**PRELIMINARY PROSPECTUS SUPPLEMENT
TO THE SHORT FORM BASE SHELF PROSPECTUS DATED JUNE 30, 2023**

New Issue

February 21, 2024

DRAGANFLY INC.

**US\$[•]
[•] Units**

This Prospectus Supplement, together with the accompanying Base Shelf Prospectus of Draganfly Inc. (“**Draganfly**”, the “**Company**”, “**we**”, “**us**” or “**our**”), qualifies the distribution (the “**Offering**”) of [•] units (the “**Units**”) at a price of \$[•] per Unit (the “**Offering Price**”). Each Unit consists of one common share of the Company (each, a “**Unit Share**”) and one common share purchase warrant (each whole common share purchase warrant, a “**Warrant**”). The Units will separate into Unit Shares and Warrants immediately upon distribution. Each whole Warrant will entitle the holder thereof to purchase one common share of the Company (each, a “**Warrant Share**”) at a price of \$[•] per Warrant Share at any time until 5:00 p.m. (Toronto time) on the date (the “**Expiry Date**”) that is [•] months following the Closing Date (as defined herein). The Warrants will be governed by a warrant agency agreement between the Company and Endeavor Trust Corporation, as warrant agent (the “**Warrant Agency Agreement**”). See “*Description of Securities Being Distributed*”.

We are also offering to each purchaser of Units that would otherwise result in the purchaser’s beneficial ownership exceeding 4.99% of our outstanding common shares (“**Common Shares**”) immediately following the consummation of this Offering the opportunity to purchase Units consisting of one pre-funded warrant (each, a “**Pre-Funded Warrant**”) (in lieu of one Unit Share) and one Warrant. A holder of Pre-Funded Warrants will not have the right to exercise any portion of its Pre-Funded Warrants if the holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the election of the holder, such limit may be increased to up to 9.99%) of the number of Common Shares outstanding immediately after giving effect to such exercise. Each Pre-Funded Warrant will be exercisable for one Common Share. The purchase price of each Unit including a Pre-Funded Warrant will be equal to the price per Unit including one Unit Share, minus \$0.0001, and the remaining exercise price of each Pre-Funded Warrant will equal \$0.0001 per Common Share. The Pre-Funded Warrants will be immediately exercisable (subject to the beneficial ownership cap) and may be exercised at any time until all of the Pre-Funded Warrants are exercised in full. For each Unit including a Pre-Funded Warrant we sell (without regard to any limitation on exercise set forth therein), the number of Units including a Unit

Information contained herein is subject to completion or amendment. A registration statement relating to these securities has been filed with the United States Securities Exchange Commission. This preliminary prospectus supplement and the accompanying base shelf prospectus shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any state of the United States in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state of the United States.

Share we are offering will be decreased on a one-for-one basis. The Unit Shares and Pre-Funded Warrants, if any, can each be purchased in this offering only with the accompanying Warrant as part of a Unit, but the components of the Units will immediately separate upon issuance. See “*Description of Securities Being Distributed – Warrants*” for more information.

The Offering is being made in the United States only under the Company’s registration statement on Form F-10 (File No. 333-271498) (the “**U.S. Registration Statement**”) filed with and declared effective by the SEC under the *U.S. Securities Act of 1933*, as amended (the “**U.S. Securities Act**”). The Units offered hereby are not being offered for sale to the public in Canada under this Prospectus Supplement.

The Units are issued and sold in the United States only by Maxim Group LLC (“**Maxim**”), as the exclusive underwriter and bookrunners (the “**Underwriter**”), pursuant to an underwriting agreement (the “**Underwriting Agreement**”) dated as of [•], 2024. The Offering Price has been determined by arm’s length negotiation between Draganfly and the Underwriter with reference to the prevailing market price of the Common Shares. See “*Plan of Distribution*”.

All dollar amounts in this Prospectus Supplement are in United States dollars, unless otherwise indicated. See “Exchange Rate Information”.

- (1) The Offering Price was determined by arm’s length negotiations between us and the Underwriter.
- (2) In consideration for the services rendered by the Underwriter, the Underwriter will receive a discount (the “**Underwriter’s Commission**”) equal to 7% of the gross proceeds of the Offering and the Company has agreed to reimburse the Underwriter for certain expenses. See “*Plan of Distribution*”. In addition, the Underwriter will receive such number of compensation warrants (the “**Underwriter’s Warrants**”) as is equal to 5% of the aggregate number of Unit Shares (or Pre-Funded Warrants in lieu thereof) sold in this Offering. Subject to applicable laws, the Underwriter may, in connection with the Offering, effect transactions which stabilize or maintain the market price of the Units at levels other than those which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See “*Plan of Distribution*”.

An investment in the Units involves a high degree of risk. Prospective investors should carefully consider the risk factors described in and/or incorporated by reference in this Prospectus Supplement and the Base Shelf Prospectus. See “Cautionary Statement Regarding Forward-Looking Statements” and “Risk Factors”.

The Common Shares are listed on the Canadian Securities Exchange (the “**CSE**”) under the symbol “DPRO”, on the Frankfurt Stock Exchange under the symbol “3U8A” and on the Nasdaq Capital Market (“**Nasdaq**”) under the symbol “DPRO”. On February 20, 2024, the last trading day of the Common Shares on the CSE and Nasdaq before the date hereof, the closing price of the Common Shares was C\$0.57 and US\$0.3991, respectively. The Company has given notice to the CSE to list the Unit Shares and Warrant Shares on the CSE and notification has been or will be provided to Nasdaq. Listing of the Unit Shares and Warrant Shares will be subject to the Company fulfilling the respective listing requirements of each of the CSE and Nasdaq. Closing of the Offering is subject to usual closing conditions. On September 28, 2023, the Company announced that it had received a letter from the Listing Qualifications Department of Nasdaq indicating that, based upon the closing bid price of the Common Shares for the 30 consecutive business day period between August 10, 2023 and September 21, 2023, the Company did not meet the minimum bid price of US\$1.00 per share required for continued listing on the Nasdaq (the “**Minimum Bid Price Requirement**”). The notice had no

immediate effect on the listing of the Unit Shares and Warrant Shares on the Nasdaq. However, the notice stated that in the event the Company did not regain compliance with the Minimum Bid Price Requirement by March 20, 2024, the Common Shares may be subject to delisting. In the event the Company does not regain compliance by March 20, 2024, the Company may be eligible for an additional 180 calendar days to regain compliance. See “*Recent Developments*”.

There is no market through which the Warrants may be sold and purchasers may not be able to resell the Warrants purchased in this Offering. In addition, the Warrants will not be listed for trading on the CSE, Nasdaq or any other stock exchange following the Closing Date. This may affect the pricing of such Warrants in the secondary market, the transparency and availability of trading prices, the liquidity of such Warrants and the extent of issuer regulation. See “*Risk Factors*”.

The Underwriter conditionally offers the Units on behalf of the Company, on a firm commitment basis, if, as and when issued by the Company and delivered and accepted by the Underwriter in accordance with the conditions contained in the Underwriting Agreement referred to under “*Plan of Distribution*” and subject to approval of certain legal matters relating to the Offering relating to Canadian law on behalf of the Company by DLA Piper (Canada) LLP. Certain legal matters in connection with the Offering relating to U.S. law will be passed upon for the Company by Troutman Pepper Hamilton Sanders LLP. Certain legal matters in connection with the Offering will be passed upon for the Underwriter by Ellenoff Grossman & Schole LLP, with respect to U.S. law, and by Cozen O’Connor LLP, with respect to Canadian law.

Subscriptions for Units will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that closing of the Offering will occur on or about [•], 2024 or such other date as the Company and the Underwriter may agree upon (the “**Closing Date**”).

The Unit Shares will be ready for delivery through the facilities of the Depository Trust Company (“**DTC**”) or by such other means as the Company and the Underwriter may agree, on the Closing Date. It is expected that the Company will arrange for the instant deposit of the Unit Shares underlying the Units under the book-based system of registration, to be registered to DTC or its nominee, as the case may be, and deposited with DTC or its nominee, as the case may be. No certificates evidencing the Unit Shares underlying the Units will be issued to purchasers of the Units. Purchasers of the Unit Shares will receive only a customer confirmation from the Underwriter or other registered dealer who is a DTC participant and from or through whom a beneficial interest in the Unit Shares is purchased. Pursuant to the Warrant Agency Agreement, the Warrants may initially be issued in book-entry form and may be represented by one or more global certificates deposited with DTC and registered in the name of Cede & Co., a nominee of DTC, or as otherwise directed by DTC, or may be issued as physical certificates registered in the names of the purchasers.

The offering of Units hereunder is made by a Canadian issuer that is permitted, under a multijurisdictional disclosure system (“MJDS”) adopted by the United States and Canada, to prepare this Prospectus Supplement and the Base Shelf Prospectus in accordance with Canadian disclosure requirements. Prospective investors should be aware that such requirements are different from those of the United States. Prospective investors should be aware that the acquisition, holding or disposition of the Units, Unit Shares, Warrants or Warrant Shares described herein may have tax consequences both in the United States and in Canada. Such consequences for investors who are resident in, or citizens of the United States may not be described fully herein. You should read the tax discussion contained in this Prospectus Supplement and consult your own tax advisor with respect to your own particular circumstances. See the sections titled “*Certain Canadian Federal Income Tax Considerations*”, “*Certain U.S. Federal Income Tax Considerations*” and “*Risk Factors*”.

Prospective investors should be aware that the acquisition or disposition of the Units described in this Prospectus Supplement may have tax consequences both in the United States and in Canada or elsewhere, depending on each particular existing or prospective investor's specific circumstances.

[•] Units. Each Unit consists of one Unit Share and one Warrant. Each whole Warrant will entitle the holder thereof to purchase one Warrant Share at a price of \$[•] per Warrant Share at any time until 5:00 p.m. (Toronto time) on the Expiry Date.

We are also offering to each purchaser, with respect to the purchase of Units that would otherwise result in the purchaser's beneficial ownership exceeding 4.99% of our outstanding Common Shares immediately following the consummation of this Offering, the opportunity to purchase one Pre-Funded Warrant in lieu of one Unit Share. A holder of Pre-Funded Warrants will not have the right to exercise any portion of its Pre-Funded Warrant if the holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the election of the holder, such limit may be increased to up to 9.99%) of the number of Common Shares outstanding immediately after giving effect to such exercise. Each Pre-Funded Warrant will be exercisable for one Common Share. The purchase price per Pre-Funded Warrant will be equal to the price per Unit Share, minus \$0.0001, and the exercise price of each Pre-Funded Warrant will equal \$0.0001 per Common Share. THE COMPANY

The Company was incorporated as Drone Acquisition Corp. under the *Business Corporations Act* (British Columbia) on June 1, 2018 for the purpose of reorganizing and recapitalizing the business of Draganfly Innovations Inc. Effective July 17, 2019, the Company amended its articles to remove various classes of authorized but unissued preferred shares and replace them with only one class of preferred shares (the “**Preferred Shares**”). Effective August 15, 2019, the Company changed its name to “Draganfly Inc.” On August 22, 2019, the Company amended its articles to re-designate its Class A Common Shares as Common Shares.

The Company’s head office is located at 235 103rd St E, Saskatoon, SK, S7N 1Y8. The Company’s telephone number is (800) 979-9794. The Company’s registered office is located at Suite 2700, 1133 Melville Street, Vancouver, British Columbia, Canada V6E 4E5. The Company’s registered agent in the United States is C T Corporation System, 1015 15th Street N.W., Suite 1000, Washington, D.C., 20005 and its telephone number is (202) 572-3133.

DESCRIPTION OF THE BUSINESS

The Company is a manufacturer, contract engineering, and product development company within the unmanned aerial vehicle (UAV) and health space, serving the public safety, agriculture, industrial inspections, monitoring, spraying, and mapping and surveying markets. The Company provides sustainable, custom and “off-the-shelf” hardware, services, and solutions to companies and government agencies. The Company’s mission is to deliver products that provide vital information to its customers with the hopes of saving time, money and lives.

Products and Services

The Company can provide its customers with an entire suite of products and services that include: quadcopters, fixed wing aircrafts, ground based robots, handheld controllers, flight training, and software used for tracking, live streaming, and data collection. In addition, Draganfly has launched a health/telehealth platform. The initial focus of the platform is a COVID-19 screening set of technologies that remotely detects a number of key COVID-19 respiratory symptoms. The Company is also offering sanitary spraying services to indoor and outdoor public gathering spaces such as sport stadiums and fields to provide additional protection against the spread of contagious viruses such as COVID-19.

Recent Developments

On September 22, 2023, the Company was notified by the Nasdaq that the closing price of the Common Shares for the 30 consecutive business day period from August 10, 2023 to September 21, 2023 did not meet the Minimum Bid Price Requirement. The Nasdaq Minimum Bid Price notice had no immediate effect on the listing of the Unit Shares and Warrant Shares at that time, and the Common Shares continue to trade on the Nasdaq under the symbol “DPRO”. Pursuant to Nasdaq Listing Rule 5810(c)(3)(A), the Company was given 180 calendar days (or until March 20, 2024) to regain compliance with the Minimum Bid Price Requirement. To regain compliance, the Common Shares must have a closing bid price of US\$1.00 for a minimum of ten (10) consecutive business days, which may be accomplished by implementing a reverse share split. If the Company does not regain compliance with the Minimum Bid Price Requirement (including through the implementation of a reverse share split) by March 20, 2024, the Common Shares may be subject to delisting.

