**Overview of BOA Gold Corp's Brazilian Properties:**

GoldHaven has acquired 100% ownership of four key projects in Brazil – **Copeçal, Bahia North, Bahia South, and Iguatu.**

**The Copeçal Project** is comprised of 2 tenements covering 4,000 hectares in the Juruena Gold Province of central-western Brazil in the Mato Grosso State; one of the most mining friendly jurisdictions in Brazil. Copeçal is drill-ready with 2 well-defined high-priority drill targets and has excellent access to infrastructure (water, road access, energy). Copeçal is only 60km from Alta Floresta, a 50,000-population center with daily commercial flights from the state capital. There has been an estimated \$1M USD in historical exploration expenditure on the property. Follow up soil sampling generated a **6km strike gold anomaly**. Copeçal has potential for IRG style gold (Intrusive Related Gold), porphyry style copper-gold, epithermal gold, and orogenic gold deposits.

The **Bahia North and Bahia South Projects** cover extensive areas in Bahia State. Bahia North (42,000 hectares) is known for base metals, gemstones, and emerald deposits. Bahia South, near the Minas Gerais border, features pegmatite formations hosting valuable elements like niobium, beryllium, and lithium.

The **Iguatu Project** in Ceará State comprises three blocks within the Solonópole pegmatitic district. It is recognized for lithium minerals, gemstones, and zoned pegmatites enriched with beryllium, tantalum, and lithium.

**GoldHaven & BOA Gold Amalgamation Agreement Terms:**

Pursuant to the Amalgamation Agreement, (i) GoldHaven will issue units (the "**GoldHaven Units**") to the shareholders of BOA ("**BOA Shareholders**") in exchange for their common shares of BOA (the "**BOA Shares**") outstanding at the closing, on a two BOA Shares for one GoldHaven Unit basis, and (ii) Amalco will become a wholly owned subsidiary of GoldHaven, all in the manner and subject to the terms and conditions of the Amalgamation Agreement. The Transaction is subject to the policies of the Canadian Securities Exchange ("**CSE**"), the passing of a special resolution approving the Transaction at a special meeting of the BOA Shareholders and other customary closing conditions. The Company expects that the Transaction will be completed in Q1 2025.

50% of the GoldHaven Unit Shares will be restricted from resale for a period of four months from completion of the Transaction, while the remaining 50% will be restricted from resale for a

period of six months from completion of the Transaction.
