See “Plan of Distribution”.

The Company filed a prospectus supplement dated October 26, 2023 to its Base Shelf Prospectus with the securities commission or similar regulatory authority in each of the provinces of British Columbia, Saskatchewan and Ontario, and in connection therewith a prospectus supplement dated October 26, 2023 to its registration statement on Form F-10 with the SEC relating to the offering (the “**Unit Offering**”) by the Company to the public in the United States of 6,400,000 units (“**Units**”), with each Unit consisting of (i) one common share of the Company (a “**Unit Share**”) and one Warrant at a price of \$0.55 per Unit, or (ii) one Pre-Funded Warrant (for purchasers of Units that would otherwise result in the purchaser’s beneficial ownership exceeding 4.99% of our outstanding common shares of the Company (a “**Common Shares**”) immediately following the consummation of the Unit Offering) and one Warrant at a price of \$0.5499 per Unit. A holder of Pre-Funded Warrants will not have the right to exercise any portion of its Pre-Funded

Warrants if the holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the election of the holder, such limit may be increased to up to 9.99%) of the number of Common Shares outstanding immediately after giving effect to such exercise. Each Pre-Funded Warrant will be exercisable for one Common Share. The purchase price of each Unit including a Pre-Funded Warrant will be equal to the price per Unit including one Unit Share, minus \$0.0001, and the remaining exercise price of each Pre-Funded Warrant will equal \$0.0001 per Common Share. The Pre-Funded Warrants will be immediately exercisable (subject to the beneficial ownership cap) and may be exercised at any time until all of the Pre-Funded Warrants are exercised in full. For each Unit including a Pre-Funded Warrant we sell (without regard to any limitation on exercise set forth therein), the number of Units including a Unit Share we are offering will be decreased on a one-for-one basis. The Unit Shares and Pre-Funded Warrants, if any, can each be purchased in this offering only with the accompanying Warrant as part of a Unit, but the components of the Units will immediately separate upon issuance.

Each whole Warrant will entitle the holder thereof to purchase one Warrant Share at an exercise price of \$0.6123 per Warrant Share (the “**Warrant Exercise Price**”) until 5:00 p.m. (Toronto time) on the date (the “**Expiry Date**”) that is sixty (60) months from the closing of the Unit Offering.

Each Pre-Funded Warrant will entitle the holder thereof to purchase one Pre-Funded Warrant Share at an exercise price of \$0.0001 per Pre-Funded Warrant Share. The Pre-Funded Warrants will be immediately exercisable and may be exercised at any time until all of the Pre-Funded Warrants are exercised in full.

Each Underwriter Warrant will entitle the holder thereof to purchase an Underwriter Share at an exercise price of \$0.6875 per Underwriter Share (the “**Underwriter Warrant Exercise Price**”) at any time until 5:00 p.m. (Toronto time) on the on the date (the “**Underwriter Warrant Expiry Date**”) that is three (3) years from the closing of the Unit Offering.

The exercise price of the Pre-Funded Warrants and Warrants was determined by negotiation between the Company and Maxim Group LLC (“**Maxim**”), who is acting as exclusive underwriter and bookrunner for the Unit Offering (the “**Underwriter**”).

This Prospectus Supplement is filed pursuant to (i) the Base Shelf Prospectus filed in the provinces of British Columbia, Saskatchewan and Ontario, and (ii) a base shelf prospectus filed as part of the Company’s registration statement on Form F-10 (File No. 333-271498) (as amended, the “**U.S. Registration Statement**”) filed with and declared effective by the SEC under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”).

DESCRIPTION OF THE BUSINESS

The Company is a manufacturer, contract engineering, and product development company within the unmanned aerial vehicle (UAV) and health space, serving the public safety, agriculture, industrial inspections, monitoring, spraying, and mapping and surveying markets. The Company provides sustainable, custom and “off-the-shelf” hardware, services, and solutions to companies and government agencies. The Company’s mission is to deliver products that provide vital information to its customers with the hopes of saving time, money and lives.

Products and Services

The Company can provide its customers with an entire suite of products and services that include: quadcopters, fixed wing aircrafts, ground based robots, handheld controllers, flight training, and software used for tracking, live streaming, and data collection. In addition, Draganfly has launched a health/telehealth platform. The initial focus of the platform is a COVID-19 screening set of technologies that remotely detects a number of key COVID-19 respiratory symptoms. The Company is also offering sanitary spraying services to indoor and outdoor public gathering spaces such as sport stadiums and fields to provide additional protection against the spread of contagious viruses such as COVID-19.

Recent Developments

On September 22, 2023, the Company was notified by the Nasdaq that the closing price of the Common Shares for the 30 consecutive business day period from August 10, 2023 to September 21, 2023 did not meet the Minimum Bid Price Requirement. The Nasdaq Minimum Bid Price notice had no immediate effect on the listing of the Common Shares at that time, and the Common Shares continue to trade on the Nasdaq under the symbol “DPRO”. Pursuant to Nasdaq Listing Rule 5810(c)(3)(A), the Company was given 180 calendar days (or until March 20, 2024) to regain compliance with the Minimum Bid Price Requirement, unless Nasdaq were to grant the Company, upon request, an additional 180 calendar day extension to meet such requirements. To regain compliance, the Common Shares must have a closing bid price of US\$1.00 for a minimum of ten (10) consecutive business days, which may be accomplished by implementing a reverse share split. If the Company does not regain compliance with the Minimum Bid Price Requirement (including through the implementation of a reverse share split) by March 20, 2024, the Common Shares may be subject to delisting.

CONSOLIDATED CAPITALIZATION

Since June 30, 2023, the end of the most recent financial period of the Company for which financial statements have been filed, there have been no material changes in the loan capital of the Company and no material changes in the share capital of the Company on a consolidated basis other than as outlined under “Prior Sales.” For information on the exercise of stock options pursuant to the share compensation plan of the Company and other outstanding convertible securities, see the section titled “Prior Sales.” As a result of the Offering, the shareholder’s equity of the

Company will increase by the amount of the net proceeds of the Offering and the number of issued and outstanding Common Shares will increase by the number of Unit Shares actually distributed under the Offering.

USE OF PROCEEDS

We will receive all proceeds of the full issue price of (i) \$0.0001 per Pre-Funded Warrant Share; (ii) \$0.6123 per Warrant Share and (iii) \$0.6875 per Underwriter Warrant upon issuance of the Pre-Funded Warrant Shares, Warrant Shares and Underwriter Warrants upon any exercise for cash of the Pre-Funded Warrants, the Warrants and the Underwriter Warrants, as applicable, from time to time.

Assuming that (i) all of the Pre-Funded Warrants are exercised for cash and (ii) all of the Warrants are exercised prior to 5:00 p.m. (Toronto time) on the Expiry Date for cash, the proceeds to the Company will be \$3,918,880. There is no assurance as to how many the Pre-Funded Warrants, the Warrants and the Underwriter Warrants will be exercised, if any. Accordingly, there is no assurance as to how many Shares will be issued pursuant to this Prospectus Supplement, if any, or the proceeds of such Offering.

The Company intends to use the net proceeds from the Offering, together with existing cash, for general corporate purposes, including to fund its capabilities to meet demand for its new products including growth initiatives and/or for working capital requirements including the continuing development and marketing of the Company's core products, potential acquisitions and research and development.

Until applied, the net proceeds will be held as cash balances in the Company's bank account or invested in certificates of deposit and other instruments issued by banks or obligations of or guaranteed by a government authority.

The Company had operating losses and negative operating cash flow for the fiscal year ended December 31, 2022. To the extent that the Company has negative operating cash flows in future periods, it may need to deploy a portion of the net proceeds from the Offering and/or its existing working capital to fund such negative cash flow. While the Company intends to utilize the net proceeds from Offering as set forth in this Prospectus Supplement, there may be circumstances where for sound business reasons a reallocation of funds may be necessary. Management will have significant discretion and flexibility in applying the net proceeds from the Offering. See "Risk Factors" in this Prospectus Supplement.

