## 1. NATURE AND CONTINUANCE OF OPERATIONS

Canamera Energy Metals Corp. (the “Company”) was incorporated on September 27, 2018, under the laws of the Province of British Columbia, Canada.

The Company is a resource exploration company that is acquiring and exploring mineral properties. The head office, principal address, records office and registered address of the Company are located at Suite 710 - 1030 West Georgia Street, Vancouver, BC V6E 2Y3.

These financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. At April 30, 2024, the Company had not yet achieved profitable operations, had accumulated losses of \$630,069 (April 30, 2023 - \$584,243) since its inception and expects to incur further losses in the development of its property, all of which casts significant doubt about the Company’s ability to continue as a going concern. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. The Company’s continuation as a going concern is dependent upon the successful results from its business activities and its ability to attain profitable operations and generate funds therefrom and/or raise equity capital or borrowings sufficient to meet current and future obligations. Management intends to finance operating costs over the next twelve months with loans from directors and companies controlled by directors.
