## 1. Nature of operations and going concern

Goldseek Resources Inc. (the "Company") was incorporated under the British Columbia Business Corporations Act on September 21, 2018. The Company is in the business of acquiring and exploring mineral properties. On February 14, 2020, the Company filed a non-offering prospectus and became a reporting issuer in the provinces of British Columbia and Ontario. The Company's common shares commenced trading on the Canadian Securities Exchange ("CSE") on March 9, 2020 under the stock symbol "GSK". The address of the Company's corporate office and principal place of business is 1231 Huron Street, London, Ontario, N5Y 4L1, Canada.

These unaudited condensed interim financial statements have been prepared on a going concern basis, which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of operations in the foreseeable future. Realization values may be substantially different from carrying values as shown and these financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern.

The Company will require additional financing in order to further develop its exploration properties, meet its ongoing levels of corporate overhead and discharge its liabilities as they come due. While the Company has been successful in securing equity financings in the past, there is no assurance that it will be able to do so in the future and on terms acceptable to management. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.

In March 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. The situation is dynamic and the ultimate duration and magnitude of the impact on the economy, capital markets and the Company's financial position cannot be reasonably estimated at this time. The Company is monitoring developments and will adapt its business plans accordingly. The actual and threatened spread of COVID-19 globally could adversely impact the Company's ability to carry out its plans and raise capital.

## 2. Basis of presentation and statement of compliance

#### Statement of compliance

These unaudited condensed interim financial statements have been prepared in accordance with International Accounting Standards 34, Interim Financial Reporting ("IAS 34") using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim financial statements have been prepared using the same accounting policies and methods of computation as the most recent annual financial statements for the year ending June 30, 2020, except for those noted in note 3. The unaudited condensed interim financial statements for the three months ended ended September 30, 2020 were reviewed and authorized for issue by the Board of Directors on November 27, 2020.

#### Basis of measurement

The financial statements have been prepared on a historical cost basis, except for certain financial instruments measured at fair value. The financial statements are presented in Canadian dollars, which is the Company's functional and reporting currency.

The preparation of these financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

## 3. Summary of significant accounting policies

## New accounting policies

## Property and equipment

Equipment is measured at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditures that are directly attributable to the acquisition of the asset. Gains and losses on disposal of an item of property and equipment are determined by comparing the proceeds of disposal with the carrying amount of the property or equipment and the result is recognized in profit or loss.

The costs of the day to day servicing or maintenance of the property and equipment are expensed when incurred.

Depreciation on property and equipment is calculated over the depreciable amount, which is the cost of an asset. Depreciation is recognized using the declining balance method using the following rates:

Equipment 30%

Depreciation methods, useful lives and residual values are reviewed at the end of each year, and adjusted if appropriate

## Accounting standards issued but not yet effective

The Company has reviewed the accounting standards or amendments to existing accounting standards that have been issued but have future effective dates and determined that these are either not applicable or are not expected to have a significant impact on the Company's financial statements.

## Accounting estimates and judgments

The preparation of financial statements in accordance with IFRS requires the Company to make estimates and assumptions concerning the future. The Company's management reviews these estimates and underlying assumptions on an ongoing basis, based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to estimates are adjusted for prospectively in the period in which the estimates are revised.

Estimates and assumptions where there are significant risk of material adjustments to assets and liabilities in future accounting periods include:

- recoverability and measurement of deferred tax assets;
- provisions for restoration and environmental obligations and contingent liabilities;
- recoverable amount of its evaluation and exploration assets; and
- fair value of stock-based transactions.

## Significant judgments:

The preparation of financial statements in accordance with IFRS requires the Company to make judgments, apart from those involving estimates, in applying accounting policies. The most significant judgment in the Company's financial statements is the assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty.