Business Objectives and Milestones

The primary business objectives for the Company over the next 12 months are:

- (a) Perform R&D for the company's continued evolution of products and services offering;
- (b) Hire sales/marketing people to promote our product lines, new and existing drone as a service work, and engineering services work;
- (c) Diversify and expand business lines organically and by potential acquisitions;
- (d) Update/capex machinery used for manufacturing and production along with a potential expansion of leased space; and
- (e) Strengthen balance sheet by providing a strong working capital position.

Significant events that need to occur for the business objectives to be accomplished:

- (a) Successfully find and hire the appropriate engineering staff that can perform very innovative and challenging work specific to the drone industry;
- (b) Successfully use the capital to enhance and create new product offerings;

- (c) Successfully source sales and marketing personnel who will grow and generate increased revenues within the next 6 to 12 months along with marketing initiatives; and
- (d) Further, the Company has a number of innovative ideas for new products that it would like to develop and increase its current product offering to various niche and mainstream industries. Finally, the Company has considered offering various other non-engineering services and it may make more sense to buy an existing industry player than to build out this offering. This isn't something the Company has to do but it will be opportunistic to learn about potential opportunities in the existing fiscal year and the near future.

The Shares being distributed pursuant to this Offering may be issued from time to time upon the exercise of the Warrants and Pre-Funded Warrants (and Underwriter Warrants) issued pursuant to the Unit Offering, the terms of which securities are described below.

Warrants

The following summary of certain terms and provisions of the Warrants to be issued as part of the Unit Offering is not complete and is subject to, and qualified in its entirety by, the provisions of the Warrants, the form of which has been or will be filed on Form 6-K with the SEC at www.sec.gov and incorporated by reference into the U.S. Registration Statement, of which this Prospectus Supplement forms a part. Prospective investors should carefully review the terms and provisions of the form of Warrants for a complete description of the terms and conditions of the Warrants.

Each Warrant included in the Units will have an initial exercise price equal to US\$0.6123 per Warrant Share. The Warrants will be immediately exercisable and will expire on the five (5) year anniversary of the original issuance date. The exercise price and number of Warrant Shares issuable upon exercise is subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting the Common Shares and the exercise price. Cashless Exercise

If, at the time a holder exercises its Warrants, a registration statement registering the issuance of the Warrant Shares underlying the Warrants under the U.S. Securities Act is not then effective or available for the issuance of such Warrant Shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in

payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of Warrant Shares determined according to a formula set forth in the Warrants.

Exercisability

The Warrants will be exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of Warrant Shares purchased upon such exercise (except in the case of a cashless exercise as discussed below). Purchasers of Warrants in the Unit Offering may also elect prior to the issuance of the Warrants to have the initial exercise limitation set at 9.99% of our outstanding Common Shares.

Fractional Shares

No fractional Warrant Shares will be issued upon the exercise of the Warrants. Rather, the number of Warrant Shares to be issued will be rounded up, to the nearest whole number, or the Company shall pay a cash adjustment in respect of the fractional share.

Cashless Exercise

If, at the time a holder exercises its Pre-Funded Warrants, a registration statement registering the issuance of the Common Shares underlying the Pre-Funded Warrants under the U.S. Securities Act is not then effective or available for the issuance of such Common Shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of Common Shares determined according to a formula set forth in the Pre-Funded Warrants.

Transferability

Subject to applicable laws, a Pre-Funded Warrant may be transferred at the option of the holder upon surrender of the Pre-Funded Warrant to us together with the appropriate instruments of transfer.

Liquidated Damages

If we fail for any reason to deliver Common Shares upon the valid exercise of the Pre-Funded Warrants, subject to our receipt of a valid exercise notice and the aggregate exercise price, by the time period set forth in the Pre-Funded Warrants, we are required to pay the applicable holder, in cash, as liquidated damages as set forth in the Pre-Funded Warrants. RISK FACTORS

An investment in the Company’s securities involves risk. Before you invest in the Units, you should carefully consider the risks contained in or incorporated by reference into this Prospectus Supplement and the Base Shelf Prospectus, including the risks described below and in the AIF and Annual MD&A, which are incorporated by reference into this Prospectus Supplement and the Base Shelf Prospectus. The discussion of risks related to the business of the Company contained in or incorporated by reference into this Prospectus Supplement and the Base Shelf Prospectus comprises material risks of which the Company is aware. If any of the events or developments described actually occurs, the business, financial condition or results of operations of the Company would likely be adversely affected.

Risks Relating to this Offering

Management will have broad discretion as to the use of the proceeds from the Offering and may not use the proceeds effectively.

Management of the Company will have broad discretion in the application of the net proceeds from the Offering and could spend the proceeds in ways that do not improve the results of operations of the Company or enhance the value of the Common Shares. Failure to apply these funds effectively could have a material adverse effect on the business of the Company, delay the development of its product candidates, and cause the price of the Common Shares to decline.

The market price of the Common Shares has been and is likely to continue to be volatile and an investment in Common Shares may suffer a decline in value.

You should consider an investment in Units as risky and invest only if you can withstand a significant loss and wide fluctuations in the market value of your investment. The Company receives only limited attention by securities analysts and frequently experiences an imbalance between supply and demand for Common Shares. The market price of the Common Shares has been highly volatile and is likely to continue to be volatile. This leads to a heightened risk of securities litigation pertaining to such volatility. Factors such as the financial position of the Company; the ability to

raise additional capital; general market conditions; published reports by securities analysts; and shareholder interest in the Common Shares all contribute to the volatility of the market price of the Common Shares.

Future sales of Common Shares by the Company or by its existing shareholders could cause the market price of the Common Shares to fall.

The issuance of Common Shares by the Company could result in significant dilution in the equity interest of existing shareholders and adversely affect the market price of the Common Shares. Sales by existing shareholders of a large number of Common Shares in the public market and the issuance of shares issued in connection with strategic alliances, or the perception that such additional sales could occur, could cause the market price of the Common Shares to decline and have an undesirable impact on the Company's ability to raise capital. With any additional sale or issuance of Common Shares, investors will suffer dilution to their voting power and the Company may experience dilution in its earnings per Common Share.

Subsequent offerings may result in dilution to investors.

The Company may raise funds in the future through the sale of additional securities of the Company. Any such issuances may dilute the interests of holders of Common Shares and may have a negative impact on the market price of the Common Shares, including the Unit Shares and Warrant Shares offered hereunder. Convertible securities have been issued and may be issued in the future by the Company at a lower price than the current market value of the Common Shares, consequently, purchasers who purchase Units may incur substantial dilution in the near future.

There is no assurance of a sufficient liquid trading market for the Common Shares in the future.

Shareholders of the Company may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all. There can be no assurance that there will be sufficient liquidity of the Common Shares on the trading market, and that the Company will continue to meet the listing requirements of the CSE or Nasdaq or achieve listing on any other public listing exchange.

No dividends have been paid on the Common Shares and the Company does not intend to pay dividends in the foreseeable future although it may ultimately do so in the appropriate circumstances.

The Company has paid no cash dividends on any of its Common Shares to date and currently intends to retain its future earnings, if any, to fund the development growth of its businesses. In addition, the terms of any future debt or credit facility may preclude the Company from paying any dividends unless certain consents are obtained and certain conditions are met.

Failure to meet the continuing listing requirements of the Nasdaq could result in a de-listing of the Company's securities.