CONSOLIDATED CAPITALIZATION

Since September 30, 2023, the end of the most recent financial period of the Company for which financial statements have been filed, there have been no material changes in the loan capital of the Company and no material changes in the share capital of the Company on a consolidated basis other than as outlined under “*Prior Sales*.” For information on the exercise of stock options pursuant to the share compensation plan of the Company and other outstanding convertible securities, see the section titled “*Prior Sales*.” As a result of the Offering, the shareholder’s equity of the Company will increase by the amount of the net proceeds of the Offering and the number of issued and outstanding Common Shares will increase by the number of Unit Shares actually distributed under the Offering.

USE OF PROCEEDS

Principal Purposes

The estimated net proceeds to be received by the Company under the Offering will be approximately \$[*] after deducting the Underwriter's Commission and the estimated expenses in connection with this Offering of approximately \$[*].

This estimate excludes the proceeds from the exercise of the Pre-Funded Warrants sold in this Offering. We will receive nominal proceeds, if any, from the exercise of the Pre-Funded Warrants.

The Company intends to use the net proceeds from the Offering, together with existing cash, for general corporate purposes, including to fund its capabilities to meet demand for its new products including growth initiatives and/or for working capital requirements including the continuing development and marketing of the Company's core products, potential acquisitions and research and development.

Until applied, the net proceeds will be held as cash balances in the Company's bank account or invested in certificates of deposit and other instruments issued by banks or obligations of or guaranteed by a government authority.

The Company had operating losses and negative operating cash flow for the fiscal year ended December 31, 2022. To the extent that the Company has negative operating cash flows in future periods, it may need to deploy a portion of the net proceeds from the Offering and/or its existing working capital to fund such negative cash flow. While the Company intends to utilize the net proceeds from Offering as set forth in this Prospectus Supplement, there may be circumstances where for sound business reasons a reallocation of funds may be necessary. Management will have significant discretion and flexibility in applying the net proceeds from the Offering. See "*Risk Factors*" in this Prospectus Supplement.

Business Objectives and Milestones

The primary business objectives for the Company over the next 12 months are:

- (a) Perform R&D for the company's continued evolution of products and services offering;
- (b) Retain and hire sales/marketing people to promote our product lines, new and existing drone as a service work, and engineering services work;
- (c) Diversify and expand business lines organically and by potential acquisitions;
- (d) Update/capex machinery used for manufacturing and production along with a potential expansion of leased space; and
- (e) Strengthen balance sheet by providing a strong working capital position.

Significant events that need to occur for the business objectives to be accomplished:

- (a) Successfully retain, find and hire the appropriate engineering staff that can perform very innovative and challenging work specific to the drone industry;
- (b) Successfully use the capital to enhance and create new product offerings;
- (c) Successfully source sales and marketing personnel who will grow and generate increased revenues within the next 6 to 12 months along with marketing initiatives; and
- (d) Further, the Company has a number of innovative ideas for new products that it would like to develop and increase its current product offering to various niche and mainstream industries. Finally, the Company has considered offering various other non-engineering services and it may make more sense to buy an existing industry player than to build out this offering. This isn't something the Company has to do but it will be opportunistic to learn about potential opportunities in the existing fiscal year and the near future.

PLAN OF DISTRIBUTION

The Units will be offered in the United States pursuant to the MJDS. Pursuant to the Underwriting Agreement, the Company has agreed to issue and sell and the Underwriter has agreed to purchase, on a firm commitment basis, subject to compliance with all necessary legal requirements and the terms and conditions contained in the Underwriting Agreement, the number of Units shown opposite its name below:

The Underwriter is, however, obligated to take up and pay for all of the Units if any of the Units are purchased under the Underwriting Agreement.

The Underwriter has agreed to purchase all of the Units offered by this Prospectus Supplement if any are purchased.

In connection with the sale of the Units in the United States, the Underwriter will be deemed to be an “underwriter” within the meaning of the U.S. Securities Act and the compensation paid to the Underwriter will be deemed to be underwriting commissions or discounts.

The Underwriter's Warrants are exercisable commencing six (6) months after the closing of this Offering for three (3) years from the date of the commencement of sales in this Offering. This Prospectus Supplement and the Shelf Prospectus also qualify the grant of the Underwriter's Warrants.

Pursuant to FINRA Rule 5110(e), the Underwriter's Warrants and any Common Shares issued upon exercise of the Underwriter's Warrants shall not be sold, transferred, assigned, pledged or hypothecated, or be the subject of any hedging, short sale, derivative, put or call transaction that would result in the effective economic disposition of the securities by any person for a period of 180 days from the date of commencement of sales in this Offering, except for the transfer of any security as permitted by FINRA Rule 5110(e)(2). The Underwriter's Warrants will provide for cashless exercise and will contain provisions for one demand registration of the sale of the underlying Common Shares at the Company's expense, an additional demand registration at the holders' expense, and unlimited "piggyback" registration rights. The Underwriter's Warrants will provide for anti-dilution protection as permitted by FINRA Rule 5110(g).

Lock-Up Agreements

Our directors and executive officers have agreed for a period of ninety (90) days after the Closing Date of the Offering, subject to certain exceptions, not to directly or indirectly offer, issue, sell, contract to sell, grant any option for the sale of or otherwise dispose of any securities of the Company without the Underwriter's prior written consent, such consent not to be unreasonably withheld.

Company Standstill

The Company has agreed that, without the prior written consent of the Underwriter, it will not, for a period of sixty (60) days after the Closing Date (the "**Standstill Period**") offer, sell, issue, or otherwise transfer or dispose of, directly or indirectly, any Common Shares or equity securities of the Company or any securities convertible into or exercisable or exchangeable for equity of the Company (the "**Standstill**"), other than (i) the issuance by the Company of Common Shares upon the exercise of a stock option or warrant or the conversion of a security, outstanding on the date of the Underwriting Agreement, (ii) the grant by the Company of stock options or other stock-based awards, or the issuance of Common Shares under any equity compensation plan of the Company, or (iii) the issuance of equity securities in connection with an acquisition or a strategic relationship, which may include the sale of equity securities.

Pursuant to the terms of the Underwriting Agreement, upon the closing of an offering of at least \$3,500,000, we have granted the Underwriter an irrevocable right of first refusal, until June 30, 2024, to act as exclusive underwriter or agent for any and all future public or private equity, equity-linked or debt (excluding commercial bank debt) offerings for which the Company retains the service of an underwriter, agent, advisor, finder or other person or entity in connection with such offering.

Electronic Offer, Sale and Distribution of Shares

This Prospectus Supplement and Base Shelf Prospectus in electronic format may be made available on the websites maintained by the Underwriter or its affiliates participating in the Offering. Other than the Base Shelf Prospectus and Prospectus Supplement in electronic format, the information on these websites is not part of this Prospectus Supplement or the Base Shelf Prospectus, has not

been approved or endorsed by the Company or any Underwriter in its capacity as underwriter, and should not be relied upon by investors.

Stabilization

The Underwriter has advised us that it, pursuant to Regulation M under the U.S. Exchange Act, and certain persons participating in the Offering may engage in short sale transactions, stabilizing transactions, syndicate covering transactions or the imposition of penalty bids in connection with this offering. These activities may have the effect of stabilizing or maintaining the market price of the Common Shares at a level above that which might otherwise prevail in the open market. Establishing short sales positions may involve either “covered” short sales or “naked” short sales.

A stabilizing bid is a bid for the purchase of the Common Shares on behalf of the Underwriter for the purpose of fixing or maintaining the price of the Common Shares. A syndicate covering transaction is the bid for or the purchase of Common Shares on behalf of the Underwriter to reduce a short position incurred by the Underwriter in connection with the Offering. Similar to other purchase transactions, the Underwriter’s purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the Common Shares or preventing or retarding a decline in the market price of the Common Shares. As a result, the price of the Common Shares may be higher than the price that might otherwise exist in the open market. A penalty bid is an arrangement permitting the Underwriter to reclaim the selling concession otherwise accruing to a syndicate member in connection with the Offering if the Common Shares originally sold by such syndicate member are purchased in a syndicate covering transaction and therefore have not been effectively placed by such syndicate member.

Neither the Company nor the Underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Common Shares. The Underwriter is not obligated to engage in these activities and, if commenced, any of the activities may be discontinued at any time.

Passive Market Making

The Underwriter may also engage in passive market making transactions of the Company’s Common Shares on Nasdaq in accordance with Rule 103 of Regulation M during a period before the commencement of offers or sales of the Common Shares in this Offering and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker’s bid, that bid must then be lowered when specified purchase limits are exceeded.

Other Relationships

The Underwriter and its affiliates have provided in the past to the Company and its affiliates, and may provide from time to time in the future, certain commercial banking, financial advisory, investment banking and other services to the Company and its affiliates in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions. From time to time, certain of the Underwriter and its affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in the Company’s debt or equity securities or loans, and may do so in the future.

Indemnification

The Company has agreed, pursuant to the Underwriting Agreement, to indemnify the Underwriter and its respective affiliates and their respective directors, officers, employees, shareholders and agents and each other person, if any, controlling any of the Underwriter or its respective affiliates and against certain liabilities, including liabilities under Canadian and U.S. securities legislation in certain circumstances or to contribute to payments the Underwriter may have to make because of such liabilities.

The Company has given notice to the CSE to list the Unit Shares and Warrant Shares qualified for distribution by this Prospectus Supplement on the CSE and notification has been or will be provided Nasdaq. Listing will be subject to the Company fulfilling all of the listing requirements of the CSE and Nasdaq.

The Warrants will be issued separately from the Unit Shares included in the Units. One Warrant to purchase one Warrant Share will be included in each Unit purchased in this offering.

If, on the date that is 30 calendar days immediately following the initial issuance date of the Warrant (the issuance date of the Warrant, the "**Issuance Date**" and the date that is 30 calendar days following the Issuance Date, the "**Initial Reset Date**"), the Reset Price, as defined below, is less than the exercise price at such time, the exercise price shall be decreased to the Reset Price; provided, however, that if at the Initial Reset Date, the Reset Price is greater than or equal to the exercise price, then there shall be no adjustment to the exercise price on the Initial Reset Date, provided, that if, on the date that is 75 calendar days following the Issuance Date, the Reset Price is less than the exercise price at such time, the exercise price shall be decreased to the Reset Price. "**Reset Price**" shall mean 100% of the trailing ten day VWAP immediately preceding the Initial Reset Date or the Second Reset Date, as the case may be, provided that in no event shall the Reset Price be less than \$[•] (subject to adjustment for reverse and forward stock splits, recapitalizations and similar transactions following the date of the Underwriting Agreement).

Cashless Exercise

If, at the time a holder exercises its Warrants, a registration statement registering the issuance of the Warrant Shares underlying the Warrants under the U.S. Securities Act is not then effective or available for the issuance of such Warrant Shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of Warrant Shares determined according to a formula set forth in the Warrants.

Exercisability

The Warrants will be exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of Warrant Shares purchased upon such exercise (except in the case of a cashless exercise as discussed below). A holder (together with its affiliates) may not exercise any portion of the Warrant to the extent that the holder would own more than 4.99% of the outstanding Common Shares immediately after exercise, except that upon at least 61 days' prior notice from the holder to us, the holder may increase the amount of ownership of outstanding stock after exercising the holder's Warrants up to 9.99% of the number of Common Shares outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the Warrants. Purchasers of Warrants in this Offering may also elect prior to the issuance of the Warrants to have the initial exercise limitation set at 9.99% of our outstanding Common Shares.

Fractional Shares

No fractional Warrant Shares will be issued upon the exercise of the Warrants. Rather, the number of Warrant Shares to be issued will be rounded up, to the nearest whole number, or the Company shall pay a cash adjustment in respect of the fractional share.

Transferability

Subject to applicable laws, the Warrants in book entry form may be transferred at the option of the holder through the facilities of DTC and Warrants in physical form may be transferred upon surrender of the Warrant to the warrant agent together with the appropriate instruments of transfer.

Exchange Listing

There is no trading market available for the Warrants on any securities exchange or nationally recognized trading system. The Company does not intend to list the Warrants on any securities exchange or nationally recognized trading system.

Right as a Shareholder

Except as otherwise provided in the Warrants or by virtue of such holder's ownership of Warrant Shares, the holders of the Warrants do not have the rights or privileges of holders of our Common Shares, including any voting rights, until they exercise their Warrants.

