Alistair Waddell, Inflection Resources President and CEO, commented, *"The listing of our shares on the OTCQB is an important milestone for the Company and provides a means of enhancing our visibility to prospective US investors. This listing will promote greater exposure and liquidity as we head into what we expect to be another exciting year."*

## About the OTCQB

The OTCQB offers early stage and developing U.S. and international companies the benefits of being publicly traded in the U.S. The OTCQB helps companies build shareholder value with a goal of enhancing liquidity and achieving fair valuation.

U.S. investors can find current financial disclosure and Real-Time level 2 quotes for the Company on [www.otcmarkets.com](http://www.otcmarkets.com). The Company's listing on the CSE, FSE and the trading of its shares on the OTCQB contribute to a larger global presence and offers investors preeminent access to trading.

## About Inflection

Inflection is a technically driven gold and copper-gold focused mineral exploration company with projects in Eastern Australia where it is systematically drill testing a large portfolio of projects in New South Wales and in Queensland.

The Company is exploring for large gold and copper-gold deposits in the northern interpreted extension of the Macquarie Arc, part of the Lachlan Fold Belt in New South Wales. The Macquarie Arc is Australia's premier porphyry gold-copper province being host to Newcrest Mining's Cadia deposits, the CMOCC Northparkes deposits and Evolution Mining's Cowal deposits plus numerous exploration prospects including Boda, the recent discovery made by Alkane Resources.
