

## **ZeU Proposes Up to \$1.5 Million Shares Offering Financing**

-FOR IMMEDIATE RELEASE-

**Montréal, June 15, 2021** – **ZeU Technologies Inc. (CSE: ZEU) (OTC: ZEUCF)** is pleased to disclose that the Company is planning to raise up to \$1,500,000 in the form of a non-brokered private placement. The Offering will consist of units at a price of \$0.75 per unit.

Each Unit is comprised of one (1) common share (each, a “**Share**”) in the capital of the Corporation and one (1) Share purchase warrant (each, a “**Unit Warrant**”), entitling the holder to purchase one (1) Share at an exercise price of \$1.25 until the day following the second anniversary of the issuance of the units (the “**Warrant Expiry Date**”).

In the event that, during the period of 4 months following the closing date of the Offering, the trading price of the Shares on the Canadian Securities Exchange (the “**CSE**”) reaches \$1.50 per Share on any single day, the Corporation may, at its option, accelerate the Warrant Expiry Date by delivery of notice to the registered holders (an “**Acceleration Notice**”) thereof and issuing a press release (a “**Warrant Acceleration Press Release**”, and, in such case, the Warrant Expiry Date shall be deemed to be 5:00 p.m. (Montreal time) on the 30th day following the later of (i) the date on which the Acceleration Notice is sent to warrant holders, and (ii) the date of issuance of the Warrant Acceleration Press Release.

The Corporation will use the proceeds of the Offering to further advance its different blockchain development initiatives and for G&A expenses. The Corporation might pay a finder’s fee on parts or all of the private placement Offering. All securities to be issued pursuant to this Offering and part of the Share for Debts settlement will be subject to the applicable statutory hold period of 4 months following the issuance of the securities. The Offering is subject to the approval of the CSE.

The maximum proceeds of the private placement Offering are \$1,500,000, there is no minimum, and the Offering might be closed in tranches. The final closing will occur **on or before September 15, 2021**. The Company might also cancel the Offering at any point as its commercial needs and the global situation evolves.

### **Issuance of Stock Options**

The Company has also **issued a total of 350,000 stock** options with an execution price of \$0.90 to management, directors, and various consultants. These options are vested and will expire on **June 16, 2026**.

### **Multilateral Instrument 61-101**

Given the proposed participation of the insider holders, the proposed financing constitutes a “related party transaction” within the meaning of Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“**MI 61-101**”).

ZeU is relying on an exemption to both the formal valuation and the minority shareholder approval requirements of MI 61-101, as neither the fair market value of the Units to be distributed nor the fair

market value of the consideration to be received by ZeU from the insider holders in connection with the proposed financing exceeds 25% of ZeU's share capitalization.
