

## **79 Resources Ltd. Upsizes Financing**

**Vancouver, British Columbia, June 27, 2024 – 79 Resources Ltd.** - CSE:SNR - ("**79 Resources**" or the "**Corporation**" or the "**Issuer**") reports that it intends to increase the availability of its previously announced non-brokered common share unit financing (the "**Financing**"), otherwise remaining consistent with the terms previously announced by press release (see news release, 79 Resources Ltd. Announces Financing, dated June 24, 2024), but now comprising an upsized maximum of up to 2,000,000 common share units (the "**Units**") to be issued at a price of \$0.07 per Unit.

Each Unit shall consist of one common share of the Corporation (a "**Unit Share**") and one common share purchase warrant (a "**Warrant**") that entitles the holder of a Warrant, upon further payment to the Corporation, to acquire one additional common share of the Corporation (a "**Warrant Share**") at an exercise price of \$0.10 per Warrant Share on any date prior to the date which is two (2) years following the closing date of the Financing, or tranche thereunder.

As previously announced, the Corporation plans to use the proceeds of the Financing for working capital purposes.

If completed, either in part or in whole, the Financing will be subject to all applicable regulatory approvals and customary four-month hold periods on securities issued thereunder (as pursuant to applicable securities laws of Canada).

The Corporation may pay a 6% cash finder's fee on certain subscriptions under the Financing, which excludes cash finder's fees on subscriptions by Insiders (as that term is defined by securities laws) who may in turn participate for greater than 25% of the Financing (as now upsized).

### **About 79 Resources Ltd.**

79 Resources is a Vancouver-based junior mining exploration company. Traded on the Canadian Securities Exchange under the symbol SNR, the Corporation seeks to acquire, explore and develop mineral exploration projects. 79 Resources currently holds the Five Point Copper-Gold Project in British Columbia and the North Preston

Uranium Project in Saskatchewan. For additional information, please visit [www.79resources.com](http://www.79resources.com).

The Corporation is subject to various risks and uncertainties, including those risks and uncertainties set out in public filings made by the Issuer, such public filings and other important disclosures available through SEDAR+ ([www.sedarplus.ca](http://www.sedarplus.ca)) and the Corporation's Disclosure Hall on the CSE (<https://thecse.com/listings/79-resources-ltd/#disclosure>).

### **Forward-Looking Statements**

This news release contains forward-looking statements within the meaning of Canadian securities laws. Some of the forward-looking statements can be identified by the use of forward-looking words. Statements that are not historical in nature, including the words "anticipate," "expect," "suggest," "plan," "believe," "intend," "intention" "estimate," "target," "project," "should," "could," "would," "may," "will," "forecast" and other similar expressions are intended to identify forward-looking statements. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties, including but not limited to the number of Units issued, if any, under the Financing and the closing, if any, of the Financing, as well as the Corporation's ability to sustain itself as a going-concern and/or a publicly listed entity. Actual results may differ materially from those currently expected or forecast in such statements.

***Neither the CSE nor its Regulation Services Provider (as that term is defined in the policies of the CSE Exchange) accepts responsibility for the adequacy or accuracy of this release.***