If the Company fails to satisfy the continuing listing requirements of the Nasdaq, such as the corporate governance requirements, stockholders' equity requirement or minimum closing bid price requirements, the Nasdaq may take steps to delist the Common Shares. Such a delisting would likely have a negative effect on the price of the Common Shares and would impair your ability to sell or purchase the Common Shares when you wish to do so. In the event of a delisting, the Company would likely take actions, if available, to restore its compliance with Nasdaq's listing requirements, but the Company can provide no assurance that any such action taken by it would allow the Common Shares to become listed again, stabilize the market price or improve the liquidity of the Company's securities, prevent its Common Shares from dropping below the Nasdaq minimum bid price requirement or prevent future non-compliance with Nasdaq's listing requirements.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

Subject to the limitations and qualifications stated herein, this discussion sets forth material U.S. federal income tax considerations relating to the acquisition, ownership and disposition by U.S. Holders (as hereinafter defined) of the

Warrant Shares received upon exercise of the Warrants and Pre-Funded Warrant Shares received upon exercise of the Pre-funded Warrants.

The discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, and the Canada-United States Income Tax Convention (1980) as amended (the “Treaty”) all as currently in effect and all subject to change at any time, possibly with retroactive effect. This summary applies only to U.S. Holders. This discussion of a U.S. Holder’s tax consequences addresses only those persons that acquire Warrant Shares in this Offering and that hold those Warrant Shares or Pre-Funded Warrant Shares as capital assets (generally, property held for investment). In addition, it does not describe all of the tax consequences that may be relevant in light of a U.S. Holder’s particular circumstances, including state and local tax consequences, estate and gift tax consequences, alternative minimum tax consequences, and tax consequences applicable to U.S. Holders subject to special rules, such as:

- banks, insurance companies, and certain other financial institutions;
- U.S. expatriates and certain former citizens or long-term residents of the United States; dealers or traders in securities who use a mark-to-market method of tax accounting;
- persons holding Warrant Shares or Pre-Funded Warrant Shares as part of a hedging transaction, “straddle,” wash sale, conversion transaction or integrated transaction or persons entering into a constructive sale with respect to Warrant Shares or Pre-Funded Warrant Shares;
- persons whose “functional currency” for U.S. federal income tax purposes is not the U.S. dollar;
- brokers, dealers or traders in securities, commodities or currencies;
- tax-exempt entities or government organizations;
- partnerships or other entities or arrangements classified as partnerships for U.S. federal income tax purposes;
- regulated investment companies or real estate investment trusts;
- persons who acquired the Warrant Shares or Pre-Funded Warrant Shares pursuant to the exercise of any employee stock option or otherwise as compensation;
- persons holding the Warrant Shares or Pre-Funded Warrant Shares in connection with a trade or business, permanent establishment, or fixed base outside the United States; and
- persons who own (directly or through attribution) 10% or more (by vote or value) of the outstanding Warrant Shares and Pre-Funded Warrant Shares.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds Warrant Shares or Pre-Funded Warrant Shares, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partnerships holding Warrant Shares or Pre-Funded Warrant Shares and partners in such partnerships are encouraged to consult their tax advisers as to the particular U.S. federal income tax consequences of holding and disposing of Warrant Shares or Pre-Funded Warrant Shares.

A “U.S. Holder” is a holder who, for U.S. federal income tax purposes, is a beneficial owner of Warrant Shares or Pre-Funded Warrant Shares and is:

- an individual who is a citizen or individual resident of United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source;

• a trust if (1) a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have authority to control all substantial decisions of the trust or (2) the trust has a valid election in effect to be treated as a U.S. person under applicable U.S. Treasury Regulations.

PERSONS CONSIDERING AN INVESTMENT IN WARRANT SHARES OR PRE-FUNDED WARRANT SHARES SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES APPLICABLE TO THEM RELATING TO THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE WARRANT SHARES, INCLUDING THE APPLICABILITY OF U.S. FEDERAL, STATE AND LOCAL TAX LAWS.

Treatment of Pre-funded Warrants

As discussed in the prospectus supplement for the Unit Offering, although it is not entirely free from doubt, we believe a Pre-funded Warrant should be treated as a separate class of common shares for U.S. federal income tax purposes and a U.S. Holder of Pre-funded Warrants should generally be taxed in the same manner as a holder of other classes of common shares, including Pre-Funded Warrant Shares and Warrant Shares, except as described below. However, such characterization is not binding on the IRS, and the IRS may treat the Pre-funded Warrant as warrants to acquire common shares. If so, the amount and character of a U.S. Holder's gain with respect to an investment in Pre-funded Warrant could change, and a U.S. Holder would not have been entitled to make the "QEF Election" or "Mark-to-Market Election" described in the prospectus supplement for the Unit Offering to mitigate PFIC consequences in the event that we are classified as a PFIC effective upon acquisition of the Pre-funded Warrant and such Pre-funded Warrants and any Pre-Funded Warrant Shares acquired upon the exercise thereof would then be treated for U.S. federal income tax purposes in the same manner as Warrants and Warrant Shares, respectively. The balance of this discussion generally assumes that the characterization described above is respected for U.S. federal income tax purposes. Each U.S. Holder should consult its own tax advisor regarding the risks associated with the acquisition of a Pre-Funded Warrant Shares received upon exercise of Pre-funded Warrants. For further discussion of the treatment of Pre-funded Warrants, see the prospectus supplement for the Unit Offering.

Passive Foreign Investment Company Rules

If the Company is classified as a passive foreign investment company (a "PFIC") in any taxable year, a U.S. Holder will be subject to special rules generally intended to reduce or eliminate any benefits from the deferral of U.S. federal income tax that a U.S. Holder could derive from investing in a non-U.S. company that does not distribute all of its earnings on a current basis.

A non-U.S. corporation will be classified as a PFIC for any taxable year in which, after applying certain look-through rules, either:

- at least 75% of its gross income is passive income (which generally includes dividends, interest, rents or royalties (other than certain rents or royalties earned in the conduct of an active business) and investment gain); or
- at least 50% of its gross assets (determined on the basis of a quarterly average) is attributable to assets that produce passive income or are held for the production of passive income.

The Company will be treated as owning its proportionate share of the assets and earning its proportionate share of the income of any other corporation, the equity of which it owns, directly or indirectly, 25% or more (by value).

Based on the composition of the Company's income and the value of its assets, the Company believes that it was not a PFIC for United States federal income tax purposes for the 2022 taxable year, and, further, the determination of the Company's status as a PFIC for the 2023 tax year cannot be made at this time. A separate determination must be made after the close of each taxable year as to whether the Company is a PFIC for that year, and as a result, its PFIC status may change from year to year. The total value of the Company's assets for purposes of the asset test generally will be calculated using the market price of the Warrant Shares or Pre-funder Warrant Shares, which may fluctuate considerably. Fluctuations in the market price of the Warrant Shares or Pre-Funded Warrant Shares may result in the Company's being a PFIC for any taxable year. Because of the uncertainties involved in establishing the Company's PFIC status, there can be no assurance regarding if the Company currently is treated as a PFIC, or may be treated as a PFIC in the future.

If the Company is classified as a PFIC in any year with respect to which a U.S. Holder owns the Warrant Shares or Pre-Funded Warrant Shares, the Company will continue to be treated as a PFIC with respect to such U.S. Holder in all succeeding years during which the U.S. Holder owns the Warrant Shares or Pre-Funded Warrant Shares, regardless of whether the Company continues to meet the tests described above unless the Company ceases to be a PFIC and either (x) the U.S. Holder has made a "deemed sale" election under the PFIC rules or (y) for the period immediately preceding the Company's ceasing to be a PFIC the Warrant Shares or Pre-Funded Warrant Shares were subject to a mark-to-market election. If the "deemed sale" election is made, a U.S. Holder will be deemed to have sold the Warrant

Shares or Pre-Funded Warrant Shares the U.S. Holder holds at their fair market value and any gain from such deemed sale would be subject to the rules described below. After the deemed sale election, so long as the Company does not become a PFIC in a subsequent taxable year, the U.S. Holder's Warrant Shares or Pre-Funded Warrant Shares with respect to which such election was made will not be treated as shares in a PFIC and the U.S. Holder will not be subject to the rules described below with respect to any "excess distribution" the U.S. Holder receives from the Company or any gain from an actual sale or other disposition of the Warrant Shares or Pre-Funded Warrant Shares. U.S. Holders should consult their tax advisors as to the possibility and consequences of making a deemed sale election if the Company ceases to be a PFIC and such election becomes available..