Fundamental Transaction

In the event of a fundamental transaction, as described in the Warrants and generally including any reorganization, recapitalization or reclassification of the Common Shares, the sale, transfer or other disposition of all or substantially all of the Company's properties or assets, our consolidation or merger with or into another person, the acquisition of more than 50% of the outstanding Common Shares, or any person or group becoming the beneficial owner of 50% of the voting power represented by the outstanding Common Shares, the holders of the Warrants will be entitled to receive upon exercise of the Warrants the kind and amount of securities, cash or other property that the holders would have received had they exercised the Warrants immediately prior to such fundamental transaction.

Liquidated Damages

If we fail for any reason to deliver Warrant Shares upon the valid exercise of the Warrants, subject to our receipt of a valid exercise notice and the aggregate exercise price, by the time period set forth in the Warrants, we are required to pay the applicable holder, in cash, as liquidated damages as set forth in the Warrants. The Warrants also include customary buy-in rights in the event we fail to deliver Warrant Shares upon exercise thereof within the time periods set forth in the Warrants.

Pre-Funded Warrants

The following summary of certain terms and provisions of the Pre-Funded Warrants to be issued as part of this Offering is not complete and is subject to, and qualified in its entirety by, the provisions of the Pre-Funded Warrants, the form of which will be filed on Form 6-K with the SEC at www.sec.gov and incorporated by reference into the U.S. Registration Statement, of which this Prospectus Supplement forms a part. The Pre-Funded Warrants will be governed by a Warrant Agency Agreement to be entered into on or before the Closing Date. Prospective investors should carefully review the terms and provisions of the Warrant Agency Agreement for a complete description of the terms and conditions of the Pre-Funded Warrants. Pursuant to the Warrant Agency Agreement, the Pre-Funded Warrants may initially be issued in book-entry form and may be represented by one or more global

certificates deposited with DTC and registered in the name of Cede & Co., a nominee of DTC, or as otherwise directed by DTC, or may be issued as physical certificates registered in the names of the purchasers.

Duration and Exercise Price

Each Pre-Funded Warrant offered hereby will have an initial exercise price of \$0.0001 per share. The Pre-Funded Warrants will be immediately exercisable and may be exercised at any time until the Pre-Funded Warrants are exercised in full. The exercise price and number of Common Shares issuable upon exercise is subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting our Common Shares and the exercise price.

Exercisability

The Pre-Funded Warrants will be exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of Common Shares purchased upon such exercise (except in the case of a cashless exercise as discussed below). A holder (together with its affiliates) may not exercise any portion of the Pre-Funded Warrant to the extent that the holder would own more than 4.99% (or 9.99% if elected by the purchaser) of the outstanding Common Shares immediately after exercise, except that upon at least 61 days' prior notice from the holder to us, the holder may decrease the amount of ownership of outstanding shares after exercising the holder's Pre-Funded Warrants. No fractional Common Shares will be issued in connection with the exercise of a Pre-Funded Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

Cashless Exercise

In lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may, in its sole discretion, elect instead to receive upon such exercise (either in whole or in part) the net number of Common Shares determined according to a formula set forth in the Pre-Funded Warrants.

Fundamental Transaction

In the event of a fundamental transaction, as described in the Pre-Funded Warrants and generally including any reorganization, recapitalization or reclassification of our Common Shares, the sale, transfer or other disposition of all or substantially all of our properties or assets, our consolidation or merger with or into another person, the acquisition of more than 50% of our outstanding voting securities, the holders of the Pre-Funded Warrants will be entitled to receive upon exercise of the Pre-Funded Warrants the kind and amount of securities, cash or other property that the holders would have received had they exercised the Pre-Funded Warrants immediately prior to such fundamental transaction.

Liquidated Damages

If we fail for any reason to deliver Common Shares upon the valid exercise of the Pre-Funded warrants, subject to our receipt of a valid exercise notice and the aggregate exercise price, by the time period set forth in the Pre-Funded Warrants, we are required to pay the applicable holder, in cash, as liquidated damages as set forth in the Pre-Funded Warrants. The Pre-Funded Warrants also include customary buy-in rights in the event we fail to deliver shares of common stock upon exercise thereof within the time periods set forth in the Pre-Funded Warrants.

Transferability

Subject to applicable laws, a Pre-Funded Warrant in book entry form may be transferred at the option of the holder through the facilities of DTC and a Pre-Funded Warrant in physical form may be transferred upon surrender of the Pre-Funded Warrant to the warrant agent together with the appropriate instruments of transfer.

Exchange Listing

We do not intend to list the Pre-Funded Warrants on any securities exchange or nationally recognized trading system.

Rights as a Stockholder

Except as otherwise provided in the Pre-Funded Warrants or by virtue of such holder's ownership of, the holders of the Pre-Funded Warrants do not have the rights or privileges of holders of our common stock, including any voting rights, until they exercise their Pre-Funded Warrants.

RISK FACTORS

An investment in the Company's securities involves risk. Before you invest in the Units, you should carefully consider the risks contained in or incorporated by reference into this Prospectus Supplement and the Base Shelf Prospectus, including the risks described below and in the AIF and Annual MD&A, which are incorporated by reference into this Prospectus Supplement and the Base Shelf Prospectus. The discussion of risks related to the business of the Company contained in or incorporated by reference into this Prospectus Supplement and the Base Shelf Prospectus comprises material risks of which the Company is aware. If any of the events or developments described actually occurs, the business, financial condition or results of operations of the Company would likely be adversely affected.

Risks Relating to this Offering

Management will have broad discretion as to the use of the proceeds from the Offering and may not use the proceeds effectively.

Management of the Company will have broad discretion in the application of the net proceeds from the Offering and could spend the proceeds in ways that do not improve the results of operations of the Company or enhance the value of the Common Shares. Failure to apply these funds effectively could have a material adverse effect on the business of the Company, delay the development of its product candidates, and cause the price of the Common Shares to decline.

The market price of the Common Shares has been and is likely to continue to be volatile and an investment in Common Shares may suffer a decline in value.

You should consider an investment in Units as risky and invest only if you can withstand a significant loss and wide fluctuations in the market value of your investment. The Company receives only limited attention by securities analysts and frequently experiences an imbalance between supply and demand for Common Shares. The market price of the Common Shares has been highly volatile and is likely to continue to be volatile. This leads to a heightened risk of securities litigation pertaining to such volatility. Factors such as the financial position of the Company; the ability to raise additional capital; general market conditions; published reports by securities analysts; and shareholder interest in the Common Shares all contribute to the volatility of the market price of the Common Shares.

Future sales of Common Shares by the Company or by its existing shareholders could cause the market price of the Common Shares to fall.

The issuance of Common Shares by the Company could result in significant dilution in the equity interest of existing shareholders and adversely affect the market price of the Common Shares. Sales by existing shareholders of a large number of Common Shares in the public market and the issuance of shares issued in connection with strategic alliances, or the perception that such additional sales could occur, could cause the market price of the Common Shares to decline and have an undesirable impact on the Company's ability to raise capital. With any additional sale or issuance of Common Shares, investors will suffer dilution to their voting power and the Company may experience dilution in its earnings per Common Share.

There will be no Market for the Warrants.

The Company has not applied and does not intend to apply to list the Warrants on any securities exchange. There will be no market through which the Warrants may be sold and purchasers may not be able to resell the Warrants purchased in the Offering. This may affect the pricing of the Warrants in the secondary market, the transparency and availability of trading prices, the liquidity of the Warrants, and the extent of issuer regulation. The Offering Price was determined by arm's length negotiations between the Company and the Underwriters. The allocation of the Offering Price between the Unit Shares and the Warrants comprising the Units has been determined by the Company. Allocation of proceeds between Unit Shares and Warrants is based on a preliminary estimate. The IFRS valuation under the Company's accounting policy may differ.

Holders of Warrants Have no Rights as a Shareholder.

Until a holder of Warrants acquires Warrant Shares upon exercise of Warrants, such holder will have no rights with respect to the Warrant Shares underlying such Warrants. Upon exercise of such Warrants, such holder will be entitled to exercise the rights of a common shareholder only as to matters for which the record date occurs after the exercise date.

Subsequent offerings may result in dilution to investors.

The Company may raise funds in the future through the sale of additional securities of the Company. Any such issuances may dilute the interests of holders of Common Shares and may have a negative impact on the market price of the Common Shares, including the Unit Shares and Warrant Shares offered hereunder. Convertible securities have been issued and may be issued in the future by the Company at a lower price than the current market value of the Common Shares, consequently, purchasers who purchase Units may incur substantial dilution in the near future.

There is no assurance of a sufficient liquid trading market for the Common Shares in the future.

Shareholders of the Company may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all. There can be no assurance that there will be sufficient liquidity of the Common Shares on the trading market, and that the Company will continue to meet the listing requirements of the CSE or Nasdaq or achieve listing on any other public listing exchange.

No dividends have been paid on the Common Shares and the Company does not intend to pay dividends in the foreseeable future although it may ultimately do so in the appropriate circumstances.

The Company has paid no cash dividends on any of its Common Shares to date and currently intends to retain its future earnings, if any, to fund the development growth of its businesses. In addition, the terms of any future debt or credit facility may preclude the Company from paying any dividends unless certain consents are obtained and certain conditions are met.

Failure to meet the continuing listing requirements of the Nasdaq could result in a de-listing of the Company's securities.

If the Company fails to satisfy the continuing listing requirements of the Nasdaq, such as the corporate governance requirements, stockholders' equity requirement or minimum closing bid price requirements, the Nasdaq may take steps to delist the Common Shares. Such a delisting would likely have a negative effect on the price of the Common Shares and would impair your ability to sell or purchase the Common Shares when you wish to do so. In the event of a delisting, the Company would likely take actions, if available, to restore its compliance with Nasdaq's listing requirements, but the Company can provide no assurance that any such action taken by it would allow the Common Shares to become listed again, stabilize the market price or improve the liquidity of the Company's securities, prevent its Common Shares from dropping below the Nasdaq minimum bid price requirement or prevent future non-compliance with Nasdaq's listing requirements.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general summary of certain U.S. federal income tax considerations applicable to a U.S. Holder (as defined below) arising from and relating to the acquisition, ownership and disposition of Unit Shares acquired pursuant to this offering and exercise, disposition, and lapse of Pre-Funded Warrants or Warrants acquired pursuant to this offering, and the acquisition, ownership, and disposition of the common shares received upon exercise of such Pre-Funded Warrants or Warrants, as the case may be (the “**Warrant Shares**”). The term “**securities**” as used in this summary includes the Unit Shares, Pre-Funded Warrants, Warrants, and Warrant Shares, as applicable. For purposes of this discussion, the Unit Shares and the accompanying Warrants which are sold in units will be referred to as each, a “**Common Share Unit**” and the Pre-Funded Warrants and the accompanying Warrants which are sold in units will be referred to as each, a “**Pre-Funded Warrant Unit**” (which together with the Common Share Units, will be referred to as “**Units**”), with each Common Share Unit consisting of one Unit Share and one Warrant and each Pre-Funded Warrant Unit consisting of one Pre-Funded Warrant and one Warrant.

This summary is for general information purposes only and does not purport to be a complete analysis or listing of all potential U.S. federal income tax considerations that may apply to a U.S. Holder as a result of the acquisition of securities pursuant to this offering. In addition, this summary does not take into account the individual facts and circumstances of any particular U.S. Holder that may affect the U.S. federal income tax consequences to such U.S. Holder, including specific tax consequences to a U.S. Holder under an applicable tax treaty. Accordingly, this summary is not intended to be, and should not be construed as, legal or U.S. federal income tax advice with respect to any particular U.S. Holder. This summary does not address the U.S. federal net investment income, U.S. federal alternative minimum, U.S. federal estate and gift, U.S. state and local, and non-U.S. tax consequences to U.S. Holders of the acquisition, ownership, and disposition of the securities. In addition, except as specifically set forth below, this summary does not discuss applicable tax reporting requirements. Each U.S. Holder should consult its own tax advisor regarding the U.S. federal, U.S. federal net investment income, U.S. federal alternative minimum, U.S. federal estate and gift, U.S. state and local, and non-U.S. tax consequences relating to the acquisition, ownership and disposition of the securities.

No opinion from legal counsel or ruling from the Internal Revenue Service (the “**IRS**”) has been requested, or will be obtained, regarding the U.S. federal income tax considerations applicable to U.S. Holders as discussed in this summary. This summary is not binding on the IRS, and the IRS is not precluded from taking a position that is different from, and contrary to, the positions taken in this summary. In addition, because the authorities on which this summary is based are subject to various interpretations, the IRS and the U.S. courts could disagree with one or more of the positions taken in this summary.

Scope of this Summary

Authorities

This summary is based on the Internal Revenue Code of 1986, as amended (the “**Code**”), Treasury Regulations (whether final, temporary, or proposed) promulgated under the Code, published rulings of the IRS, published administrative positions of the IRS and U.S. court decisions, that are in effect and available, as of the date of this document. Any of the authorities on which this summary is based could be changed in a material and adverse manner at any time, and any such change could be applied retroactively. This summary does not discuss the potential effects, whether adverse or beneficial, of any proposed legislation that, if enacted, could be applied on a retroactive or prospective basis.

