About Mosaic Minerals Corporation

Mosaic Minerals Corp. is a Canadian mineral exploration company listed on the Canadian Security Exchange (CSE: MOC) now focusing on the exploration for future strategic Copper-Nickel-Zinc deposits in priority on the Quebec Province territory which have a long and successful history of base metal production principally in the Rouyn-Noranda, Matagami, Val d’Or and Chibougamau mining camps. Exploring for base metal was put on hold a few decades ago to the profit of exploring for gold but the potential for discovering large Cu, Zn, Ni deposits is still very present.