For each taxable year the Company is treated as a PFIC with respect to U.S. Holders, U.S. Holders will be subject to special tax rules with respect to any "excess distribution" such U.S. Holder receives and any gain such U.S. Holder recognizes from a sale or other disposition (including, under certain circumstances, a pledge) of Warrant Shares or Pre-Funded Warrant Shares, unless (i) such U.S. Holder makes a qualified electing fund election (a "QEF Election") or (ii) the Warrant Shares or Pre-Funded Warrant Shares constitute "marketable" securities, and such U.S. Holder makes a mark-to-market election as discussed below. Absent the making of a QEF Election or a mark-to-market election, distributions a U.S. Holder receives in a taxable year that are greater than 125% of the average annual distributions a U.S. Holder received during the shorter of the three preceding taxable years or the U.S. Holder's holding period for the Warrant Shares or Pre-Funded Warrant Shares will be treated as an excess distribution. Under these special tax rules:

- the excess distribution or gain will be allocated ratably over a U.S. Holder's holding period for the Warrant Shares or Pre-Funded Warrant Shares;
- the amount allocated to the current taxable year, and any taxable year prior to the first taxable year in which the Company became a PFIC, will be treated as ordinary income; and
- the amount allocated to each other year will be subject to the highest tax rate in effect for that year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

The tax liability for amounts allocated to years prior to the year of disposition or "excess distribution" cannot be offset by any net operating losses for such years, and gains (but not losses) realized on the sale of the Warrant Shares or Pre-Funded Warrant Shares cannot be treated as capital, even if a U.S. Holder holds the Warrant Shares or Pre-Funded Warrant Shares as capital assets.

In addition, if the Company is a PFIC, a U.S. Holder will generally be subject to similar rules with respect to distributions the Company receives from, and the Company's dispositions of the stock of, any of the Company's direct or indirect subsidiaries that also are PFICs, as if such distributions were indirectly received by, and/or dispositions were indirectly carried out by, such U.S. Holder. U.S. Holders should consult their tax advisors regarding the application of the PFIC rules to the Company's subsidiaries.

QEF Election

If a U.S. Holder makes an effective QEF Election, the U.S. Holder will be required to include in gross income each year, whether or not the Company makes distributions, as capital gains, such U.S. Holder's pro rata share of the Company's net capital gains and, as ordinary income, such U.S. Holder's pro rata share of the Company's earnings in excess of the Company's net capital gains. U.S. Holders should be aware that there can be no assurance that the Company will satisfy the record keeping requirements that apply to a QEF, or that the Company will supply U.S. Holders with information that such U.S. Holders require to report under the QEF election rules, in the event that the Company is a PFIC and a U.S. Holder wishes to make a QEF election.

QEF Election – Warrant Shares

If a U.S. Holder that exercises Warrants properly makes a QEF Election with respect to the newly acquired Warrant Shares, the QEF Election will apply to the newly acquired Warrant Shares. Notwithstanding the foregoing, the adverse tax consequences relating to PFIC status, adjusted to take into account the current income inclusions resulting from the QEF Election, will continue to apply with respect to such newly acquired Warrant Shares (which generally will

be deemed to have a holding period for purposes of the PFIC rules that includes the period the U.S. Holder held the Warrants) for the pre-QEF Election period, unless the U.S. Holder makes a purging election under the PFIC rules. Under one type of purging election, the U.S. Holder will be deemed to have sold its Warrant Shares at their fair market value and any gain recognized on such deemed sale will be treated as an excess distribution, as described above. As a result of this election, the U.S. Holder will have additional basis (to the extent of any gain recognized on the deemed sale) and, solely for purposes of the PFIC rules, a new holding period in the Warrant Shares acquired upon the exercise of the Warrants.

U.S. Holders of Warrants are urged to consult their own tax advisor regarding the manner and consequences of making a QEF election.

QEF Election – Pre-Funded Warrant Shares

As discussed in “Treatment of Pre-funded Warrants” above, this discussion assumes that a Pre-funded Warrant should be treated as a separate class of common shares for U.S. federal income tax purposes and a U.S. Holder of Pre-funded Warrants should generally be taxed in the same manner as a holder of other classes of common shares, including Pre-Funded Warrant Shares and Warrant Shares.

If a U.S. Holder that previously held Pre-funded Warrants previously made a QEF Election with respect to those Pre-funded Warrants, a U.S. Holder would be subject to the QEF rules described above with respect to such Pre-funded Warrants; however, in such instance, upon the exercise of a Pre-funded Warrant, a U.S. Holder may be required to make a new QEF Election with respect to the Pre-Funded Warrant Shares received.

If a U.S. Holder that did not previously make a QEF Election with respect to its Pre-funded Warrants thereafter exercises Pre-funded Warrants and properly makes a QEF Election with respect to the newly acquired Pre-Funded Warrant Shares, such QEF Election will apply to the newly acquired Pre-Funded Warrant Shares as of the date of such election.

Because the U.S. federal income tax characterization of the Pre-funded Warrants is unclear, U.S. Holders of Pre-Funded Warrant Shares are urged to consult their own tax advisor as to the availability and advisability of a QEF Election.

Mark-to-Market Election

As discussed in “Treatment of Pre-funded Warrants” above, this discussion assumes that a Pre-funded Warrant should be treated as a separate class of common shares for U.S. federal income tax purposes and a U.S. Holder of Pre-funded Warrants should generally be taxed in the same manner as a holder of other classes of common shares, including Pre-Funded Warrant Shares and Warrant Shares. However, as discussed in the prospectus supplement for the Unit Offering, a Mark-to-Market Election will likely not be available with respect to the Pre-funded Warrants. If a U.S. Holder that previously held Pre-funded Warrants previously properly made a valid mark-to-market election with respect to such Pre-funded Warrants, a U.S. Holder would be subject to the mark-to-market rules described below with respect to such Pre-funded Warrants; however, in such instance, upon the exercise of a Pre-funded Warrant, a U.S. Holder may be required to make a new mark-to-market election with respect to the Pre-Funded Warrant Shares received. The balance of this discussion as it relates to Pre-Funded Warrant Shares generally assumes that a Mark-to-Market Election was not previously made with respect the corresponding Pre-funded Warrant.

U.S. Holders also can avoid the interest charge on excess distributions or gain relating to the Warrant Shares or Pre-Funded Warrant Shares by making a mark-to-market election with respect to the Warrant Shares or Pre-Funded Warrant Shares, provided that the Warrant Shares or Pre-Funded Warrant Shares are “marketable.” Warrant Shares or Pre-Funded Warrant Shares will be marketable if they are “regularly traded” on certain U.S. stock exchanges or on a foreign stock exchange that meets certain conditions. For these purposes, the Warrant Shares or Pre-Funded Warrant Shares will be considered regularly traded during any calendar year during which they are traded, other than in de minimis quantities, on at least 15 days during each calendar quarter. Any trades that have as their principal purpose meeting this requirement will be disregarded. Each U.S. Holder should consult its tax advisor as to the whether a mark-to-market election is available or advisable with respect to the Warrant Shares or Pre-Funded Warrant Shares.

