be aware that there can be no assurance that the Company will satisfy the record keeping requirements that apply to a QEF, or that the Company will supply U.S. holders with information that such U.S. holders require to report under the QEF Election rules, in the event that the Company is a PFIC and a U.S. holder wishes to make a QEF Election. Thus, U.S. holders may not be able to make a QEF Election with respect to their Common Shares. A U.S. holder who makes a mark-to-market election generally must include as ordinary income each year the excess of the fair market value of the Common Shares over the taxpayer's basis therein. Each U.S. holder should consult its own tax advisors regarding the PFIC rules and the U.S. federal income tax consequences of the acquisition, ownership, and disposition of Common Shares.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may only be exercised within two business days after receipt or deemed receipt of a prospectus or a prospectus supplement relating to the securities purchased by a purchaser and any amendments thereto. In several of the provinces, the securities legislation further provides the purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus or a prospectus supplement relating to the securities purchased by a purchaser and any amendments thereto contain a misrepresentation or is not delivered to the purchaser, provided that such

remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. A purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor.

In addition, original purchasers of convertible, exchangeable or exercisable Securities (unless the Securities are reasonably regarded by the Company as incidental to the applicable offering as a whole) will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of the convertible, exchangeable or exercisable Security. The contractual right of rescission will be further described in any applicable Prospectus Supplement, but will, in general, entitle such original purchasers to receive the amount paid for the applicable convertible, exchangeable or exercisable Security (and any additional amount paid upon conversion, exchange or exercise) upon surrender of the underlying Securities acquired thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable Security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable Security under this Prospectus.

In an offering of convertible, exchangeable or exercisable Preferred Shares, Subscription Receipts or Warrants, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the Prospectus is limited, in certain provincial securities legislation, to the price at which convertible, exchangeable or exercisable Preferred Shares, Subscription Receipts or Warrants are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon the conversion, exchange or exercise of the Security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages or consult with a legal advisor.