U.S. Holders

For purposes of this summary, the term “**U.S. Holder**” means a beneficial owner of the securities acquired pursuant to this offering that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- a trust that (1) is subject to the primary supervision of a court within the United States and the control of one or more U.S. persons for all substantial decisions or (2) has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

U.S. Holders Subject to Special U.S. Federal Income Tax Rules Not Addressed

This summary does not address the U.S. federal income tax considerations applicable to U.S. Holders that are subject to special provisions under the Code, including U.S. Holders that: (a) are tax-exempt organizations, qualified retirement plans, individual retirement accounts, or other tax-deferred accounts; (b) are financial institutions, underwriters, insurance companies, real estate

investment trusts, or regulated investment companies; (c) are brokers or dealers in securities or currencies or U.S. Holders that are traders in securities that elect to apply a mark-to-market accounting method; (d) have a “functional currency” other than the U.S. dollar; (e) own securities as part of a straddle, hedging transaction, conversion transaction, constructive sale, or other integrated transaction; (f) acquired the securities in connection with the exercise of employee stock options or otherwise as compensation for services; (g) hold the securities other than as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment purposes); (h) are partnerships and other pass-through entities (and investors in such partnerships and entities); (i) are subject to special tax accounting rules; (j) own, have owned or will own (directly, indirectly, or by attribution) 10% or more of the total combined voting power or value of our outstanding shares; (k) are U.S. expatriates or former long-term residents of the U.S.; or (l) are subject to taxing jurisdictions other than, or in addition to, the United States. U.S. Holders that are subject to special provisions under the Code, including U.S. Holders described immediately above, should consult their own tax advisors regarding the U.S. federal, U.S. federal net investment income, U.S. federal alternative minimum, U.S. federal estate and gift, U.S. state and local, and non-U.S. tax consequences relating to the acquisition, ownership and disposition of the securities.

If an entity or arrangement that is classified as a partnership for U.S. federal income tax purposes holds the securities, the U.S. federal income tax consequences to such entity or arrangement and the owners of such entity or arrangement generally will depend on the activities of such entity or arrangement and the status of such owners. This summary does not address the tax consequences to any such entity or arrangement or owner. Owners of entities or arrangements that are classified as partnerships for U.S. federal income tax purposes should consult their own tax advisor regarding the U.S. federal income tax consequences arising from and relating to the acquisition, ownership, and disposition of the securities.

U.S. Federal Income Tax Consequences of the Acquisition of a Unit

No statutory, administrative or judicial authority directly addresses the treatment of a Unit or instruments similar to a Unit for U.S. federal income tax purposes and, therefore, that treatment is not entirely clear. The acquisition of a Unit should be treated for U.S. federal income tax purposes as the acquisition of a Unit Share and a Warrant (in the case of a Common Share Unit) or a Warrant and a Pre-Funded Warrant (in the case of a Pre-Funded Warrant Unit). The purchase price for each Unit will be allocated between a Unit Share and a Warrant (in the case of a Common Share Unit) or a Warrant and a Pre-Funded Warrant (in the case of a Pre-Funded Warrant Unit) in proportion to their relative fair market values at the time such securities are issued to the U.S. Holder. Each investor must make his or her own determination of such value based on all the relevant facts and circumstances. This allocation of the purchase price for each such Unit will establish a U.S. Holder’s initial tax basis for U.S. federal income tax purposes in the Unit Share and a Warrant (in the case of a Common Share Unit) or a Warrant and a Pre-Funded Warrant (in the case of a Pre-Funded Warrant Unit) that comprise each such type of Unit. Any disposition of a Unit should be treated for U.S. federal income tax purposes as a disposition of a Unit Share and a Warrant (in the case of a Common Share Unit) or a Warrant and a Pre-Funded Warrant (in the case of a Pre-Funded Warrant Unit) and the amount realized on the disposition should be allocated between the Unit Share and the Warrant (in the case of a Common Share Unit) or the Warrant and the Pre-Funded Warrant (in the case of a Pre-Funded Warrant Unit) based on their respective relative fair market values at the time of disposition (as determined by each such Unit holder based on all relevant facts and circumstances).

The foregoing treatment of the Unit and a holder’s purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the Units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to consult its own tax advisors regarding the tax consequences of an investment in a Unit (including alternative characterizations of a Unit). The balance of this discussion assumes that the characterization of the Units described above is respected for U.S. federal income tax purposes.

Treatment of Pre-Funded Warrants

Although it is not entirely free from doubt, we believe a Pre-Funded Warrant should be treated as a separate class of common shares for U.S. federal income tax purposes and a U.S. Holder of Pre-Funded Warrants and Warrant Shares should generally be taxed in the same manner as a holder of Unit Shares except as described below. Accordingly, no gain or loss should be recognized upon the exercise of a Pre-Funded Warrant and, upon exercise, the holding period of a Pre-Funded Warrant should carry over to the Warrant Shares received. Similarly, the tax basis of the Pre-Funded Warrant should carry over to the Warrant Shares received upon exercise, increased by the exercise price of US\$0.0001 per share. However, such characterization is not binding on the IRS, and the IRS may treat the Pre-Funded Warrant as warrants to acquire Common Shares. If so, the amount and character of a U.S. Holder’s gain with respect to an investment in Pre-Funded Warrant could change, and a U.S. Holder may not be entitled to make the “QEF Election” or “Mark-to-Market Election” described below to mitigate PFIC consequences in the event that we are classified as a PFIC. Accordingly, each U.S. Holder should consult its own tax advisor regarding the risks associated with the acquisition of a Pre-Funded Warrant pursuant to this offering (including potential alternative characterizations). The balance of this discussion generally assumes that the characterization described above is respected for U.S. federal income tax purposes.

Passive Foreign Investment Company Rules

If we are considered a “passive foreign investment company” within the meaning of Section 1297 of the Code (a “**PFIC**”) at any time during a U.S. Holder’s holding period, the following sections will generally describe the potentially adverse U.S. federal income tax consequences to U.S. Holders of the acquisition, ownership, and disposition of the securities.

In any year in which we are classified as a PFIC, a U.S. Holder will be required to file an annual report with the IRS containing such information as Treasury Regulations and/or other IRS guidance may require. In addition to penalties, a failure to satisfy such reporting requirements may result in an extension of the time period during which the IRS can assess a tax. U.S. Holders should consult their own tax advisors regarding the requirements of filing such information returns under these rules, including the requirement to file an IRS Form 8621.

We generally will be a PFIC for any tax year in which (a) 75% or more of our gross income for such tax year is passive income (the “**PFIC income test**”) or (b) 50% or more of the value of our assets either produce passive income or are held for the production of passive income, based on the quarterly average of the fair market value of such assets (the “**PFIC asset test**”). “Gross income” generally includes sales revenues less the cost of goods sold, plus income from investments and from incidental or outside operations or sources, and “passive income” generally includes, for example, dividends, interest, certain rents and royalties, certain gains from the sale of stock and securities, and certain gains from commodities transactions. Active business gains arising from the sale of commodities generally are excluded from passive income if substantially all of a foreign corporation’s commodities are stock in trade or inventory, depreciable property used in a trade or business, or supplies regularly used or consumed in the ordinary course of its trade or business, and certain other requirements are satisfied.

For purposes of the PFIC income test and PFIC asset test described above, if we own, directly or indirectly, 25% or more of the total value of the outstanding shares of another corporation, we will be treated as if we (a) held a proportionate share of the assets of such other corporation and (b) received directly a proportionate share of the income of such other corporation. In addition, for purposes of the PFIC income test and PFIC asset test described above, “passive income” does not include any interest, dividends, rents, or royalties that are received or accrued by us from a “related person” (as defined in Section 954(d)(3) of the Code), to the extent such items are properly allocable to the income of such related person that is not passive income.

Under certain attribution rules, if we are a PFIC, U.S. Holders will be deemed to own their proportionate share of any of our subsidiaries which is also a PFIC (a “**Subsidiary PFIC**”), and will generally be subject to U.S. federal income tax under the “*Default PFIC Rules Under Section 1291 of the Code*” discussed below on their proportionate share of any (i) distribution on the shares of a Subsidiary PFIC and (ii) disposition or deemed disposition of shares of a Subsidiary PFIC, both as if such U.S. Holders directly held the shares of such Subsidiary PFIC. Accordingly, U.S. Holders should be aware that they could be subject to tax under the PFIC rules even if no distributions are received and no redemptions or other dispositions of the securities are made. In addition, U.S. Holders may be subject to U.S. federal income tax on any indirect gain realized on the stock of a Subsidiary PFIC on the sale or disposition of the securities.

Based on the composition of our income and the value of our assets, we believe that we were not a PFIC for United States federal income tax purposes for the taxable year ended December 31, 2023 and, based on estimates of our income and assets for 2024, we currently expect that we will not be a PFIC for the taxable year ended December 31, 2024. Nevertheless, because our PFIC status must be determined annually with respect to each taxable year and will depend on the composition and character of our assets and income including our use of proceeds from offerings of the securities, and the value of our assets (which may be determined, in part, by reference to the market value of Common Shares, which may be volatile) over the course of such taxable year, we may be a PFIC in any taxable year. The determination of whether we will be or become a PFIC may also depend, in part, on how, and how quickly, we use our liquid assets and the cash raised in an offering of the securities. If we determine not to deploy significant amounts of cash for active purposes, our risk of being a PFIC may substantially increase. Because there are uncertainties in the application of the relevant rules and PFIC status is a factual determination made annually after the close of each taxable year, there can be no assurance that we will not be a PFIC for any future taxable year. In addition, it is possible that the IRS may challenge our classification of certain income and assets as non-passive, which may result in us being or becoming a PFIC in the current or subsequent years. If we are classified as a PFIC in any year during which a U.S. Holder holds the securities, we generally will continue to be treated as a PFIC as to such U.S. Holder in all succeeding years, regardless of whether we continue to meet the PFIC income test or PFIC asset test discussed above.

Default PFIC Rules Under Section 1291 of the Code

If we are a PFIC, the U.S. federal income tax consequences to a U.S. Holder of the acquisition, ownership, and disposition of the securities will depend on whether such U.S. Holder makes a “qualified electing fund” or “QEF” election (a “**QEF Election**”) or makes a mark-to-market election under Section 1296 of the Code (a “**Mark-to-Market Election**”) with respect to the Unit Shares, Pre-Funded Warrants, or the Warrant Shares. A U.S. Holder that does not make either a QEF Election or a Mark-to-Market Election (a “**Non-Electing U.S. Holder**”) will be taxable as described below.

A Non-Electing U.S. Holder will be subject to the rules of Section 1291 of the Code with respect to (a) any gain recognized on the sale or other taxable disposition of the securities and (b) any excess distribution received on the securities. A distribution generally will be an “excess distribution” to the extent that such distribution (together with all other distributions received in the current tax year) exceeds 125% of the average distributions received during the three preceding tax years (or during a U.S. Holder’s holding period for the securities, if shorter).

Under Section 1291 of the Code, any gain recognized on the sale or other taxable disposition of the securities of a PFIC (including an indirect disposition of shares of a Subsidiary PFIC), and any excess distribution received on such securities (or a distribution by a Subsidiary PFIC to its shareholder that is deemed to be received by a U.S. Holder) must be ratably allocated to each day in a Non-Electing U.S. Holder’s holding period for the securities. The amount of any such gain or excess distribution allocated to the tax year of disposition or distribution of the excess distribution and to years before the entity became a PFIC, if any, would be taxed as ordinary income (and not eligible for certain preferential tax rates, as discussed below). The amounts allocated to any other tax year would be subject to U.S. federal income tax at the highest tax rate applicable to ordinary income in each such year, and an interest charge would be imposed on the tax liability for each such year, calculated as if such tax liability had been due in each such year. A Non-Electing U.S. Holder that is not a corporation must treat any such interest paid as “personal interest,” which is not deductible.

If we are a PFIC for any tax year during which a Non-Electing U.S. Holder holds the securities, it will continue to be treated as a PFIC with respect to such Non-Electing U.S. Holder, regardless of whether it ceases to be a PFIC in one or more subsequent tax years. If we cease to be a PFIC, a Non-Electing U.S. Holder may terminate this deemed PFIC status with respect to the Unit Shares, Pre-Funded Warrants, and Warrant Shares by electing to recognize gain (which will be taxed under the rules of Section 1291 of the Code as discussed above) as if such securities were sold on the last day of the last tax year for which we were a PFIC. No such election, however, may be made with respect to the Warrants.

Under proposed Treasury Regulations, if a U.S. Holder has an option, warrant, or other right to acquire stock of a PFIC (such as the Warrants), such option, warrant or right is considered to be PFIC stock subject to the default rules of Section 1291 of the Code. Under rules described below, the holding period for the Warrant Shares will begin on the date a U.S. Holder acquires the related Warrant. This will impact the availability of the QEF Election and Mark-to-Market Election with respect to the Warrant Shares. Thus, a U.S. Holder will have to account for the Warrant Shares, Unit Shares and Pre-Funded Warrants under the PFIC rules and the applicable elections differently.