A U.S. Holder that makes a mark-to-market election must include in ordinary income for each year an amount equal to the excess, if any, of the fair market value of the Warrant Shares or Pre-Funded Warrant Shares at the close of the taxable year over the U.S. Holder's adjusted tax basis in the Warrant Shares or Pre-Funded Warrant Shares. An electing holder may also claim an ordinary loss deduction for the excess, if any, of the U.S. Holder's adjusted basis in the Warrant Shares or Pre-Funded Warrant Shares over the fair market value of the Warrant Shares or Pre-Funded Warrant Shares, as the case may be, at the close of the taxable year, but this deduction is allowable only to the extent of any net mark-to-market gains for prior years. Gains from an actual sale or other disposition of the Warrant Shares or Pre-Funded Warrant Shares will be treated as ordinary income, and any losses incurred on a sale or other disposition of the shares will be treated as an ordinary loss to the extent of any net mark-to-market gains for prior years. Once made, the election cannot be revoked without the consent of the Internal Revenue Service (the "IRS"), unless the Warrant Shares or Pre-Funded Warrant Shares cease to be marketable.

However, a mark-to-market election generally cannot be made for equity interests in any lower-tier PFICs that the Company owns, unless shares of such lower-tier PFIC are themselves "marketable." As a result, even if a U.S. Holder validly makes a mark-to-market election with respect to the Warrant Shares or Pre-Funded Warrant Shares, the U.S. Holder may continue to be subject to the PFIC rules (described above) with respect to its indirect interest in any of the Company's investments that are treated as an equity interest in a PFIC for U.S. federal income tax purposes.

U.S. HOLDERS SHOULD CONSULT THEIR TAX ADVISORS TO DETERMINE WHETHER ANY OF THESE ELECTIONS WOULD BE AVAILABLE AND IF SO, WHAT THE CONSEQUENCES OF THE ALTERNATIVE TREATMENTS WOULD BE IN THEIR PARTICULAR CIRCUMSTANCES.

Each U.S. shareholder of a PFIC is required to file a Form 8621, Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund containing such information as the United States Treasury Department (the "U.S. Treasury") may require. U.S. Holders should consult their tax advisors regarding the requirements of filing such information returns under these rules.

THE CORPORATION STRONGLY URGES YOU TO CONSULT YOUR TAX ADVISOR REGARDING THE IMPACT OF THE CORPORATION'S PFIC STATUS ON YOUR INVESTMENT IN THE WARRANT SHARES OR PRE-FUNDED WARRANT SHARES AS WELL AS THE APPLICATION OF THE PFIC RULES TO YOUR INVESTMENT IN THE WARRANT SHARES OR PRE-FUNDED WARRANT SHARES.

Cash Dividends and Other Distributions

Subject to the discussion under "Passive Foreign Investment Company Rules" above, to the extent there are any distributions made with respect to the Warrant Shares or Pre-Funded Warrant Shares, a U.S. Holder generally will be required to include in its gross income distributions received with respect to its Warrant Shares or Pre-Funded Warrant Shares (including the amount of Canadian taxes withheld, if any) as dividend income, but only to the extent that the distribution is paid out of the Company's current or accumulated earnings and profits (computed using U.S. federal income tax principles), with the excess treated first as a non-taxable return of capital to the extent of the holder's adjusted tax basis in its Warrant Shares or Pre-Funded Warrant Shares and, thereafter, as capital gain recognized on a sale or exchange on the day actually or constructively received by the holder (as described below under "Sale or Disposition of Warrant Shares or Pre-Funded Warrant Shares"). There can be no assurance that the Company will maintain calculations of the Company's earnings and profits in accordance with U.S. federal income tax accounting principles. U.S. Holders should therefore assume that any distribution with respect to the Warrant Shares or Pre-Funded Warrant Shares will constitute ordinary dividend income. Dividends paid on the Warrant Shares or Pre-Funded Warrant Shares will not be eligible for the dividends received deduction allowed to U.S. corporations.

Subject to applicable limitations and provided we are eligible for the benefits of the Treaty, or the Warrant Shares or Pre-Funded Warrant Shares are readily tradable on a United States securities market, dividends paid by the Company to non-corporate U.S. Holders, including individuals, generally will be eligible for the preferential tax rates applicable to long-term capital gains for dividends, provided certain holding period and other conditions are satisfied, including that the Company is not be classified as a PFIC in the tax year of distribution or in the preceding tax year. The dividend rules are complex, and each U.S. Holder should consult its own tax advisor regarding the application of such rules.

Dividends paid to a non-corporate U.S. Holder by a “qualified foreign corporation” may be subject to reduced rates of taxation if certain holding period and other requirements are met. A qualified foreign corporation generally includes a foreign corporation if (i) its Warrant Shares or Pre-Funded Warrant Shares are readily tradable on an established securities market in the United States or it is eligible for benefits under a comprehensive U.S. income tax treaty that includes an exchange of information program and which the U.S. Treasury has determined is satisfactory for these purposes and (ii) if such foreign corporation is not a PFIC (as discussed above) for either the taxable year in which the dividend is paid or the preceding taxable year. The Warrant Shares and Pre-Funded Warrant Shares are readily tradable on the Nasdaq, an established securities market in the United States, and the Company may be eligible for the benefits of the Treaty. Accordingly, subject to the PFIC rules discussed above, a non-corporate U.S. Holder may qualify for the reduced rate on dividends so long as the applicable holding period requirements are met. U.S. Holders should consult their own tax advisors regarding the availability of the reduced tax rate on dividends in light of their particular circumstances.

Distributions paid in a currency other than U.S. dollars will be included in a U.S. Holder’s gross income in a U.S. dollar amount based on the spot exchange rate in effect on the date of actual or constructive receipt, whether or not the payment is converted into U.S. dollars at that time. The U.S. Holder will have a tax basis in such currency equal to such U.S. dollar amount, and any gain or loss recognized upon a subsequent sale or conversion of the foreign currency for a different U.S. dollar amount will generally be U.S. source ordinary income or loss. If the dividend is converted into U.S. dollars on the date of receipt, a U.S. Holder generally should generally not be required to recognize foreign currency gain or loss in respect of the dividend income.

If a U.S. Holder is subject to Canadian withholding taxes (at the rate applicable to such U.S. Holder) with respect to dividends paid on the Warrant Shares or Pre-Funded Warrant Shares, such U.S. Holder may be entitled to receive either a deduction or a foreign tax credit for such Canadian taxes paid. Complex limitations apply to the foreign tax credit. Dividends paid by the Company generally will constitute “foreign source” income and generally will be categorized as “passive category income.” Because the foreign tax credit rules are complex, each U.S. Holder should consult its own tax advisor regarding the foreign tax credit rules.

Sale or Disposition of Warrant Shares or Pre-Funded Warrant Shares

A U.S. Holder generally will recognize gain or loss on the taxable sale or exchange of the Warrant Shares or Pre-Funded Warrant Shares in an amount equal to the difference between the U.S. dollar amount realized on such sale or exchange (determined in the case of the Warrant Shares or Pre-Funded Warrant Shares sold or exchanged for currencies other than U.S. dollars by reference to the spot exchange rate in effect on the date of the sale or exchange or, if the Warrant Shares or Pre-Funded Warrant Shares sold or exchanged are traded on an established securities market and the U.S. Holder is a cash basis taxpayer or an electing accrual basis taxpayer, which election must be applied consistently from year to year and cannot be changed without the consent of the IRS, the spot exchange rate in effect on the settlement date) and the U.S. Holder’s adjusted tax basis in the Warrant Shares or Pre-Funded Warrant Shares, as the case may be, determined in U.S. dollars. The initial tax basis of the Warrant Shares or Pre-Funded Warrant Shares to a U.S. Holder will be the U.S. Holder’s U.S. dollar purchase price for the Warrant Shares or Pre-Funded Warrant Shares, as the case may be (determined by reference to the spot exchange rate in effect on the date of the purchase, or if the Warrant Shares or Pre-Funded Warrant Shares purchased are traded on an established securities market and the U.S. Holder is a cash basis taxpayer or an electing accrual basis taxpayer, which election must be applied consistently from year to year and cannot be changed without the consent of the IRS, the spot exchange rate in effect on the settlement date). An accrual basis U.S. Holder that does not make the special election will recognize exchange gain or loss to the extent attributable to the difference between the exchange rates on the sale date and the settlement date, and such exchange gain or loss generally will constitute ordinary income or loss.

