

Draganfly to Feature its AI and Machine Learning Platform Vital Intelligence at The California Probation, Parole and Correctional Association Conference

Draganfly will showcase its latest Smart Vital Intelligence system at booth #8

Los Angeles, CA. September 6, 2022 – Draganfly Inc. (NASDAQ: DPRO) (CSE: DPRO) (FSE: 3U8) (“Draganfly” or the “Company”), an award-winning, industry-leading drone solutions and systems developer, is pleased to announce our participation in the California Probation, Parole and Correctional Association’s (CPPCA) 89th Annual Training Conference & Vendor Show.

The CPPCA annual conference takes place from September 6-9, 2022, at the Renaissance Newport Beach, CA. Draganfly will feature its Vital Intelligence platform at booth #8.

Draganfly’s Smart Vital Intelligence technology is capable of utilizing cameras on its drones, kiosks, or mobile devices to provide real-time health insights in seconds.

Vital Intelligence’s algorithm extracts data from an RGB video feed to measure human health data such as heart and respiratory rates, blood pressure, oxygen saturation, and body temperature. That data is shared on an easy-to-read dashboard so users can leverage that information in real time.

“Draganfly’s Vital Intelligence has been helping correctional institutions assess and mitigate health risks for over two years,” said Cameron Chell, President, and CEO of Draganfly. “We are excited to participate at the California Probation, Parole, and Correctional Association conference to demonstrate the Smart Vital Kiosk’s abilities and features.”

About Draganfly

Forward-Looking Statements

This release contains certain “forward looking statements” and certain “forward-looking information” as defined under applicable Canadian securities laws. Forward-looking statements and information can generally be identified by the use of forward-looking terminology such as “may”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “continue”, “plans” or similar terminology. Forward-looking statements and information are based on forecasts of future results, estimates of amounts not yet determinable and assumptions that, while believed by management to be reasonable, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Forward-looking statements include, but are not limited to, statements with respect to Draganfly’s participation in CPPCA; the functionality and efficacy of Draganfly’s Smart Vital Technology. Forward-looking statements and information are subject to various known and unknown risks and uncertainties, many of which are beyond the ability of the Company to control or predict, that may cause the Company’s actual results, performance or achievements to be materially different from those expressed or implied thereby, and are developed based on assumptions about such risks, uncertainties and other factors set out here in, including but not limited to: the potential impact of epidemics, pandemics or other public health crises, including the COVID-19 pandemic, on the Company’s business, operations and financial condition; the successful integration of technology; the inherent risks involved in the general securities markets; uncertainties relating to the availability and costs of financing needed in the future; the inherent uncertainty of cost estimates; the potential for unexpected costs and expenses, currency fluctuations; regulatory restrictions; and liability, competition, loss of key employees and other related risks and uncertainties disclosed under the heading “Risk Factors” in the Company’s most recent filings filed with securities regulators in Canada on the SEDAR website at www.sedar.com. The Company undertakes no obligation to update forward-looking information except as required by applicable law. Such forward-looking information represents managements’ best judgment based on information currently available. No forward-looking statement can be guaranteed and actual future results may vary materially. Accordingly, readers are advised not to place undue reliance on forward-looking statements or information.