QEF Election

A U.S. Holder that makes a QEF Election for the first tax year in which its holding period of its Unit Shares or Pre-Funded Warrants begins generally will not be subject to the rules of Section 1291 of the Code discussed above with respect to its Unit Shares or Pre-Funded Warrants. However, a U.S. Holder that makes a QEF Election will be subject to U.S. federal income tax on such U.S. Holder’s pro rata share of (a) our net capital gain, which will be taxed as long-term capital gain to such U.S. Holder, and (b) our ordinary earnings, which will be taxed as ordinary income to such U.S. Holder. Generally, “net capital gain” is the excess of (a) net long-term capital gain over (b) net short-term capital loss, and “ordinary earnings” are the excess of (a) “earnings and profits” over (b) net capital gain. A U.S. Holder that makes a QEF Election will be subject to U.S. federal income tax on such amounts for each tax year in which we are a PFIC, regardless of whether such amounts are actually distributed to such U.S. Holder by us. However, for any tax year in which we are a PFIC and have no net income or gain, U.S. Holders that have made a QEF Election would not have any income inclusions as a result of the QEF Election. If a U.S. Holder that made a QEF Election has an income inclusion, such a U.S. Holder may, subject to certain limitations, elect to defer payment of current U.S. federal income tax on such amounts, subject to an interest charge. If such U.S. Holder is not a corporation, any such interest paid will be treated as “personal interest,” which is not deductible.

A U.S. Holder that makes a timely QEF Election generally (a) may receive a tax-free distribution from us to the extent that such distribution represents “earnings and profits” that were previously included in income by the U.S. Holder because of such QEF Election and (b) will adjust such U.S. Holder’s tax basis in the Unit Shares or Pre-Funded Warrants to reflect the amount included in income or allowed as a tax-free distribution because of such QEF Election. In addition, a U.S. Holder that makes a QEF Election generally will recognize capital gain or loss on the sale or other taxable disposition of Unit Shares or Pre-Funded Warrant.

The procedure for making a QEF Election, and the U.S. federal income tax consequences of making a QEF Election, will depend on whether such QEF Election is timely. A QEF Election will be treated as “timely” for purposes of avoiding the default PFIC rules discussed above if such QEF Election is made for the first year in the U.S. Holder’s holding period for the Unit Shares or Pre-Funded Warrants in which we were a PFIC. A U.S. Holder may make a timely QEF Election by filing the appropriate QEF Election documents at the time such U.S. Holder files a U.S. federal income tax return for such year.

A QEF Election will apply to the tax year for which such QEF Election is made and to all subsequent tax years, unless such QEF Election is invalidated or terminated or the IRS consents to revocation of such QEF Election. If a U.S. Holder makes a QEF Election and, in a subsequent tax year, we cease to be a PFIC, the QEF Election will remain in effect (although it will not be applicable)

during those tax years in which we are not a PFIC. Accordingly, if we become a PFIC in another subsequent tax year, the QEF Election will be effective and the U.S. Holder will be subject to the QEF rules described above during any subsequent tax year in which we qualify as a PFIC.

As discussed above, under proposed Treasury Regulations, if a U.S. Holder has an option, warrant or other right to acquire stock of a PFIC (such as the Warrants), such option, warrant or right is considered to be PFIC stock subject to the default rules of Section 1291 of the Code. However, a U.S. Holder of an option, warrant or other right to acquire stock of a PFIC may not make a QEF Election that will apply to the option, warrant or other right to acquire PFIC stock. In addition, under proposed Treasury Regulations, if a U.S. Holder holds an option, warrant or other right to acquire stock of a PFIC, the holding period with respect to shares of stock of the PFIC acquired upon exercise of such option, warrant or other right will include the period that the option, warrant or other right was held.

Consequently, under the proposed Treasury Regulations, if a U.S. Holder of the Unit Shares or Pre-Funded Warrants makes a QEF Election, such election generally will not be treated as a timely QEF Election with respect to Warrant Shares and the rules of Section 1291 of the Code discussed above will continue to apply with respect to such U.S. Holder's Warrant Shares. However, a U.S. Holder of Warrant Shares should be eligible to make a timely QEF Election if such U.S. Holder makes a "purging" or "deemed sale" election to recognize gain (which will be taxed under the rules of Section 1291 of the Code discussed above) as if such Warrant Shares were sold for fair market value. As a result of the "purging" or "deemed sale" election, the U.S. Holder will have a new basis and holding period in the Warrant Shares acquired upon the exercise of the Warrants for purposes of the PFIC rules. In addition, gain recognized on the sale or other taxable disposition (other than by exercise) of the Warrants by a U.S. Holder will be subject to the rules of Section 1291 of the Code discussed above. Each U.S. Holder should consult its own tax advisor regarding the application of the PFIC rules to the securities.

Upon the exercise of a Pre-Funded Warrant, a U.S. Holder may be required to make a new QEF Election with respect to the Warrant Shares received. Each U.S. Holder should consult its own tax advisor regarding the application of the QEF Election rules to the Pre-Funded Warrants and Warrant Shares upon exercise thereof.

U.S. Holders should be aware that there can be no assurance that we will satisfy the record keeping requirements that apply to a QEF, or that we will supply U.S. Holders with information that such U.S. Holders require to report under the QEF election rules, in the event that we are a PFIC and a U.S. Holder wishes to make a QEF election. U.S. Holders should consult with their own tax advisors regarding the potential application of the PFIC rules to the ownership and disposition of the securities, and the availability of certain U.S. tax elections under the PFIC rules.

A U.S. Holder makes a QEF Election by attaching a completed IRS Form 8621, including a PFIC Annual Information Statement, to a timely filed U.S. federal income tax return. However, if we do not provide the required information with regard to us or any of our Subsidiary PFICs, U.S. Holders will not be able to make a QEF Election for such entity and will continue to be subject to the rules of Section 1291 of the Code discussed above that apply to Non-Electing U.S. Holders with respect to the taxation of gains and excess distributions.

Mark-to-Market Election

A U.S. Holder may make a Mark-to-Market Election with respect to the Unit Shares, Pre-Funded Warrants, and Warrant Shares only if such shares are marketable stock. The Unit Shares and Warrant Shares generally will be "marketable stock" if the Unit Shares and Warrant Shares are regularly traded on (a) a national securities exchange that is registered with the SEC, (b) the national market system established pursuant to Section 11A of the Exchange Act or (c) a foreign securities exchange that is regulated or supervised by a governmental authority of the country in which the market is located, provided that (i) such foreign exchange has trading volume, listing, financial disclosure, and other requirements and the laws of the country in which such foreign exchange is located, together with the rules of such foreign exchange, ensure that such requirements are actually enforced and (ii) the rules of such foreign exchange ensure active trading of listed stocks. If such stock is traded on such a qualified exchange or other market, such stock generally will be considered "regularly traded" for any calendar year during which such stock is traded, other than in de minimis quantities, on at least 15 days during each calendar quarter. Provided that the Unit Shares and Warrant Shares are "regularly traded" as described in the preceding sentence, such shares are expected to be marketable stock. There can be no assurance that the common shares will be "regularly traded" in subsequent calendar quarters. U.S. Holders should consult their own tax advisors regarding the marketable stock rules. A Mark-to-Market Election will likely not be available with respect to the Warrants and Pre-Funded Warrants. Accordingly, each U.S. Holder should consult its own tax advisor regarding the availability of a Mark-to-Market Election with respect to the Warrants and Pre-Funded Warrants. The balance of this discussion generally assumes that a Mark-to-Market Election may be made with respect to a Pre-Funded Warrant.

A U.S. Holder that makes a Mark-to-Market Election with respect to its Unit Shares, Warrant Shares or Pre-Funded Warrants generally will not be subject to the rules of Section 1291 of the Code discussed above with respect to such Unit Shares, Warrant Shares or Pre-Funded Warrant Shares. However, if a U.S. Holder does not make a Mark-to-Market Election beginning in the first tax year of such U.S. Holder's holding period for the Unit Shares, Warrant Shares or Pre-Funded Warrants and such U.S. Holder

has not made a timely QEF Election, the rules of Section 1291 of the Code discussed above will apply to certain dispositions of, and distributions on, the Unit Shares, Warrant Shares and Pre-Funded Warrants.

Any Mark-to-Market Election made by a U.S. Holder for the Unit Shares will also apply to such U.S. Holder's Warrant Shares. As a result, if a Mark-to-Market Election has been made by a U.S. Holder with respect to its Unit Shares, any Warrant Shares received will automatically be marked-to-market in the year of exercise. Because, under the proposed Treasury Regulations, a U.S. Holder's holding period for Warrant Shares includes the period during which such U.S. Holder held the Warrants, a U.S. Holder will be treated as making a Mark-to-Market Election with respect to its Warrant Shares after the beginning of such U.S. Holder's holding period for the Warrant Shares unless the Warrant Shares are acquired in the same tax year as the year in which the U.S. Holder acquired its securities. Consequently, the default rules under Section 1291 described above generally will apply to the mark-to-market gain realized in the tax year in which Warrant Shares are received. However, the general mark-to-market rules will apply to subsequent tax years.

A U.S. Holder that makes a Mark-to-Market Election will include in ordinary income, for each tax year in which we are a PFIC, an amount equal to the excess, if any, of (a) the fair market value of the Unit Shares, Pre-Funded Warrants, and any Warrant Shares as of the close of such tax year over (b) such U.S. Holder's tax basis in such securities. A U.S. Holder that makes a Mark-to-Market Election will be allowed a deduction in an amount equal to the excess, if any, of (i) such U.S. Holder's adjusted tax basis in the Unit Shares, Pre-Funded Warrants, and any Warrant Shares, over (ii) the fair market value of such securities (but only to the extent of the net amount of previously included income as a result of the Mark-to-Market Election for prior tax years).

A U.S. Holder that makes a Mark-to-Market Election generally also will adjust such U.S. Holder's tax basis in the Unit Shares, Pre-Funded Warrants, and Warrant Shares to reflect the amount included in gross income or allowed as a deduction because of such Mark-to-Market Election. In addition, upon a sale or other taxable disposition of such securities, a U.S. Holder that makes a Mark-to-Market Election will recognize ordinary income or ordinary loss (not to exceed the excess, if any, of (a) the amount included in ordinary income because of such Mark-to-Market Election for prior tax years over (b) the amount allowed as a deduction because of such Mark-to-Market Election for prior tax years).

A U.S. Holder makes a Mark-to-Market Election by attaching a completed IRS Form 8621 to a timely filed U.S. federal income tax return. A timely Mark-to-Market Election applies to the tax year in which such Mark-to-Market Election is made and to each subsequent tax year, unless the securities cease to be "marketable stock" or the IRS consents to revocation of such election. Each U.S. Holder should consult its own tax advisor regarding the availability of, and procedure for making, a Mark-to-Market Election.

Although a U.S. Holder may be eligible to make a Mark-to-Market Election with respect to the Unit Shares, Pre-Funded Warrants, and Warrant Shares, no such election may be made with respect to the stock of any Subsidiary PFIC that a U.S. Holder is treated as owning because such stock is not marketable. Hence, the Mark-to-Market Election will not be effective to eliminate the interest charge and other income inclusion rules described above with respect to deemed dispositions of Subsidiary PFIC stock or distributions from a Subsidiary PFIC to its shareholder.

Because the U.S. federal income tax characterization of the Pre-Funded Warrants is unclear, U.S. Holders of Pre-Funded Warrants should consult with their tax advisors as to the availability of a QEF Election or Mark-to-Market election with respect to the Pre-Funded Warrants.

Other PFIC Rules

Under Section 1291(f) of the Code, the IRS has issued proposed Treasury Regulations that, subject to certain exceptions, would cause a U.S. Holder that had not made a timely QEF Election to recognize gain (but not loss) upon certain transfers of securities that would otherwise be tax-deferred (e.g., gifts and exchanges pursuant to corporate reorganizations). However, the specific U.S. federal income tax consequences to a U.S. Holder may vary based on the manner in which the securities are transferred.

If finalized in their current form, the proposed Treasury Regulations applicable to PFICs would be effective for transactions occurring on or after April 1, 1992. Because the proposed Treasury Regulations have not yet been adopted in final form, they are not currently effective, and there is no assurance that they will be adopted in the form and with the effective date proposed. Nevertheless, the IRS has announced that, in the absence of final Treasury Regulations, taxpayers may apply reasonable interpretations of the Code provisions applicable to PFICs and that it considers the rules set forth in the proposed Treasury Regulations to be reasonable interpretations of those Code provisions. The PFIC rules are complex, and the implementation of certain aspects of the PFIC rules requires the issuance of Treasury Regulations which in many instances have not been promulgated and which, when promulgated, may have retroactive effect. U.S. Holders should consult their own tax advisors about the potential applicability of the proposed Treasury Regulations.

Certain additional adverse rules will apply with respect to a U.S. Holder if we are a PFIC, regardless of whether such U.S. Holder makes a QEF Election. For example, under Section 1298(b)(6) of the Code, a U.S. Holder that uses the securities as security for a loan will, except as may be provided in Treasury Regulations, be treated as having made a taxable disposition of such securities.