Subject to the discussion under “Passive Foreign Investment Company Rules” above, such gain or loss will be capital gain or loss and will be long-term gain or loss if the Warrant Shares or Pre-Funded Warrant Shares, as the case may be, have been held for more than one year. Under current law, long-term capital gains of non-corporate U.S. Holders generally are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations. Capital gain or loss, if any, recognized by a U.S. Holder generally will be treated as U.S. source income or loss for U.S. foreign tax credit purposes. U.S. Holders are encouraged to consult their own tax advisors regarding the availability of the U.S. foreign tax credit in their particular circumstances.

Net Investment Income Tax

Certain U.S. Holders that are individuals, estates or certain trusts must pay a 3.8% tax on their “net investment income.” Net investment income generally includes, among other things, dividend income and net gains from the disposition of stock. A U.S. Holder that is an individual, estate or trust should consult its tax advisor regarding the applicability of the net investment income tax to its income and gains in respect of its investment in the Warrant Shares or Pre-Funded Warrant Shares.

Information Reporting and Backup Withholding

Payments of dividends and sales proceeds that are made within the United States or through certain U.S.-related financial intermediaries generally are subject to information reporting, and may be subject to backup withholding, unless (i) the U.S. Holder is a corporation or other exempt recipient or (ii) in the case of backup withholding, the U.S. Holder provides a correct taxpayer identification number and certifies that it is not subject to backup withholding on a duly executed IRS Form W-9 or otherwise establishes an exemption.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder’s U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Certain Reporting Requirements

In addition to the reporting described above that may be required if the Company is a PFIC, U.S. Holders paying more than US\$100,000 for the Warrant Shares or Pre-Funded Warrant Shares generally may be required to file IRS Form 926 reporting the payment of the offer price for the Warrant Shares or Pre-Funded Warrant Shares to the Company. Substantial penalties may be imposed upon a U.S. Holder that fails to comply. Each U.S. Holder should consult its own tax advisor as to the possible obligation to file IRS Form 926.

Certain U.S. Holders who are individuals (and, under regulations, certain entities) may be required to report information relating to the Warrant Shares or Pre-Funded Warrant Shares, subject to certain exceptions (including an exception for Warrant Shares or Pre-Funded Warrant Shares held in accounts maintained by certain U.S. financial institutions), by filing IRS Form 8938 (Statement of Specified Foreign Financial Assets) with their federal income tax return. Such U.S. Holders who fail to timely furnish the required information may be subject to a penalty. Additionally, if a U.S. Holder does not file the required information, the statute of limitations with respect to tax returns of the U.S. Holder to which the information relates may not close until three years after such information is filed. U.S. Holders should consult their tax advisers regarding their reporting obligations with respect to their ownership and disposition of the Warrant Shares or Pre-Funded Warrant Shares.

As of the date hereof, the partners and associates of DLA Piper (Canada) LLP, as a group, and the partners and associates of Cozen O’Connor LLP, as a group, beneficially own, directly or indirectly, less than 1% of the outstanding Common Shares.

Certain legal matters relating to United States law will be passed upon on behalf of the Company by Troutman Pepper Hamilton Sanders LLP and on behalf of the Underwriter by Ellenoff Grossman & Schole LLP.

AUDITOR, TRANSFER AGENT AND REGISTRAR

Our auditors are Dale Matheson Carr-Hilton Labonte LLP, Chartered Professional Accountants, located at 1500-1700, 1140 W Pender Street, Vancouver, BC V6E 4G1. Dale Matheson Carr-Hilton Labonte LLP is independent with respect to the Company within the meaning of the U.S. Securities Act and the applicable rules and regulations adopted by the SEC and the Public Company Accounting Oversight Board (United States) and within the meaning of the rules of professional conduct of the Chartered Professional Accountants of British Columbia.

Our transfer agent and registrar for our Common Shares in Canada and the United States is Endeavour Trust Corporation at its principal offices in Vancouver, British Columbia, and Albany, New York, respectively.

AGENT FOR SERVICE OF PROCESS

Andrew Hill Card Jr., John M. Mitnick and Julie Myers Wood members of the board of directors of the Company, all reside outside of Canada and have appointed DLA Piper (Canada) LLP, Suite 2700, 1133 Melville Street, Vancouver, British Columbia, Canada V6E 4E5, as agent for service of process.

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for service of process.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor. Rights and remedies may also be available to purchasers under U.S. law; purchasers may wish to consult with a U.S. lawyer for particulars of these rights.

ENFORCEABILITY OF CIVIL LIABILITIES

The Company is incorporated under, and governed by, the laws of British Columbia, Canada. Many of its officers and directors and experts named in this Prospectus Supplement and the Base Shelf Prospectus are resident outside of the United States, and a majority of their assets, and the assets of Draganfly, are located outside the United States. As a result, it may be difficult for U.S. investors to effect service of process within the United States upon those directors, officers or experts who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of such directors, officers or experts under U.S. federal securities laws. There is doubt as to whether Canadian courts would enforce the civil liability claims brought under United States federal securities laws in original actions and/or enforce claims for punitive damages. A final judgment for a liquidated sum in favour of a private litigant granted by a United States court and predicated solely upon civil liability under United States federal securities laws would, subject to certain exceptions identified in the law of individual provinces of Canada, likely be enforceable in Canada if the United States court in which the judgment was obtained had a basis for jurisdiction in the matter that would be recognized by the domestic Canadian court for the same purposes. There is a significant risk that a given Canadian court may not have jurisdiction or may decline jurisdiction over a claim based solely upon United States federal securities law on application of the conflict of laws principles of the province in Canada in which the claim is brought.

Draganfly has filed with the SEC, concurrently with the filing of its U.S. Registration Statement on Form F-10 of which this Prospectus Supplement and the Base Shelf Prospectus form a part, an appointment of agent for service of process on Form F-X. Under the Form F-X, Draganfly appointed C T Corporation System as its agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving Draganfly in a U.S. court arising out of or related to or concerning the Offering of Units under the U.S. Registration Statement. However, it may be difficult for United States investors to effect service of process within the United States upon those officers or directors who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon the Company's civil liability and the civil liability of such officers or directors under United States federal securities laws or the securities or "blue sky" laws of any state within the United States.

The Company is permitted under a multijurisdictional disclosure system adopted by the securities regulatory authorities in the United States and Canada to prepare this Prospectus in accordance with the disclosure

Financial statements included or incorporated by reference herein have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board and are subject to Canadian auditing and auditor independence standards and thus may not be comparable to financial statements of United States companies. The Company’s financial statements are subject to audit in accordance with Canadian generally accepted auditing standards and our auditor is subject to both Canadian auditor independence status and the auditor independence standards of the Public Company Accounting Oversight Board (United States) and the United States Securities and Exchange Commission (the “SEC”).

Your ability to enforce civil liabilities under the U.S. federal securities laws may be affected adversely because we are organized under the laws of British Columbia, Canada, some of our officers and directors and some or all of the experts named in this Prospectus are Canadian residents, and some or all of the underwriters, dealers or agents named in any Prospectus Supplement may be residents of a country other than the United States, and a substantial portion of the assets of the Company and these persons are located outside of the United States. You should read the tax discussion in any Prospectus Supplement with respect to a particular offering and consult and rely on your own tax advisors with respect to your own particular circumstances. See “*Certain Canadian and United States Federal Income Tax Considerations*”.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR HAS THE SECURITIES COMMISSION OF ANY STATE OF THE UNITED STATES OR ANY CANADIAN SECURITIES REGULATOR APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

All shelf information permitted under applicable laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus except in cases where an exemption from such delivery has been obtained. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Securities to which the Prospectus Supplement pertains.