## 5. Exploration and evaluation assets (continued)

## **Bonanza Property**

The Bonanza Property is located near the Municipality of Senneterre, Quebec. On October 11, 2018, the Company signed a purchase agreement with Delford Investments Inc., Jonathon Deluce (Chief Executive Officer ("CEO") of the Company) and Bradel Properties Ltd. (a shareholder of the Company) and Delinks Holdings Ltd. (a shareholder of the Company) (collectively, the "Bonanza Sellers") to purchase the property, including surface rights, mineral rights and personal property and permits associated with the Bonanza Property. In terms of the agreement, the Company was required to issue 6,000,000 consideration shares to satisfy payment of the purchase price of \$300,000. In addition to the issuance of the consideration shares, the Company has also granted the Bonanza Sellers an undivided royalty equal to 3.0% of the Net Smelter Return ("NSR") in respect to any production from the Bonanza Property.

## **Horizon Property**

## Horizon #1 Property

The Horizon #1 Property is located near the Township of Wabikoba Lake Area, Ontario. On February 22, 2019, the Company signed a purchase agreement with four parties, two of which are related to directors (collectively, the "Horizon #1 Sellers") to purchase the property, including surface rights, mineral rights and personal property and permits associated with the property. In terms of the agreement, the Company was required to issue 3,500,000 consideration shares to satisfy payment of the purchase price of \$175,000. In addition to the issuance of the consideration shares, the Company has also granted the Horizon #1 Sellers an undivided royalty equal to 3.0% of the NSR in respect to any production from the Horizon #1 Property.

#### Horizon #2 Property

The Horizon #2 Property is located near the Township of Wabikoba Lake Area, Ontario. On February 22, 2019, the Company signed a purchase agreement with North American Exploration Inc. (the "Horizon #2 Seller") to purchase the property, including surface rights, mineral rights and personal property and permits associated with the property. According to the agreement, the Company was required to issue 150,000 consideration shares to satisfy payment of the purchase price of \$7,500. Upon issuance of the consideration shares, the Company has also granted the Horizon #2 Seller an undivided royalty equal to 3.0% of the NSR in respect to any production from the Horizon #2 Property.

#### Horizon North-West Property

The Company acquired 100% interest in the Horizon North-West property on July 21, 2020. The property is subject to a 3.0% NSR. Pursuant to the definitive agreement, the Company issued 40,000 shares valued at \$16,200 (see note 7). The Company can purchase half of the NSR royalty at any time for \$1,500,000 from the legacy royalty holders.

Collectively, the Horizon #1 Property, he Horizon #2 Property and the Horizon North-West Property are presented as the Horizon property.

## **Quevillon West Property**

On May 28, 2020, the Company acquired the Quevillon West Property, consisting of 257 claims, by direct staking. On June 26, 2020 the Company added an extension to the Quevillon West Property, consisting of 257 claims, by direct staking. With this addition, the total size of the Quevillon West Property is 497 claims with no underlying royalties.

## 5. Exploration and evaluation assets (continued)

## **Southern Arm Property**

On April 22, 2020, the Company acquired the Southern Arm Property, consisting of 62 claims, by direct staking. On May 26, 2020, the Company acquired additional 8 claims from Midland Exploration Inc. ("Midland"). The agreement for the property acquisition is as follows:

- The 8 claims were acquired through an exchange of properties agreement with Midland whereby the Company exchanged its Quevillon North Property (see below). The Company granted to Midland a 2% NSR on the Property with a 1% buyback option for \$1 million. Midland agreed to assume the 2% NSR payable on the Quevillon North property as described below:
- The Quevillon North property was acquired by the Company on May 12, 2020. Pursuant to a definitive agreement, the Company acquired 100% interest, subject to a 2% NSR, in the Quevillon North property from two vendors which owned the property as to 50% each, and one vendor was a company controlled by the CEO of the Company. The terms of the purchase were as follows:
  - Upon CSE acceptance, pay \$1,000 in cash (paid) and issue 15,000 shares of the Company (issued with a fair value of \$4,500, see note 7); and
  - ° The Company can purchase 1% (or 1/2) of the NSR at any time for \$1 million. The royalty was agreed to be assumed by Midland under the terms of the exchange of properties agreement.