In addition, a U.S. Holder who acquires securities from a decedent will not receive a “step up” in tax basis of such securities to fair market value.

Special rules also apply to the amount of foreign tax credit that a U.S. Holder may claim on a distribution from a PFIC. Subject to such special rules, foreign taxes paid with respect to any distribution in respect of stock in a PFIC are generally eligible for the foreign tax credit. The rules relating to distributions by a PFIC and their eligibility for the foreign tax credit are complicated, and a U.S. Holder should consult with their own tax advisor regarding the availability of the foreign tax credit with respect to distributions by a PFIC.

The PFIC rules are complex, and each U.S. Holder should consult its own tax advisor regarding the PFIC rules (including the applicability and advisability of a QEF Election and Mark-to-Market Election) and how the PFIC rules may affect the U.S. federal income tax consequences of the acquisition, ownership, and disposition of the securities.

U.S. Federal Income Tax Consequences of the Exercise and Disposition of Warrants

The following discussion describes the general rules applicable to the ownership and disposition of the Warrants but is subject in its entirety to the special rules described above under the heading “*Passive Foreign Investment Company Rules.*”

Exercise of Warrants

A U.S. Holder should not recognize gain or loss on the exercise of a Warrant and related receipt of a Warrant Share (unless cash is received in lieu of the issuance of a fractional Warrant Share). A U.S. Holder’s initial tax basis in the Warrant Share received on the exercise of a Warrant should be equal to the sum of (a) such U.S. Holder’s tax basis in such Warrant plus (b) the exercise price paid by such U.S. Holder on the exercise of such Warrant. It is unclear whether a U.S. Holder’s holding period for the Warrant Share received on the exercise of a Warrant would commence on the date of exercise of the Warrant or the day following the date of exercise of the Warrant. If we are a PFIC, a U.S. Holder’s holding period for the Warrant Share for PFIC purposes will begin on the date on which such U.S. Holder acquired its Warrant. If the acquisition of a Pre-Funded Warrant is not treated as an acquisition of Common Shares for U.S. federal income tax purposes as described above in under the heading “*Treatment of Pre-Funded Warrants*”, then the foregoing rules described in this paragraph would also apply to the exercise of a Pre-Funded Warrant.

Disposition of Warrants

A U.S. Holder will recognize gain or loss on the sale or other taxable disposition of a Warrant in an amount equal to the difference, if any, between (a) the amount of cash plus the fair market value of any property received and (b) such U.S. Holder’s tax basis in the Warrant sold or otherwise disposed of. Subject to the PFIC rules discussed above, any such gain or loss generally will be a capital gain or loss, which will be long-term capital gain or loss if the Warrant is held for more than one year. Deductions for capital losses are subject to complex limitations under the Code.

Expiration of Warrants Without Exercise

Upon the lapse or expiration of a Warrant, a U.S. Holder will recognize a loss in an amount equal to such U.S. Holder’s tax basis in the Warrant. Any such loss generally will be a capital loss and will be long-term capital loss if the Warrants are held for more than one year. Deductions for capital losses are subject to complex limitations under the Code.

Certain Adjustments to the Warrants

Under Section 305 of the Code, an adjustment to the number of Warrant Shares that will be issued on the exercise of the Warrants, or an adjustment to the exercise price of the Warrants, may be treated as a constructive distribution to a U.S. Holder of the Warrants if, and to the extent that, such adjustment has the effect of increasing such U.S. Holder’s proportionate interest in the “earnings and profits” or our assets, depending on the circumstances of such adjustment (for example, if such adjustment is to compensate for a distribution of cash or other property to the shareholders). Adjustments to the exercise price of Warrants made pursuant to a bona fide reasonable adjustment formula that has the effect of preventing dilution of the interest of the holders of the Warrants should generally not be considered to result in a constructive distribution. Any such constructive distribution would be taxable whether or not there is an actual distribution of cash or other property. (See more detailed discussion of the rules applicable to distributions made by us at “– *Distributions on the Unit Shares, Pre-Funded Warrants, and Warrant Shares*” below).

General Rules Applicable to U.S. Federal Income Tax Consequences of the Acquisition, Ownership, and Disposition of the Unit Shares, Pre-Funded Warrants, and Warrant Shares

The following discussion describes the general rules applicable to the ownership and disposition of the Unit Shares, Pre-Funded Warrants, and Warrant Shares, but is subject in its entirety to the special rules described above under the heading “*Passive Foreign Investment Company Rules.*”

Distributions on the Unit Shares, Pre-Funded Warrants, and Warrant Shares

A U.S. Holder that receives a distribution, including a constructive distribution, with respect to a Unit Share, Pre-Funded Warrant, or Warrant Share (as well as any constructive distribution on a Warrant as described above) will be required to include the amount of such distribution in gross income as a dividend (without reduction for any Canadian income tax withheld from such distribution) to the extent of our current and accumulated “earnings and profits”, as computed under U.S. federal income tax principles. A dividend generally will be taxed to a U.S. Holder at ordinary income tax rates if we are a PFIC for the tax year of such distribution or the preceding tax year. To the extent that a distribution exceeds our current and accumulated “earnings and profits,” such distribution will be treated first as a tax-free return of capital to the extent of a U.S. Holder’s tax basis in such securities and thereafter as gain from the sale or exchange of such securities (see “Sale or Other Taxable Disposition of the Unit Shares, Pre-Funded Warrants and Warrant Shares” below). However, we may not maintain the calculations of earnings and profits in accordance with U.S. federal income tax principles, and each U.S. Holder may be required to assume that any distribution by us with respect to such securities will constitute ordinary dividend income. Dividends received on such securities generally will not be eligible for the “dividends received deduction” generally applicable to corporations. Subject to applicable limitations and provided we are eligible for the benefits of the Convention Between Canada and the United States of America with Respect to Taxes on Income and on Capital, signed September 26, 1980, as amended, or the common shares are readily tradable on a United States securities market, dividends paid by us to non-corporate U.S. Holders, including individuals, generally will be eligible for the preferential tax rates applicable to long-term capital gains for dividends, provided certain holding period and other conditions are satisfied, including that we not be classified as a PFIC in the tax year of distribution or in the preceding tax year. The dividend rules are complex, and each U.S. Holder should consult its own tax advisor regarding the application of such rules.

Sale or Other Taxable Disposition of the Unit Shares, Pre-Funded Warrants, and Warrant Shares

Upon the sale or other taxable disposition of the Unit Shares, Pre-Funded Warrants, or Warrant Shares, a U.S. Holder generally will recognize capital gain or loss in an amount equal to the difference between (a) the amount of cash plus the fair market value of any property received and (b) such U.S. Holder’s tax basis in such securities sold or otherwise disposed of. Gain or loss recognized on such sale or other taxable disposition generally will be long-term capital gain or loss if, at the time of the sale or other taxable disposition, such securities have been held for more than one year. Preferential tax rates may apply to long-term capital gain of a U.S. Holder that is an individual, estate, or trust. There are no preferential tax rates for long-term capital gain of a U.S. Holder that is a corporation. Deductions for capital losses are subject to significant limitations under the Code.

Additional Tax Considerations

Receipt of Foreign Currency

The amount of any distribution paid to a U.S. Holder in foreign currency or on the sale, exchange or other taxable disposition of the securities generally will be equal to the U.S. dollar value of such foreign currency based on the exchange rate applicable on the date of receipt (regardless of whether such foreign currency is converted into U.S. dollars at that time). If the foreign currency received is not converted into U.S. dollars on the date of receipt, a U.S. Holder will have a tax basis in the foreign currency equal to its U.S. dollar value on the date of receipt. Any U.S. Holder who receives payment in foreign currency and engages in a subsequent conversion or other disposition of the foreign currency may have a foreign currency exchange gain or loss that would be treated as ordinary income or loss, and generally will be U.S. source income or loss for foreign tax credit purposes. Different rules apply to U.S. Holders who use the accrual method of tax accounting. Each U.S. Holder should consult its own U.S. tax advisor regarding the U.S. federal income tax consequences of receiving, owning, and disposing of foreign currency.

Foreign Tax Credit

Subject to the PFIC rules discussed above, a U.S. Holder that pays (whether directly or through withholding) Canadian income tax with respect to dividends paid on the securities (or with respect to any constructive dividend on the Warrants) generally will be entitled, at the election of such U.S. Holder, to receive either a deduction or a credit for such Canadian income tax paid. Generally, a credit will reduce a U.S. Holder’s U.S. federal income tax liability on a dollar-for-dollar basis, whereas a deduction will reduce a U.S. Holder’s income subject to U.S. federal income tax. This election is made on a year-by-year basis and applies to all foreign taxes paid or accrued (whether directly or through withholding) by a U.S. Holder during a year. The foreign tax credit rules are complex and involve the application of rules that depend on a U.S. Holder’s particular circumstances. Accordingly, each U.S. Holder should consult its own tax advisor regarding the foreign tax credit rules.

Information Reporting; Backup Withholding Tax

Under U.S. federal income tax laws certain categories of U.S. Holders must file information returns with respect to their investment in, or involvement in, a foreign corporation. For example, U.S. return disclosure obligations (and related penalties) are imposed on U.S. Holders that hold certain specified foreign financial assets in excess of certain threshold amounts. The definition of specified

foreign financial assets includes not only financial accounts maintained in foreign financial institutions, but also, unless held in accounts maintained by a financial institution, any stock or security issued by a non-U.S. person. U. S. Holders may be subject to these reporting requirements unless the securities are held in an account at certain financial institutions. Penalties for failure to file certain of these information returns are substantial. U.S. Holders should consult their own tax advisors regarding the requirements of filing information returns, including the requirement to file IRS Form 8938.

Payments made within the U.S., or by a U.S. payor or U.S. middleman, of dividends on, and proceeds arising from the sale or other taxable disposition of the securities generally may be subject to information reporting and backup withholding tax, currently at the rate of 24%, if a U.S. Holder (a) fails to furnish its correct U.S. taxpayer identification number (generally on Form W-9), (b) furnishes an incorrect U.S. taxpayer identification number, (c) is notified by the IRS that such U.S. Holder has previously failed to properly report items subject to backup withholding tax, or (d) fails to certify, under penalty of perjury, that it has furnished its correct U.S. taxpayer identification number and that the IRS has not notified such U.S. Holder that it is subject to backup withholding tax. However, certain exempt persons, such as U.S. Holders that are corporations, generally are excluded from these information reporting and backup withholding tax rules. Any amounts withheld under the U.S. backup withholding tax rules will be allowed as a credit against a U.S. Holder's U.S. federal income tax liability, if any, or will be refunded, if such U.S. Holder furnishes required information to the IRS in a timely manner.

The discussion of reporting requirements set forth above is not intended to constitute a complete description of all reporting requirements that may apply to a U.S. Holder. A failure to satisfy certain reporting requirements may result in an extension of the time period during which the IRS can assess a tax and, under certain circumstances, such an extension may apply to assessments of amounts unrelated to any unsatisfied reporting requirement. Each U.S. Holder should consult its own tax advisors regarding the information reporting and backup withholding rules.

THE ABOVE SUMMARY IS NOT INTENDED TO CONSTITUTE A COMPLETE ANALYSIS OF ALL TAX CONSIDERATIONS APPLICABLE TO U.S. HOLDERS WITH RESPECT TO THE ACQUISITION, OWNERSHIP, AND DISPOSITION OF THE SECURITIES. U.S. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX CONSIDERATIONS APPLICABLE TO THEM IN THEIR OWN PARTICULAR CIRCUMSTANCES.

LEGAL MATTERS

Certain Canadian legal matters relating to the Offering will be passed upon on behalf of the Company by DLA Piper (Canada) LLP and on behalf of the Underwriter by Cozen O'Connor LLP. As of the date hereof, the partners and associates of DLA Piper (Canada) LLP, as a group, beneficially own, directly or indirectly, less than 1% of the outstanding Common Shares.

Certain legal matters relating to United States law will be passed upon on behalf of the Company by Troutman Pepper Hamilton Sanders LLP and on behalf of the Underwriter by Ellenoff Grossman & Schole LLP.

AUDITOR, TRANSFER AGENT AND REGISTRAR

Our auditors are Dale Matheson Carr-Hilton Labonte LLP, Chartered Professional Accountants, located at 1500-1700, 1140 W Pender Street, Vancouver, BC V6E 4G1. Dale Matheson Carr-Hilton Labonte LLP is independent with respect to the Company within the meaning of the U.S. Securities Act and the applicable rules and regulations adopted by the SEC and the Public Company Accounting Oversight Board (United States) and within the meaning of the rules of professional conduct of the Chartered Professional Accountants of British Columbia.

Our transfer agent and registrar for our Common Shares in Canada and the United States is Endeavor Trust Corporation at its principal offices in Vancouver, British Columbia, and Albany, New York, respectively.

AGENT FOR SERVICE OF PROCESS

Andrew Hill Card Jr., John M. Mitnick and Julie Myers Wood members of the board of directors of the Company, all reside outside of Canada and have appointed DLA Piper (Canada) LLP, Suite 2700, 1133 Melville Street, Vancouver, British Columbia, Canada V6E 4E5, as agent for service of process.

