1. Business of the Company and going concern

PharmaTher Inc. ("PharmaTher") was incorporated under the Business Corporations Act (Ontario) on April 1, 2020. The registered head office of the Company is 82 Richmond Street East, Toronto, Ontario M5C 1P1.

PharmaTher is a specialty psychedelic pharmaceutical company focused on the research, development and commercialization of ketamine and novel microneedle patches for delivering psychedelics to treat neuropsychiatric, neurodegenerative and pain disorders.

PharmaTher Holdings Ltd. (formerly Newscope Capital Corporation ("Newscope")) was incorporated under the Business Corporations Act (British Columbia) on March 20, 2019. The registered head office of the Company is 1055 West Georgia Street, 1500 Royal Centre, P.O. Box 11117, Vancouver B.C. V6E 4N7, Canada.

On June 10, 2020, Newscope issued 47,240,000 common shares as consideration for acquisition of all of the issued and outstanding common shares in the capital of PharmaTher (the "Acquisition"). In addition, Newscope issued an aggregate of 115,000 warrants in exchange for the issued and outstanding warrants of PharmaTher. Each warrant entitles the holder thereof to acquire one common share in the capital of Newscope at an exercise price of \$0.10 for a period of 24 months from the original date of issuance. The Acquisition was accounted for as a reverse takeover ("RTO") whereby PharmaTher was identified as the acquirer for accounting purpose and the resulting consolidated financial statements are presented as a continuance of PharmaTher and the comparative figures presented in the consolidated financial statements after the RTO are those of PharmaTher. After the RTO, the combined entity of Newscope and PharmaTher is referred to as the "Company" in these consolidated financial statements.

On October 1, 2020, the Company's common shares were approved for listing on the Canadian Securities Exchange (the "CSE") and began trading on the CSE under the trading symbol "PHRM" as of market open on October 9, 2020.

On January 13, 2021, the common shares of the Company were approved for trading on the OTCQB® Venture Market ("OTCQB"). The Company's U.S. listing will trade under the symbol "PHRRF" while the Company's primary Canadian listing will continue to trade on the Canadian Securities Exchange under "PHRM".

On April 8, 2021, Newscope filed an application notice with BC Registry Services changing the name of the Company to PharmaTher Holdings Ltd.

The Company's ability to continue as a going concern is dependent upon raising additional capital to meet its present and future commitments. If additional financing is arranged through the issuance of shares, control of the Company may change and shareholders may suffer significant dilution. In addition, the Company has not generated any revenue to date. These circumstances indicate that material uncertainties exist that may cast significant doubt about the Company's ability to continue as a going concern and, accordingly, the ultimate use of accounting principles applicable to a going concern.

Since December 31, 2019, the outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Company in future periods.

2. Basis of Presentation

Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full audited annual financial statements.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRS issued and outstanding as of October 22, 2021, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent financial statements as at and for the year ended May 31, 2021, except as noted below. Any subsequent changes to IFRS that are given effect in the Company's annual consolidated financial statements for the year ending May 31, 2022 could result in restatement of these unaudited condensed interim consolidated financial statements.

Accounting pronouncements not yet adopted

IFRS 10 – Consolidated Financial Statements ("IFRS 10") and IAS 28 – Investments in Associates and Joint Ventures ("IAS 28") were amended in September 2014 to address a conflict between the requirements of IAS 28 and IFRS 10 and clarify that in a transaction involving an associate or joint venture, the extent of gain or loss recognition depends on whether the assets sold or contributed constitute a business. The effective date of these amendments is yet to be determined, however early adoption is permitted.

3. Investment

During the year ended May 31, 2021, the Company received 6,666,667 shares of Revive Therapeutics Ltd. ("Revive") valued at \$4,000,000 and cash of \$3,000,000 for sale of the full rights to PharmaTher's intellectual property pertaining to psilocybin. As at August 31, 2021, the fair value of investment in Revive shares was \$2,700,000, resulting in an unrealized loss on investment of \$400,000.

(i) On June 8, 2020, PharmaTher completed a private placement for the issuance of 12,940,000 common shares at \$0.05 per share for gross proceeds of \$647,000. The Company paid cash commission of \$50,360 and issued 1,007,200 finder's warrants of with each finder's warrant exercisable for one common share of the Company at \$0.05 per share until June 8, 2022. The fair value of the finder's warrants was estimated at \$38,537 using the Black-Scholes stock option valuation model using the following assumptions: stock price of \$0.05, risk-free interest rate of 0.28%, expected stock price volatility of 100%, expected dividend yield of 0% and expected life of 2 years.

