MOSAIC MINERALS INC.
NOTES TO INTERIM FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2019
(Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Mosaic Minerals Inc. (hereinafter the "Company") specialize in exploration of gold mining sites located in Quebec, Canada. The Company is preparing to list its common shares on the Canadian Securities Exchange (the "CSE"). The Company was incorporated under the Business Corporations Act (British Columbia) in June 2018 with a registered office and principal place of business at 4908 Pine Crescent, Vancouver, British Columbia, V6M 3P6.

These condensed interim financial statements have been prepared on the basis of accounting principles applicable to a going concern, which presume the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future. The recoverability of the amounts expensed for exploration and resource property evaluation assets are dependent upon the existence of economically recoverable reserves, securing and maintaining title and beneficial interest in the properties, the ability of the Company to obtain necessary financing to complete the evaluation and development of commercially viable reserves, and upon future profitable production or proceeds from the disposition of exploration and evaluation assets.

The Company incurred a net loss of \$121,002 for the nine months ended September 30, 2019 and had an accumulated deficit of \$356,221. At September 30, 2019, the Company had a working capital deficit of \$62,211. These factors may cast significant doubt about the ability of the Company to continue as a going concern. The Company has set December 31 as its fiscal year end.

Plan of Arrangement Spin-Out Share Distribution

On November 7, 2018, Stellar AfricaGold Inc. ("Stellar") signed an arrangement agreement with the Company pursuant to which Stellar would distribute to Stellar shareholders 2,000,000 shares of the Company. On December 18, 2018 Stellar shareholders approved the plan of arrangement.

Pursuant to the distribution each Stellar shareholder will receive 0.0312 of a Company share for each Stellar share held. This distribution will increase the number of the Company shareholders sufficiently to satisfy the shareholder distribution requirement of the Canadian Securities Exchange ("CSE") which is one condition of the Company's application to list its shares on the CSE. The plan of arrangement and the spin out share distribution will be effective after the receipt of a final order from the British Columbia Supreme Court and after required filings are made with the BC regulatory authorities.