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for service of process.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor. Rights and remedies may also be available to purchasers under U.S. law; purchasers may wish to consult with a U.S. lawyer for particulars of these rights.

ENFORCEABILITY OF CIVIL LIABILITIES

The Company is incorporated under, and governed by, the laws of British Columbia, Canada. Many of its officers and directors and experts named in this Prospectus Supplement and the Base Shelf Prospectus are resident outside of the United States, and a majority of their assets, and the assets of Draganfly, are located outside the United States. As a result, it may be difficult for U.S. investors to effect service of process within the United States upon those directors, officers or experts who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of such directors, officers or experts under U.S. federal securities laws. There is doubt as to whether Canadian courts would enforce the civil liability claims brought under United States federal securities laws in original actions and/or enforce claims for punitive damages. A final judgment for a liquidated sum in favour of a private litigant granted by a United States court and predicated solely upon civil liability under United States federal securities laws would, subject to certain exceptions identified in the law of individual provinces of Canada, likely be enforceable in Canada if the United States court in which the judgment was obtained had a basis for jurisdiction in the matter that would be recognized by the domestic Canadian court for the same purposes. There is a significant risk that a given Canadian court may not have jurisdiction or may decline jurisdiction over a claim based solely upon United States federal securities law on application of the conflict of laws principles of the province in Canada in which the claim is brought.

Draganfly has filed with the SEC, concurrently with the filing of its U.S. Registration Statement on Form F-10 of which this Prospectus Supplement and the Base Shelf Prospectus form a part, an appointment of agent for service of process on Form F-X. Under the Form F-X, Draganfly appointed C T Corporation System as its agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving Draganfly in a U.S. court arising out of or related to or concerning the Offering of Units under the U.S. Registration Statement. However, it may be difficult for United States investors to effect service of process within the United States upon those officers or directors who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon the Company's civil liability and the civil liability of such officers or directors under United States federal securities laws or the securities or "blue sky" laws of any state within the United States.

This short form base shelf prospectus (the “**Prospectus**”) relates to the offering for sale by Draganfly Inc. (the “**Company**” or “**Draganfly**”) from time to time, during the 25-month period that this Prospectus, including any amendments hereto, remains valid, of up to \$200,000,000 (or the equivalent in other currencies based on the applicable exchange rate at the time of the offering) in the aggregate of: (i) common shares (“**Common Shares**”) in the capital of the Company; (ii) preferred shares of the Company of any series (“**Preferred Shares**”); (iii) warrants (“**Warrants**”) to purchase other Securities (as defined below); (iv) subscription receipts (“**Subscription Receipts**”) convertible into other Securities; and (v) units (“**Units**”) comprised of one or more of any of the other Securities, or any combination of such Securities (the Common Shares, Warrants, Subscription Receipts and Units are collectively referred to herein as the “**Securities**”). The Securities may be offered in amounts, at prices and on terms to be determined based on market conditions at the time of sale, including potentially by way of an “at-the-market distribution” (as defined under applicable Canadian securities legislation), and set forth in an accompanying prospectus supplement (each, a “**Prospectus Supplement**”). In addition, the Securities may be offered and issued in consideration for the acquisition of other businesses, assets or securities by the Company or one of its subsidiaries. The consideration for any such acquisition may consist of the Securities separately, a combination of Securities or any combination of, among other things, Securities, cash and assumption of liabilities.

The Company is permitted under a multijurisdictional disclosure system adopted by the securities regulatory authorities in the United States and Canada to prepare this Prospectus in accordance with the disclosure requirements of Canada. Prospective investors in the United States should be aware that such requirements are different from those of the United States. Financial statements included or incorporated by reference herein have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board and are subject to Canadian auditing and auditor independence standards and thus may not be comparable to financial statements

of United States companies. The Company's financial statements are subject to audit in accordance with Canadian generally accepted auditing standards and our auditor is subject to both Canadian auditor independence status and the auditor independence standards of the Public Company Accounting Oversight Board (United States) and the United States Securities and Exchange Commission (the "SEC").

Your ability to enforce civil liabilities under the U.S. federal securities laws may be affected adversely because we are organized under the laws of British Columbia, Canada, some of our officers and directors and some or all of the experts named in this Prospectus are Canadian residents, and some or all of the underwriters, dealers or agents named in any Prospectus Supplement may be residents of a country other than the United States, and a substantial portion of the assets of the Company and these persons are located outside of the United States. See "*Enforcement of Civil Liabilities*".

Prospective investors should be aware that the acquisition, holding or disposition of the Securities may have tax consequences both in Canada and the United States. Such consequences may not be fully described in this Prospectus or any accompanying Prospectus Supplement. You should read the tax discussion in any Prospectus Supplement with respect to a particular offering and consult and rely on your own tax advisors with respect to your own particular circumstances. See "*Certain Canadian and United States Federal Income Tax Considerations*".

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR HAS THE SECURITIES COMMISSION OF ANY STATE OF THE UNITED STATES OR ANY CANADIAN SECURITIES REGULATOR APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

All shelf information permitted under applicable laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus except in cases where an exemption from such delivery has been obtained. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Securities to which the Prospectus Supplement pertains.

The specific terms of any Securities offered will be described in the applicable Prospectus Supplement including, where applicable: (i) in the case of Common Shares, the number of Common Shares offered, the offering price, whether the Common Shares are being offered for cash, and any other terms specific to the Common Shares offered; (ii) in the case of Preferred Shares, the designation of the particular class and, if applicable, series, the number of shares offered, the offering price, the currency, dividend rate, if any, and any other terms specific to the Preferred Shares being offered; (iii) in the case of Warrants, the number of Warrants being offered, the offering price, the designation, number and terms of the other Securities purchasable upon exercise of the Warrants, and any procedures that will result in the adjustment of those numbers, the exercise price, the dates and periods of exercise, whether the Warrants are being offered for cash, and any other terms specific to the Warrants offered; (iv) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the terms, conditions and procedures for the conversion of the Subscription Receipts into other Securities, the designation, number and terms of such other Securities, whether the Subscription Receipts are being offered for cash, and any other terms specific to the Subscription Receipts offered; and (v) in the case of Units, the number of Units being offered, the offering price, the number and terms of the Securities comprising the Units, whether the Units are being offered for cash, and any other terms specific to the Units offered. A Prospectus Supplement relating to a particular offering of Securities may include terms pertaining to the Securities being offered thereunder that are not within the terms and parameters described in this Prospectus. Where required by statute, regulation or policy, and where the Securities are offered in currencies other than Canadian dollars, appropriate disclosure of foreign exchange rates applicable to the Securities will be included in the Prospectus Supplement describing the Securities.

Prospective investors should be aware that the purchase of any Securities may have tax consequences that may not be fully described in this Prospectus or in any Prospectus Supplement, and should carefully review the tax discussion, if any, in the applicable Prospectus Supplement and in any event consult with their own tax advisers before purchasing any of the Securities.

No underwriter or agent has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

The Company may offer and sell the Securities to or through underwriters or dealers purchasing as principals, and may also sell directly to one or more purchasers or through agents or pursuant to applicable statutory exemptions. See "*Plan of Distribution*". The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent, as the case may be, engaged by the Company in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents in connection with the offering, the method of distribution of the Securities, the initial issue price

(in the event that the offering is a fixed price distribution), the proceeds that the Company will, or expects to receive and any other material terms of the plan of distribution.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at non-fixed prices. If offered on a non-fixed price basis, the Securities may be offered at market prices prevailing at the time of sale, at prices determined by reference to the prevailing price of a specified security in a specified market or at prices to be negotiated with purchasers, in which case the compensation payable to an underwriter, dealer or agent in connection with any such sale will be decreased by the amount, if any, by which the aggregate price paid for Securities by the purchasers is less than the gross proceeds paid by the underwriter, dealer or agent to the Company. The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution.

This Prospectus may qualify an “at-the-market distribution”.

In connection with any offering of Securities, other than an “at-the-market distribution” (as defined under applicable Canadian securities legislation), unless otherwise specified in a Prospectus Supplement, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time. A purchaser who acquires Securities forming part of the underwriters’, dealers’ or agents’ over-allocation position acquires those Securities under this Prospectus and the Prospectus Supplement relating to the particular offering of Securities, regardless of whether the over-allocation position is ultimately filled through the exercise of the over-allotment option or secondary market purchases. See “*Plan of Distribution*”. No underwriter or dealer involved in an “at-the-market distribution” under this Prospectus, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

The issued and outstanding Common Shares are listed and posted for trading on the Canadian Securities Exchange (the “CSE”) under the symbol “DPRO”, on the Nasdaq Capital Market (“Nasdaq”) under the symbol “DPRO”, and on the Frankfurt Stock Exchange (the “FSE”) under the symbol “3U8A”.

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will not be listed on any securities exchange. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See “*Risk Factors*”.

An investment in the Securities of the Company is highly speculative and involves a high degree of risk. Readers should carefully review and evaluate the risk factors contained in this Prospectus, the applicable Prospectus Supplement and in the documents incorporated by reference herein before purchasing any Securities. See “*Forward-Looking Information*” and “*Risk Factors*”.

The Company is not making an offer of the Securities in any jurisdiction where such offer is not permitted.

Andrew Hill Card Jr., John M. Mitnick and Julie Myers Wood are members of the board of the Company, all reside outside of Canada and have appointed DLA Piper (Canada) LLP, 2800 Park Place, 666 Burrard St, Vancouver, British Columbia, V6C 2Z7, Canada for service of process in Canada. Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person that resides outside of Canada, even if the party has appointed an agent for service of process. See “*Agent for Service of Process*”.

Unless otherwise specified in a Prospectus Supplement relating to any Securities offered, certain legal matters in connection with the offering of Securities may be passed upon on behalf of Draganfly by DLA Piper (Canada) LLP as to legal matters relating to Canadian law and, if governed by United States law, by Troutman Pepper Hamilton Sanders LLP as to matters relating to United States law.

The Company’s head office is located at 2108 St. George Avenue, Saskatoon, Saskatchewan, S7M 0K7, and the registered office is located at Suite 2800, Park Place, 666 Burrard Street, Vancouver, British Columbia, V6C 2Z7.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Prospectus and the documents incorporated by reference herein contain certain "forward-looking statements" and "forward-looking information" within the meaning of applicable Canadian securities legislation (collectively, "**forward-looking statements**"). Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, and other future conditions. Forward-looking statements can be identified by words such as "anticipate," "believe," "envision," "estimate," "expect," "intend," "may," "plan," "predict," "project," "target," "potential," "will," "would," "could," "should," "continue," "contemplate" and other similar expressions, although not all forward-looking statements contain these identifying words. These forward-looking statements include all matters that are not historical facts. Forward-looking statements in this Prospectus, any Prospectus Supplement or the documents incorporated by reference herein and therein include, but are not limited to, statements with respect to:

- the intentions, plans and future actions of the Company;
- statements relating to the business and future activities of the Company;
- anticipated developments in operations of the Company;
- market position, ability to compete and future financial or operating performance of the Company;
- the timing and amount of funding required to execute the Company's business plans;

- capital expenditures;
- the effect on the Company of any changes to existing or new legislation or policy or government regulation;
- the availability of labour;
- requirements for additional capital;
- goals, strategies and future growth;
- the adequacy of financial resources;
- expectations regarding revenues, expenses and anticipated cash needs; and
- the impact of the COVID-19 pandemic on the business and operations of the Company.

Although we base the forward-looking statements contained in this Prospectus on assumptions that we believe are reasonable, we caution you that actual results and developments (including our results of operations, financial condition and liquidity, and the development of the industry in which we operate) may differ materially from those made in or suggested by the forward-looking statements contained in this Prospectus. In addition, even if results and developments are consistent with the forward-looking statements contained in this Prospectus, those results and developments may not be indicative of results or developments in subsequent periods. Certain assumptions made in preparing the forward-looking statements contained in this Prospectus include:

- the Company's ability to implement its growth strategies;
- the Company's competitive advantages;
- the development of new products and services;
- the Company's ability to obtain and maintain financing on acceptable terms;
- the impact of competition;
- changes in laws, rules and regulations;
- the Company's ability to maintain and renew required licences;
- the Company's ability to maintain good business relationships with its customers, distributors, suppliers and other strategic partners;
- the Company's ability to protect intellectual property;
- the Company's ability to manage and integrate acquisitions;
- the Company's ability to retain key personnel; and
- the absence of material adverse changes in the industry or Canadian or global economy, including as a result of the COVID-19 pandemic.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The Company's actual results could differ materially from those anticipated in the forward-looking statements as a result of the risk factors set forth below and elsewhere in this Prospectus:

- a history of losses;
- dilution as a result of future sale of Common Shares or other securities;
- discretion in the use of net proceeds from the sale of Securities;
- high level of price volatility of the Common Shares;
- increased research and development costs and reduced profitability as a result;
- lack of outside funding available for research and development;
- adoption of new business models could fail to produce any financial returns;
- operational risks;
- evolving market and difficulty of evaluation future prospects;
- competition in the industry;
- rapid technological change in the industry;
- failure to obtain or maintain required regulatory approvals;
- shipping products outside of Canada and approvals required for exporting;
- regulatory regime the Company operates in;
- risk associated with acquisitions;
- reliance on management and key employees;
- growth in the number of personnel straining resources;

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation from the Company or from other parties, including in the form of underwriters’, dealers’ or agents’ fees, commissions or concessions. Underwriters, dealers and agents that participate in the distribution of the Securities may be deemed to be underwriters for the purposes of applicable Canadian securities legislation and any such compensation received by them from the Company and any profit on the resale of the Securities by them may be deemed to be underwriting commissions.