(ii) On June 10, 2020, Newscope issued 47,240,000 common shares as consideration for acquisition of all of the issued and outstanding common shares in the capital of PharmaTher (the "Acquisition"). In addition, Newscope issued an aggregate of 115,000 warrants in exchange for the issued and outstanding warrants of PharmaTher. Each warrant entitles the holder thereof to acquire one common share in the capital of Newscope at an exercise price of \$0.10 for a period of 24 months from the original date of issuance. The Acquisition was accounted for as a reverse takeover ("RTO") whereby PharmaTher was identified as the acquirer for accounting purpose and the resulting consolidated financial statements are presented as a continuance of PharmaTher and the comparative figures presented in the consolidated financial statements after the RTO are those of PharmaTher.

(iii) On July 8, 2020, the Company issued 10,000,000 common shares at \$0.10 per share for gross proceeds of \$1,000,000 and 680,000 broker warrants with each warrant exercisable into one common share of the Company at \$0.10 per share expiring in two years from the date of issuance. The fair value of the warrants was estimated at \$51,792 using Black-Scholes stock option valuation model using the following assumptions: stock price of \$0.10, risk-free interest rate of 0.29%, expected stock price volatility of 100%, expected dividend yield of 0% and expected life of 2 years.

5. Reverse takeover

The share capital of each company prior to the RTO was as follows:

	Number of Common Shares	Amount (\$)
Newscope		
Balance, May 31, 2020 and June 10, 2020, prior to the RTO	7,100,000	382,424

5. Reverse takeover (continued)

On June 10, 2020, Newscope issued 47,240,000 common shares as consideration for acquisition of all of the issued and outstanding common shares in the capital of PharmaTher. In addition, Newscope issued an aggregate of 115,000 warrants in exchange for the issued and outstanding warrants of PharmaTher.

In accordance with IFRS 3, Business Combination, the substance of the transaction is a reverse takeover of a non-operating company. The transaction does not constitute a business combination as Newscope does not meet the definition of a business under the standard. As a result, the transaction is accounted for as a capital transaction with PharmaTher being identified as the acquirer and the equity consideration being measured at fair value. The resulting consolidated statement of financial position is presented as a continuance of PharmaTher and comparative figures presented in the consolidated financial statements after the reverse takeover are those of PharmaTher.

IFRS 2, Share-based Payment, applies to transactions where an entity grants equity instruments and cannot identify specifically some or all of the goods or services received in return. Because PharmaTher would have issued shares with a value in excess of the net assets received, the difference is recognised in comprehensive income as a RTO transaction cost. The amount assigned to the transaction cost of \$208,412 is the difference between the fair value of the consideration and the net identifiable assets of Newscope acquired by PharmaTher and included in the consolidated statement of loss and comprehensive loss.

The fair value of the consideration is determined based on the percentage of ownership the legal parent's shareholders have in the combined entity after the transaction. This represents the fair value of the shares that PharmaTher would have had to issue for the ratio of ownership interest in the combined entity to be the same, if the transaction had taken the legal form of PharmaTher acquiring 100% of the shares in Newscope. The percentage of ownership Newscope shareholders had in the combined entity is 13% after the issue of 47,240,000 Newscope shares. The fair value of the consideration in the RTO is equivalent to the fair value of the 7,100,000 Newscope shares controlled by original Newscope shareholders, 375,000 stock options to Newscope stock options holders, 115,000 warrants to Newscope warrant holders and 1,036,000 special warrants to Newscope special warrant holders. The fair value of the shares controlled by original Newscope shareholders was estimated to be \$355,000 based on the fair market value of \$0.05 per share in the private placement of PharmaTher on the date of June 8, 2020. The fair value of the stock options was estimated to be \$4,563 using the Black-Scholes valuation model on the following assumptions: dividend yield 0%; volatility 100%; risk-free interest rates of 0.28%; and expected lives of 1.44 years. The fair value of the warrants was estimated to be \$1,511 using the Black-Scholes valuation model on the following assumptions: dividend yield 0%; volatility 100%; risk-free interest rate 0.28%; and an expected life of 1.53 to 1.63 years. The fair value of the special warrants was estimated to be \$51,800 based on the fair market value of \$0.05 per share in the private placement of PharmaTher on the date of June 8, 2020 as each special warrant entitled the holder thereof to automatically receive, without payment of additional consideration and without further action on the part of the holder, one common share of the Company upon filing of the final prospectus for listing of its shares on TSX Venture Exchange. The Company also incurred \$123,762 professional fees related to the RTO which had been included in the consideration.