The specific terms of any Securities offered will be described in the applicable Prospectus Supplement including, where applicable: (i) in the case of Common Shares, the number of Common Shares offered, the offering price, whether the Common Shares are being offered for cash, and any other terms specific to the Common Shares offered; (ii) in the case of Preferred Shares, the designation of the particular class and, if applicable, series, the number of shares offered, the offering price, the currency, dividend rate, if any, and any other terms specific to the Preferred Shares being offered; (iii) in the case of Warrants, the number of Warrants being offered, the offering price, the designation, number and terms of the other Securities purchasable upon exercise of the Warrants, and any procedures that will result in the adjustment of those numbers, the exercise price, the dates and periods of exercise, whether the Warrants are being offered for cash, and any other terms specific to the Warrants offered; (iv) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the terms, conditions and procedures for the conversion of the Subscription Receipts into other Securities, the designation, number and terms of such other Securities, whether the Subscription Receipts are being offered for cash, and any other terms specific to the Subscription Receipts offered; and (v) in the case of Units, the number of Units being offered, the offering price, the number and terms of the Securities comprising the Units, whether the Units are being offered for cash, and any other terms specific to the Units offered. A Prospectus Supplement relating to a particular offering of Securities may include terms pertaining to the Securities being offered thereunder that are not within the terms and parameters described in this Prospectus. Where required by statute, regulation or policy, and where the Securities are offered in currencies other than Canadian dollars, appropriate disclosure of foreign exchange rates applicable to the Securities will be included in the Prospectus Supplement describing the Securities.

Prospective investors should be aware that the purchase of any Securities may have tax consequences that may not be fully described in this Prospectus or in any Prospectus Supplement, and should carefully review the tax discussion, if any, in the applicable Prospectus Supplement and in any event consult with their own tax advisers before purchasing any of the Securities.

No underwriter or agent has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

The Company may offer and sell the Securities to or through underwriters or dealers purchasing as principals, and may also sell directly to one or more purchasers or through agents or pursuant to applicable statutory exemptions. See “*Plan of Distribution*”. The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent, as the case may be, engaged by the Company in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents in connection with the offering, the method of distribution of the Securities, the initial issue price (in the event that the offering is a fixed price distribution), the proceeds that the Company will, or expects to receive and any other material terms of the plan of distribution.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at non-fixed prices. If offered on a non-fixed price basis, the Securities may be offered at market prices prevailing at the time of sale, at prices determined by reference to the prevailing price of a specified security in a specified market or at prices to be negotiated with purchasers, in which case the compensation payable to an underwriter, dealer or agent in connection with any such sale will be decreased by the amount, if any, by which the aggregate price paid for Securities by the purchasers is less than the gross proceeds paid by the underwriter, dealer or agent to the Company. The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution.

This Prospectus may qualify an “at-the-market distribution”.

In connection with any offering of Securities, other than an “at-the-market distribution” (as defined under applicable Canadian securities legislation), unless otherwise specified in a Prospectus Supplement, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time. A purchaser who acquires Securities forming part of the underwriters’, dealers’ or agents’ over-allocation position acquires those Securities under this Prospectus and the Prospectus Supplement relating to the particular offering of Securities, regardless of whether the over-allocation position is ultimately filled through the exercise of the over-allotment option or secondary market purchases. See “*Plan of Distribution*”. No underwriter or dealer involved in an “at-the-market distribution” under this Prospectus, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

The issued and outstanding Common Shares are listed and posted for trading on the Canadian Securities Exchange (the “CSE”) under the symbol “DPRO”, on the Nasdaq Capital Market (“Nasdaq”) under the symbol “DPRO”, and on the Frankfurt Stock Exchange (the “FSE”) under the symbol “3U8A”.

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will not be listed on any securities exchange. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See “*Risk Factors*”.

An investment in the Securities of the Company is highly speculative and involves a high degree of risk. Readers should carefully review and evaluate the risk factors contained in this Prospectus, the applicable Prospectus

Supplement and in the documents incorporated by reference herein before purchasing any Securities. See “Forward-Looking Information” and “Risk Factors”.

The Company is not making an offer of the Securities in any jurisdiction where such offer is not permitted.

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person that resides outside of Canada, even if the party has appointed an agent for service of process. PLAN OF DISTRIBUTION

The Company may from time to time during the 25-month period that this Prospectus, including any amendments hereto, remains valid, offer for sale and issue up to an aggregate of \$200,000,000 in Securities hereunder.

This Prospectus does not constitute an offering of Securities and there is no certainty that an offering of Securities will complete during the 25-month qualification period of this Prospectus. Pursuant to an underwriting agreement between the Company and Aegis Capital Corp. dated March 29, 2023, the Company agreed to not offer, sell, issue, or otherwise issue Securities or to take any steps related to an offering until July 28, 2023.

The Company may offer and sell the Securities to or through underwriters or dealers purchasing as principals, and may also sell directly to one or more purchasers or through agents or pursuant to applicable statutory exemptions. The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent, as the case may be, engaged by the Company in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents in connection with the offering, the method of distribution of the Securities, the initial issue price, the proceeds that the Company will receive and any other material terms of the plan of distribution. Any initial offering price and discounts, concessions or commissions allowed or re-allowed or paid to dealers may be changed from time to time.

In addition, the Securities may be offered and issued in consideration for the acquisition of other businesses, assets or securities by the Company or one of its subsidiaries. The consideration for any such acquisition may consist of the Securities separately, a combination of Securities or any combination of, among other things, Securities, cash and assumption of liabilities.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing prices or at negotiated prices, including sales in transactions that are deemed to be “at-the-market distributions” as defined in National Instrument 44-102 - *Shelf Distributions* of the Canadian Securities Administrators, including sales made directly on the CSE, Nasdaq, FSE or other existing trading markets for the Common Shares. The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution.

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation from the Company or from other parties, including in the form of underwriters’, dealers’ or agents’ fees, commissions or concessions. Underwriters, dealers and agents that participate in the distribution of the Securities may be deemed to be underwriters for the purposes of applicable Canadian securities legislation and any such compensation received by them from the Company and any profit on the resale of the Securities by them may be deemed to be underwriting commissions.

In connection with any offering of Securities, except as otherwise set out in a Prospectus Supplement relating to a particular offering of Securities and other than in relation to an “at-the-market” distribution, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions intended to fix, stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time.

Underwriters, dealers or agents who participate in the distribution of the Securities may be entitled, under agreements to be entered into with the Company, to indemnification by the Company against certain liabilities, including liabilities under Canadian securities legislation and the U.S. Securities Act, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will be a new issue of Securities with no established trading market. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to

resell such Securities purchased under this Prospectus. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See “*Risk Factors*”.

The applicable Prospectus Supplement may describe certain Canadian federal income tax consequences to an initial investor who is a resident of Canada or a non-resident of Canada of acquiring, owning and disposing of any of the Securities offered thereunder. The Company has incurred net losses since its inception. The Company cannot assure that it can become profitable or avoid net losses in the future or that there will be any earnings or revenues in any future quarterly or other periods. The Company expects that its operating expenses will increase as it grows its business, including expending substantial resources for research, development and marketing. As a result, any decrease or delay in generating revenues could result in material operating losses.

A shareholder’s holding in the Company may be diluted if the Company issues additional Common Shares or other securities in the future.

The Company may issue additional Common Shares or other securities in the future, which may dilute a shareholder’s holding in the Company. The Company’s articles permit the issuance of an unlimited number of Common Shares, and shareholders have no pre-emptive rights in connection with further issuances of any securities. The directors of the Company have the discretion to determine if an issuance of Common Shares or other securities is warranted, the price at which any such securities are issued and the other terms of issue of Common Shares or securities. In addition, the Company may issue additional Common Shares upon the exercise of incentive stock options to acquire Common Shares under its share compensation plan or upon the exercise or conversion of other outstanding convertible securities of the Company, which will result in further dilution to shareholders. In addition, the issuance of Common Shares or other securities in any potential future acquisitions, if any, may also result in further dilution to shareholder interests.