In connection with any offering of Securities, except as otherwise set out in a Prospectus Supplement relating to a particular offering of Securities and other than in relation to an “at-the-market” distribution, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions intended to fix, stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time.

Underwriters, dealers or agents who participate in the distribution of the Securities may be entitled, under agreements to be entered into with the Company, to indemnification by the Company against certain liabilities, including liabilities under Canadian securities legislation and the U.S. Securities Act, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will be a new issue of Securities with no established trading market. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See “*Risk Factors*”.

CERTAIN CANADIAN AND UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

Owning any of the Securities may subject holders to tax consequences. The applicable Prospectus Supplement may describe certain Canadian federal income tax consequences to an initial investor who is a resident of Canada or a non-resident of Canada of acquiring, owning and disposing of any of the Securities offered thereunder. The applicable Prospectus Supplement may also describe certain United States federal income tax consequences of the acquisition, ownership and disposition of any of the Securities offered thereunder by an initial investor who is a U.S. Person (within the meaning of the U.S. Internal Revenue Code of 1986, as amended). Prospective investors should consult their own tax advisers prior to deciding to purchase any of the Securities.

RISK FACTORS

Before deciding to invest in any Securities, prospective investors of the Securities should consider carefully the risk factors and the other information contained and incorporated by reference in this Prospectus and the applicable Prospectus Supplement relating to a specific offering of Securities before purchasing the Securities, including those risks identified and discussed under the heading “*Risk Factors*” in the AIF, which is incorporated by reference herein. See “*Documents Incorporated by Reference*”.

An investment in the Securities offered hereunder is highly speculative and involves a high degree of risk. The risks and uncertainties described or incorporated by reference herein are not the only ones the Company may face. Additional risks and uncertainties, including those that the Company is unaware of or that are currently deemed immaterial, may also become important factors that affect the Company and its business. If any such risks actually occur, the Company’s business, financial condition and results of operations could be materially adversely affected.

Prospective investors should carefully consider the risks below and in the AIF and the other information elsewhere in this Prospectus and the applicable Prospectus Supplement and consult with their professional advisers to assess any investment in the Company.

The Company has a history of losses.

The Company has incurred net losses since its inception. The Company cannot assure that it can become profitable or avoid net losses in the future or that there will be any earnings or revenues in any future quarterly or other periods. The Company expects that its operating expenses will increase as it grows its business, including expending substantial resources for research, development and marketing. As a result, any decrease or delay in generating revenues could result in material operating losses.

A shareholder’s holding in the Company may be diluted if the Company issues additional Common Shares or other securities in the future.

The Company may issue additional Common Shares or other securities in the future, which may dilute a shareholder’s holding in the Company. The Company’s articles permit the issuance of an unlimited number of Common Shares, and shareholders have no pre-emptive rights in connection with further issuances of any securities. The directors of the Company have the discretion to determine if an issuance of Common Shares or other securities is warranted, the price at which any such securities are issued and the other terms of issue of Common Shares or securities. In addition, the Company may issue additional Common Shares upon the exercise of incentive stock options to acquire Common Shares under its share compensation plan or upon the exercise or conversion

of other outstanding convertible securities of the Company, which will result in further dilution to shareholders. In addition, the issuance of Common Shares or other securities in any potential future acquisitions, if any, may also result in further dilution to shareholder interests.

An investment in the Securities is not guaranteed and may result in the loss of an investor's entire investment.

There is no guarantee that any investment in the Securities will earn any positive return in the short term or long term. Any investment in the Securities is highly speculative and involves a high degree of risk and should be undertaken only by investors whose financial resources are sufficient to enable them to assume such risks and who have no need for immediate liquidity in their investment. An investment in the Securities is appropriate only for investors who have the capacity to absorb a loss of some or all of their investment.

We will have broad discretion in the use of the net proceeds from the sale of Securities and may not use them to effectively manage our business.

Management of the Company will have broad discretion with respect to the application of net proceeds received by the Company from the sale of Securities under this Prospectus or a future Prospectus Supplement and may spend such proceeds in ways that do not improve the Company's results of operations or enhance the value of the Common Shares or its other securities issued and outstanding from time to time. Any failure by management to apply these funds effectively could result in financial losses that could have a material adverse effect on the Company's business or cause the price of the issued and outstanding securities of the Company to decline.

The market price of the Common Shares may be highly volatile.

The market price of the Common Shares may be highly volatile and could be subject to wide fluctuations in response to a number of factors that are beyond our control, including but not limited to:

- revenue or results of operations in any quarter failing to meet the expectations, published or otherwise, of the investment community;
- actual or anticipated changes or fluctuations in our results of operations;
- announcements by us or our competitors of new products or new or terminated significant contracts, commercial relationships or capital commitments;
- rumors and market speculation involving us or other companies in our industry;
- changes in our executive management team or the composition of the board of directors of the Company;
- fluctuations in the share prices of other companies in the technology and emerging growth sectors;
- general market conditions and macroeconomic trends driven by factors outside our control, such as the COVID-19 pandemic and/or geopolitical conflicts, including supply chain disruptions, market volatility, inflation, and labor challenges, among other factors;
- actual or anticipated developments in our business or our competitors' businesses or the competitive landscape generally;
- litigation involving us, our industry or both, or investigations by regulators into our operations or those of competitors;
- announced or completed acquisitions of businesses or technologies by us or our competitors;
- new laws or regulations or new interpretations of existing laws or regulations applicable to our business;
- shareholder activism and related publicity;
- foreign exchange rates; and
- other risk factors as set out in this Prospectus and in the documents incorporated by reference into this Prospectus.

If the market price of our Common Shares drops significantly, shareholders could institute securities class action lawsuits against us, regardless of the merits of such claims. Such a lawsuit could cause us to incur substantial costs and could divert the time and attention of our management and other resources from our business. This could harm our business, results of operations and financial condition.

There is no guarantee that an active trading market for our Common Shares will be maintained on the CSE and/or the Nasdaq. Investors may not be able to sell their Common Shares quickly or at the latest market price if the trading in our Common Shares is not active.

There is currently no market through which the Securities, other than the Common Shares, may be sold and, unless otherwise specified in the applicable Prospectus Supplement, none of the Warrants, Subscription Receipts or Units will be listed on any securities or stock exchange or any automated dealer quotation system. As a consequence, purchasers may not be able to resell Warrants, Subscription Receipts or Units purchased under this Prospectus or any Prospectus Supplement. This may affect the pricing of the Securities, other than the Common Shares, in the secondary market, the transparency and availability of trading

prices, the liquidity of these securities and the extent of issuer regulation. There can be no assurance that an active trading market for the Securities, other than the Common Shares, will ever develop or, if developed, that any such market, including for the Common Shares, will be sustained.

Our Common Shares are currently listed on the CSE, Nasdaq, and FSE, however, our shareholders may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all and there can be no guarantee that an active trading market for the Common Shares may be maintained. There can be no assurance that there will be sufficient liquidity of our Common Shares on the trading market, and that we will continue to meet the listing requirements of the CSE, the Nasdaq or any other public listing exchange.

United States investors may not be able to obtain enforcement of civil liabilities against us.

The Company is incorporated under the laws of British Columbia, Canada, and its principal executive offices are located in Canada. Most of the Company's directors and officers and most of the experts named in this Prospectus reside outside of the United States and all or a substantial portion of the Company's assets and the assets of these persons are located outside the United States. Consequently, it may not be possible for an investor to effect service of process within the United States on the Company or those persons. Furthermore, it may not be possible for an investor to enforce judgments obtained in United States courts based upon the civil liability provisions of United States federal securities laws or other laws of the United States against those persons or the Company. There is doubt as to the enforceability, in original actions in Canadian courts, of liabilities based upon United States federal securities laws and as to the enforceability in Canadian courts of judgments of United States courts obtained in actions based upon the civil liability provisions of the United States federal securities laws. Therefore, it may not be possible to enforce those actions against the Company, certain of the Company's directors and officers or the experts named in this Prospectus.

INTERESTS OF EXPERTS

The following persons or companies are named as having prepared or certified a report, valuation, statement or opinion in this Prospectus, either directly or in a document incorporated herein by reference, and whose profession or business gives authority to the report, valuation, statement or opinion made by the expert.

As at the date hereof, the partners and associates of DLA Piper (Canada) LLP, beneficially own, directly or indirectly, less than 1% of the outstanding Common Shares.

In addition, certain legal matters in connection with any offering of Securities will be passed upon for any underwriters, dealers or agents by counsel to be designated at the time of the offering by such underwriters, dealers or agents, as the case may be.

The transfer agent and registrar for our Common Shares is Endeavor Trust Corporation at its principal office in Vancouver, British Columbia.

AGENT FOR SERVICE OF PROCESS

Certain directors and officers of the Company reside outside of Canada. As a result of the persons named below residing outside of Canada, each of them has appointed the following agent for service of process:

<u>Name of Person or Company</u>	<u>Name and Address of Agent</u>
Andrew Hill Card Jr., John M. Mitnick and Julie Myers Wood	DLA Piper (Canada) LLP, 2800 Park Place, 666 Burrard St, Vancouver, British Columbia, Canada V6C 2Z7

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any such person, even though they have each appointed an agent for service of process.

ENFORCEMENT OF CIVIL LIABILITIES

The Company is organized under the laws of British Columbia, Canada and its principal place of business is outside the United States. The majority of the directors and officers of the Company and the experts named under “Interest of Experts” herein are resident outside of the United States and a substantial portion of the Company’s assets and the assets of such persons are located outside of the United States. Consequently, it may be difficult for United States investors to effect service of process within the United States on the Company, its directors or officers or such experts, or to realize in the United States on judgments of courts of the United States predicated on civil liabilities under the U.S. Securities Act. Investors should not assume that Canadian courts would enforce judgments of United States courts obtained in actions against the Company or such persons predicated on the civil liability provisions of the United States federal securities laws or the securities or “blue sky” laws of any state within the United States or would enforce, in original actions, liabilities against the Company or such persons predicated on the United States federal securities or any such state securities or “blue sky” laws.

The Company filed with the SEC, concurrently with the U.S. Registration Statement, an appointment of agent for service of process on Form F-X. Under the Form F-X, the Company appointed C T Corporation System, with an address at 1015 15th Street N.W., Suite 1000, Washington, D.C., 20005, as its agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving the Corporation in a United States court arising out of or related to or concerning the offering of Securities under the U.S. Registration Statement.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may only be exercised within two business days after receipt or deemed receipt of a prospectus or a prospectus supplement relating to the securities purchased by a purchaser and any amendments thereto. In several of the provinces and territories, the securities legislation further provides the purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus or a prospectus supplement relating to the securities purchased by a purchaser and any amendments thereto contain a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory.

However, purchasers of Common Shares distributed under an at-the market distribution by Draganfly do not have the right to withdraw from an agreement to purchase the Common Shares and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the prospectus, prospectus supplement, and any amendment relating to the Common Shares purchased by such purchaser because the prospectus, prospectus supplement, and any amendment relating to the Common Shares purchased by such purchaser will not be sent or delivered, as permitted under Part 9 of National Instrument 44-102 - *Shelf Distributions*.

Any remedies under securities legislation that a purchaser of Common Shares distributed under an at-the-market distribution by Draganfly may have against Draganfly or its agents for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser contain a misrepresentation will remain unaffected by the non-delivery of the prospectus referred to above.

A purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for the particulars of these rights or consult with a legal advisor. Rights and remedies may also be available to purchasers under U.S. law; purchasers may wish to consult with a U.S. lawyer for particulars of these rights.

In addition, original purchasers of convertible, exchangeable or exercisable Securities (unless the Securities are reasonably regarded by the Company as incidental to the applicable offering as a whole) will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of the convertible, exchangeable or exercisable Security. The contractual right of rescission will be further described in any applicable Prospectus Supplement, but will, in general, entitle such original purchasers to receive the amount paid for the applicable convertible, exchangeable or exercisable Security (and any additional amount paid upon conversion, exchange or exercise) upon surrender of the underlying Securities acquired thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable Security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable Security under this Prospectus.

In an offering of convertible, exchangeable or exercisable Securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the Prospectus is limited, in certain provincial securities legislation, to the price at which the convertible, exchangeable or exercisable Securities are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon the conversion, exchange or exercise of the Security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages or consult with a legal adviser.