An investment in the Securities is not guaranteed and may result in the loss of an investor's entire investment.

There is no guarantee that any investment in the Securities will earn any positive return in the short term or long term. Any investment in the Securities is highly speculative and involves a high degree of risk and should be undertaken only by investors whose financial resources are sufficient to enable them to assume such risks and who have no need for immediate liquidity in their investment. An investment in the Securities is appropriate only for investors who have the capacity to absorb a loss of some or all of their investment.

We will have broad discretion in the use of the net proceeds from the sale of Securities and may not use them to effectively manage our business.

Management of the Company will have broad discretion with respect to the application of net proceeds received by the Company from the sale of Securities under this Prospectus or a future Prospectus Supplement and may spend such proceeds in ways that do not improve the Company's results of operations or enhance the value of the Common Shares or its other securities issued and outstanding from time to time. Any failure by management to apply these funds effectively could result in financial losses that could have a material adverse effect on the Company's business or cause the price of the issued and outstanding securities of the Company to decline.

The market price of the Common Shares may be highly volatile.

The market price of the Common Shares may be highly volatile and could be subject to wide fluctuations in response to a number of factors that are beyond our control, including but not limited to:

- revenue or results of operations in any quarter failing to meet the expectations, published or otherwise, of the investment community;
- actual or anticipated changes or fluctuations in our results of operations;
- announcements by us or our competitors of new products or new or terminated significant contracts, commercial relationships or capital commitments;
- rumors and market speculation involving us or other companies in our industry;
- changes in our executive management team or the composition of the board of directors of the Company;
- fluctuations in the share prices of other companies in the technology and emerging growth sectors;
- general market conditions and macroeconomic trends driven by factors outside our control, such as the COVID-19 pandemic and/or geopolitical conflicts, including supply chain disruptions, market volatility, inflation, and labor challenges, among other factors;
- actual or anticipated developments in our business or our competitors' businesses or the competitive landscape generally;
- litigation involving us, our industry or both, or investigations by regulators into our operations or those of competitors;
- announced or completed acquisitions of businesses or technologies by us or our competitors;
- new laws or regulations or new interpretations of existing laws or regulations applicable to our business;
- shareholder activism and related publicity;
- foreign exchange rates; and
- other risk factors as set out in this Prospectus and in the documents incorporated by reference into this Prospectus.

If the market price of our Common Shares drops significantly, shareholders could institute securities class action lawsuits against us, regardless of the merits of such claims. Such a lawsuit could cause us to incur substantial costs and could divert the time and attention of our management and other resources from our business. This could harm our business, results of operations and financial condition.

There is no guarantee that an active trading market for our Common Shares will be maintained on the CSE and/or the Nasdaq. Investors may not be able to sell their Common Shares quickly or at the latest market price if the trading in our Common Shares is not active.

There is currently no market through which the Securities, other than the Common Shares, may be sold and, unless otherwise specified in the applicable Prospectus Supplement, none of the Warrants, Subscription Receipts or Units will be listed on any securities or stock exchange or any automated dealer quotation system. As a consequence, purchasers may not be able to resell Warrants, Subscription Receipts or Units purchased under this Prospectus or any Prospectus Supplement. This may affect the pricing of the Securities, other than the Common Shares, in the secondary market, the transparency and availability of trading prices, the liquidity of these securities and the extent of issuer regulation. There can be no assurance that an active trading market for the Securities, other than the Common Shares, will ever develop or, if developed, that any such market, including for the Common Shares, will be sustained.

Our Common Shares are currently listed on the CSE, Nasdaq, and FSE, however, our shareholders may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all and there can be no guarantee that an active trading market for the Common Shares may be maintained. There can be no assurance that there will be sufficient liquidity of our Common Shares on the trading market, and that we will continue to meet the listing requirements of the CSE, the Nasdaq or any other public listing exchange.

United States investors may not be able to obtain enforcement of civil liabilities against us.

The Company is incorporated under the laws of British Columbia, Canada, and its principal executive offices are located in Canada. Most of the Company's directors and officers and most of the experts named in this Prospectus reside outside of the United States and all or a substantial portion of the Company's assets and the assets of these persons are located outside the United States. Consequently, it may not be possible for an investor to effect service of process within the United States on the Company or those persons. Furthermore, it may not be possible for an investor to enforce judgments obtained in United States courts based upon the civil liability provisions of United States federal securities laws or other laws of the United States against those persons or the Company. There is doubt as to the enforceability, in original actions in Canadian courts, of liabilities based upon United States federal securities laws and as to the enforceability in Canadian courts of judgments of United States courts obtained in actions based upon the civil liability provisions of the United States federal securities laws. Therefore, it may not be possible to enforce those actions against the Company, certain of the Company's directors and officers or the experts named in this Prospectus.

ENFORCEMENT OF CIVIL LIABILITIES

The Company is organized under the laws of British Columbia, Canada and its principal place of business is outside the United States. The majority of the directors and officers of the Company and the experts named under “Interest of Experts” herein are resident outside of the United States and a substantial portion of the Company’s assets and the assets of such persons are located outside of the United States. Consequently, it may be difficult for United States investors to effect service of process within the United States on the Company, its directors or officers or such experts, or to realize in the United States on judgments of courts of the United States predicated on civil liabilities under the U.S. Securities Act. Investors should not assume that Canadian courts would enforce judgments of United States courts obtained in actions against the Company or such persons predicated on the civil liability provisions of the United States federal securities laws or the securities or “blue sky” laws of any state within the United States or would enforce, in original actions, liabilities against the Company or such persons predicated on the United States federal securities or any such state securities or “blue sky” laws.

The Company filed with the SEC, concurrently with the U.S. Registration Statement, an appointment of agent for service of process on Form F-X. Under the Form F-X, the Company appointed C T Corporation System, with an address at 1015 15th Street N.W., Suite 1000, Washington, D.C., 20005, as its agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving the Corporation in a United States court arising out of or related to or concerning the offering of Securities under the U.S. Registration Statement.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may only be exercised within two business days after receipt or deemed receipt of a prospectus or a prospectus supplement relating to the securities purchased by a purchaser and any amendments thereto. In several of the provinces and territories, the securities legislation further provides the purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus or a prospectus supplement relating to the securities purchased by a purchaser and any amendments thereto contain a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission, revisions of the price

or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory.

However, purchasers of Common Shares distributed under an at-the market distribution by Draganfly do not have the right to withdraw from an agreement to purchase the Common Shares and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the prospectus, prospectus supplement, and any amendment relating to the Common Shares purchased by such purchaser because the prospectus, prospectus supplement, and any amendment relating to the Common Shares purchased by such purchaser will not be sent or delivered, as permitted under Part 9 of National Instrument 44-102 - *Shelf Distributions*.

Any remedies under securities legislation that a purchaser of Common Shares distributed under an at-the-market distribution by Draganfly may have against Draganfly or its agents for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser contain a misrepresentation will remain unaffected by the non-delivery of the prospectus referred to above.

A purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal advisor. Rights and remedies may also be available to purchasers under U.S. law; purchasers may wish to consult with a U.S. lawyer for particulars of these rights.

In addition, original purchasers of convertible, exchangeable or exercisable Securities (unless the Securities are reasonably regarded by the Company as incidental to the applicable offering as a whole) will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of the convertible, exchangeable or exercisable Security. The contractual right of rescission will be further described in any applicable Prospectus Supplement, but will, in general, entitle such original purchasers to receive the amount paid for the applicable convertible, exchangeable or exercisable Security (and any additional amount paid upon conversion, exchange or exercise) upon surrender of the underlying Securities acquired thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable Security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable Security under this Prospectus.

In an offering of convertible, exchangeable or exercisable Securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the Prospectus is limited, in certain provincial securities legislation, to the price at which the convertible, exchangeable or exercisable Securities are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon the conversion, exchange or exercise of the Security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages or consult with a legal adviser.
